There is a relationship between our heads and our hearts. When the two are working in harmony, inner peace occurs, and our ability to focus on our desires becomes limitless. When this harmony is also supported by our physical surroundings, not only is the focus further enhanced, the time frames for achieving our goals shorten significantly. This is because our physical environments are reflections of our inner thoughts and beliefs. Consider for a moment moving your living room couch. If the new placement requires you to create different walking patterns, you have changed more than the furniture, you have changed your perspective. Now introduce an intention or goal to that perspective, and you are literally walking the path to your dreams. This book is a collection of stories where people found themselves needing a change and unsure of what to do first. By addressing their physical space, they gave themselves a door that led out of their limiting surroundings and into their futures.

Feng Shui for Architecture is an easy-to-use manual to incorporate Scientific Feng Shui into the design, renovation, and decorating of your home. The final goal is to support your well-being, as well as your family's, in all aspects of life. It is also particularly useful during a real estate pre-acquisition inspection, for it offers examples of bad Feng Shui (to avoid), good Feng Shui (to desire), and how to correct any overall problems. This will help you to evaluate the kind of investment to be made and to make the property Feng Shui proof (as well as decide if you want to either buy it or pass on it). The only book on the market written by an architect, interior designer, and Feng Shui expert who has over 20 years of expertise in the fields of architectural planning, design, and Scientific Feng Shui Mastery, *Feng Shui for Architecture* is largely the result of answering frequent questions that have arisen over the years by concerned Feng Shui and Interior Architecture students in classes taught by the author as well as addressing common issues brought up by professional architects, designers, and clients with whom the author has consulted with during the development of hundreds of projects (and whom are also the same people who encouraged her to write this book). Editorial Reviews "Dr. Simona Mainini has an astonishing ability to interpret and install ancient Chinese formulas in such a way that they change lives today. Feng Shui for Abundance

Are you interested in the ancient principles of Feng Shui, but have found the many books on the subject confusing and hard to implement? No wonder. There are many schools of thought on this environmental science. This book offers my simple method in a workbook format to begin to implement several Feng Shui principles using your home as the place to begin. Feng Shui principles offer a method to create a happier life, filled with more joy and balance as you gain clarity on, and move toward your dreams. When I became a Feng Shui consultant more than twenty years ago, my goal was to design consultations in a simple, logical, and methodical way. I developed the format and materials in this book and have used them ever since for home and business consultations. It is my style of "life coaching." I use home as a personal workshop for taking action toward one's life goals, and a safe launching pad to initiate the changes needed to achieve them. My book begins with a brief history and description of Feng Shui principles. My process begins with an emphasis on the individual, getting to you, your motivation, goals and dreams during what I term, "The Feng Shui Conversation." "The Feng Shui Consultation" follows with the actual viewing of property, home, and spaces where I share my observations and suggestions. Lined spaces are provided for the reader to record their intentions, and apply "cures and remedies" as their new placements in alignment with their goals, now made with greater clarity and intention. This simple format allows the client to embrace their environment from the macro to the micro point of view, going deeper within as they go deeper into their most personal spaces of the home. Home becomes the metaphor for the changes you wish to create in your life. My book follows the contemporary school of Feng Shui, also known as Tibetan Tantric Buddhism Black Sect Feng Shui proposed by Master Professor Lin Yun. He used a tool known as the Bagua template, also known as The Nine Life Aspirations - Health, Wealth, Fame, Relationships, Creative Expression, Helpful People and Travel, Career, and Spirituality. Lin Yun positioned this tool over the entrance of home and rooms, where the universal energy enters, also known as "the mouth of chi," rather than use directionality as the guide. Do you desire change in any of these Nine Life Aspirations and areas of your life? Change does not come easily. Try embracing Feng Shui principles to implement your desired life goals. Experience how a few Feng Shui principles may shift the energy flow in your life, when you change the energy flow in your home by changing the placement of a Picture, Bed, Desk, Stove or Living Room Sofa, with clear intention. Be prepared for remarkable results. "Designing a Happier Life, Feng Shui with Lurrae, a Guidebook" is a 2014 First Horizon Award FINALIST, an Eric Hoffer Award for excellence in independent publishing. It is my first book.

Does it seem like you've tried everything in your power to figure it out, and yet, despite your best intentions, you're still plagued with: • Not knowing what is fengshui. • Not understanding how fengshui can help you. • Not knowing about attracting luck and fortune into your life. If this describes you, then you are in luck today... First, you are NOT alone! It may seem like it sometimes, but not knowing how to get better your skills is far more common than you'd think. I ought to know, because I've been in the same spot before... "Attract Wealth And Abundance With Simple Tweaks Within Your Office And Your House Design!" This is one area you must pay attention to... When it comes to feng shui mastery, the techniques are a little unique and very much focused on attracting the right energy to your house within a stipulated period of time. Let me explain... The idea behind feng shui would be to help you to reach heights never before thought of possible with the help and guidance of the fengshui training. You need to understand the vision that you have and then create an outline of steps that you will be able to follow to effectively get the vision from that stage to reality. And the worst part? The more you don't have the right skills the less you will succeed! Make no mistake about it... "The Costs of NOT Getting All The Info You Need Are Just Too High!" Your lack of knowledge in this area may not be your fault, but that doesn't mean that you shouldn't -- or can't -- do anything to find out everything you need to know to finally be a success! The costs of continuing to repeat this pattern are just too steep... I mean, think about all of the money you're wasting because of how continuing to try things that don't work costs you money... the time you're losing due to going around in circles is also time-consuming... and that's not to mention the toll it's taking on your business life, like the way the failed attempts over and over can impact coaching clients and your bottom line. So today -- in the next FEW MINUTES, in fact -- we're going to help you GET ON TRACK, and learn how you can quickly and easily get your skills under control... for GOOD! That is why I've written this book...
