Martin Venezky is not your typical point-and-click designer. While he is adept at operating a mouse, he is just as comfortable cutting and pasting type from old books or collaging found signs or making his own photographs. What results are the unique creations of a unique eye. And with this eye and

his design firm, Appetite Engineers, Venezky has created beautiful and influential work for *Speak* and *Open* magazines, the Sundance Film Festival, Reebok, and numerous publishers and institutions. *It Is Beautiful...Then Gone* presents Venezky's commercial design work as well as new graphic work created for the book; details of the wall collage that define his office and his aesthetic; the singular photography, collections, and notebooks that define his personality; and text that explains -- or at least questions -- it all. Venezky's philosophy that life and design are a continuation of each other permeates this elegant book filled with hundreds of idiosyncratic, deeply wrought examples.

A new heart saved her life—but will it help her find out what really happened to its donor? C. C. Hunter's *This Heart of Mine* is a haunting, poignant tale about living and dying, surviving grief, guilt, and heartache, while discovering love and hope in the midst of sadness. Seventeen-year-old Leah MacKenzie is heartless. An artificial heart in a backpack is keeping her alive. However, this route only offers her a few years. And with her rare blood type, a transplant isn't likely. Living like you are dying isn't all it's cracked up to be. But when a heart becomes available, she's given a second chance at life. Except Leah discovers who the donor was — a boy from her school — and they're saying he killed himself. Plagued with dreams since the transplant, she realizes she may hold the clues to what really happened. Matt refuses to believe his twin killed himself. When Leah seeks him out, he learns they are both having similar dreams and he's certain it means something. While unraveling the secrets of his brother's final moments, Leah and Matt find each other, and a love they are terrified to lose. But life and even new hearts don't come with guarantees. Who knew living, took more courage than dying?

Molly Somerville loves her career as the creator of the Daphne the Bunny children's book series, but the rest of her life could use some improvement. She has a reputation for trouble that started even before she gave away her fifteen-million-dollar inheritance. Then there's her long-term crush on the quarterback for the Chicago Stars football team her sister owns—that awful, gorgeous Kevin Tucker, a man who can't even remember Molly's name! One night Kevin barges into Molly's not-quite-perfect life and turns it upside down. Unfortunately, the Ferrari-driving riving, poodle-hating jock isn't as shallow as she wishes he were, and she soon finds herself at a place called Wind Lake. Surrounded by paintbox

cottages, including a charming old bed-and-breakfast, Molly and Kevin battle their attraction and each other as they face one of life's most important lessons. Sometimes love hurts, sometimes it makes you mad as hell, and sometimes—if you're lucky—it can heal in a most unexpected way.

In the seventeenth century, Molière raised comedy to the pitch of great art and, three centuries later, his plays are still a source of delight. He created a new synthesis from the major comic traditions at his disposal. This collection demonstrates the range of Molière's comic vision, his ability to move between the broad and basic ploys of farce to the more subtle and sophisticated level of high comedy. The Misanthrope appears along with Such Preposterously Precious Ladies, Tartuffe, A Doctor Despite Himself, The Would-Be Gentleman, and Those Learned Ladies.

What to do when food is NOT your best friend. According to a recent Self Magazine, 65% of all women have an unhealthy relationship with food. Often they use food to numb feelings and become binge eaters or overeaters. Food becomes their primary means for coping with everyday stress, anxiety, and other difficult feelings. Drawing on her experience of working with compulsive overeaters and binge eaters for over twenty years, Meryl Beck has developed a revolutionary approach for rewiring your brain that incorporates spiritual, physical and emotional tools for getting healthy. This 21 day plan brings together tools from psychotherapy, the 12 Steps, personal growth, work, and energy healing. Stop Eating Your Heart Out offers a way to rewire the brain to respond differently to the impulses and feelings that create bingeing. Beck, a therapist, and former binge takes an approach to recovery from emotional eating that incorporates spiritual, emotional, and energy work.
