Lippincott Procedures Overview - Lippincott Procedures Overview by Lippincott Solutions 13,455 views 8 years ago 3 minutes, 55 seconds - Lippincott, Procedures helps you provide the care necessary to help improve patient outcomes. Learn more about **Lippincott**, ...

Thousands of nurses, therapists, and other clinicians have turned to Lippincott Procedures, a unique software application developed by Wolters Kluwer health as the go-to source for step-by-step clinical guidance. Engineered to maximize the online experience, Lippincott Procedures delivers a full-circle solution to help you create, manage, confirm, practice, and maintain your organization's procedures seamlessly.

Designed to integrate into your workflow from any technology device. Lippincott Procedures is clinically focused and updated regularly improving patient outcomes, encourages patient safety, and increases healthcare quality by standardizing care across your organization. Ensures competency by providing learning, testing, and hands-on skills checklists for the staff saves valuable time from researching the latest evidence and best practices to creating and managing procedures.

This continually expanding product contains over 1,700 procedures and skills. Users can browse procedures by category or get immediate results using a powerful search engine. Each page of Lippincott Procedures is designed to connect users to key information faster, scroll through topics, or use the hyperlinks to get to essential information instantly.

Lippincott Procedures provides additional images and video clips which help support learning and demonstrate key steps to foster confidence. Quick lists are also available to provide a brief procedure overview for quick bedside review. Users can also access references associated with each procedure evidence-based references are rated according to the Melnick's rating system for the hierarchy of evidence for intervention and treatment questions. In addition, clinicians can gain a better understanding of care by linking out to additional full-text research articles and documents. Lippincott Procedures is fully customizable allowing you to adapt the latest evidence-based best practice procedures or add unlimited custom procedures to meet the particular needs of your own organization. Competency tests help administrative staff track employee knowledge and understanding of skills and procedures. Online skills checklists allow your organization to document the staff's demonstration of competency.

Put today's evidence to work for you with Lippincott Procedures, an online portal for improving patient outcomes and enabling clinical excellence. Lippincott Procedures is always current and always evidence-based. Contact your local sales representative for more information or check out our website at lippincottsolutions.com. From Wolters Kluwer: when you have to be right.
