Twelve Snails to One Lizard

Bubba the bullfrog helps Milo the beaver build a dam by explaining to him the concepts of inches, feet, and yards.

Twelve Snails to One Lizard

Told in both Spanish and English, this story tells of a young coyote who teaches an old woman to recycle when her trash heap begins to clutter his desert.

The Malay Archipelago

Though one of the best-known books in the world, Pinocchio at the same time remains unknown—linked in many minds to the Walt Disney movie that bears little relation to Carlo Collodi's splendid original. That story is of course about a puppet who, after many trials, succeeds in becoming a "real boy." Yet it is hardly a sentimental or morally improving tale. To the contrary, Pinocchio is one of the great subversives of the written page, a madcap genius hurtled along at the pleasure and mercy of his desires, a renegade who in many ways resembles his near contemporary Huck Finn. Pinocchio the novel, no less than Pinocchio the character, is one of the great inventions of modern literature. A sublime anomaly, the book merges the traditions of the picaresque, of street theater, and of folk and fairy tales into a work that is at once adventure, satire, and a powerful enchantment that anticipates surrealism and magical realism. Thronged with memorable characters and composed with the fluid but inevitable logic of a dream, Pinocchio is an endlessly fascinating work that is essential equipment for life.

Baby Coyote and the Old Woman

'Brilliant...wild and exhilarating' New Yorker Sgt Raymond Shaw is a hero of the first order. He's an ex-prisoner of war who saved the life of his entire outfit, a winner of the Congressional Medal of Honor, the stepson of an influential senator...and the perfect assassin. Brainwashed during his time as a POW he is a 'sleeper', a living weapon to be triggered by a secret signal. He will act without question, no matter what order he is made to carry out. To stop Shaw, his former commanding officer must uncover the truth behind a twisted conspiracy of torture, betrayal and power that will lead both to the highest levels of the government. - and to Shaw's own past...

Pinocchio

Are there any legends about cats? Is Cinderella an English story? What is (or was) a Mumming Play? The subject of folklore covers an extremely wide field, with connections to virtually every aspect of life. It ranges from the bizarre to the seemingly mundane. Similarly, folklore is as much a feature of the modern technological age as the ancient world, of every part of the country, both urban and rural, and of every age group and occupation. Containing 2,000 entries, from dragons to Mother Goose, May Day to Michaelmas, this new reference work is an absorbing and entertaining guide to English folklore. Aimed at a broad general readership, the dictionary provides an authoritative reference source on such legendary characters as the Babes in the Wood, Jack the Giant Killer, and Robin Hood, and gives entertaining and informative explanations of a wide range of subjects in folklore, from nosebleeds and wishbones to cats and hot cross buns.

The Manchurian Candidate

Patterns are found in math, reading, science, music, art, dance, and poetry-and in the world all around us. They are also found in this delightful book written by educator Trudy Harris. Children will love the humor and predictability of this story, and teachers and parents alike will appreciate the pattern hunt that will send kids back into the book looking for more patterns again and again.

A Dictionary of English Folklore

Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Animal Symbolism in Ecclesiastical Architecture

'Dazzling...Pinker's big idea is that language is an instinct...as innate to us as flying is to geese...Words can hardly do justice to the superlative range and liveliness of Pinker's investigations' - Independent
'A marvellously readable book...illuminates every facet of human language: its biological origin, its uniqueness to humanity, its acquisition by children, its grammatical structure, the production and perception of speech, the pathology of language disorders and the unstoppable evolution of languages and dialects' - Nature

Reproduction of the original: Cassell's Book of Birds by Thomas Rymer Jones

Puck of Pook's Hill

Treats primarily with the anaconda (*Eunectes murinus*); the Indian (*Python molurus*); Reticulated (*Python reticulata*); and African (*Python sebae*) pythons.

Glaucus, Or, The Wonders of the Shore

Last Oz book and one of the best. Glinda and the Wizard fight an evil witch to save Dorothy and Princess Ozma. Numerous black-and-white illustrations, 12 color plates by John R. Neill.

The Language Instinct

HBO's hit series A GAME OF THRONES is based on George R. R. Martin's internationally bestselling series A SONG OF ICE AND FIRE, the greatest fantasy epic of the modern age. A GAME OF THRONES is the first volume in the series.

Travels in West Africa

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Cassell's Book of Birds

Dubbed by his fellow Futurists the "King of Time," Velimir Khlebnikov (1885-1922) spent his entire brief life searching for a new poetic language to express his convictions about the rhythm of history, the correspondence between human behavior and the "language of the stars." The result was a vast body of poetry and prose that has been called hermetic, incomprehensible, even deranged. Of all this tragic generation of Russian poets (including Blok, Esenin, and Mayakovsky), Khlebnikov has been perhaps the most praised and the more censured. This first volume of the Collected Works, an edition sponsored by the Dia Art Foundation, will do much to establish the counterimage of Khlebnikov as an honest, serious writer. The 117 letters published here for the first time in English reveal an ebullient, humane, impractical, but deliberate working artist. We read of the continuing involvement with his family throughout his vagabond life (pleas to his smartest sister, Vera, to break out of the mold, pleas to his scholarly father not to condemn and to send a warm overcoat); the naive pleasure he took in being applauded by other artists; his insistence that a young girl's simple verses be included in one of the typically outrageous Futurist publications of the time; his jealous fury at the appearance in Moscow of the Italian Futurist Marinetti; a first draft of his famous zoo poem ("O Garden of Animals!"); his seriocomic but ultimately shattering efforts to be released from army service; his inexhaustibly courageous confrontation with his own disease and excruciating poverty; and always his deadly earnest attempt to make sense of numbers, language, suffering, politics, and the exigencies of publication. The theoretical writings presented here are even more important than the letters to an understanding of Khlebnikov's creative output. In the scientific articles written before 1910, we discern foreshadowings of major patterns of later poetic work. In the pan-Slavic proclamations of 1908-1914, we find explicit connections between cultural roots and linguistic ramifications. In the semantic excursions beginning in 1915, we can see Khlebnikov's experiments with consonants, nouns, and definitions spelled out in accessible, if arid, form. The essays of 1916-1922 take us into the future of Planet Earth, visions of universal order and accomplishment that no longer seem so farfetched but indeed resonate for modern readers.

Tales of Giant Snakes

An American classic—and Pulitzer Prize–winning story—that shows the ultimate bond between child and pet. No novel better epitomizes the love between a child and a pet than *The Yearling*. Young Jody adopts an orphaned fawn he calls Flag and makes it a part of his family and his best friend. But life in the Florida backwoods is harsh, and so, as his family fights off wolves, bears, and even alligators, and faces failure in their tenuous subsistence farming, Jody must finally part with his dear animal friend. There has been a film and even a musical based on this moving story, a fine work of great American literature.

Glinda of Oz

When are one hundred shoes too many shoes? When you are a centipede! And what do you do with too many shoes? Why, you give them away. Find out to whom in this delightfully silly story about a centipede with sore feet. And can you spot the beetle with seven legs? Have fun with numbers in this hilarious new picture book by master storyteller and children's book illustrator, Tony Ross.

A Game of Thrones (A Song of Ice and Fire, Book 1)

Book Excerptilar to the vegetable albumin, which is called animal albumin. If the yolk is beaten up with water, no starch nor cellulose is obtained from it, but there will be plenty of fatty and some saccharine matter, besides substances more or less similar to albumin and gluten.

Religio Medici

John Wainwright is extremely intelligent even if he is stunted in his physical development. He believes in communist ideas but is critical of mainstream Marxism. He is also quite vain and highly skillful in the arts of seduction. From a human viewpoint, he can be considered amoral or perhaps to be following a morality beyond human understanding. The novel explores the theme of the Übermensch (superman) in the character of Odd John whose supernormal human mentality inevitably leads to conflict with normal human society and the utopian colony founded by him and other superhumans.

Signs, Omens and Superstitions

Anagram Solver is the essential guide to cracking all types of quiz and crossword featuring anagrams. Containing over 200,000 words and phrases, Anagram Solver includes plural noun forms, palindromes, idioms, first names and all parts of speech. Anagrams are grouped by the number of letters they contain with the letters set out in alphabetical order so that once the letters of an anagram are arranged alphabetically, finding the solution is as easy as locating the word in a dictionary.

Collected Works of Velimir Khlebnikov: Letters and theoretical writings

The New York Times bestseller and basis for the Tony-winning hit musical, soon to be a major motion picture starring Cynthia Erivo and Ariana Grande With millions of copies in print around the world, Gregory Maguire's *Wicked* is established not only as a commentary on our time but as a novel to revisit for years to come. *Wicked* relishes the inspired inventions of L. Frank Baum's 1900 novel, *The Wonderful Wizard of Oz*, while playing sleight of hand with our collective memories of the 1939 MGM film starring Margaret Hamilton (and Judy Garland). In this fast-paced, fantastically real, and supremely entertaining novel, Maguire has populated the largely unknown world of Oz with the power of his own imagination. Years before Dorothy and her dog crash-land, another little girl makes her presence known in Oz. This girl, Elphaba, is born with emerald-green skin—no easy burden in a land as mean and poor as Oz, where superstition and magic are not strong enough to explain or overcome the natural disasters of flood and famine. Still, Elphaba is smart, and by the time she enters Shiz University, she becomes a member of a charmed circle of Oz's most promising young citizens. But Elphaba's Oz is no utopia. The Wizard's secret police are everywhere. Animals—those creatures with voices, souls, and minds—are threatened with exile. Young Elphaba, green and wild and misunderstood, is determined to protect the Animals—even if it means combating the mysterious Wizard, even if it means risking her single chance at romance. Ever wiser in guilt and sorrow, she can find herself grateful when the world declares her a witch. And she can even make herself glad for that young girl from Kansas. Recognized as an iconoclastic tour de force on its initial publication, the novel has inspired the blockbuster musical of the same name—one of the longest-running plays in Broadway history. Popular, indeed. But while the novel's distant cousins hail from the traditions of magical realism, mythopoeic fantasy, and sprawling nineteenth-century sagas of moral urgency, Maguire's *Wicked* is as unique as its green-skinned witch.

The Yearling

The voice of the Age of Reason remarks on English religion and politics during the early 18th century: Quakers, Church of England, Presbyterians, Anti-Trinitarians, Parliament, government, commerce, plus essays on Locke, Descartes, and Newton.

Centipede's 100 Shoes

Charles Robert Darwin (1809–1882) has been widely recognized since his own time as one of the most influential writers in the history of Western thought. His books were widely read by specialists and the general public, and his influence had been extended by almost continuous public debate over the past 150 years. New York University Press's new paperback edition makes it possible to review Darwin's public literary output as a whole, plus his scientific journal articles, his private notebooks, and his correspondence. This complete edition contains all of Darwin's published books, featuring definitive texts recording original pagination with Darwin's indexes retained. The set also features a general introduction and index, and introductions to each volume.

A Book of Natural History

A new edition, carefully revised and condensed.

Odd John

The end of empire, a romantic story and the social life and culture of an elite British colony - these are the fascinating themes to emerge from this unique collection of letters and diary entries. It is an inside story of Northern Nigeria's independence and of a clash of cultures. Tim Johnston's family was rich in patrician imperial tradition; his father and two uncles were in the 'heaven-born' Indian Civil Service and Tim spent his early years in the Punjab. After his degree at Oxford and the Oxford Colonial Administrative Service course he joined the British Colonial Service in Northern Nigeria. Berrice came from a very different background - a broken home and work in a dress-shop at the age of 14. War service provided a powerful and romantic link: Tim became a war hero and decorated fighter pilot, Berrice joined the ATS and they were married in 1942. Tim returned to Northern Nigeria after the war and was marked as a high flyer. He served a successful apprenticeship as cadet, District Officer and Permanent Secretary to the first Premier of Northern Nigeria, the redoubtable Ahmadu Bello, ultimately becoming Deputy Governor - vital roles in the path to independence. But Berrice could never adjust to the role of 'senior wife' in the social life of the colony. Her inner feelings of self-doubt could lead to aloofness, even a 'froitness'. She confessed to Lady Sharwood-Smith, the Governor's wife, 'I am not naturally a very social person'. Carolyn Johnston has woven together a series of delightful and revealing letters and diary entries from her parents which show both the social tensions of colonial life and illuminate Northern Nigeria on the brink of independence. 'Harmattan, A Wind of Change' is a rich treasure-house for scholars studying the end of empire and for readers who want to know about the personal impact of empire.

Anagram Solver

Volumes in the Trends in Linguistics. Documentation series focus on the presentation of linguistic data. The series addresses the sustained interest in linguistic descriptions, dictionaries, grammars and editions of under-described and hitherto undocumented languages. All world-regions and time periods are represented.

Wicked

Unexpected lovers find themselves together in Spindle Cove with *A Week to be Wicked*—the second book in Tessa Dare's utterly delectable historical romance series. This Regency Era delight finds a restless British lord desperate to escape the quaint and too quiet small seaside resort he's trapped in...and he gets much more than he expected when he eagerly agrees to escort a beautiful, brilliant, socially awkward lady scientist to Scotland. Concerning Tessa Dare and her irresistible romances, bestselling author Julia Quinn is spot on when she says, "Prepare to fall in love!" And anyone who loves the novels of Lisa Kleypas, Christina Dodd, and Liz Carlyle is going to adore having *A Week to be Wicked*.

Philosophical Letters

James and the Giant Peach by Roald Dahl in magnificent full colour. James Henry Trotter lives with two ghastly hags. Aunt Sponge is enormously fat with a face that looks boiled and Aunt Spiker is bony and screeching. He's very lonely until one day something peculiar happens. At the end of the garden a peach starts to grow and GROW AND GROW. Inside that peach are seven very unusual insects - all waiting to take James on a magical adventure. But where will they go in their GIANT PEACH and what will happen to the horrible aunts if they stand in their way? There's only one way to find out . . . Look out for new Roald Dahl apps in the App store and Google Play- including the disgusting TWIT OR MISS! inspired by the revolting Twits. "A true genius . . . Roald Dahl is my hero" David Walliams

The Secret Miracles of Nature

Horace G. Danner's *A Thesaurus of English Word Roots* is a compendium of the most-used word roots of the English language. As Timothy B. Noone notes in his foreword: "Dr. Danner's book allows you not only to build up your passive English vocabulary, resulting in word recognition knowledge, but also gives you the rudiments for developing your active English vocabulary, making it possible to infer the meaning of words with which you are not yet acquainted. Your knowledge can now expand and will do so exponentially as your awareness of the roots in English words and your corresponding ability to decode unfamiliar words grows apace. This is the beginning of a fine mental linguistic library: so enjoy!" In *A Thesaurus of English Word Roots*, all word roots are listed alphabetically, along with the

Greek or Latin words from which they derive, together with the roots' original meanings. If the current meaning of an individual root differs from the original meaning, that is listed in a separate column. In the examples column, the words which contain the root are then listed, starting with their prefixes, for example, dysacousia, hyperacousia. These root-starting terms then are followed by terms where the root falls behind the word, e.g., acouesthesia and acoumeter. These words are followed by words where the root falls in the middle or the end, as in such terms as bradyacusia and odynacosis.. In this manner, A Thesaurus of English Word Roots places the word in as many word families as there are elements in the word. This work will interest linguists and philologists and anyone interested in the etymological aspects of English language.

The Works of Charles Darwin, Volume 26

Eleven-year-old Owen Meany, playing in a Little League baseball game in New Hampshire, hits a foul ball and kills his best friend's mother. Owen does not believe in accidents and believes he is God's instrument. What happens to Owen after that 1953 foul is both extraordinary and terrifying.
