SALES: FIVE ELEMENTS IN FOUR STEPS

The Alligator Business Solution, Small Business Competitive Advantage is a user's manual to help small businesses survive and thrive in the business swamp. The book covers all the major business functions small businesses must manage. Eighteen successful small businesses were interviewed so the book is both for, and about, small business. Since small business owners have limited time to read, chapters are short, often contain humor, and include both success and failure stories. Key points are emphasized as Gator Bites. There are beneficial chapter exercises, which when completed will create a business plan. Although written for small businesses, the principles apply to organizations of all types and sizes.

A heroic cow named Blossom
Why Napoleon hated swamps
The preacher, sparks, and a fortuitous explosion
Who's "in charge" here?
Bubbles, for your health!
Putting the club in soda
Needles and drugs
A tower in Paris
Quantum bros
Very VERY tiny things
This physicist hates cats
Mr. Helix and the messengers
