Scattered Servants

Alan Scott, a leader in the Vineyard Movement, draws upon his years of experience to share inspiring stories of cities transformed by scattered servants. He shares practical ways for church leaders to move beyond the building walls and take the kingdom to those who need it most. Through the power of the Holy Spirit, Scott argues that every believer, not just the leaders, can fill their city, workplace, and family with the beauty and power of Christ. When believers become scattered servants, the Holy Spirit will equip them to advance the kingdom and change lives through their hearts and hands.

So Everyone Can Hear

Communication lies at the heart of every healthy community; the church is no exception. In Matthew 11:15, Jesus says, 'Whoever has ears, let them hear'. How do we make sure we are saying things in a way that invites all people - no matter their background - to engage with what it means to be church today? This colourful, engaging and practical book will help leaders and members alike be more mindful of how they 'communicate church' both inside and outside of it within our dynamic and ever-changing digital culture. CONTENTS: 1. What's the Point? 2. Vision and Values 3. Prayerful planning 4. Joining Our Story With Gods 5. Gateways In 6. Unlocking Strategy 7. Who Are You Trying to Reach? 8. Language and Lexicon 9. How Will You Reach Them? 10. Social Media 11. Flow and

How to be (Un)Successful

Nowadays it seems like everyone wants to be successful, but how many of us actually feel it? We may know that true success is found in following the one who made us. And yet, in our increasingly polarised and comparison-rife world, many of us find our hearts yearning for an ever-elusive 'success': in money and power, in influence and accolades. It is time for us to remember that success is attainable - not in what we have but how we live. This book invites you to recognise the beauty and complexity of the world we live in and how we, individually and collectively, may have conformed our faith in Jesus to simple consumer culture and cultural preferences. It is an opportunity to redefine success, choosing love over efficiency, depth over volume and real friendship over cold transactions. Jesus' life and teaching are the perfect antidote for a world growing sick with the wrong sort of success. And, he invites us again to experience a success that truly satisfies our souls.

A Simple Guide to Experience Miracles

Does God Still Do Miracles Today? A Simple Guide to Experience Miracles will give you confidence in and awareness of the supernatural realm as you learn how to flourish spiritually by experiencing more miraculous interventions in your life and ministry. Internationally renowned philosopher J. P. Moreland looks at the nature of miracles and explains why bearing and receiving credible testimony to God's miraculous acts is a crucial feature of a mature Jesus-follower. He also shows how to distinguish a real miracle from a mere coincidence. Miracles bring comfort to believers, strengthening faith in God and creating boldness in our lives. While miraculous healings have occurred frequently throughout church history, Moreland provides data showing how the last fifty years have seen a massive outbreak of miracles and supernatural activity. Today, he argues, the church should humbly expect to see more of these miraculous works of God than we do. Moreland looks at topics like: The relationship between sickness and suffering, along with two different ways to pray for healing How to discern clearly the difference between a genuine miracle and a mere coincidence How to increase your faith that petitionary prayer really works and what to make of unanswered prayer Six ways God speaks to us and advice for hearing God wisely and biblically The role angels play in our lives, how they appear to us, and how to combat demonic influence The biblical basis for most Near-Death Experiences and what we can learn from them A Simple Guide to Experience Miracles increases your expectation and hope that God can and often does miraculously intervene to bring help and comfort. Moreland shows that it makes rational sense to step out and engage in employing Kingdom power and to strengthen courage to witness and act on behalf of the gospel of Jesus. Filled with inspiring, credible, motivating accounts of miracles, he covers five different kinds of supernatural activities and provides practical wisdom about how to begin practices such as healing prayer and learning to deal with the demonic.

Called to Influence

Karen Kircher argues that many of us have been positioned in full-time ministry for years without realising because for most of us that ministry takes place outside of church. Every person, in any given situation, has an opportunity to lead however small that moment may be. Kingdom-style leaders seek to transform culture, as they do so, raise up people around them to do the same.

Stepping Into the Impossible

PETE GREIG, 24-7 PRAYER & ALPHA INTERNATIONAL: "Mark's message deserves to be heard. I defy you to read this book without shaking your head in amazement, without muttering 'Wow!', without hatching your own plans to step into the impossible wherever you live." DANIELLE STRICKLAND, SPEAKER, AUTHOR: "Wow! Buckle up and strap yourself in for an adventure ride filled with the highs and lows of a life surrendered to Jesus." KATHRYN SCOTT, WORSHIP LEADER/SONGWRITER: "The beautiful and powerful story of how Healing on the Streets came to be, and how you too can partner with the Holy Spirit as He broods over your city, your town, your neighbourhood - the mission field right within your reach." SIMON PONSONBY, PASTOR OF THEOLOGY, ST ALDATES, OXFORD: "I can think of few Christians in this generation who have done more to equip the saints than Mark Marx. Stepping Into the Impossible shows what one man can achieve for the King and his Kingdom when filled with the Holy Spirit and taking God at his Word." About the author: MARX MARX is the Founder and Leader of Healing on the Streets, known as HOTS, which was launched out of Causeway Coast

Vineyard church in Coleraine in Easter 2005. Mark's ministry recently featured in the film "Holy Ghost" by Darren Wilson.

Unleashed

What can the church today learn from the experience of the early church, particularly as recorded in the Book of Acts?

Equal

In *Equal*, Church and ministry leader Katia Adams argues that the church has too often misrepresented the heart of Jesus to release and empower women and men. With sensitivity to both sides of the argument, Adams draws on the wisdom of Scripture, theology, and the Holy Spirit. Blending them with her own personal experiences, she asserts that both women and men are equally called to serve and lead in the church and in the world—and that, by restricting the roles of women, we are missing God's design for the church and for the gospel's impact on the earth.

Beautiful Resistance

In a time of compromise and disillusionment, God is calling his people to a movement of beautiful resistance. We live in a time when our culture is becoming increasingly shallow, coarse, and empty. Radical shifts in the areas of sexuality, ethics, technology, secular ideologies, and religion have caused the once-familiar landscape of a generation ago to be virtually unrecognizable. Yet rather than shine as a beacon of light, the church often is silent or accommodating. This isn't a new phenomenon. During World War II, pastor and theologian Dietrich Bonhoeffer was deeply troubled by the compromise in the German church. Their capitulation to the Nazi party brought shame and dishonor to the gospel. In response, he helped create an underground movement of churches that trained disciples and ultimately sought to renew the church and culture of the day. In our compromised church, we need new underground movements of discipleship and resistance. Widely respected New York pastor Jon Tyson unveils a revived vision for faithful discipleship—one that dares to renew culture, restore credibility, and replace compromise with conviction. For all who have felt this conflict in the soul between who we are and who God calls us to be, *Beautiful Resistance* is a bold invitation to reclaim what's been lost—regardless of the cost. Praise for *Beautiful Resistance* "Beautiful Resistance is one of the most compelling and defiant books I've read in a long time. I love Jon's radical, no-messing vision of the church as a prophetic community. This is a wake-up call for us all from the heart of a man who lives his message, loves his city, and serves his Lord with a passion and intelligence destined to become less rare."—Pete Greig, founder of the 24-7 Prayer movement

The Spirit of Jesus Unleashed on the Church

The Spirit of Jesus Unleashed on the Church is the third book in a series concerning the restoration of Jesus' people in a world where the marginalized classes longed for reconciliation to God. After Jesus' ascension the early Christians fulfilled Luke's epic theme of restoration in their new empire, inclusion of outcasts, and endurance during the resistance. As Jesus journeyed to Jerusalem, so Paul and the mission of God followed the journey to the capital of the Roman world. God's people today are likewise empowered by the Spirit to boldly live their mission for Jesus through love, compassion, and endurance in cultures that marginalize those who need God's reconciliation.

Creating a Missional Culture

Once upon a time, Moses had had enough. Exhausted by the challenge of leading the Israelites from slavery to the Promised Land, Moses cried out to God, "What have I done to displease you that you put the burden of all these people on me? . . . If this is how you are going to treat me, please go ahead and kill me" (Exodus 11:11, 15). If that sounds hauntingly familiar to you, you may be the senior pastor of a contemporary church. The burden of Christian leadership is becoming increasingly unbearable--demanding skills not native to the art of pastoring; demanding time that makes sabbath rest and even normal sleep patterns seem extravagant; demanding inhuman levels of efficiency, proficiency and even saintliness. No wonder pastors seem and even feel less human these days. No wonder they burn out or break down at an alarming rate; no wonder the church is missing the mark on its mission. In *Creating a Missional Culture*, JR Woodward offers a bold and surprisingly refreshing model for churches--not small adjustments around the periphery of a church's infrastructure but a

radical revisioning of how a church ought to look, from its leadership structure to its mobilization of the laity. The end result looks surprisingly like the church that Jesus created and the apostles cultivated: a church not chasing the wind but rather going into the world and making disciples of Jesus.

Unleashing the Potential of the Smaller Church

Drawing from the experiences of ministers in smaller churches from coast to coast, leaders and members alike will find motivation and resources for vision casting and strategic planning in the ministry setting of the smaller church and community. This book addresses topics including outreach, evangelism, missions, youth ministry, children's ministry, working with volunteers, and planning for growth.

Barefoot Church

There's got to be more to church than this. People around the world are seeking a community that focuses more on others than on themselves. Yet most don't know where to start. Drawing from his own journey, Brandon Hatmaker reminds us that serving the least is not a trendy act of benevolence but a lifestyle of authentic community and spiritual transformation. In *Barefoot Church*, he explains: Practical ideas for creating service-based, missional communities How the organizational structure of a church can be created or restructured for mission in any context How any church can truly be a catalyst for individual, collective, and social renewal Whether you are a leader or a layperson, this book is meant to renew your passion for the church and inspire you to take your affections off yourself, place them on people who have nothing to offer you, and lead others to do the same.

When the Holy Spirit Moves (eBook)

Do you long to know more about the Holy Spirit and experience a greater measure of His working in your life? Do you want to be used by God in a more powerful way? If so, *WHEN THE HOLY SPIRIT MOVES* is written for you. Examine what the Scriptures say about being filled with the Holy Spirit and the gifts He gives believers. *WHEN THE HOLY SPIRIT MOVES* will help you to answer questions such as: • Is the Holy Spirit the same Spirit who was poured out at Pentecost? • Is the Bible still true in our time, or are we so blinded by materialism and intellectualism that we are no longer open to the powerful ministry of the Holy Spirit? • Is the same power of the Holy Spirit available in the modern times in which we live? • Is the Holy Spirit of Pentecost still the same Spirit who can and wants to work in our hearts and lives in our day and age? • Can we expect the Holy Spirit, who worked through simple and uneducated "fishermen", to perform powerful miracles and give miraculous signs in society today? Learn how the Holy Spirit can operate in a new way in your life, bringing spiritual growth and revival to you as well as to the greater Body of Christ. At the end of each chapter are questions for personal Bible study or group discussion.

The Starfish and the Spirit

Imagine an organizational model for church leadership that enables the entire team to unleash their full potential. The joy and vigor coming from a collective strength, intelligence, and skill in the community of leaders not only brings greater potency but better yields for your ministry. What would it be like to see this kind of healthy leadership reproduced into the second, third, and fourth generation, on multiple strands? Leveraging the metaphor Ori Brafman popularized in his NYT best-selling book, *The Starfish and the Spider*, Rob Wegner, Lance Ford, and Alan Hirsch show: How to take a close look at your church's organizational structure and how to adapt instead of simply adopt a certain kind of structural approach. How churches can function without a rigid central authority, making them nimbler in reacting to external forces. How seeding starfish networks inside today's churches will prepare the church of tomorrow to be agile while maintaining the accountability to be effective. *The Starfish and the Spirit* is about creating a culture where church leaders view themselves as curators of a community on a mission, not the source of certainty for every question and project. It's about creating a team of humble leaders "in the middle" of the church, not at the top--leaders who naturally reproduce multiple generations of leaders, from the middle out.

Back to the Cross

This volume is a compilation of various writings and addresses given by the great Chinese pastor/author Watchman Nee in the early days of his ministry in which he appeals to Christians to seek for higher life and service.

Revelation

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Scattered and Gathered

The twenty-first century is marked by mass migration. Massive population movements of the last century have radically challenged our study and practice of mission. Where the church once rallied to go out into "the regions beyond," Christian mission is currently required to respond and adapt to "missions around." As a result, leaders in this field have been developing diaspora missiology to provide a missiological framework for understanding and participating in God's redemptive mission among peoples living outside their places of origin. In this volume, experts in diaspora missiology from across the globe analyze the development of missions to migrants and add to our understanding of the contemporary church's opportunities and responsibilities for mission amongst diaspora groups.

All that is Solid Melts Into Air

The experience of modernization -- the dizzying social changes that swept millions of people into the capitalist world -- and modernism in art, literature and architecture are brilliantly integrated in this account.

The Bread Builders

Creating the perfect loaf of bread--a challenge that has captivated bakers for centuries--is now the rage in the hippest places, from Waitsfield, Vermont, to Point Reyes Station, California. Like the new generation of beer drinkers who consciously seek out distinctive craft-brewed beers, many people find that their palates have been reawakened and re-educated by the taste of locally baked, whole-grain breads. Today's village bakers are finding an important new role--linking tradition with a sophisticated new understanding of natural leavens, baking science and oven construction. Daniel Wing, a lover of all things artisanal, had long enjoyed baking his own sourdough bread. His quest for the perfect loaf began with serious study of the history and chemistry of bread baking, and eventually led to an apprenticeship with Alan Scott, the most influential builder of masonry ovens in America. Alan and Daniel have teamed up to write this thoughtful, entertaining, and authoritative book that shows you how to bake superb healthful bread and build your own masonry oven. The authors profile more than a dozen small-scale bakers around the U.S. whose practices embody the holistic principles of community-oriented baking based on whole grains and natural leavens. The Bread Builders will appeal to a broad range of readers, including: Connoisseurs of good bread and good food. Home bakers interested in taking their bread and pizza to the next level of excellence. Passionate bakers who fantasize about making a living by starting their own small bakery. Do-it-yourselfers looking for the next small construction project. Small-scale commercial bakers seeking inspiration, the most up-to-date knowledge about the entire bread-baking process, and a marketing edge.

The Anatomy of a Church

Things Hidden Since the Foundation of the World presents a highly original global theory of culture. Here, in his greatest work, René Girard explores the function of violence, mimetic desire and the mechanism of the scapegoat, in the history of society and religion. Girard's vision is a brilliant and devastating challenge to conventional views of literature, anthropology, philosophy and psychoanalysis.

Things Hidden Since the Foundation of the World

Noted New Testament scholar Poythress provides an understandable and practical look into Revelation in this insightful commentary. Poythress focuses on Revelation's core message and ensures that its details do not cloud the big picture. He shows Revelation to be a "picture book, not a puzzle book," relevant and applicable to the daily lives of Christians.

Fratelli Tutti

"For some time now, I have been writing a simple blessing each day. I share it with those who are connected to me on social media. My friends, family and those who journey with me through these avenues have often commented that they would like to see them in a little book that you could carry with you on holiday, or leave by your bedside. I pray they will be used by God to bless you, to bless others and to somehow, in a small way, build confidence in Almighty God. You can dip into them or use them on a daily basis. Whatever works for you. Whether you are already a follower of Jesus, or you are just exploring Who He is and what He does, I pray these little blessings will help you

The Returning King

The History of the Church or company of those who by faith have received Christ and become His followers, is still in the making, not yet complete. On this account and because of its immense extent, although it is of supreme importance, parts only of it can be written and from time to time. First one, then another, must relate what he has seen or has learned from trustworthy records, and this must be taken up and added to as stage after stage of the long pilgrimage is traversed. The following pages are a contribution to the unfolding story.

The Gospel of Life

Sometimes we need to hear that it's 'OK not to be OK' - but how often do we hear this in our churches? This book opens the conversation on spirituality and mental health in a way that shows you that you are not alone.

Our world is in crisis mode, but God is still on the throne in this powerful and prophetic book from New York Times bestselling author and pastor John Hagee. Bible prophecy clearly reveals that immediately prior to the rapture of the Church, four powerful kings will race onto the stage of world history. Pastor Hagee reveals who they are, where they come from, and what they signify. Learn why Hagee believes that we are in the beginning stages of World War III, and how this will eventually take us to the Battle of Armageddon. Pastor Hagee vividly describes the key players that signify the King is coming!

The Pilgrim Church

The interwoven futures of humanity and our planet are under threat. Urgent action, taken together, is needed to change course and reimagine our futures.

Honesty Over Silence

Piper pleads with his colleagues to abandon the secularization of the pastorate and return to the primitive call of the Bible for radical ministry.

Earth's Last Empire

To young Christians of the world, Pope Francis has a message for you: "Christ is alive, and he wants you to be alive!" In his fourth apostolic exhortation, *Christus Vivit*, Pope Francis encapsulates the work of the 2018 synod of bishops on "Young People, The Faith, and Vocational Discernment." Pope Francis has always had a special relationship with young people, and in his fatherly love for you he shows that: You can relate to young people in Scripture who made a difference You identify with the Christ who is always young You face difficult issues in the world today You yearn for the truth of the Gospel You are capable of amazing things when you respond to the Gospel You learn and grow with help from the faithful of all generations You need bold and creative youth ministry You can discover who God made you to be You are urged to pray for discernment *Christus Vivit* is written for and to young people, but Pope Francis also wrote it for the entire Church, because, as he says, reflecting on our young people inspires us all. "May the Holy Spirit urge you on as you run this race. The Church needs your momentum, your intuitions, your faith. We need them! And when you arrive where we have not yet reached, have the patience to wait for us."

Reimagining our futures together

"Church is not a meeting you attend or a place you enter," write pastors Tim Chester and Steve Timmis. "It's an identity that is ours in Christ. An identity that shapes the whole of life so that life and mission become 'total church.'" With that as their premise, they emphasize two overarching principles to govern the practice of church and mission: being gospel-centered and being community-centered. When these principles take precedence, say the authors, the truth of the Word is upheld, the mission of the gospel is carried out, and the priority of relationships is practiced in radical ways. The church becomes not just another commitment to juggle but a 24/7 lifestyle where programs, big events, and teaching from one person take a backseat to sharing lives, reaching out, and learning about God together. In *Total Church*, Chester and Timmis first outline the biblical case for making gospel and community central and then apply this dual focus to evangelism, social involvement, church planting, world missions, discipleship, pastoral care, spirituality, theology, apologetics, youth and children's work. As this insightful book calls the body of Christ to rethink its perspective and practice of church, it charts a middle path between the emerging church movement and conservative evangelicalism that all believers will find helpful.

Brothers, We are Not Professionals

Today many believers have been led astray and are in bondage, because they have been fed on the old wine - the traditions of men that have accumulated in Christendom through twenty centuries, and that have been added to God's Word, or that have replaced God's Word. When the new wine is offered to them, they say, "The old is good enough" (Luke 5:39). This they remain in spiritual stagnation, year after year. Most Christians are unwilling to give up the traditions of their elders, even when they see these to be clearly contrary to the teaching of God's Word. We need to come back to the faith that was revealed by God to His holy apostles and prophets, as recorded in the New Testament Scriptures, if we are to fulfil God's purpose in our day and age. To come back to that, we must be willing to do violence to every tradition of man that is contrary to God's Word (Matthew 11:12). This book will change your life and your ministry, because it will question many 'sacred' ideas that you have held that have no foundation in God's Word. That in turn will save you from regret and loss when you stand before the judgment seat of Christ to give an account of your life to Him. He who has an open mind and a bold heart, let him read on...

Christus Vivit

In the Care of Troublesome people Wayne Oates combines family systems theory with insightful analysis of five types of behavior that frequently create conflict in congregations. Dr. Oates provides biblically based approaches to assist clergy, congregational lay leaders, and denominational leaders in the care of persons demonstrating these behaviors. You will learn how to approach the troubled and troublesome people in your congregation in specific ways that are not dismissive but are caring, affirming, and firmly grounded in God's grace. Rather than point fingers, fix blame, or characterize such people as bad or evil (which can only serve to create further turmoil), Oates purposes a bold new way to care for troublesome people that focuses on not just the battles, but the issues of wholeness and care for the individual, ourselves, and the congregation. -- cover

Total Church

Work. For some this word represents drudgery and the mundane. For others work is an idol to be served. If you find yourself anywhere on the spectrum from workaholic to weekend warrior, it's time to bridge the gap between Sunday worship and Monday work. Striking a balance between theological depth and practical counsel, Tom Nelson outlines God's purposes for work in a way that helps us to make the most of our vocation and to join God in his work in the world. Discover a new perspective on work that will transform your workday and make the majority of your waking hours matter, not only now, but for eternity.

Unleash the Gospel

In the last few years, 9/11, a tsunami, Hurricane Katrina, and many other tragedies have shown us that the vision of God in today's churches in relation to evil and suffering is often frivolous. Against the overwhelming weight and seriousness of the Bible, many Christians are choosing to become more shallow, more entertainment-oriented, and therefore irrelevant in the face of massive suffering. In *Suffering and the Sovereignty of God*, contributors John Piper, Joni Eareckson Tada, Steve Saint, Carl Ellis, David Powlison, Dustin Shramek, and Mark Talbot explore the many categories of God's

sovereignty as evidenced in his Word. They urge readers to look to Christ, even in suffering, to find the greatest confidence, deepest comfort, and sweetest fellowship they have ever known.

New Wine in New Wineskins

There is an appetite for God. And it can be awakened. I invite you to turn from the dulling effects of food and the dangers of idolatry, and to say with some simple fast: "This much, O God, I want you." Our appetites dictate the direction of our lives - whether it be the cravings of our stomachs, the passionate desire for possessions or power, or the longings of our spirits for God. But for the Christian, the hunger for anything besides God can be an arch-enemy. While our hunger for God - and Him alone - is the only thing that will bring victory. Do you have that hunger for Him? As John Piper puts it: "If we don't feel strong desires for the manifestation of the glory of God, it is not because you have drunk deeply and are satisfied. It is because we have nibbled so long at the table of the world. Our soul is stuffed with small things, and there is no room for the great." If we are full of what the world offers, then perhaps a fast might express, or even increase, our soul's appetite for God. Between the dangers of self-denial and self-indulgence is this path of pleasant pain called fasting. It is the path John Piper invites you to travel in this book. For when God is the supreme hunger of your heart, He will be supreme in everything. And when you are most satisfied in Him, He will be most glorified in you.

Serving the Lord: The Book of James

No matter where you are on your faith journey, you are invited to kick it up a notch with Serving the Lord, an evangelical Bible study guide on the book of James. There is no better way to grow in spiritual maturity than faithfully serving God and His people, and no better example of a devoted servant than James, the brother of Jesus. James makes it clear that serving the Lord means putting faith into action in tangible ways that produce healthy fruit. Faith that consists merely of good intentions or intellectual assent is incomplete or dead. Authentic faith always produces evidence of holy living and good deeds by the grace and power of the Holy Spirit, such as: • Mercy ministry to the poor • Protecting the defenseless • Rejecting worldliness • Praying for the sick ... and much, much more. Christians are to let all kinds of trials become tests that strengthen their faith and yield righteous works—not to earn salvation but to give evidence of it. The result is spiritual perseverance that leads to eternal glory. It may not make sense to the rest of the world, but believers count troubles as pure joy because in Christ their troubles ultimately have a redemptive purpose. Today is the day to see for yourself what a practical difference Serving the Lord can make in your walk with God.

Let God Send

You have a calling, but you also have a "sending." A calling is a familiar idea. People search for their true calling, hoping to find what they were made to do, eager to fulfill their life's purpose. Let God Send reminds us that regardless of our individual vocation, we are always sent people, propelled by God's Spirit into the world to serve others. This sent-ness comes from the very nature of God who is always on the move in our world. Jesus was sent. The Holy Spirit is sent. Abraham and Moses were sent. The first disciples became sent-ones as well. The journeyers in the biblical narrative show us that when God sends, the path is never clear or direct. Being sent can be daunting, disconcerting, and disorienting. We can feel under-qualified, under-educated, or unprepared. But none of our hesitancy changes the reality that a life of following Jesus is a life of being sent out. Using strong biblical narratives and questions for reflection or group discussion, Matt Brough guides us into an examination of what holds us back from making a move, how to go in a humble and listening way, and ultimately what each disciple of Jesus is called to do in our going. Let God Send is a straightforward, plainspoken plea for people who follow Jesus to get moving.

Rise Up, Men of God

When God created men, He had a very specific purpose in mind: They were born to have dominion over life and meant to know God as their Father and His son as their savior. Similar to the way our physical body rises up and releases its seed to bring forth the life of a child, God desires that we spiritually rise up and release our seed of faith. Mark Christopher Folan, who has spent more than three decades serving the Lord, and as a minister of the Gospel, shares vital components of serving the Lord in this guide to rising up in faith as men of God. By living and promoting godly principles, the author urges everyone to declare God's desires to a lost and dying world. Moreover, he encourages us to always be ready to speak our faith while standing ready to help others move closer to the Lord. It is of the utmost importance that we come to know God's ways of shaping us, to learn how we might fulfill our destiny, and become the great men of God that we are destined to be. Discover the amazing possibilities before you and rise up!

Faith Based Perspectives on the Provision of Community Service

Will I ever be able to overcome my fears of serving the Lord? God's calling isn't always easy. In fact, there are times when we willingly choose our fears over our faith in God. We allow our fears to lead us in the opposite direction of serving Him. Vanessa Myers, a ministry leader for over 17 years, tells women it's time to allow God to free you from the fear that holds you back from serving Him. What are you afraid of? ·Not being good enough? ·Failing? ·Authority? ·Change? Using Scripture and stories that illustrate fear from the Bible, Vanessa shows readers how they can overcome and find freedom from the debilitating angst that holds them back in ministry. It's time to rise up! You can overcome those fears and experience breakthrough so you can faithfully serve the Lord.

Rise Up

In 2005, Bob and Sallie Solis of the Phoenix area took their life savings to start a home for orphaned children in South Africa. After seeing so much suffering caused by AIDS on a family mission trip, they felt

called to do something to ease the pain of children they encountered. In this book, Bob Solis movingly recalls some of the most poignant stories from an incredible journey which has given 55 children a home to call their own. Bob's strong Christian faith and commitment to service gives him deep insight into the wonderful journey that led to the founding and growth of Open Arms Home for Children. Praise for *From the Darkest Places Come the Brightest Lights* "Bob Solis has written a book from the depths of his heart with imagination, humor, wit, compassion and unwavering trust in Divine Providence. I highly recommend this book. Reading it will enrich your life." -Father Joe Corpora, C.S.C. University of Notre Dame "Coach Jim Valvano said 'there are three things we should do every day. Number one is laugh. Number two is think. Number three is have your emotions moved to tears.' I did all three by the sixth page of this book!" -Duane Kuiper, Major League Broadcaster and former big leaguer "This is a beautiful book about life, love and faith. While they are too humble to admit it, Bob (aka 'Bobo') and Sallie are heroes ... at least for the children who are blessed to live at Open Arms. We have been there and it is heaven on earth for these kids. If you want to be inspired to listen carefully to your own calling, read this book. I loved it." -Addison "Tad" Piper, Former Chairman of the Board, Piper Jaffray Inc. "This powerfully moving book is like observing a master songwriter craft his Magnum Opus – it will inspire you, encourage you and most profoundly cause you to ask yourself, 'How can I sit in my rocking chair when the house is on fire?'" -Rev. Dale Hopely, Jr., Senior Pastor, The Church at Litchfield Park With Foreword by Randall McDaniel, Member of the Pro Football Hall of Fame

From the Darkest Places Come the Brightest Lights

Becoming God's Faithful Armor Bearer is a must read for every believer of Jesus Christ. It is a wonderful tool for the church to use in training up leaders to understand what it means to truly serve God. It is a triumphant work, delivered from a heart of brokenness and faith in the promises of God. This book not only has the potential of changing your perspective on serving, it also has the greater potential of changing your life and the way you live out each day.

Becoming God's Faithful Armor Bearer

The greatest challenge for the twenty-first-century church is the lack of catechesis--training in biblical and doctrinal knowledge. As J. I. Packer states, "where wise catechesis has flourished the church has flourished, and where it has been neglected the church has floundered." It is increasingly apparent that we are raising up generations of Christians who often have little idea what they should believe and why they should believe it. *Grounded in the Faith* takes up that challenge with twenty-four low-prep, in-depth sessions that will ground believers in the basics of their faith. This new innovative guide is a transformational disciple-making tool that leaders can immediately use to activate discipleship in the church. It presents individuals, small groups, and Sunday school classes with a cohesive understanding of historic, sound, biblical theology that serves as a catalyst for deeper intimacy with Christ. It is a user-friendly guide to growth in the Christian faith that covers important topics such as justification, overcoming temptation, sanctification, evidence for the inspiration of the Bible, the value of prayer, the guidance of God, the Trinity, the uniqueness of Christ, and the attributes of God.

Grounded in the Faith

Why isn't life everything we expected it to be? And why doesn't our faith resolve our frustrations and problems? Kevin Myers, the founding pastor of 12Stone Church, a congregation of more than 30,000 active attenders near Atlanta, believes the reason we don't experience a transformed life is that we fail to grow up spiritually. We focus on developing physically, intellectually, emotionally, and financially, yet our faith remains immature and anemic. In this powerful new book, Myers offers a deep yet simple roadmap to a grown-up faith through understanding the whole context of the Bible, developing spiritual intimacy with God, and gratefully embracing holy obedience. As you understand the Bible and the big picture of God's story with humanity, you begin to find answers to life's most compelling questions. As you begin to understand God more, your longing and ability to experience spiritual intimacy with him increases, as does your desire to obey what God asks of you and your ability to follow through. This is the way to the bigger life, a life even better than you expected--or even dreamed possible.

Grown-Up Faith

We live in a world in which there is great confusion about what it means to be a Christian and what it means to have genuine faith. Faith is more than belief, and being a Christian is more than attending a church service, a Bible study, or helping out the poor and needy. True faith, genuine faith in Christ,

is not something that we need to convince people that we possess. Instead, true faith is seen through who we are and what we do. *More Than Words* is a book about faith. It is not so much a book about what faith is but instead what true faith looks like. *More Than Words* is a practical study of the book of James and provides understanding to what a life truly surrendered to Christ looks like and how it is to be lived. *More Than Words* will encourage and challenge you to examine your hearts and life to see if the faith you claim to have is truly a biblical faith.

More Than Words

Faith With its Sleeves Rolled Up provides an answer to anyone who believes the voice of faith is inaudible or irrelevant. Representing a wide range of faith positions, the chapters assembled here consider the practical contribution that faith is currently making to twenty-first-century society, prompting a positive understanding of faith as: a solution-focused innovator; an agent of connectedness, neighbourliness and identity; a catalyst for engagement, involvement and mobilisation; a promoter of a whole-person focus; a source of hope.

Faith With its Sleeves Rolled Up

King David encouraged us to “taste and see that the Lord is good” (Psalm 34:8). Our heavenly Father serves up a feast of His truth, grace, peace, and freedom to us in abundance—and invites us to enjoy it! When we discover His goodness and truly “count our blessings,” it changes our entire outlook on life. In *Discovering God’s Goodness*, you will explore what the Bible has to say about God’s grace and what the Lord did to rescue you from the prison of sin. You will uncover how God’s unmerited favor made it possible for you to be forgiven, redeemed, and restored so you could experience eternal life with Him. This is a blessing none of us deserves—but God gives it to us anyway if we accept Him and live our lives for His glory. The *Women of Faith® Bible Studies* provide intriguing insights into topics that are relevant to women’s lives today. Each guide includes twelve weeks of study, down-to-earth illustrations, and reflections to help you move the truth from your head to your heart. A leader’s guide for use with small groups is also included.

Discovering God's Goodness

Move beyond Coping and Surviving to a Rejuvenating Place of Soul Rest How many of us find ourselves exhausted, running on empty with no time for rest, no time for ourselves, no time for God? Bonnie Gray knows exactly what that's like. On the brink of fulfilling a lifelong dream, Bonnie's plans suddenly went off script. Her life shattered into a debilitating journey through anxiety, panic attacks, and insomnia. But as she struggled to make sense of it all, she made an important discovery: we all need spiritual whitespace. Spiritual whitespace makes room--room in one's heart for a deep relationship with God, room in one's life for rest, room in one's soul for rejuvenation. With soul-stirring vulnerability and heartbreaking honesty, Bonnie takes readers on a personal journey to feed their souls and uncover the deeper story of rest. Lyrical writing draws readers into Gray's intimate journey through overwhelming stress to find God in a broken story and celebrate the beauty of faith. Guided by biblical encouragement and thought-provoking prompts, Gray shows readers how to create space in the everyday for God, refreshment, and faith. She also offers practical steps and insights for making spiritual whitespace a reality, right in the midst of the stress-frayed stories in every season of life. "We live in a culture that brags and boasts about being busy. Into that reality steps Bonnie with a new idea. Whitespace is an important concept and Bonnie has captured it perfectly. If you're exhausted with being exhausted, read this book. If you feel too busy to read this book, then that's probably the best sign of all that you need it."--from the foreword by Jon Acuff, New York Times bestselling author of *Stuff Christians Like*

Geared-Up Faith for Classic Car Buffs

No one would dare to suggest that C. S. Lewis's *Mere Christianity* is anything less than a brilliant explanation and defense of the Faith. But as robust, wise and ardent as it is, still it is incomplete. It begins our banquet at the table of the Lord, but doesn't take us all the way to the final course. That is what Dwight Longenecker's new book, *More Christianity*, does. It fills our plates with the fullness of the Christian Faith found only in the Catholic Church. Lest someone think Longenecker is presuming to piggyback or cash in on Lewis' work, or to set himself up as Lewis' successor, that is not the case. What he does--and does brilliantly--is present the doctrine of the Church with succinct explanations of topics that arise in Catholic/Protestant discussion: the Marian dogmas, the papacy, the Mass, purgatory, the communion of saints, the rosary and more. In Longenecker's skilled hands, *More Christianity* rounds out the meal so deliciously served up by Lewis in *Mere Christianity*.

Are you dreaming of working abroad? Imagining serving God in another land? Or are you already on the field, unsure about what to do next or how to manage the stresses of cross-cultural life? Or perhaps you've been on the field a while now, and you're weary, maybe so weary that you wonder how much longer you can keep going. If any of these situations describes you, there is hope inside this book. You'll find steps you can take to prepare for the field, as well as ways to find strength and renewal if you're already there. From the beginning to the end of the cross-cultural journey, *Serving Well* has something for you.

Serving Well

Though waves of cynics and atheists claim that America is too religious, G. Jeffrey MacDonald disagrees. America's churches, he argues, have abandoned their sacred role as dispensers of community values, and instead are increasingly serving up entertainment, aerobics, yoga classes, and other services that have nothing to do with religious faith. As religion becomes more consumer-oriented, congregants are able to avoid the moral, intellectual, and theological commitments Christianity requires by simply joining a different -- and less rigorous -- church. Grounded in journalism, personal experience, and Christian theology, *Thieves in the Temple* is an impassioned and provocative cri de coeur for a new religious reformation. Incisively critiquing today's dangerous movement away from true religion, MacDonald demonstrates just how much Americans stand to lose when churches sell their souls to recruit parishioners.

Thieves in the Temple

Jim Cairns is a familiar sight around the markets of Melbourne, seated at a table stacked with copies of his latest book. It seems an unlikely occupation for a man who was once the driving force and major thinker in the Labor Party Left - a man who reached the positions of Deputy Prime Minister and Treasurer in Australia's most reformist government under Gough Whitlam. *Keeper of the Faith* reassesses the part Cairns played in shaping Australian public life. In tracing his ideological and political rivalry with Whitlam, it challenges the popular nostalgia that surrounds his former leader.

Keeper of the Faith

Ronit Stahl traces the ways the U.S. military struggled with, encouraged, and regulated religious pluralism and scrambled to handle the nation's deep religious, racial, and political complexity. Just as the state relied on religion to sanction combat missions and sanctify war deaths, so too did religious groups seek validation as American faiths.

Enlisting Faith

"*Fathering Your Father* is indubitably an important, timely work. In this incisive re-reading of the sources for the early history of Chinese Chan Buddhism, Cole conveys a new understanding of material familiar to scholars that might well make students engage with these sources more imaginatively. Hitherto scholars have pored over the five or six key sources; now we are invited to read them as successive literary inventions. In short, this study has no competition and is bound to provoke debate."—T. H. Barrett, Professor of East Asian History, School of Oriental and African Studies, London, and author of *The Woman Who Discovered Printing*

Fathering Your Father

For decades now, the United States has proudly claimed the mantle of "the world's only superpower" based on military might and the scope of military interventions throughout the world. As a result, whole generations are growing up with the understanding that war is the norm, that perpetual conflict is a way of life. But is it the way of Christ? Logan Mehl-Laituri grew up in a community that celebrated military service. His faith reinforced his love of country and his sense that that love was best expressed by fighting its battles. Then he went to war, and then he was born again. In *Reborn on the Fourth of July* you'll learn through Logan's story the real cost of war to military personnel, the real challenges to Christians that are raised by military service on and even off the battlefield, and the real questions that each of us must wrestle with as we hold in tension our love of country with God's love for the world.

Reborn on the Fourth of July

How are we to please God and learn how to do what He tells us is right? The author sets out for us what God's approval means and how we can earn it. Quoting extensively from the Bible, she explains the importance of faith, obedience and giving if we are to please God and do His will. This book is a wake-up call to Christians who are not yet on the right path.

Approved By God?

In C.S. Lewis's classic *The Lion, The Witch and the Wardrobe*, Lucy asks if Aslan the lion is safe. It is quickly clarified that Aslan is not safe...but he is good. That concept serves as the foundation for this collection of short stories. While written from a Christian worldview, our goal isn't comfort food for Christians or G-rated stories that offer simplistic lessons. Instead, we're serving up stories sharpened by faith. Stories that will engage, challenge, entertain, and stretch the reader. These stories aren't

necessarily safe...but without question, they are good. The stories in this book--from such outstanding Christian writers as Jerry Jenkins, Michael Morris, Sally John, and the editor Bret Lott--are by no means safe. Like the parables of Christ, they surprise, unsettle, and even shock. They depict doubt, loss, abandonment, failure, and betrayal as well as elation and triumph. But they also deeply and meaningfully explore the human condition in relation to a God who loves us and brings us joy and hope.

The Bible Food Truck

Identifying a "safety zone" of Christian-sanctified schools, television, radio, and activism, a call to greater action urges Christians to break away from easier practices to reconnect with non-believers, engage in acts of love and compassion, and build a greater dependence on Christ. Original.

Not Safe, but Good

An Arcadian Vision is about spirituality and faith. Author John W. Ekstedt presents faith as something enhanced through the exercise of the spirit. Faith is imagined as a real quality of life that can be acquired and improved upon through spiritual growth. Faith, as a gift of God and as an attribute of human beings, exists in time and space. People carry it with them wherever they are and exhibit it in the way they present themselves or in the actions they take. It is made better with practice, and many people go to specific places for the purpose of growing in it. An Arcadian Vision was written in such a place. The original Arcadia was a retreat in the Peloponnese Mountains of ancient Greece. It was considered a place of great beauty and pastoral repose. Over time the word Arcadia has come to refer to an ideal "suitable for writing in poetry or prose". To be Arcadian is to be a pleasing presence in an imperfect world. An Arcadian Vision is prose emerging from a place for spiritual exercise in the northern Rocky Mountains of Canada. It is about church as a means by which people improve their faith. It examines how people do the exercises that give form to their faith.

Fearless Faith

"I had a vision of a faith community where people could have a wider understanding of God and our relationship to him/her. I wanted to create a place where people could state what they believe and what they struggle with--freely. I wanted a community of people who know we don't all have to agree on everything." Jerry Herships, former altar boy who had dreamed of making it big in show biz, tended bar to make ends meet as he worked gigs in comedy and game shows, looking for his big break. After giving up the dream and leaving Los Angeles, he found his way back to the church and discovered God calling him to ministry--but not just any ministry. Now he leads AfterHours Denver, a bar church where people worship with a whiskey in their hand and make peanut butter and jelly sandwiches to serve Denver's homeless. Last Call is a story of having and giving up on dreams, finding yourself, and finding how God can use you in unexpected ways.

An Arcadian Vision

One touch is all it takes. One touch and you have that perfect cup. That perfect cup of espresso to wake you up, energize you, and help you face the day. Espresso Your Faith takes a daily-shot approach to God's espresso—His Word—as readers explore the 30 keys from God's Word to staying spiritually alert. Based on 1 Peter 5:8, which warns believers to stay alert, humorist Rhonda Rhea takes a perky approach to helping readers understand what that means and helps them drink in God's instructions as it relates to being spiritually alert. Her humor will warm readers hearts while her practical insight will have them paying attention to the world around them with a fresh biblical perspective. She promises that before you know it, God will be gloriously energizing lives and having believers feeling perkier, healthier, and stronger.

Immigrant Faith examines trends and patterns relating to religion in the lives of immigrants. The volume moves beyond specific studies of particular faiths in particular immigrant destinations to present the religious lives of immigrants in the United States, Canada, and Europe on a broad scale. Religion is not merely one aspect among many in immigrant lives. Immigrant faith affects daily interactions, shapes

the future of immigrants in their destination society, and influences society beyond the immigrants themselves. In other words, to understand immigrants, one must understand their faith. Drawing on census data and other surveys, including data sources from several countries and statistical data from thousands of immigrant interviews, the volume provides a concise overview of immigrant religion. It sheds light on whether religion shapes the choice of destination for migrants, if immigrants are more or less religious after migrating, if religious immigrants have an easier adjustment, or if religious migrants tend to fare better or worse economically than non-religious migrants. Immigrant Faith covers demographic trends from initial migration to settlement to the transmission of faith to the second generation. It offers the perfect introduction to big picture patterns of immigrant religion for scholars and students, as well as religious leaders and policy makers.

Espresso Your Faith

Click this link to read a review of *How Faith Works*. This book is autobiographical in concept, as the author has had many experiences in life, in addition to his bouts with cancer and his subsequent survival. As the author brings his story to you in this book, his attempt is to present things in a sequence that explain them in the order of importance in his life. The author's life was riddled with ups and downs from inception, because of the absence of his father and mother, but the best thing that happens to him is that he was raised by his loving and caring grandmother, Mandy. Although many of the situations and experiences he faced existed in his life in Alabama in 1930s, they still exist in African American families and their communities today. As a result, Matt has a keen sense of the value of education, which he learned from his grandmother Mandy and other life experiences during the time he lived in Alabama. Matt's years as a child growing up in rural Alabama during 1930s-50s, at best was turbulent times for young African American boys, yet he rode horses with his "white friend", "J", a White kid that lived nearby at the time. Because of Matt's faith, taught to him by his grandmother Mandy, he was not afraid to take chances and try new things. At age 19 Matt went to work in Pensacola, Florida. Later that same year, he bought a 1939, pretty green Chevy. Matt was never deterred by life decisions, and still believes it is his faith that has brought him through many ordeals in his life. He has stepped out on "faith", and prevailed in turning what would have toppled the average big city kid; but not Matt, he turns negatives into positives, and perseveres as he gets up again, and again.

Living In and Passing on the Light The book "Whose I Am and Who I Serve" takes the reader on a journey of one person's life from deliverance to destiny. The author realized that when she fully submitted her free will to Jesus as her Lord and Savior, He not only set her free from the past, but was training her up to share the light of hope with others who were downcast. When looking back upon her life, she saw how all the pieces fit together like a wonderful puzzle. God was surely preparing everything for the time she would answer His call with a profound, "Use Me." With this, there is also opportunity to share her faith with the next generation, that they might follow Christ at a much younger age. The picture on the book cover illustrates passing on the light. The author's hand is much older, holding a shorter candle; this depicts that the days left are fewer but still valuable. Her granddaughter's hand is much younger, holding a longer newer candle which depicts the many days ahead to share her faith. Therefore, our true legacy in life will never be in the value of possessions passed on, but rather the love, peace and joy of knowing Jesus. "You are the light of the world. ... let your light shine before others, that they may see your good deeds and glorify your Father in heaven." (Matthew 5:14-16 NIV)

How Faith Works

In a day in which Christians too often reduce faith to mere sentimentality and atheists decry it as superstitious nonsense, Fr. Kerry Walters offers a series of reflections intended to show that, indeed, faith matters. Drawn from his popular weekly newspaper column "Faith Matters," these short meditations explore Christian faith from the perspectives of doctrine, spirituality, ethics, politics, art and science, the saints, and the holy seasons that mark the Christian year and set the rhythm of Christian living.

Whose I Am and Who I Serve

This book was written for those who have left their Christian faith or who have become what Bishop John Shelby Spong calls, believers in exile. It also speaks to those who are questioning their current Christian faith. It describes a mystical view of Christianity that incorporates Gnosticism, quantum physics, shamanism, cognitive psychology, Jungian psychology, and biblical scholarship. At the end of

each chapter are prompts, questions, and activities that invite readers to make personal connections with the ideas presented. These are designed to be recorded in a journal. This book can be used with a book club, a study group, or individually. It will be a tool for your spiritual growth and renewal.

Faith Matters

A poetic and philosophical negotiation of the alternatives of atheism and religious faith. In *A Man of Little Faith* the French poet and philosopher Michel Deguy reflects on the loss of religious faith both personally and culturally. Disenchanted not only with the oversimplifications of radical atheism but also with what he sees as an insipid sacralization of art as the influence of religion has waned, Deguy refuses to focus on loss or impossibility. Instead he actively suspends belief, producing a poetic deconstruction that, though resolutely a-theistic, makes a plea for an earthly piety and for the preservation of the relics of religion for the world to come. Two essays by Jean-Luc Nancy and a recent interview with Deguy are included, which reveal the impact and implications of Deguy's ongoing reflection and its significance within his generation of French thought.

Same Time, Same Place

Perfect for fans of *The Rosie Project*, *Same Time, Same Place* is "a heartwarming story about how history plays out in our present - and how the power to heal is right in front of us, if only we can be brave enough to look for the clues." (Vicky Zimmerman, author of *Miss Cecily's Recipes for Exceptional Ladies*) Daisy works nights. Nate works days. But maybe they aren't as different as they assume. Daisy is the night security guard at the Manchester Museum of Social History. She takes her job very seriously, protecting the museum from teenage troublemakers. Nate works the day shift, though he'd be more suited as a museum guide the way he chats with the visitors. Daisy doesn't approve: how does he find it so easy to talk to strangers? For five minutes each day, their shifts overlap at handover. It's the only interaction they have...until mysterious things begin to happen at the museum. Daisy notices priceless objects going missing and then reappearing, with no explanation (and with nothing on the security footage!). No one believes her except Nate, and he agrees to help her investigate. They soon discover they have a lot more in common than they realized...and their investigation uncovers not only the truth, but new possibilities for their future.

The history of the vocoder: how popular music hijacked the Pentagon's speech scrambling weapon The vocoder, invented by Bell Labs in 1928, once guarded phones from eavesdroppers during World War II; by the Vietnam War, it was repurposed as a voice-altering tool for musicians, and is now the ubiquitous voice of popular music. In *How to Wreck a Nice Beach*—from a mis-hearing of the vocoder-rendered phrase “how to recognize speech”—music journalist Dave Tompkins traces the history of electronic voices from Nazi research labs to Stalin's gulags, from the 1939 World's Fair to Hiroshima, from artificial larynges to Auto-Tune. We see the vocoder brush up against FDR, JFK, Stanley Kubrick, Stevie Wonder, Neil Young, Kraftwerk, the Cylons, Henry Kissinger, and Winston Churchill, who boomed, when vocoderized on V-E Day, “We must go off!” And now vocoder technology is a cell phone standard, allowing a digital replica of your voice to sound human. From T-Mobile to T-Pain, *How to Wreck a Nice Beach* is a riveting saga of technology and culture, illuminating the work of some of music's most provocative innovators.

The author's parents come from respectable stock, God-honoring, community-centered and self-made. When her father Arthur Corey goes off the deep end of religion to become an itinerate preacher, his relatives don't understand. Nor does Margaret his wife, nor does her extended family--at least for a time. The story is told in three parts: Chronicle One begins in 1937 with Arthur's purchase of an abandoned grange hall that becomes the Grange House into which babies, including the author, are born...one after another, after another. The children grow up within the shadow of a father's strong character and unpredictable style, and under the tutelage of their faithful mother, all the while living without electricity next to an outhouse where catalogs are used instead of toilet paper. This clan becomes skilled in facing challenges with grit, in adapting throwaways into tools, and in building experiences into strengths. Chronicle Two is the author's first-person story beginning with her earliest memory. The memory of taking apart the Grange House, while living in it, and carrying it down the highway piece by piece to build a barn-like temporary shack that becomes the Farmhouse. During the next twelve years, the family grows by two more babies, some in-laws, and multiple foster children. All the while working toward the day that: We finally have a real house. Chronicle Three brings the entire clan together for the first time in 27 years at a family reunion--a time of re-acquaintance, restoration, and renewal.

The Malahat Review

The field of organizational storytelling research is productive, vibrant and diverse. Over three decades we have come to understand how organizations are not only full of stories but also how stories are actively making, sustaining and changing organizations. This edited collection contributes to this

body of work by paying specific attention to stories that are neglected, edited out, unintentionally omitted or deliberately left silent. Despite the fact that such stories are not voiced they have a role to play in organizational analysis. The chapters in this volume variously explore how certain realities become excluded or silenced. The stories that remain below the audible range in organizations offer researchers an access to study political practices which marginalise certain organisational realities whilst promoting others. This volume offers a further contribution by paying heed to silence and the processes of silencing. These silences influence the choice of issues on organisational agendas, the choice of audience(s) to which these discourses are addressed and the ways of addressing them. In exploring these relatively understudied terrains, *Untold Stories in Organizations* comprises an important contribution to the organizational storytelling space, opening paths for new trajectories in storytelling research.

If I Never Met You

When Rosemary Clooney appeared on David Frankham's BBC radio program in 1955, she encouraged her host to pursue his unfulfilled dream of acting. Without knowing anyone else in America, Frankham left England for Hollywood, where a same day chance encounter with Elizabeth Taylor and Alec Guinness soon launched him onto live television without a single acting lesson or credit to his name. Frankham appeared on many of TV's enduring classics, from playing Larry Marvick, one of the engineers who designed the USS Enterprise on *Star Trek*, to other popular shows such as *Alfred Hitchcock Presents*, *The Outer Limits*, and *Maverick*. Movie success followed, including leading roles in *Return of the Fly*, *Master of the World*, and *Tales of Terror*, all three starring his boyhood idol, Vincent Price. Other notable film roles included voicing Sgt. Tibs the cat in Disney's *101 Dalmatians*. With a foreword by film and Disney historian Brian Sibley, here is the inspiring story of a working actor whose passion for his craft only enhanced his appreciation of working with such greats as Walt Disney, Basil Rathbone, Debra Paget, Boris Karloff, Shirley Temple, Rock Hudson, Roger Corman, and many more. David Frankham shares his anecdotes and the positive worldview that enabled him to make boyhood dreams come true.
