Gardeners' Chronicle and Agricultural Gazette

An almost unnaturally poignant love story from the father of "Gonzo" journalism and Fear and Loathing in Las Vegas Hunter S. Thompson. What makes the romantic short story Screwjack so touching, for

all its queerness, is the aching melancholy in its depiction of the modern man's burden: that "we are doomed. Mama has gone off to Real Estate School...and after that maybe even to Law School. We will never see her again." Hunter S. Thompson's most searing and unnaturally poignant love story, *Screwjack* is simultaneously eerie and feverish, debauched and affecting. Never before—and perhaps never since—has modern man's melancholia been so vividly revealed in one powerful story.

The Devil's Plaything

A Spectator Book of the Year It's fashionable to think of the writers of the past as irredeemably tarnished by prejudice. Aristotle despised women. John Milton, the great champion of free speech, wouldn't have granted it to Catholics. Edith Wharton's imaginative sympathies stopped short of her Jewish characters. But what if it is only through the works of such individuals that we can achieve a necessary

perspective on the troubles of the present? Join literary scholar Alan Jacobs for a truly nourishing feast of learning. Discover what Homer can teach us about force, what Machiavelli has to say about reading and what Charlotte Brontë reveals about race. Not all the guests are people you might want to invite into your home, but they all bring something precious to the table. In *Breaking Bread with the Dead*, an omnivorous reader draws us into close and sympathetic engagement with minds across the ages, from Horace to Donna Haraway.

Senlin Ascends

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ... Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

Combining forces, Jasmine and Eric must play the parts of Master and submissive. But nothing is as it seems. Can they work out who the killer is in a household full of deception and secrets before it is too late? Or will a price be paid in blood....

Sterling Monedero is not your typical necromancer. Even with the game system and mancer class forced onto him by the alien monoliths known as Godwalkers, Sterling just wants to farm his peppers in peace and live out the rest of his troubled existence in quiet. He did that whole 'trying to get revenge on the Godwalkers' thing five years ago, and failed miserably. But when the Godwalkers show back up for their own bit of revenge - and Killbilly bandits appear trying to impose a pepper tax - the tough-as-bones loner decides enough is enough. It's time to reassemble the team, kick some much needed ass, and put an end to the alien threat once and for all. Or die trying. Set in a richly imagined post-apocalyptic New Mexico, this gritty LitRPG western features superpowered mancans, terrifying animal-skeletal hybrids, an intricate game system, and a big dose of Southwestern mysticism. Inspired by *The Dark Tower*, *Old Man Logan*, and *Red Dead Redemption*, best-selling author Harmon Cooper takes you on a high-octane thrill ride through desolate landscapes and dystopian urban decay, on an adventure that doesn't know how to back down from a challenge.

Magiks and The Crown of Guilledon

If you haven't yet read the Kane Chronicles, Rick Riordan's action-adventure trilogy based on Ancient Egyptian mythology, don't miss this paperback edition with new cover art and a Percy Jackson-Kane Chronicles crossover story, "The Crown of Ptolemy." When young magicians Carter and Sadie Kane learned how to follow the path of the Ancient Egyptian gods, they knew they would have to play an important role in restoring Ma'at--order--to the world. What they didn't know is how chaotic the world would become. The Chaos snake Apophis is loose and threatening to destroy the earth in three days' time. The magicians are divided. The gods are disappearing, and those who remain are weak. Walt, one of Carter and Sadie's most gifted initiates, is doomed and can already feel his life force ebbing. Zia is too busy babysitting the senile sun god, Ra, to be of much help. What are a couple of teenagers and a handful of young trainees to do? There is possibly one way to stop Apophis, but it is so difficult that it might cost Carter and Sadie their lives, if it even works at all. It involves trusting the ghost of a psychopathic magician not to betray them, or worse, kill them. They'd have to be crazy to try it. Well, call them crazy. With hilarious asides, memorable monsters, and an ever-changing crew of friends and foes, the excitement never lets up in *The Serpent's Shadow*, a thoroughly entertaining and satisfying conclusion to the Kane Chronicles.
