Love, Animals & Miracles

Dr. Bernie Siegel has long observed how relationships with animals have helped his patients, alleviating their suffering and heartbreak. Now, he's gathered many inspiring true stories, including delightful tales from the "Siegel Family Zoo" where "squawks, purrs, chirrups, squeaks, barks, and so on" fill the house. Other stories reveal animals as teachers and messengers, doctors and nurses, healers and miracle workers, and often as guileless clowns. Bernie writes that animals are here to show us how to be nonjudgmental and live better, healthier lives. Let these stories teach you, and apply their lessons to your daily life. If you have an animal, an appreciation for the inspirational, or simply the need for a smile, you'll treasure this celebration of animals as a source of love, wisdom, and miracles. A portion of the publisher's proceeds from this book will aid Ark Angel Society.

Love, Miracles, and Animal Healing

A heartwarming look at the spiritual bond between animals and humans.

Animal Miracles

Contains fifty true stories of ordinary animals that have performed extraordinary feats, including rescues, acts of heroism, and interventions.

If Only They Could Talk

Welcome to Spring Farm, where animals and people come together -- to explore their own natural ability to communicate with each other.... Something magical is happening on a small farm in upstate New York. Animals of all shapes and sizes are living side by side -- talking, listening, learning, and loving -- along with caring people who have come to learn the secrets of interspecies communication. It's a gift that all of us are born with, as long as we're willing to open our hearts and minds to the gentle creatures who share our world. This is what happened at Spring Farm when two very special women gave shelter to animals that were sick or abandoned. As trust and affection grew between them, so did their capacity to exchange feelings and thoughts. Today, the miracle of Spring Farm CARES is shared through communication workshops for visitors, students, and animal lovers. So come discover the magic of Spring Farm. Humans are more than welcome.... You'll meet Ricardo the duck, who explains that he won't leave his warm nest in a nearby chimney even if the house owners disapprove...Chubby the horse, who shares her feelings of despair when her barn catches fire...Elvis the kitten, who wiggles like a rock star...Sugar the Shetland pony, who dedicates a poem to her long-lost herd...and a whole menagerie of mouse-friendly cats, loving llamas, gregarious guinea pigs, delightful dogs, and other amazing critters.

A Book of Miracles

Heartwarming and Heart-Opening Stories Gathered from Decades of Medical Practice Bernie Siegel first wrote about miracles when he was a practicing surgeon and founded Exceptional Cancer Patients, a groundbreaking synthesis of group, individual, dream, and art therapy that provided patients with a "carefrontation." Compiled during his more than thirty years of practice, speaking, and teaching, the stories in these pages are riveting, warm, and belief expanding. Their subjects include a girl whose baby brother helped her overcome anorexia, a woman whose cancer helped her heal by teaching her to stand up for herself, and a family that was saved from a burning house by bats. Without diminishing the reality of pain and hardship, the stories show real people turning crisis into blessing by responding to adversity in ways that empower and heal. They demonstrate what we are capable of and show us that we can achieve miracles as we confront life's difficulties.

The Little Book of Puppy Love

A heartwarming collection of stories about the dogs, cats and pets who have touched the lives of those around them Sometimes, animals come into our lives just when we need them most. In these true stories about the powerful connections between people and pets, Jo Coudert and Jennifer Basye Sander uncover the simple joys of loving and being loved by our four-legged companions. In this book you'll meet the German shepherd with a special sense for comforting the sick; the loyal dog who risks his own life to rescue a drowning boy; the troublesome rabbit who warms her way into a new family; the chatty parrot who brings joy to the home of a lonely widow; the abandoned horse and foster child who rescue each other; and many, many more. These animals don't just bring us comfort—they save our lives. Coudert and Sander celebrate the everyday miracles that happen when we form bonds with animals. This new edition combines two charming collections—The Dog Who Healed a Family and The Dog with the Old Soul —into one beautiful gift-worthy hardcover package.

ANIMAL MIRACLES OF THE GOD KIN

Animal Miracles of the God Kind contains over seventy inspirational stories of God's love for man and animals. Some stories contain supernatural dreams and visions. There are other accounts of miraculous rescues by those who care deeply for God's creatures. Some stories speak of angels and some are by noted ministers and those God has gifted with a heavenly presence. The stories are accompanied by over 200 scriptures revealing Biblical truths many are unaware of. Animal Miracles of the God Kind offers joy, comfort and assurance of God's eternal covenant with man and animals. Most of all it speaks of God, His son Jesus Christ, and their sacrificial love for all creation. Animal Miracles of

the God Kind, written by Dr. Mary Buddemeyer-Porter, is a great example of God's grace and love for His creation. We see this in the wonderful testimonies in this book as well as the combination of God's Holy Word. The use of scripture showing that our four-legged friends are eternal is not only factual, but heartwarming as well. Bishop Dr. D. Schmidt, CPC, Ph.D. President Crossroads Theological Seminary Mary Buddemeyer-Porter's latest book, Animal Miracles of the God Kind, continues along the journey Mary started with Will I See Fido in Heaven? We read once again how much God cares for His animal kingdom that He created for His glory. But, this time, we also read about the special miracles that God allows for them. For anyone who has doubted the immortality of animals and how far God goes to provide for them, then you'll want to read this book! For those of you who don't doubt, this book will reaffirm what you already know about the providence of God for ALL His creatures! Dr. Kim Bloomer Veterinary naturopath, author Host of "Animal Talk Naturally"

Love, Miracles, and Animal Healing

A heartwarming look at the spiritual bond between animals and humans.

The Divinity of Dogs

Shares tales about dogs who advanced spiritual enlightenment in the humans whose lives they touched, from a Chihuahua who detected breast cancer in her owner to a Rottweiler who prevented her owner from committing suicide.

Angel Pets

Margrit Coates is an internationally acclaimed animal healer and communicator. In Angel Pets, she reveals how animals talk to us all the time and shares their incredible true stories. Meet Rusty, the lost dog whom Margrit guided home using the psychic connection between them; Mitzi, the brave little cat who made the greatest sacrifice; Twinkle, the determined rabbit who saved a girl's life; Gypsy, the sheepdog with special healing powers; Freddy's friend, the demon cat who was really an angel in disguise, and many, many more wonderful animals. Through these amazing stories, Margrit answers the question that every pet owner will have asked themselves: what is my pet really thinking? The Miracle of Love

When her daughter was a toddler, Ondine Sherman felt like her life was complete. She was married to a man she adored, had a loving extended family and was living her dream of doing things for animals having set up the animal advocacy organisation, Voiceless. Delighted to find she was pregnant again, she was shocked to find out she was having twins. But never in her wildest dreams could she have envisaged the heartache to come when her twin sons, Dov and Lev, were diagnosed with a rare genetic condition that meant they might never walk or talk. Miracle of Love is Ondine's story of the rollercoaster ride she experienced as doctors tried to work out why her beloved boys weren't meeting the normal milestones. It is also an intimate account of her spiritual journey as she deals with her sons' condition, which ultimately leads to acceptance, love, meaning and a new understanding of 'miracles'.

Angel Animals

The animals who hold a cherished place in our hearts and homes offer inspiring lessons of patience, trust, compassion, healing, and love. The extraordinary true stories in this revised and updated edition of Angel Animals celebrate the spiritual truths we learn from animals, and remind us that miracles do happen. These surprising, heartwarming stories — about dogs, cats, horses, rabbits, raccoons, bears, birds, dolphins, deer, insects, and more — help us rise to life's challenges, find comfort in the face of loss, witness the hand of the Divine, and recognize the interconnectedness of all living things.

The Art of Healing

In 1979, Dr. Bernie S. Siegel, a successful surgeon, took a class from Elisabeth Kübler-Ross that focused on crayon drawing for healing, especially with patients facing life-threatening disease. Siegel incorporated into his practice these techniques — many of which were laughed at by others in the medical community. But his Exceptional Cancer Patients “carefrontation” protocol facilitated healings, often deemed miraculous, and attracted attention. “Dr. Bernie” discovered and shared the fact that while

patients might need antibiotics, surgery, radiation, and chemotherapy, their bodies also want to heal. He found that this innate propensity could be aided by unconventional practices, including drawing. Why? Drawing produces symbols often representing the subconscious. Siegel shows how to interpret drawings to help with everything from understanding why we are sick to making treatment decisions and communicating with loved ones. All those facing ill health, and those caring for them, personally and professionally, will welcome the hands-on, patient-proven practices offered here.

Packed with real-life stories and full-color photos of these special animals, this book is sure to be a favorite of dog lovers everywhere.

Saints of Feather and Fang

From sheepdogs to wombats to coyotes to jellyfish, animals serve important biological roles in the world. But those who love animals know there's more. We know our connection to other creatures is more than fur, scale, or feather deep. In *Saints of Feather and Fang*, writer and lifelong animal lover Caryn Rivadeneira looks at the ways that animals--from the pets who share our homes to the mysterious creatures of the deep--serve as spiritual guides for our hearts, minds, and souls. Christian scripture teems with mammals, birds, and reptiles, and research on animals' sensory responses suggests that we not only care for our beloved animals but they, at times, care for us. A therapy pony who visits stroke victims, a rescued pit bull who shows restraint, hedgehogs that scurry down highways made just for them: these stories offer entrance to tender, whimsical, and deeply theological reflection on creaturely delight, instinct, curiosity, adaptation, fear, and awe. In them we discover and connect with the God who beckons, rescues, and shelters us with stretched-out wings.

Animals in Heaven?

It is always hard to say good-bye. As Catholics, we know that our human loved ones are called by Christ to join Him in eternity, dwelling in heavenly bliss before God, enlightened by the light of glory, sharing in the fullness of the eternal life Christ has prepared for us. But what about our pets, and the animals that fill the earth and our lives with such special beauty? Does God have a place for them? Where do animals go when they die? Are they just dust? What is the destiny of creation? Does God really care about any of creation besides man? Would God, the Author of all life, cast the non-human creation He called good into nothingness? Isn't it illogical to believe that God would find worthless that which is "hard-wired" to give Him praise? Is it so hard to understand that animals created by God with a particular good would not also have knowledge of their Creator? It is a universal concern for stewards of creation who, in their humanness, consider such questions in their hearts. I write this book as a way to explore tenets of the Catholic faith that address creation; of bringing insight and spiritual truths to animal lovers and lovers of creation; and as evidential support of the truth that all creation was given its order, time, place, and purpose from its Creator, who sustains and preserves it at all times, always!

Monsters and Miracles

Monsters and Miracles is the story of a complex and conflicted warrior for children and animals who changed the consciousness of a nation more than a century ago. As an animal advocate, I love the story of Henry Bergh, founder of the first animal protection society in America. It is simply a must-read for anyone interested in the humane movement and true American heroes. - Rory Freedman, author of Beg and co-author of Skinny Bitch. Henry Bergh is widely thought to have started the animal protection movement in America and now, thanks to Gary Kaskel's intelligent and compelling biography, we know how this came to be. Kaskel paints a detailed and personal portrait of the man who taught us to respect animals. This is an important book that will be on the shelf for years to come-and it's a great read. - Elizabeth Hess, author of Nim Chimpsky: The Chimp Who would Be Human and Lost and Found. Kaskel has woven an urbane and atmospheric tale of New York and Europe in the mid-19th century and an aristocrat's passionate crusade not only to bring America forward on the subject of animal cruelty and children's rights but for meaning and purpose in his own life. - Andrew Gross, author of The Dark Tide and The Blue Zone

Animals Are Soul, Too!

Stories of love, companionship, and spiritual gifts from our animal friends.

Miracle Pets

True tales of brave animals who overcame life-threatening situations.

Wagging Tails in Heaven:

The acclaimed author of *Cold Noses at the Pearly Gates* reveals the truth about cats, dogs, and their heavenly afterlives. Will our departed pets greet us on the other side? Are their spirits watching and protecting us right now? Will they be happy? If you've ever loved and lost a pet, you understand the power of a truly special bond. Animal or human, we are all God's creatures—and the love we share must surely be eternal. In this enlightening book, author Gary Kurz offers surprising and comforting evidence of an animal afterlife. *Wagging Tails in Heaven* reveals what the Bible says about the souls of animals; how pet angels devote themselves to humanity; what your dog or cat might look like in heaven; and what to expect when you're reunited on a spiritual plane. It also shares amazing firsthand accounts of "ghost pet" visitations, animal communications from beyond, and heartwarming tales of heroism, loyalty, and everlasting love.

Animal, Vegetable, Miracle

Author Barbara Kingsolver and her family abandoned the industrial-food pipeline to live a rural life—vowing that, for one year, they'd only buy food raised in their own neighborhood, grow it themselves, or learn to live without it. Part memoir, part journalistic investigation, *Animal, Vegetable, Miracle* is an enthralling narrative that will open your eyes in a hundred new ways to an old truth: You are what you eat.

Animal Miracles of the God Kind

Mary Buddemeyer-Porter's latest book, *Animal Miracles of the God Kind*, continues along the journey Mary started with the Amazon Christian best-selling book, *Will I See Fido in Heaven?* *Animal Miracles of the God Kind* talks about the special miracles that God allows the animal kingdom, which He created for His glory. For anyone who has doubted the immortality of animals and how far God goes to provide for them, then you'll want to read this book! For those of you who don't doubt, this book will reaffirm what you already know about the providence of God for ALL His creatures!

The Flow of Kittens

Most of us have been to a pet store looking at the kittens and puppies up for adoption. We've watched whole litters of puppies and kittens at play. These tiny balls of fur and fluff briefly stop their antics to stare at us, as we stare lovingly at them. Deep down we wish we could take them all home with us. Have you ever wondered what it would be like to adopt a whole litter of kittens at once? Have you ever wondered what they were thinking? Most of us have a pet cat or dog, maybe two. These pets become a part of our family; we love them, nurture them, put up with them, and cry for them. This book tells the story of our adventures as we adopt a litter of four kittens right from our front porch. The story is told from both my point of view and that of Patches, one of our four kittens. There is a different dynamic raising a whole litter in the house. It's like having a family within a family! These little bundles of high spirited joy lifted our hearts in ways we did not expect, right when we needed it most. Truly little miracles!

Miracle Dogs

Five to seven million companion animals enter shelters every year, and more than half are euthanized due to the lack of space. Professional pet photographer Liz Stavrindes spends much of her time on projects related to animal rescue. *Miracle Dogs* was born out of her desire to collect and share the stories of the dogs she's met over the years, showcasing the incredible bravery and compassion of both canines and rescuers.

Miracle Paws, a Love Story

Miracle Paws, A Love Story is about a rescued pup that changes the life of four people who are dealing with old wounds, and new opportunities while they rescue animals every day! It is a light romance that focuses on the miracles that happen when you open your heart.
