Nielsen, the New York Times bestselling author of the Ascendance Trilogy. When Nic, a slave in the mines outside of Rome, is forced to enter a sealed cavern containing the lost treasures of Julius Caesar, he finds much more than gold and gemstones: He discovers an ancient bulla, an amulet that belonged to the great Caesar and is filled with a magic once reserved for the Gods -- magic some Romans would kill for. Now, with the deadly power of the bulla pulsing through his veins, Nic is determined to become free. But instead, he finds himself at the center of a ruthless conspiracy to overthrow the emperor and spark the Praetor War, a battle to destroy Rome from within. Traitors and spies lurk at every turn, each more desperate than the next to use Nic's newfound powers for their own dark purposes. In a quest to stop the rebellion, save Rome, and secure his own freedom, Nic must harness the magic within himself and defeat the empire's most powerful and savage leaders.

The False Prince

The Mirror Thief

A globetrotting, time-bending, wildly entertaining masterpiece hailed by the New York Times Book Review as "Audaciously well written...the book I was raving about to my friends before I'd even finished it." Publishers Weekly raved that "with near-universal appeal . . . Seay's debut novel is a true delight, a big, beautiful cabinet of wonders that is by turns an ominous modern thriller, a supernatural mystery, and an enchanting historical adventure story." Set in three cities in three eras, *The Mirror Thief* calls to

mind David Mitchell and Umberto Eco in its mix of entertainment and literary bravado. The core story is set in Venice in the sixteenth century, when the famed makers of Venetian glass were perfecting one of the old world's most wondrous inventions: the mirror. An object of glittering yet fearful fascination—was it reflecting simple reality, or something more spiritually revealing?—the Venetian mirrors were state of the art technology, and subject to industrial espionage by desirous sultans and royals world-wide. But for any of the development team to leave the island was a crime punishable by death. One man, however—a world-weary war hero with nothing to lose—has a scheme he thinks will allow him to outwit the city's terrifying enforcers of the edict, the ominous Council of Ten . . . Meanwhile, in two other Venices—Venice Beach, California, circa 1958, and the Venice casino in Las Vegas, circa today—two other schemers launch similarly dangerous plans to get away with a secret . . . All three stories will weave together into a spell-binding tour-de-force that is impossible to put down—an old-fashioned, stay-up-all-night novel that, in the end, returns the reader to a stunning conclusion in the original Venice . . . and the bedazzled sense of having read a truly original and thrilling work of art.

When we fail to achieve our goals, procrastination is often the culprit. But how exactly is procrastination to be understood? It has been described as imprudent, irrational, inconsistent, and even immoral, but there has been no sustained philosophical debate concerning the topic. This edited volume starts in on the task of integrating the problem of procrastination into philosophical inquiry. The focus is on exploring procrastination in relation to agency, rationality, and ethics-topics that philosophy is well-suited to address. Theoretically and empirically informed analyses are developed and applied with the aim of shedding light on a vexing practical problem that generates a great deal of frustration, regret, and harm. Some of the key questions that are addressed include the following: How can we analyze procrastination in a way that does justice to both its voluntary and its self-defeating dimensions? What kind of practical failing is procrastination? Is it a form of weakness of will? Is it the product of fragmented agency? Is it a vice? Given the nature of procrastination, what are the most promising coping strategies?

Watch as their lives unfold alongside Roger's work-in-progress, the oddly titled *Glove Pond*. A raucous tale of four academics, two malfunctioning marriages, and one rotten dinner party, Roger's opus is a Cheever-style novella gone horribly wrong. A nightmare assortment of enemies--including an immortal assassin and a mad sorcerer--believe Amra is in possession of The Blade That Whispers Hate, the legendary, powerful artifact her friend was murdered for. And Amra's enemies will do anything to take it. Trouble is, Amra hasn't a clue where the Blade actually is. She needs to find it, and soon, or she'll be joining her colleague in a cold grave, rather than avenging his death.

The Gum Thief

Kinch Na Shannack owes the Takers Guild a small fortune for his education as a thief, which includes (but is not limited to) lock-picking, knife-fighting, wall-scaling, fall-breaking, lie-weaving, trap-making, plus a few small magics. His debt has driven him to lie in wait by the old forest road, planning to rob the next traveler that crosses his path. But today, Kinch Na Shannack has picked the wrong mark. Galva is a knight, a survivor of the brutal goblin wars, and handmaiden of the goddess of death. She is searching for her queen, missing since a distant northern city fell to giants. Unsuccessful in his robbery and lucky to escape with his life, Kinch now finds his fate entangled with Galva's. Common enemies and uncommon dangers force thief and knight on an epic journey where goblins hunger for human flesh, krakens hunt in dark waters, and honor is a luxury few can afford.
