Paris in Bloom

"Get ready for a beauty overload. It's food for the soul, it's a book of dreams and details, of flowers so perfect you want to hug them to you." —Carla Coulson, author of Paris Tango Paris—City of Love, City of Light, City of Flowers. From elegant floral boutiques to lively flower markets to glorious blooming trees and expansive public gardens, flowers are the essential ingredient to the lush sensory bouquet that is Parisian life. With beautiful photography, Paris in Bloom transports readers on a stunning floral tour of the city, and provides recommendations to the best flower markets and a detailed guide to spring blooms. Timeless in content, Paris in Bloom is a book for Paris lovers to savor again and again, one to keep on the nightstand to conjure fond memories of their first visit and inspire dreams of the next. "Brilliantly captures the splendor of French fleurs with lush photographs and elegant prose . . . A masterpiece!" —Laura Dowling, former chief floral designer at the White House "I don't know how Georgianna does it. She manages to make Paris, already the most beautiful city in the world, appear even more charming, more elegant and more beautiful than it already is . . . Paris in Bloom is filled with a veritable carpet of pinks and whites, pastels and green portraits that make me let out an audible sigh of joy. This book can re-inspire you to believe that yes, life really is quite beautiful." —Doni Belau, author of Paris Cocktails "Destined to become a classic of its type, Paris in Bloom is Georgianna Lane's love letter to Paris and to flowers." —Gray Levett, editor of Nikon Owner magazine

Springtime in Magnolia Bloom

Welcome to Magnolia Bloom Where magic more than happily-ever-after awaits ? in a castle ? in East Texas. 1967. Violet MacInnes resents her genealogy assignment. Everybody knows her great-grandfather was a sea captain. Everybody knows her great-grandmother was the most sought-after debutante in Galveston. Everybody knows they defied society, married, and built an authentic Sottish castle nestled in a magnolia grove. Evajean Whitson is convinced she was born in the wrong century. In 1867 she shouldn't want an education. She shouldn't want to design anything but her debut gown. She shouldn't want anything other than to be a proper wife. Her future is set. Debut. Courtship. Marriage. Until Alisdair MacInnes sails into her life. Scottish sea captain. Bastard son. And a man who just can't give a damn about high society and its expectations. As Violet digs into the family diaries, she discovers the legacy in the lush magnolias of East Teas almost didn't happen. And that the family's famous castle came to life, not a man's desire, but of a woman's determination and defiance to take the risk to pursue her dreams.

The Plant Lover's Guide to Magnolias

Magnolias—beloved for their iconic spring blossoms—are among the most popular flowering trees. In *The Plant Lover's Guide to Magnolias* expert Andrew Bunting shares a plant directory including 146 of the best magnolias for the garden. Featuring information on growth, care, and design, along with hundreds of gorgeous color photographs, it covers everything a home gardener needs to introduce these delightful trees into their garden.

Welcome to Magnolia Bloom

She thought she knew everything about her ancestors. Oh, how wrong she was? 1967 Violet MacInnes didn't expect to find anything surprising when she tackled her genealogy assignment. Everyone in her small town knew her great-grandmother was a sought-after debutante, and her great-grandfather was a sea captain. Everyone knew they built a legacy together. So when Violet discovers just how close that legacy came to never happening in the first place, she can't help but dig deeper into the family diaries? 1867 Evajean Whitson wants more. More than the debut, courtship, and proper arranged marriage she's supposed to want. She wants an education, a career, and adventure. Then she meets him. The devilishly handsome Alisdair MacInnes sails into her life and makes her question everything. But can there truly be room for romance in her life when she has no intention of giving up her quest for independence? Welcome to *Magnolia Bloom*, where anything is possible—even an authentic Scottish castle in the magnolia groves of East Texas, brought to life not by a man's desire, but by a woman's determination and defiance.

Mistletoe and Magnolia

Not everyone deserves second chances and a happily ever after, fairy tale ending?right? Kiki MacInnes has burned more than a few bridges in her time. Now, as a recovering alcoholic, she's dedicated to helping others avoid addiction. She can only hope her temporary role as the new chatelaine for Castle MacInnes will help her stay on the straight and narrow, too. But even if she's somehow able to redeem herself for the mistakes of the past, could all the people she's hurt ever forgive her? Could the handsome small-town pastor who has her longing for a Christmas miracle? Somewhere between the mistletoe and magnolias, amidst the magic of the holiday season, Kiki will need to learn that the greatest gift of all is forgiveness. Especially forgiving herself. Welcome to *Magnolia Bloom*, where anything is possible—even an authentic Scottish castle in the magnolia groves of East Texas, brought to life not by a man's desire, but by a woman's determination and defiance.

In Defense of Plants

The Study of Plants in a Whole New Light “Matt Candeias succeeds in evoking the wonder of plants with wit and wisdom.” James T. Costa, PhD, executive director, Highlands Biological Station and author of *Darwin's Backyard* #1 New Release in Nature & Ecology, Plants, Botany, Horticulture, Trees, Biological Sciences, and Nature Writing & Essays In his debut book, internationally-recognized blogger and podcaster Matt Candeias celebrates the nature of plants and the extraordinary world of plant organisms. A botanist's defense. Since his early days of plant restoration, this amateur plant scientist has been enchanted with flora and the greater environmental ecology of the planet. Now, he looks at the study of plants through the lens of his ever-growing houseplant collection. Using gardening, houseplants, and examples of plants around you, *In Defense of Plants* changes your relationship with the world from the comfort of your windowsill. The ruthless, horny, and wonderful nature of plants. Understand how plants evolve and live on Earth with a never-before-seen look into their daily drama. Inside, Candeias explores the incredible ways plants live, fight, have sex, and conquer new territory. Whether a blossoming botanist or a professional plant scientist, *In Defense of Plants* is for anyone who sees plants as more than just static backdrops to more charismatic life forms. In this easily accessible introduction to the incredible world of plants, you'll find: • Fantastic botanical histories and plant symbolism • Passionate stories of flora diversity and scientific names of plant organisms • Personal tales of plantsman discovery through the study of plants If you enjoyed books like *The Botany of Desire*, *What a Plant Knows*, or *The Soul of an Octopus*, then you'll love *In Defense of Plants*.

The Grumpy Gardener

Definitive gardening advice - along with a story or two - for the novice or expert from one of the nation's most-trusted, and Grumpy, sources. Gardeners from across the country have turned to Southern Living Senior Garden Editor Steven Bender - known affectionately as "The Grumpy Gardener" - for his keen knowledge and gardening know-how with equal doses sarcasm and sidesplitting humor for nearly 35

years. Finally, the collected wit and wisdom of the magazine's most irreverent and beloved columnist can be found in a single A - Z volume, providing gardeners from coast-to-coast with his valuable tips for planting, troubleshooting, and growing flowers, vegetables, shrubs, trees and more, all delivered in his signature cantankerous style. Sidebars throughout the book - "Ask Grumpy" - help readers tackle common garden problems ("How do I get ride of little house ants?"), and readers from the past 35 years take part in the book when Grumpy shares his favorite reader's responses to some of his advice, his favorite rules for gardening, and Q & A's covering your favorite plants and flowers are all inside. Additionally, beautiful line-drawings and illustrations throughout make the book as beautiful to look at as well as entertaining to read. The Grumpy Gardener is sure to become the most trusted tool in your gardening shed!

When Magnolias Bloom

The lives of friends Chase Stewart, Samantha Stewart and Nathan Clevinger change forever when Samantha Stewart marries plantation owner, Grady Reynolds and leaves her life in Washington, D. C. to travel to his plantation in South Carolina. The 1859 move is ill-timed as the Civil War is brewing on the horizon. Grady struggles with a smart and opinionated young wife while Samantha struggles with their differences and plantation life. Chase Stewart, Samantha's brother, is commissioned by his father to skirt both union and confederate lines to bring Samantha back to their ailing mother. A disillusioned Nathan Clevinger, friend and potential suitor for Samantha, joins union forces and deals with the horrors of war. The childhood connection the three have gives them insight and courage as each face their individual struggles. Is it enough to bring them back together in this time of turmoil? Follow the adventures of the three friends as Chase makes the treacherous trip, as Samantha learns to carve out her own life in the south and as Nathan Clevinger deals with the horrors of war. When Magnolias Bloom is a tender story of intrigue, heartache and romance. Inspirational - Clean - Historical Romance

The Magnolias Still Bloom

A story of murder and greed in a small Southern City. Four inhabitants of Lancaster try to cope with the changing social and economic climate as lives clash in a fury of raw emotion.

Gardening at Longmeadow

Monty Don made a triumphant return to our screens as presenter of Gardeners' World. A firm favourite with viewers, Monty's infectious enthusiasm for plants, attention to the finer details of gardening technique and easy charm have seen the ratings soar. Here Monty invites us into the garden at Longmeadow, to show us how he created this beautiful garden, and how we can do the same in our own. Following the cycle of the seasons, Gardening at Longmeadow will introduce readers to the garden from the earliest snowdrops of January through the first splashes of colour in the Spring Garden, the electric summer displays of the Jewel Garden, the autumn harvest in the orchard, and on to a Christmas feast sourced from the vegetable gardens. Describing the magic of each area at different times of the year, Monty will explain the basics of what to do when and how to get the most from each plant. He'll talk through the essential techniques and more complex processes, accompanied by easy-to-follow, step-by-step photography. Longmeadow is a gardeners' garden, but this will be a book for gardening enthusiasts of all skill levels who have been inspired by what they've seen, and who would like to achieve something similar for themselves.

The Handmade Apothecary

Herbs are quite literally everywhere; it is only our ability to recognise their value that has been lost. Vicky and Kim explore the traditional uses of herbs combined with a modern and scientific understanding of a truly holistic approach so that you can use herbs to treat ailments and improve your general wellbeing. The book contains fascinating information about herbs with suggestions of what each herb can be used for. Did you know that daisies infused in oil can be used to reduce bruises? That roses can help grieving and anxiety? Or that elderflower cordial can bring down a temperature? There is also an introduction to each of the body's systems (nervous, respiratory etc.) and which herbs are best for treatments. And of course, the book is peppered with vinegars, balms, oils, tinctures, creams, lotions and syrups to create your own little herbal health kit. Vicky and Kim also encourage people to reconnect with their local environment in addition to growing herbs in their gardens or windowsills. An all-encompassing guide for the beginner, The Handmade Apothecary is filled with guidance, useful tips and tried-and-tested

recipes that will inspire people to make their own remedies. Also by Vicky Chown and Kim Walker: The Herbal Remedy Handbook

Old Herbaceous (Classic Reprint)

Excerpt from Old Herbaceous It was one of those mild autumn mornings when early mist had turned to soft rain and water dripped from everything. No real touch of winter yet; just a soft pause between the seasons, giving you the best of both. Not too warm, as it had been; not too cold, as it would be. This was the time of year and the time of day that the old man loved best. He couldn't get around so much now, but they had made up his bed by the cottage window, and there he would sit, half waking and half sleeping, dreaming of this and that. From where he sat, propped up among his cushions, he could see into the Manor gardens. Not what they were - not by a long chalk. Mind you, it was only fair to admit they were still a bit short-handed, and you had to take the dry summer into account, but these young fellows ought to have made a better job of it than that. When he was a young chap, he had to move at double their pace. No slipping off when the clock struck for him. Hours he'd spent watering when the sun was off the borders. But not today. That meant overtime, and where was the money to pay for that? So the old garden wasn't what it had been when he was in charge. Everything was different to what it was in his day. They earned more money, and that was only right. But the more they got, the less they seemed to care. You had to be proud of a garden to do any good with it. Gardening was a whole-time job, like the cows or the sheep. Cows had to be milked, whatever happened; and who thought of stopping in bed when the sheep were lambing? In a garden, you had to work with the seasons. There were slack times, when you could take an easy with a pipe behind the tool shed, but when the grass started growing and the weeds were getting on top of you, there was an end to all that nonsense. Hours he'd spent watering. But these young fellows... About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Magnolias

"Magnolia in Bloom" by acclaimed author Tiara Turner is an emotionally stirring tale that reveals how unlocking the past can liberate the future. When grief and opportunity root Eliza back in her Southern hometown of Briarville, she finds the old magnolia trees still standing stalwart over the sleepy community just as in her childhood. Yet as she reconnects with estranged roots below the surface, Eliza discovers her identity intricately entwined with her hometown's complicated history in ways that illuminate promising new paths forward together. Guided by whispers on the wind and family histories waiting to be unearthed, Eliza unravels long-ignored threads connecting her lineage across generations to the land itself. As she confronts shadows of injustice and loss, she ultimately forges unexpected alliances with both old enemies and friends. Like the resilient magnolias blossoming despite history's storms, Eliza becomes a catalyst for reconciliation and positive change in this traditional community at a crossroads. Yet she also rediscovers cherished traditions now enhanced by the beauty of full inclusion regardless of creed or color. Infused with rich symbolism and celebrating the enduring bonds between people and nature, "Magnolia in Bloom" is a soaring testament to the power of hope and redemption flourishing in even the most deeply rooted corners of our shared garden waiting to be unveiled.

Magnolia In Bloom

"A Way to Garden prods us toward that ineffable place where we feel we belong; it's a guide to living both in and out of the garden." —The New York Times Book Review For Margaret Roach, gardening is more than a hobby, it's a calling. Her unique approach, which she calls "horticultural how-to and woo-woo," is a blend of vital information you need to memorize and intuitive steps you must simply feel and surrender to. In A Way to Garden, Roach imparts decades of garden wisdom on seasonal gardening, ornamental plants, vegetable gardening, design, gardening for wildlife, organic practices, and much more. She also challenges gardeners to think beyond their garden borders and to consider the ways gardening can enrich the world. Brimming with beautiful photographs of Roach's own garden, A Way to Garden is practical, inspiring, and a must-have for every passionate gardener.

A Way to Garden

Think you know - or want to know - all about gardening? Ever wonder how much you might learn just by asking a simple question like: "How do you feel about Magnolias?" Myriads, says fifth-generation (Harvard MLA-degreed) landscape designer Cheryl Jacques - about life, hope, embracing Nature's dizzying diversity, coping with disappointment (over changes in things and dreams); about persistence, patience, spirituality, joy and love. In these pages Cheryl Jacques shares with you the great mystery she calls The Magnolia Principle that breathes at the heart of gardening and of all being. And she tells you how, even beyond gardening's healthful nurturing, you can learn... From Magnolias, how to root your spirit in what's lasting... from Wisterias, how to wait for great beauty to bloom... from Hydrangeas, how to nurture neediest things... from Shrub Roses, how cutting down can build up... from Indian Pinks, how to dance with hummingbirds... and much more. Cheryl and her best friend Amie invite you into this delightful garden of spirit and Earth, to learn from them and Nature herself, the practical and mystic secrets of... The Magnolia Principle.

Love at Last in Magnolia Bloom

Join acclaimed photographer Georgianna Lane and explore the flower markets, gardens, and floral boutiques of London in this full-color celebration of the flora of England's capital. London in Bloom showcases the floral abundance of the city's extraordinary parks, gardens, florists, and flower markets. In this companion to her popular books Paris in Bloom and New York in Bloom, Georgianna Lane takes us on a romantic floral tour of London, juxtaposing luscious blooms with intricate floral details found in iconic architecture. The book also includes: A detailed list of recommended parks, gardens, markets, and floral designers A spring tour of blossoms and blooms A field guide of common spring-blooming trees and shrubs Step-by-step instructions for creating a London-style bouquet And more Lane offers a practical travel guide for anyone planning to see London in bloom in real life. She plans out a tour of spring blossoms, with a field guide for identifying flowering trees and shrubs. She even includes a list of addresses for her favorite parks, gardens, floral boutiques, and flower markets. Lane writes, "No place, real or imagined, enchants quite like an English garden. The ornate gates, the tumbling roses, the winding paths, and the sunlight winking through branches of delicate blossoms have long inspired poetry and romance. . . . Some are intimate and secret, with secluded corners and mysterious pools where dragonflies hover or fantastic creatures might even dwell. Others are impressive and majestic, their rolling parklands reminiscent of an eighteenth-century landscape painting." For flower lovers and Anglophiles alike, London in Bloom offers a unique and irresistible view of London, a chance to bring "poetry and romance" to your home or to give it as a gift.

The Magnolia Principle

Leaving behind a legacy and a secret in Savannah, Katerina escapes to the emerald state. While on a biking adventure, she crashes into a rakishly handsome young man.

Where the Magnolias Bloom

"The foodie book of the year" The Spectator "An inspiring book for city dwellers who pine for the bounty of a countryside hedgerow" Sunday Times 'The forager's magic trick; To conjure a meal out of seemingly nothing and ensure you never look the same way at a neglected green space again' Daily Telegraph 'I love the idea that I could pick up dinner from a local park rather than from a shop on the way home. A book about urban forging could so easily have been worthy, but it's an entertaining read with recipes: get ready for nettle tempura...' Delicious magazine 'A man after my own heart.' Mark Hix 'That is the final act of the forager's magic trick. To conjure a meal out of seemingly nothing, and ensure you never look the same way at a neglected green space again' The Telegraph Once you start foraging, you'll never look at the city around you in the same way again. As we walk through the city with our headphones in or our eyes glued to screens, it's easy to forget that we are surrounded by wonderful things to eat. Our parks, pathways, gardens and wild spaces are crammed full of delicious, nutrient-rich plants; all we need to know is how to find them. From dandelions to winter cress, wild garlic to chickweed and ground ivy to water mint, this book takes us through a year of delicious, foraged food. Each entry is illustrated in colour to help you identify the plant and followed by a recipe using these remarkable ingredients. In The Edible City, urban forager John Rensten gives us the tools to identify, source and cook delicious food from the year-long bounty around us, whether that's nettle and three-cornered leek gnocchi, winter purslane pesto, or stinging nettle tempura. This account of a year of urban foraging is perfect for any nature lover or home cook looking for exciting new ingredients to experiment with.

Growing Magnolias

Her marriage was magical. Until it wasn't... With divorce looming, Paige MacInnes isn't sure what to do with herself. She's spent so much time being everything to everyone else that she's pretty sure she's forgotten how to just be Paige, the woman. Maybe she'll be able to find herself again in Magnolia Bloom... With the help of loved ones and lifelong friends (and maybe even a sexy Scotsman), Paige will need to figure out how to preserve the legacy of the MacInnes estate-all while learning the importance of trusting her heart, the power of second chances, and ensuring her own happily ever after. Welcome to Magnolia Bloom, where anything is possible-even an authentic Scottish castle in the magnolia groves of East Texas, brought to life not by a woman's determination and defiance.

Where Magnolias Bloom So Does Hope

A young Yankee teacher, Kenda, is swept into the cultural clashes of integration in Mississippi in 1970. She faces challenges beyond the classroom. Kenda becomes immersed in the everyday lives, struggles, and heartbreaking events of her students, friends, and colleagues as she grapples with the concept of equality and justice for all.

Illinois Getting Started Garden Guide

A floral tour of the metropolis, filled with sumptuous photography: "A magical and unexpected look at New York . . . lovely and brilliant." —Laura Dowling, former chief floral designer at the White House From stylish floral studios and corner shops overflowing with fresh-cut blooms, through bustling flower markets, to blooming trees and lush public parks, an unexpected softer side of New York is revealed in photos juxtaposing floral beauty with exquisite botanical details found in the city's iconic architecture. Author and photographer Georgianna Lane adds to her acclaimed works Paris in Bloom and London in Bloom with this collection including: Parks and gardens Floral studios Market flowers Floral displays Field guides to locating and identifying common spring blooms A list of recommended locations and vendors A tutorial on how to create your own New York—style floral bouquet, and more "A bountiful and effervescent garden that brilliantly dots the landscape of the city that never sleeps." —Robert Wheeler, author of Hemingway's Paris

Indiana Getting Started Garden Guide

Have you ever looked at a tree? That may sound like a silly question, but there is so much more to notice about a tree than first meets the eye. Seeing Trees celebrates seldom seen but easily observable tree traits and invites you to watch trees with the same care and sensitivity that birdwatchers watch birds. Many people, for example, are surprised to learn that oaks and maples have flowers, much less flowers that are astonishingly beautiful when viewed up close. Focusing on widely grown trees, this captivating book describes the rewards of careful and regular tree viewing, outlines strategies for improving your observations, and describes some of the most visually interesting tree structures, including leaves, flowers, buds, leaf scars, twigs, and bark. In-depth profiles of ten familiar species—including

such beloved trees as white oak, southern magnolia, white pine, and tulip poplar—show you how to recognize and understand many of their most compelling (but usually overlooked) physical features.
