Dance Into Business

Dance into Business is intended primarily as a guide for dance students, teachers and professionals taking up their first teaching post, planning their own business, setting up a freelance career, contemplating a change in career, transitioning from employment to self-employment, returning to the work place and expanding or selling an existing business. Using insight from working in the dance world, chapters containing helpful tips, practical examples, and points to consider cover topics such as: Choosing your options; Going self-employed; Writing a business plan; Choosing a business name; Choosing a business structure; Using financial tools; Costing your business; Setting fees; Analysing cash flow; Funding; Paying taxes; Up and running Operating; Complying with the law; Attracting customers; Engaging freelancers; Using volunteers; Expanding; and Buying (or selling) a business. Dance into Business looks at demystifying some of the concepts around employment and self-employment. It looks at different types of employment and the main stages of getting into business: preparation, planning, setting up and starting out. It explains the principals of business plans, budgets, costing, pricing, cash flow, break-even, finance, operations, and other issues that can be key components to a successful business. The author assumes readers could be living and working anywhere in the world and therefore the book has not been written to answer specific queries relating to individual cases or jurisdictions. However the types of business and laws described in this book are generally those of the United Kingdom, although similarities exist in many countries. Because of this complexity, Dance into Business should be read as a guide or general overview, the examples and exercises illustrative only and readers should always seek appropriate professional advice as formal legal, accounting, or other professional advice has not been given in this book. Although not suitable for all individuals, businesses or situations, many of the principles can be applied to other dance businesses such as productions, conferences, workshops, and course provision, or to other products and services.

In clear, easy-to-grasp language, the author covers many of the topics that you will need to know in order to launch and run a successful business venture.

For Dance Studio Owners

After starting your dance studio, you learn there is a grey area between dance and business. How do you make people actually read your newsletters? How do you get students to pay the tuition and follow your dress code? And how do you reduce the huge stress load involved in running a dance studio? "For Dance Studio Owners" is full of tips and explains what to do in situations that are common in dance studios but are met by other businesses as well. You'll learn how to prevent unwanted responses, how to make your customers read your newsletters, how to make your life less stressful, and much more. This book will tell you everything no one told you when you started your dance studio, but you desperately want to know. All is told in three chapters: Money, People, and Stress. "For Dance Studio Owners" is suitable for dance studio owners in any dance style, for business owners in similar industries, and for female entrepreneurs in general.

Dance Boss

Do you dream of starting your own dance business but just don't know how? Or are you stuck wanting to grow but can't seem to make progress? Many of us in the DANCE INDUSTRY enter BUSINESS 'accidentally' because we just want to find a way to monetise doing what we LOVE! At first it doesn't even seem like 'WORK'. How can we be working when we're having so much FUN? Inevitably though, the fun-factor can fade - especially when things get tough (like when a pandemic hits!!). First-time author, Chris Duncan, knows the highs and lows of doing business in DANCE after a career spanning 35 years. As a teacher, choreographer and studio owner, then as an agent, publisher, event manager and producer, Chris has dedicated herself to providing as many opportunities as possible for the next generation of dancers to learn, grow and become incredible future professionals. Now, Chris expands her mentoring role to help other passionate DANCEPRENEURS create their own dream enterprise and, in doing so, increase valuable work opportunities within the industry. DANCEBOSS - From Start-up Enterprise to Dancepreneur covers all the major business pillars you need to know to avoid wasted time, energy, money and passion and fast-track your SUCCESS. QUOTE ON THE BACK SOMEWHERE: "DANCE IS LIFE! But it is the PEOPLE that make all the DIFFERENCE! I feel honoured to share your passion for this incredible industry." By Chris Duncan

Stepping into Success

If your business is not where you want it to be, or you've been implementing tactics that aren't working, this book is a 'must read.' Julie's passion and expertise shine through in this refreshing business book which turns traditional business building and business development on its head using a unique and feminine approach that gets to the heart and soul of success for you as a business woman. Julie's innovative DANCE system shows you how to create meaningful and authentic success in your business and in your life. DANCE is a simple and creative approach to grow your business in a completely different way. After reading this book you will have more clarity and focus, be able to embrace your uniqueness, and understand and overcome what's currently stopping you succeed.

Teaching Ambition; Growing your Tuition-Based Business

"Teaching Ambition is a must-have guide for anyone at the beginning of owning a performing arts studio and a call to action for established businesses to discover best practices. Customer service, staffing, e-commerce, finances, marketing, and so much more, Teaching Ambition is a bible for anyone who runs a tuition-based business!" Jay T Schramek, Owner of Toronto Dance Teacher Expo, Dance Attack Competitions, and Tap Shoes Canada Have you dreamt of running your own school from the first time you tied your ballet shoes, played or sang a note in music, or earned a karate belt? Of course, as teachers and instructors, you know your craft. But running an academy takes a different set of skills, and not every business consultant understands your unique industry. In Teaching Ambition, Tara Pickford shares what she has learned from the trenches. Tara grew her performing arts franchise to three locations before she realized that it was too soon to scale up without the right systems in place. Drawing from 25 years of experience, from watching staff take her clients to another studio to getting hit by the figurative bus in her personal life, she offers valuable guidance and powerful exercises to help you: · Put the systems in place to succeed · Surround yourself with the best team · Get on top of your finances for better profit control · Create a culture based on your values · And more If you own a tuition-based business or aspire to run a school or studio one day, Teaching Ambition will provide you with the accurate, practical, and industry-specific tools you need to make your vision a reality.

Thinking Body, Dancing Mind

Why fight your way to the top when you can rise to it? Let go of the obsession to win—and you will be victorious. Acknowledge your vulnerabilities—and turn them into strengths. Find the courage to risk failure—and begin your journey to success. That is the secret of the TaoAthelete, and in this remarkable book t'ai chi expert Chungliang Al Huang and renowned professional and Olympic sports psychologist Jerry Lynch teach you the time-honored principles of successful performance—whether on the playing field, in the office, or in your relationships. By mastering the unique strategies and mental exercises of the TaoAthelete, you'll unlock the extraordinary powers of body, mind, and spirit that will lead you to victory in any field of endeavor. Praise for *Thinking Body, Dancing Mind* “This gives you a positive mental perspective and provides good focus for your mind—unconscious and conscious.”—Phil Jackson, coach of the Los Angeles Lakers “Warning: If you're completely content with your life, don't read this book. But if you'd like to break through to higher levels of performance, understanding, and happiness . . . this book is magic.”—Larry Dossey, M.D., author of *Meaning & Medicine* and *Healing Words* “In six months my level of performance has grown more than in the previous ten years of athletic training. Using Taoist principles of performance has pushed me to levels I never dreamed possible.”—Steven Gottlieb, all-American 1989 NCAA Tennis Division III champion “Bringing Eastern thought to the Western world of sport really works. . . . My game has improved immensely.”—Vince Stroth, offensive guard, Houston Oilers, NFL “The Tao is responsible for me turning my life around, athletically and personally. I am now able to believe in myself and perform to my capability.”—Regina Jacobs, U.S. Olympic Track Team

Dance Lessons

From Chip R. Bell, the bestselling author of *Customers as Partners*, *Managers as Mentors*, and *Managing Knock You rSocks Off Service*, partnering with Heather Shea, the former president of The Tom Peters Group's training and consulting company Provides invaluable insights into the changing world of powerful partnering Offers tools, details techniques, and provides activities and resources to help you develop successful partnerships in every enterprise Partnerships are fast becoming the primary structure of contemporary business, as organizations partner with vendors, unions, customers, and even competitors to take advantage of short-term market opportunities, leverage intellectual capital, and create more flexible and innovative enterprises. In this important guide, authors Chip Bell and Heather Shea offer an in-depth look at how we can successfully manage partnerships and build them with substance-passion, quality, heart, and soul. While many other books have examined the rational, logical, analytical sides of partnership, none has fully explored the irrational, illogical, emotional sides, which are most often what cause partnerships to falter or fail. *Dance Lessons* is a comprehensive guide to the interpersonal side of partnerships, revealing exactly how the champions choreograph their partnership dances for show-stopping performances. It features: new perspectives to help you decide if partnership is right for you exciting tools for selecting the right form of partnership important techniques to help you get emotionally prepared to partner smart ways to accurately pick good partners engaging activities to help you practice your partnership skills effective methods for dealing with difficult partners and partnerships vital cues that let you know when the partnership is ready to end, and helpful tips on how to end it insights on how to manage external factors that effect partnership success practical resources to help you continue to learn about effective partnering *Dance Lessons* shows how to develop meaningful, ethical, and soulful partnerships in every interaction throughout your work and your life.

Just as dancers strengthen their physical core to dance at peak performance, small business owners need to strengthen their financial core to be at peak financial performance. Dancing With Numbers: Grow a Financially Healthy Business and Choreograph the Life You Want lays out the dance moves established small business leaders can take to engage in a harmonious relationship with their numbers, step confidently in their CEO shoes empowered with actionable financial advice, and grow a profitable enterprise. You will learn: What it takes to achieve peak financial performance (the right mindset, knowledge, team, operations, strategies). Why most "non-numbers" people feel overwhelmed and stressed when dealing with their finances. I'll tell you a secret....it has nothing to do with money! Inspiring stories of experienced business owners who shifted limiting and destructive money mindset and habits and now dance with their numbers. Strengthening your financial core will allow you to choreograph the life you want and elevate your impact in your business, at home, and in your community. After reading this book and moving through each step, you will describe the relationship to your numbers as an exhilarating, fun, easy-flowing salsa instead of a slow waltz or a torrid tango.

Is it worth doing a podcast if nobody listens? You started your podcast because you want to: - Spread an important message - Share your passion - Make money But your podcast hasn't quite taken off like you thought it would. What happened? This book is for podcasters who can't quite figure out what they're doing wrong (and are ready to do things right). You'll learn: - Why your "natural personality" may be repelling to people and how to make it attract listeners to your podcast like a magnet (See p198) - What to do when a company tries to "lowball" you on advertising fees (do nothing, except send them the email on p424) - It's easy to screw up an interview. To be sure you don't run into any problems, use my "guest contract" on p311. - A six-word "trick" (learned from a 20-year radio veteran) that will instantly make you a better host (it's on p210) - 9 reasons to kill an interview before it happens – ignore these "red flags" and you'll be sorry (p299) - What Victoria's Secret models know about podcasting (even though you never hear them talk) – this lesson starts on p208! - Nervous on the mic? You have lots of company – 75% of podcasters to be exact. I give you a 5-step way to cure your "stage fright" on p229. - If you're scared of getting bad reviews, don't worry – I have three simple ways to handle critics on p236 (two of which can turn critics into fans) - Why copying top podcasters may be killing your podcast (I share the story on p116) and how to develop a podcasting style that works for you (and will attract more listeners) - My 3-step "episode teaser" formula – it's boring, but it works (get it on p110) - Thinking of doing a "daily" podcast? You must read p103 before you start. - Want to impress a guest? See the chapter starting on p321 for my 3-step followup "ritual" that will make being on your podcast unforgettable (and encourage guests to promote your episodes) And that's just the start ... This book contains my complete system on how to attract listeners, deliver your message effectively, and build a big podcast. You can't build a big podcast on "hope." But you can build a big podcast. And if you're ready to do just that, read this book.
