La vida no es perfecta, pero tu actitud sí puede serlo. Superarte, cambiar o plantearte metas es algo que deber elegir tú. E, independientemente del

momento en el que te encuentres y de las circunstancias por las que atravesases, siempre tienes la libertad de elegir cómo enfrentarte a cada situación. Porque la actitud no lo es todo, pero sí es el motor para alcanzar tus deseos. Y en el mundo hay actitud para todos, y en grandes cantidades. Sal a luchar por la ración que te toca. Tenemos la suerte, además, de poder entrenar la actitud, es decir, de afinar en aquello que nos falte para ser más felices, eficaces, hábiles y estar más serenos. A través de doce hábitos saludables -la organización y planificación, el control de la ansiedad, la alimentación, saber decir «no», dedicar tiempo a uno mismo, la amabilidad, el autocontrol y la fuerza de voluntad, el ejercicio físico, el amor, la comunicación, una mente activa y la autoestima-, este libro entabla un diálogo muy rico entre autor y lector, con numerosos esquemas, ejercicios y post-its que lo ilustran, para que puedas entrenar tus pensamientos, emociones y comportamientos y llegar al puerto que elijas. Porque un día puede ser algo más que un día. Un día puede ser, en gran medida, lo que tú decidas. Y este te ayudará.

One Hundred Years of Solitude

One of the twentieth century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. Rich and brilliant, it is a chronicle of life, death, and the tragicomedy of humankind. In the beautiful, ridiculous, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war

and revolution, riches and poverty, youth and senility, the variety of life, the endlessness of death, the search for peace and truth—these universal themes dominate the novel. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.

The Wheel of Life

All of us worry about something, big or small, every day. But much of the emotional misery we feel is an overreaction, and it can be significantly reduced, using the techniques you'll find in this landmark book. World renowned therapist Dr. Albert Ellis, who created Rational-Emotive Behavior Therapy (REBT), believed that anger, anxiety and depression are not only unnecessary, they're unethical, because when we allow ourselves to become emotionally upset, we're being unfair and unjust to ourselves. Thinking negative thoughts is a choice we can refuse to make. Applying the proven, time-tested principles of REBT is a simple, logical way to find true mental health and happiness. REBT acknowledges the power of emotions, but it also helps us understand which feelings are healthy and which are not. This classic book teaches you how to: *Retrain your brain to focus on the positive aspects of your life and face each obstacle without unnecessary despair *Control your emotional destiny *Refuse to upset yourself about upsetting yourself *Solve practical problems as well as emotional problems *Conquer the tyranny of "shoulds" ...and much more, providing all the tools you need to take back your life-and your happiness. If you can refuse to make yourself miserable, you're that much closer to making yourself happy-every day.

Love in the Time of Cholera

' One day there is life . . . And then, suddenly, it happens there is death.' So begins Paul Auster's moving and personal meditation on fatherhood, The Invention of Solitude. The first section, 'Portrait of an Invisible Man', reveals Auster's memories and feelings after the death of his father. In 'The Book of Memory' the perspective shifts to Auster's role as a father. The narrator, 'A.', contemplates his separation from his son, his dying grandfather and the solitary nature of writing and story-telling. With all the keen literary intelligence familiar from The New York Trilogy or Sunset Park, Paul Auster crafts an intensely intimate work from a ground-breaking combination of introspection, meditation and biography.

Immediately he is transported back almost twenty years to his student days in Tokyo, adrift in a world of uneasy friendships, casual sex, passion, loss and desire - to a time when an impetuous young woman called Midori marches into his life and he has to choose between the future and the past. *Murakami's new book *Novelist as a Vocation* is available now* 'Evocative, entertaining, sexy and funny; but then Murakami is one of the best writers around' Time Out 'Poignant, romantic and hopeless, it beautifully encapsulates the heartbreak and loss of faith' Sunday Times 'This book is undeniably hip, full of student uprisings, free love, booze and 1960s pop, it's also genuinely emotionally engaging, and describes the highs of adolescence as well as the lows' Independent on Sunday

The pioneering experts behind the bestselling *The Whole-Brain Child* now explore the ultimate child-raising challenge: discipline. A breakfast bowl gets thrown across the kitchen, splattering milk and cereal all over the wall. Or one of your kids threatens a younger sibling. Or you get a call from the principal's office for the third time this month. What do you do? *No-Drama Discipline* provides

an effective, compassionate road map for dealing with such tantrums, tensions, and tears — without causing a scene. Based on recent discoveries about the brain that give us deep insights into the children we care for, what they need, and how to discipline them in ways that foster optimal development, this book offers a 'relational' approach that builds on children's innate desire to please their parents and get along well with others. Complete with candid stories and playful illustrations that bring the authors' suggestions to life, *No-Drama Discipline* presents clear messages in a practical and inviting format. Using these techniques, you can discipline your children in a way that's high on relationship-building, high on respect, and low on drama and conflict. As a result, your life as a parent will be easier, and your parenting will become more effective. And more importantly, you'll create connections in your children's brains to build emotional and social skills that will serve them now and throughout their entire life — all while strengthening your relationship with them.

Emile is a treatise on the nature of education and on the nature of man written by Jean-Jacques Rousseau, who considered it to be the "best and most important of all my writings". Due to a section of the book entitled "Profession of Faith of the Savoyard Vicar," *Emile* was banned in Paris and Geneva and was publicly burned in 1762, the year of its first publication. During the French Revolution, *Emile* served as the inspiration for what became a new national system of education. The work tackles fundamental political and philosophical questions about the relationship between the individual and society— how, in particular, the individual might retain what Rousseau saw as innate human goodness while remaining part of a corrupting collectivity. Its opening sentence: "Everything is good as it leaves the hands of the Author of things; everything degenerates in the hands of man." Rousseau seeks to describe a system of education that would enable the natural man he identifies in *The Social Contract* to survive corrupt society. He employs the novelistic device of *Emile* and his tutor to illustrate how such an ideal citizen might be educated. *Emile* is scarcely a detailed parenting guide but it does contain some specific advice on raising children.[5] It is regarded by some as the first philosophy of education in Western culture to have a serious claim to completeness

Living My Life

A phenomenally unusual three-way murder mystery. With a murder at its heart, Roberto Bolaño's *The Skating Rink* is, among other things, a crime novel. Murder seems to have exerted a fascination for the endlessly talented Bolaño, who in his last interview, according to *The Observer*, "declared, in all apparent seriousness, that what he would most like to have been was a homicide detective." Set in the seaside town of Z, north of Barcelona, *The Skating Rink* is told in short, suspenseful chapters by three male narrators, and revolves around a beautiful figure skating champion, Nuria Martí. A ruined mansion, knife-wielding women, political corruption, sex, and jealousy all appear in this atmospheric chronicle of a single summer season in a seaside town, with its vacationers, businessmen, immigrants, bureaucrats, social workers, and drifters.

The Divine Comedy

Original text. "Emma Woodhouse, handsome, clever, and rich, with a comfortable home and happy disposition, seemed to unite some of the best blessings of existence; and had lived nearly twentyone years in the world with very little to distress or vex her. She was the youngest of the two daughters of a most affectionate, indulgent father; and had, in consequence of her sister's marriage, been mistress of his house from a very early period. Her mother had died too long ago for her to have more than an indistinct remembrance of her caresses; and her place had been supplied by an excellent woman as governess, who had fallen little short of a mother in affection."

NEW YORK TIMES BESTSELLER • More than 2.7 million copies sold! • "A deeply spiritual book [that] honors what is tough, smart and untamed in women."—The Washington Post Book World Book club pick for Emma Watson's Our Shared Shelf Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society's attempt to "civilize" us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

A la hora de la verdad, en lugar de recompensarnos con esa vida de revista que tanto ansiamos, el perfeccionismo fomenta un círculo vicioso de duda y autocritica que nos paraliza. Petra Kolber, experta en bienestar y antigua perfeccionista, comparte sus mejores herramientas para vencer la obsesión por la perfección.

Identificar a esa vocecilla interna que nos hace la zancadilla, hacer limpieza del propio lenguaje y poner freno a la costumbre de rumiar (o, lo que es lo mismo, dejar de dar vueltas a un problema con la esperanza de que la situación cambie a fuerza de pensar) son algunas de las estrategias que desarrolla en su infalible plan detox. Un programa en veintidós pasos para sustituir las exigencias inalcanzables por una vida de esperanza, alegría y potencial. AUTOR Petra Kolber es psicoterapeuta, conferenciante y una celebridad en la industria de la salud y el bienestar por sus talleres de felicidad. Trabaja desde un enfoque personal, que combina técnicas demostradas de psicología positiva con su experiencia de treinta años como experta en fitness. Creadora y protagonista más de 60 programas y vídeos que le han valido numerosos premios, ha dado la vuelta al mundo con sus charlas de inspiración y motivación.

HOW BRIEF LIFE IS

I'D WRITE DOWN MY PRIORITIES IN LIFE

NOW IS THE ACCEPTED TIME

BECAUSE THERE'S A WARNING TO TIME

TIME IS TOO SHORT FOR INDECISION AND VACILLATION

SPEND AND TO INVEST

THE BIBLE SAYS REDEEM THE TIME BECAUSE THE DAYS ARE EVIL

IF THERE WAS EVER A TIME FOR THE GOSPEL

THE NIGHT IS COMING WHEN NO MAN CAN WORK

IT'S THE QUALITY OF LIFE NOT THE LENGTH

JESUS ONLY HAD 33 YEARS

AND IT ENDED ON THE CROSS

IS THERE A DEDICATION TO IT

TITHE THERE TIME TO WITNESS FOR CHRIST
