The Sons of the Republic of Texas Handbook

Up to 500,000 Union soldiers, or one fourth of the Union army, had been born in Europe. These immigrants had left their home countries for a multitude of reasons, mostly economic and political. In the United States, they envisioned a country of freedom that would allow them to pursue their goals of acquiring wealth and participating in politics. Soon immersed in the great debate over the expansion of slavery, many immigrants found themselves forced to take sides and eventually rallied around the Union flag. Ethnic Americans joined the northern army out of the same motivations as their native-born comrades, with one notable difference. By defending the Union, immigrant volunteers hoped to tear down nativist obstruction against their assimilation into society and prove their worth as full citizens. Declaring their unconditional loyalty, several groups entered into veritable competitions to raise separate regiments that would defend not only the Union but ethnic and national pride. Through their high visibility within the army, those units became synonymous with the ethnic war effort. The conduct of noticeable organizations such as the Irish Brigade or the partly German Eleventh Army Corps shaped public notions of immigrant participation in the war for decades to come, notwithstanding the fact that the large majority of foreign-born soldiers served in mixed and predominantly native American regiments. These new Americans contributed substantially to Union victory.

Sons of the Republic of Texas 1990 Yearbook

Greater Kinmen, the final battlefield in the Chinese Civil War between the Nationalist Kuomintang and the Communist People's Liberation Army in 1949. Now belonging to Taiwan, the island sits just kilometers offshore of China, the hulking giant threatening to take the "renegade state" back into the fold of the motherland by any means necessary, including all-out invasion. And yet, the state of affairs between the two nations seems peaceful, for the time being. But when the body of a businessman mysteriously washes up alongside a Taiwanese naval vessel docked at Kinmen, it sets in motion a series of shocking revelations which prove that when it comes to Sino-Taiwanese relations, all is definitely not what it seems. Jason Su, a young Taiwanese businessman raised overseas in the United States, finds himself swept up in a plot involving the Chinese Ministry of State Security, Taiwan's National Security Bureau, and the highest levels of power within the Chinese and Taiwanese governments. Together with his partner, Private Investigator Li-Yang Wang, Jason is forced into a role he never imagined he would have to play—that of Taiwan's last hope in what could be the final chapter written in the Taiwan-China conflict.

Sons of the Republic of Texas Yearbook

As mass immigration swept unprecedented numbers of Europeans to America in the mid-nineteenth century, these ethnic Americans would fight for the preservation of their new home country and contribute substantially to the Union victory.

True Sons of the Republic

Devoted to the interests of the veterans of the Civil War and allied patriotic organizations.

Sons of the Republic

The story of one of the most colorful dynasties in history, from Caesar's rise to power in the first century BC to Nero's death in AD 68. This engaging new study reviews the long history of the Julian and Claudian families in the Roman Republic and the social and political background of Rome. At the heart of the account are the lives of six men—Julius Caesar, Augustus, Tiberius, Caligula, Claudius, and Nero—who mastered Rome and then changed it from a democracy to a personal possession. It was no easy task: Caesar and Caligula were assassinated, Nero committed suicide, and Claudius was poisoned. Only Augustus and Tiberius died natural deaths and even that is uncertain. The Julio-Claudian saga has a host of other intriguing characters, from Cicero, the last great statesman of the Republic, to Livia, matriarch of the Empire; the passionate Mark Antony and the scheming Sejanus; and Agrippina, mother of Nero and sister of Caligula, who probably murdered her husband and was in turn killed by her son. Set against a background of foreign wars and domestic intrigue, the story of Rome's greatest dynasty is also the story of the birth of an imperial system that shaped the Europe of today. 80 illustrations.

Journal of the ... Annual Encampment

Vol. 83 contains final report of the finances from 1949 to the closing of the organization in 1956.

True Sons of the Republic

The Republic of Texas has a vivid past - its ancestors ventured west to settle an uneasy land - from exploration by the Spaniards to war with the Mexican government and its declaration of independence in 1836. Read about these ancestor's stories through hundreds of biographies with photographs of most. A comprehensive index provides easy reference for genealogical research.
