And those changes will play ...

So how do the changes show up?

Pimples.

The hair you have on your arms and legs may get thicker and darker.

And you'll likely grow hair in new places, like your face, armpits, chest, and pubic area.

Stretch marks are common too- a sign of your adult body taking shape.

... odor to growth spurts are just part of the **puberty**, story.

remember that puberty is a normal part of growing up.

And knowing what to expect can help to make it feel a lot less weird or stressful.
