Power Animals

In this fascinating book, Steven Farmer guides you through a journey on the accompanying audio download to discover and connect with your power animal. Once you've determined who your power animal is, you can refer to the text to learn what this says about you, find instructions on how to call upon the spirit animal, and read a channeled message for you from that animal spirit. You'll also find out which animal spirit to call on for particular situations, and additional tracks on the audio will help you consult

your power animal as an oracle. Your power animal will not only help you develop a greater sense of personal and spiritual power, but will also help you heal physically, emotionally, and spiritually—as well as guide you through difficult life transitions. Working with your power animal will put you in touch with your own instinctual nature, thereby increasing your intuitive awareness and enhancing every area of your life.

Animal Spirit Guides

All animals, from the wolf to the ant, the mongoose to the fox, carry a message of guidance and hope. Using the traditional rituals of the shaman, such as drumming, visualization, and dreaming, discover more than 50 power animals and the special gifts they offer. Chris Lüttichau, who has followed the shamanic path for more than twenty years, presents a unique insight into Animal Spirit Guides, or Power Animals, through first-hand encounters in the wild, in America, Mexico, and Europe. As a healer and educator, he communicates his encounters in a way that is immediate and soulful. Part One, The Path, introduces ways to discover your power animal. In Working with Your Animal Guide, you understand animals as teachers and healers, and learn how to communicate and stay connected with their energy when you need to. Part Two, Animal Spirit Guides, profiles a range of animals, all of which are fully illustrated, along with personal anecdotes and insights. The final chapter, Animal Guides and Your Life's Purpose, looks at the Circle of Allies and how these animal spirits can accompany you through life. Beautifully illustrated by Melissa Launay, this insightful guide will introduce you to natural, shamanic ways of living, and inspire you to work with the amazing energies of your personal Animal Spirit Guide.

There are suggestions for good questions to ask of the guides that provide quality answers and insightful information. By practicing each meditation several times, it will become effortless to call on any guide "on demand." A guide will appear instantly when spiritual help is wanted or needed. Besides learning brand new ways to communicate with spirit guides, angels and power animals that are already in one's awareness, meditations include ways to call upon guides for any project or goal, such as writing, healing, learning a new skill, and so on. Discover new spirit guides: Some of the meditations encourage guides to appear that one may never have thought about before, such as meeting with Higher Self, a money guide, a healing guide, and more! A bonus meditation: "Merge With a Power Animal" is a profound way to obtain an animal's power through the body's kinesthetic (feeling) system. One can then travel with the power animal as if seeing through its eyes. Some of the meditations include shamanic methods of healing, such as soul rescue (soul retrieval), which helps one travel into the subconscious, find a past traumatic memory and then rescue the younger self trapped within it. For those working on self-growth, abundance, creativity and/or healing, a unique meditation asks a spirit guide to lead them directly to a future self who has already become what they desire to be, or who has already achieved a goal. The future self will communicate and provide the steps necessary to achieve this goal. The future self teaches the present self how to become this new self. This meditation includes merging with the future self to achieve the feeling of mastery. Children benefit from How to Meet your Spirit Guides. Children especially respond to angels and animal guides. These spirit guides are there just for you, they have been especially chosen for you, and their only purpose to be around you is to help you grow spiritually or resolve a crisis situation you are in or help you fulfill your dreams. While some of these guides stay with you throughout your life, others appear in your life when you are struggling with specific aspects of your life or are trying to achieve certain goals. They may be spirits who have lived a physical life in the past or they may have always remained spirits and never have had acquired a physical form. It is possible that some of them are only there for you. Others may be guiding more than one person. They could also be deceased relatives of yours, but most likely they never had any blood relationship with you. They are neither male nor female, although you may perceive them as having one of the two energies. So, who are these spirit guides? How do they get in touch with you? How can you listen to them or talk to them or ask them for their help? What kinds of problems can they help you with? How can you contact them? Find out the answers to these and many more questions in this book.

An Abecedarian of Animal Spirit Guides

Almost every person has owned a pet at one time or another in life or known someone who has. In all world religions, animals serve as spirit guides; there is spirituality to animal and human dialogue. Animals have the ability to help us reach wholeness if we learn their wisdom and integrate it into our lives. This abecedarian--a book whose contents are in alphabetical order--explores the spiritual growth that is possible by reflecting on the wisdom of creatures, which serve as spirit guides in all world religions and help humans experience the divine. The author explores animal spirit guides in the Bible, The Quran, The Dhammapada, The Rig Veda, The Analects of Confucius, stories from Aesop and Grimm, and much more. In these pages you can explore bears and bees, eagles and elephants, ravens and roosters, tadpoles and turtles, and many more. For each of the thirty-two entries, the author presents a text identifying the animal spirit guide, a reflective study, a question for journaling or personal meditation, and a concluding prayer. The spiritual life can be nourished in many ways; in this book it is enhanced by animal spirit guides.
