Three main challenges for writers when it comes to big picture (developmental) editing

Editing Strategy: Make three columns (love, hate, indifferent) and categorize all of the major elements of your novel into these categories based on how you feel about them.

Major Elements to Include

Add a "lost" column

What does this exercise tell you?

Identify the core of your novel

Look for incompatible elements

Indicate "cut," "strengthen," and "replace" for each item in your "Hate" and "Indifferent" columns

Ask yourself what would need to happen for you to move each item to the "love" category
