The Dialectical Imagination

Capitalist Rationalization

Reason and Self Preservation

The Decay of Reason

He Could Acknowledge that At Least in Comparison to Horkheimer Quote Adorno Faced with the a Perea of the Self Referential Critique of Reason Was Better Able To Keep His Composure because He Could Bring another Motif into Play He Did Not Need To Depend Solely upon the Enlightening Power of Philosophical Criticism but Could Let His Thinking Circulate within the Paradoxes of an Identity Logic That Denies Itself and Yet Illuminates from within that Is for Him for Adorno the Genuine Aesthetic Experience of Modern Art Had Opened Up an Independent Source of Insight so Harbor Was Saying Look Door No Has At Least this Option or Comment Didn't Fully Develop To Turn to Art Now Perhaps in Fact the Most Succinct Expression of Adorno's Mature Theory of the Relationship between Art and Reason Came in the Peril of Homina to His Posthumously Published Work Aesthetic Theory Here There Are no Repeated His Warning against the Potential of Universal Reason To Overwhelm Particular She Writes Rationality Would Become Rational Only once It No Longer Repressed the Individual and Whose Unfolding Rationality Has Its Right To Exist an Emancipated Individual Would Not However Be in Abstract Opposition to Universal but Able Somehow To Embody It without His or Her Rationality Individuality Being Extirpated Now Adorno Did Admit that Our Two CanNot in Finally Escaped the Oppressive

An Emancipated Individual Would Not However Be in Abstract Opposition to Universal but Able Somehow To Embody It without His or Her Rationality Individuality Being Extirpated Now Adorno Did Admit that Our Two CanNot in Finally Escaped the Oppressive Potential Reason in Themselves He Writes Artworks Ineluctably Pursue Nature Dominating Reason by Virtue of Their Element and Unity Which Organizes the Whole So To Create an Artwork as an Organic Whole or as a Unified Totality or as a Meaningful Burst out There Is an Act like the Domination Domination Nature Which Involves Yoking Particulars Together into Something That's Coherent To Organize

This Is the Source of Arts Rationality Is Character as Knowledge Freed from the Categorical Conceptual Overlay We Might Say Abstract Structure of Philosophy However Rather than Turning Art into a Sacred and Clave of a Normative Notion of Healthy Rationale and It Somehow Avoided the Disease Spelled Out in the Work He and Horkheimer Written in the 1940s Adorno Did Acknowledge Quoted Artworks Participate in the Dielectric Enlightenment Windowless Artworks Participate in Civilization that Which in Artworks Distinguishes Themselves from the Diffuse Coincides with the Achievements of Reason quar Reality Principle so Art Is Not a Perfect End Clave of Utopian Let's Say Imminence It Has Its Own Complicity It's Never a Space unto Itself Never a Full Heterotopia Reason Needs To Make Room for Something Else To Atone for Its Original Sins of Dominating Nature and Universalizing Particularity in Short Even Revived Substitutue Notion of Reason Would Have To Concede that the Ultimate Values Are the Firm's They Come from Elsewhere Art for all of Its Service as a Placeholder of a Possible Future Utopia Does Not Really Function as a Model of that Benign Rationalization of the World Envisioned by Hegelian Dialectics so Art Precisely Is Not To Be Subsumed on the Philosophy the Mimetic Motion a Moment in Art Not To Be Subsumed Conceptual a Negative Dialectics and that's Why this Is Negative Not Positive

Rather than Abandoning the Sensory Rump Is Inherently outside of Reason Narrowly Construed and Thus an External Threat To Be Dominated Art for Adorno Overcomes without Fully Collapsing the Distinction So Once Again a Constellation Rather than a Full Reconciliation It Finds a Way To Bring Together Universal in Particular Spirit Matter Form and Substance while However Resisting the Full Autonomy of the Creative or Dominating Subject so this Is Not Done as It Is in Hegel on the Basis of an Expressive Subject Objectifying Itself Remembering What It Objectified through an Active Animistic Totalization Seeing Rationality in the Process but Basically Doing It from the Point of View of that Medicine

There Was a Sliver of Hope To Escape Its Dominating Implications When Final Reason for Refusing To Abandon that Hope Was the Role That Art Also Played in Protesting against Suffering both Human and Natural Which Was the Compliment I Was Prefiguring a Happiness To Come So Yes It Has His Utopian Configuration but Also Art Contains a Memory of Past Suffering and Suffering that It Does Not as You Recall Horkheimer Also Warned against It's Not Justified as the Horkheimer Always Resisted the Theodicy Something That Would Redeem Past Suffering Preferring Schopenhauer's Pessimism to Hegel's to Easy Optimism about the Alleged Cunning of Reason Past Suffering Could Not Be Made into an Instrument to Future Happiness Adorno Likewise Avoided any Hint of a Sublation of Misery So We Will Have a Short Question and Answer Period I Think that Marti Is Very Happy To Take Questions but if the Chair Is Seemingly Authoritarian Then He Departs from both Adorno and Horkheimer so the Floor Is Open I Know that this Was as Usual and Exceedingly Rich Highly Textured Dense but Worthwhile Lecture Which Obviously Needs To Be Read and Not Just Her To Ingest All Its Depth However the Floor Is Open Don't Let Your Desire for Happiness Overcome Your Substantive Reason Give Them a Minute Crystal Maybe Just for Clarification

It's It Seemed to Me that You Were Totally Focusing on the Ascetical within the Work of Art and I Think It Has a Very Important Place in It So Just for Clarification adorno It Takes Very Seriously the Model of Natural Beauty as Important for Humanly Created Art As Well so He Sees Natural Beauty as in a Way an Antidote to the Overly Anthropocentric Version of the Aesthetic Which Is the Production of Human Will or Human Imagination or Human Subjective Craftsmanship or Whatever Why Does this Is Simply because the Natural World Represents the Predominance of the Object over the Subject We Look at the Natural World Marvel of the Beauty of the Sunset or a Mountain Range

It'll Be Nice To Talk a Little Bit about the Disease of the Frankfurt School Which Was Caused among Other Things by Exiling Exile and Exam the Political Imagination to the Fields of Art and Religion and Ignoring the Emotional Fabric of Politics Which Actually Was One of the Reasons for the Power of Fascism and One Would Have Expected the Frankfurt School Thinkers To Infer Something from this the One Thing That Puzzled Me Even More than Anything Else Is that There Was no to the Best of My Understanding There Was So Much Fear of Dealing with Emotion as the Part of the Irrational Search filters
