The Pig of Happiness

I knew Edward Monkton was going to be a success when people started e-mailing me daily saying that it touched their hearts, it made them think, and most important, it made them laugh out loud-again and again." --Giles Andreae * In the tradition of Jonathan Livingston Seagull comes The Pig of Happiness-a philosophizing porcine fellow with a penchant for spreading good cheer. Edward Monkton's philosophical piglet aspires to elevate the spirit and become the Pig of Happiness. His happiness is so big it seeps from inside him to all the other pigs and then to all the other animals in the barnyard. * Monkton, perhaps better known as the U.K.'s top-selling living poet Giles Andreae, pairs a fresh illustrative style with simple yet profound prose to create this modern-day parable. * Monkton's greeting cards and book titles have been a big hit in the U.K. His gift books are presented to the U.S. market by Andrews McMeel exclusively, while a complementary card line from Sunrise will be introduced in the summer of 2007.

Beyond the Pig and the Ape

Praise for Beyond the PIG and the APE by Krishna Pendyala: "If you don't think you can find profound joy and inner peace in your life, you might change your mind when you read this book." - Marc Allen Co-founder, New World Library Author, Visionary Business Publisher, The Power of Now "This book is extraordinary. It's so important to ground our own minds before we can build those critical relationships with others. I have studied such practices for many years in service of business success and Krishna's book illustrates the principles of settling the mind more simply and clearly than anything I have found." - Keith Ferrazzi Author, Never Eat Alone Founder, RelationshipMastersAcademy.com "Do yourself a favor and read Beyond the PIG and the APE. The book shows how we get trapped in unfulfilling behaviors, then lays out a clear path to personal happiness and joy." - Shannon Waller Co-author, Unique Ability: Creating The Life You Want Strategic Coachy "In my own life, formerly as a business CEO and now as a teacher of management, I have found that inner personal growth and effective decision-making go hand in hand: Krishna's book is a guide to both." - John Rehfeld Author, Alchemy of a Leader Executive MBA Faculty, Pepperdine and University of San Diego We are told that happiness and the path to a better life can be found by looking within ourselves, but here's the problem. Since the secret is not likely to be lying in a box marked "happiness," what exactly should we be looking for? Beyond the PIG and the APE is meant as a simple, practical guide to the inner search. The book starts by advising us "what to look out for" - the "inner creatures" that often lead us astray. The PIG of the title is the ever-present drive to Pursue Instant Gratification, while the APE is the drive to Avoid Painful Experiences. These inner animals aren't always bad; in fact they are basic survival instincts that evolved to help us feed and protect ourselves. But in modern life, our primitive drives can get us

in trouble - especially when the PIG and APE team up to "feed and protect" the Ego, a delusional mind-made identity that isn't who we really are. Then we are sabotaged by "blind animal instincts in the service of pretense." The book uses real-life examples to show how the PIG, APE and Ego can keep us trapped in a maze of unhealthy habits, inner turmoil and conflict with the people in our lives. And the way out of the maze? Don't even try to control your inner creatures, says the author. All it takes is awareness. Simply by growing aware of how the inner mischief distorts us and limits us, we begin to grow free of it. Better yet, this larger awareness can open up a world of possibilities that had long been obscured. We begin to live in harmony with life instead of struggling to mind-manage everything. After a pivotal chapter on "Becoming Aware," the book has four practical chapters devoted to: Learning to recognize "what's driving you" in any situation, Making wiser decisions, Becoming more creative, And finding joy and peace amid the demands of a busy life. The "Story Bank" at the end of the book reinforces the main themes. These 21 true stories illustrate how the PIG, APE and Ego can defeat us - and how we can move beyond them - in the various "Life Spaces" we each inhabit: the spheres of life that involve Your Self, Your Partner, Your Friends, Your Work, Your Money, and Your Children. Throughout the book you get the same simple framework for inner awareness, viewed from many different angles. It's a journey filled with laughs and surprises. But above all, it's a journey that can help you discover the laughter and surprises in your life, every day.

The Pursuit of Happiness

Manhattan, Thanksgiving eve, 1945. The war is over, and Eric Smythe's party was in full swing. All his clever Greenwich Village friends were there. And then in walked Jack Malone, a U.S. Army journalist just back from a defeated Germany, a man whose world view was vastly different than that of Eric and his friends. This chance meeting between Sara and Jack and the choices they both made in the wake of it would eventually have profound consequences, both for themselves and for those closest to them for decades afterwards. Set amidst the dynamic optimism of postwar New York and the subsequent nightmare of the McCarthy era, *The Pursuit of Happiness* is a great, tragic love story; a tale of divided loyalties, decisive moral choices and the random workings of destiny.

Oops

Oops! One morning, while a pig family was sitting down to breakfast, a little milk spills to the floor. That shouldn't be any problem at all! And it wouldn't, except that the milk seeps through a crack in the floor and drips down to the workshop below onto a tray that tips and flips the switch on the grinder whose spinning wheel catches the loose end of a clothesline which gets wound around the leg of a table saw . . . and that is just the beginning of a series of chain reactions that lead from a little spill on the table to a giant boulder in the breakfast room! With each disastrous step depicted as only Arthur Geisert could, a seemingly ordinary incident spills out of control. They say you shouldn't cry over spilled milk, but what if it destroys your whole house?

The Dutch are, the Romanians aren't, and Americans are somewhere in between... After years of going to the world's least happy countries, Eric Weiner, a veteran foreign correspondent, decided to travel and evaluate each country's different sense of happiness and discover the nation that seemed happiest of all. ·He discovers the relationship between money and happiness in tiny and extremely wealthy Qatar (and it's not a good one) ·He goes to Thailand, and finds that not thinking is a contented way of life. ·He goes to the tiny Himalayan kingdom of Bhutan, and discovers they have an official policy of Gross National Happiness! ·He asks himself why the British don't do happiness? In Weiner's quest to find the world's happiest places, he eats rotten Icelandic shark, meditates in Bangalore, visits strip clubs in Bangkok and drinks himself into a stupor in Reykjavik. The Happiness Jar

Nature has the power to restore us, but can it wash away our darkest truths? Set amid the red dust and heat of the Australian Kimberley wet season and the smoky backdrop of the holy river Ganges in India, this is a novel about rebirth and remembrance. Brian, a Vietnam veteran, has been missing for twenty years. Matt dreams of one day finding his own path like his heroic father, as Beth's religious fervour propagates a childhood of parental disappointment. Losing her battle with Cystic Fibrosis, Rachel Hudson asks her family for one last request: a journey to the exotic and the unknown. Ever the free spirit, she administers a dose of her notorious wanderlust. The Happiness Jar reveals the power of letting go of the memories that we think sustain us. It's a story about tightly held beliefs, the fragility of family and how quickly faith can fold when we release the burdens we place on ourselves and each other. Previously winning/shortlisted for the below awards this title is being republished: Winner, ACT Writing and Publishing Award for Fiction 2014; Runner Up, FAW Christina Stead Award 2013; Runner Up, FAW Jim Hamilton Award 2010; Shortlist, Penguin Varuna Scholarship 2011; Shortlist, HarperCollins Varuna Award 2011.

The Happy Body

Becoming lean and fit is not a matter of training for a few weeks, like Rocky, to become a world champion. That only happens in Hollywood movies that portray professional athletes exercising for hours every day until they are exhausted. Real athletes never do that. They train only to the point that they can recover for the next day's training. Their progress comes in small increments, not heroic triumphs. Unfortunately, movies have persuaded people that they can become lean and fit virtually overnight. Even the weight loss and fitness industry bought into this distortion and began pushing people to become like Rocky. When that approach failed, because people were injuring themselves or burning out or jumping from one program to another, trainers began to entertain their clients instead of finding solutions to their problems. If you want to become truly lean and fit, you must work at it like an athlete, following a structured routine and that is easier and more pleasant than you may expect. The principles that work for athletes also work for ordinary people of all ages. Athletes, of course, have coaches. The Happy Body program, on the other hand, will teach you everything you need to know to be your own coach. This innovative program establishes, for the first time, exact scientific and testable methods and goals to engineer your own weight loss and fitness within precise time periods. That empowers you to self-correct your progress at every step. The Happy Body is a total health program, not just an exercise or diet plan. It will teach you to safely lose 1.0 to 2.5 pounds every week, and keep them off, without getting stuck at plateaus. You will have full control over the process, right down to the ounce. In addition to teaching you how to lose weight, the program will also help you to restore the flexibility and posture you had as a young child, and to be leaner, stronger, and faster than you have ever been. In essence, The Happy Body program will not only make you as youthful as you were at twenty, but twenty as you would have been if you had followed the program at that age.

Choosing Happiness

What happens if you water plants with juice? Where can you find bacteria in your house? Is slug slime as strong as a glue stick? How would your child find the answers to these questions? In *The Curious Kid's Science Book*, your child will learn to design his or her own science investigations to determine the answers! Children will learn to ask their own scientific questions, discover value in failed experiments, and — most importantly — have a blast with science. The 100+ hands-on activities in the book use household items to playfully teach important science, technology, engineering, and math skills. Each creative activity includes age-appropriate explanations and (when possible) real life applications of the concepts covered. Adding science to your at-home schedule will make a positive impact on your child's learning. Just one experiment a week will help build children's confidence and excitement about the sciences, boost success in the classroom, and give them the tools to design and execute their own science fair projects.

Where Happiness Begins

Voted the UK's Favourite Nature Book The memoir that inspired Chris Packham's BBC documentary, *Asperger's and Me* Every minute was magical, every single thing it did was fascinating and everything it didn't do was equally wondrous, and to be sat there, with a Kestrel, a real live Kestrel, my own real live Kestrel on my wrist! I felt like I'd climbed through a hole in heaven's fence. An introverted, unusual young boy, isolated by his obsessions and a loner at school, Chris Packham only felt at ease in the fields and woods around his suburban home. But when he stole a young Kestrel from its nest, he was about to embark on a friendship that would teach him what it meant to love, and that would change him forever. In his rich, lyrical and emotionally exposing memoir, Chris brings to life his childhood in the 70s, from his bedroom bursting with fox skulls, birds' eggs and sweaty jam jars, to his feral adventures. But pervading his story is the search for freedom, meaning and acceptance in a world that didn't understand him. Beautifully wrought, this coming-of-age memoir will be unlike any you've ever read.

Bree and the Lady Bug Tree

The perfect follow up to *Food in Jars: More seasonal canning in smaller bites!* If most canning recipes seem to yield too much for your small kitchen, *Preserving by the Pint* has smaller—but no less delicious—batches to offer. Author Marisa McClellan discovered that most "vintage" recipes are written to feed a large family, or to use up a farm-size crop, but increasingly, found that smaller batches suited her life better. Working with a quart, a pound, a pint, or a bunch of produce, not a bushel, allows for

dabbling in preserving without committing a whole shelf to storing a single type of jam. Preserving by the Pint is meant to be a guide for saving smaller batches from farmer's markets and produce stands-preserving tricks for stopping time in a jar. McClellan's recipes offer tastes of unusual preserves like: Blueberry Maple Jam Mustardy Rhubarb Chutney Sorrel Pesto Zucchini Bread and Butter Pickles Organized seasonally, these pestos, sauces, mostardas, chutneys, butters, jams, jellies, and pickles are speedy, too: some take under an hour, leaving you more time to plan your next batch.

The Killing Jar

This heartwarming book encourages positive behavior by using the concept of an invisible bucket to show children how easy and rewarding it is to express kindness, appreciation and love by "filling buckets." Updated and revised, this 10th anniversary edition will help readers better understand that "bucket dipping" is a negative behavior, not a permanent label. It also explains that it's possible to fill or dip into our own buckets.

Instant Happy Journal

"I met Charles Albert Lucien Snelling on a Saturday in April, 1992. He lived in a typical two-up, two-down terraced house amongst many other two-up, two-down terraced houses... it was yellow and orange. In that respect it was totally different from every other house on the street. Charlie was a simple, gentle man. He loved flowers and the names of flowers. He loved color and surrounded himself with color. He loved his wife. Without ever trying or intending to, he showed me that the most important things in life cost nothing at all. He was my antidote to modern living." Over eight years, photographer Julian Germain documented Charlie, an elderly man living alone on England's Southern Coast, unfettered by the misplaced aspirations of the modern world; instead he spent the last years of his life absorbed in memories of his family, his love for flowers, music and the quotidian pleasures of the crossword. Germain's charming photographs are a beautiful, gentle portrait of a gentleman in his twilight years.

I once paid for some tapas with a Nissan Micra.

I once had a holiday in a Frenchman's garage.

Rhod and Mackenzie Crook's Orchidometer.

Rhod declares his love for Clare Balding.

Rhod and Mitchell argue about Marmite.

One Friday after school, I swapped our family cat for a Scotch egg and a Smurf. When my mum found out on Monday morning, she made me swap them back.

I once had a job where I had to answer the phone and say, 'Hello Beef.'

This is Tony, he was my badminton doubles partner for five years.

A mistake I made in France meant someone in England got hospitalised.

I was sacked from my job at a zoo when my boss found out I'd been taking photos of the animals wearing hats.

I cannot go on airport travelators. The one and only time I did, I got so freaked out by how superhumanly fast I was walking I had to be taken to the sick bay to calm down.

This is Tony, and we played in a band together, where we both played guitar, except only his was plugged in, 'cos I can't play a note.

I once dug up my dead hamster and gave him a wash.

I can't wear normal gloves because I have an unusual hand.

Rhod's tattoo.

Rhod is Happy.
