What is a thesis statement?

The thesis statement summarizes your position on the topic of your paper.

The thesis acts as a road map for your readers.

It tells them what the paper is about.

It also helps you organize your paper.

How long should the thesis statement be?
 It is usually one to two sentences long.
 Where should the thesis statement be in the paper?
 It should be the last sentence of your introduction.
 How do I write a thesis statement?
 Use the thesis formula.
 First, choose the topic of your paper.
 For example
 Now, choose your position: for or against.
 People should study foreign languages.
 Your claim = People should learn foreign
 Why should people study a foreign language?
 Studying a foreign language is proven to make you smarter.
 Make your thesis statement stronger by further developing your evidence.
 A three-point thesis statement is the strongest kind of thesis statement. 13
 A 3-point thesis statement has three pieces of evidence supporting the claim.
 Now you know how to write a thesis statement!
 Don't forget the formula.

We know that AR and SR are legit techniques for recalling stuff, but before you can recall it you have to have learnt it first. Any tips on *learning* stuff initially?

Exams are a month away. Any last minute tips, what you'd be doing?

Any tips on how to learn content quickly? Exams are a month away and we haven't even finished some of our courses yet.

How do your techniques change 1 month 2 weeks 1 week before the exam?

With active recall, do you make the questions as you read the book? Or do you make notes from the textbook first, and then read them, and then quiz yourself? How do you do it?

How should I use active recall? Do past papers count.

If you have Anki why do you still use your spreadsheet method? Surely you can do all that stuff on Anki with custom decks and filters and stuff. How do you decide what goes on Anki and what goes on Google Sheets?

How do you apply flashcards/Anki for essay based subjects like History and English Lit? I find they're working well for Biology but not sure how to use them for analysis subjects.

Tips for A level maths? How to use past papers to your advantage?

Tips for exam essay technique? Tips to write a really good essay.
