Geography Now

We are pleased to present the series A Textbook of Geography for Classes 6 to 8. This series has been written in strict conformity with the latest curriculum. The new curriculum deals with the development of children's understanding and appreciation of the world through a continuous interaction and exploration of the natural and human environment. It also aims at encouraging children to appreciate the interdependence of individuals, groups and communities and promotes a healthy respect for different types of cultures and ways of life of people around the world. This series endeavours to introduce the practical aspect of the subject, along with the text, through appropriate Diagrams, Pictures, Maps, Mind Maps (graphic organisers) and latest updates in the field of Geography. The series has been specially designed for the young learners to make the learning experience both enjoyable and informative. The nllant features of the booka In this sertas are - 1. Simple, lucid and student friendly language with scientific, logical and practical approach. 2. Precise and to-the-point contents are given to avoid unnecessary details. 3. Maps and diagrams have been kept simple and clear. 4. In most cases there are separate maps for different types of information instead of providing them in one map. 5. Map skills in regional geography play an important role in understanding the subject as well as laying foundation for the future Examinations. For all the continents covered in curriculum, Self Explanatory Colourful Maps with consolidated information have been given. For the convenience of the students and teachers, Practice Maps have been provided. 6. Colourful Mind Maps at the end of each lesson, give the gist of the lesson at a glance and are ideal for a quick revision. 7. Worksheets under Classwork have been introduced to comprehend the lesson. These are to be solved under the direct supervision of the teacher. 8. Comprehensive Exercise at the end of chapter contains all types of questions to consolidate learning. 9. Teacher's Resource Book containing answers of the exercise given at the back of each lesson is available. 10. As per the latest edition in the Board Examinations for ICSE, MCQ (Multiple Choice Questions) have been incorporated in the present set of books for 6th, 7th and 8th for exercise in the each chapter. The present set of books for classes 6, 7 and 8 is a continuation of my existing series of ICSE Geography for classes 9 and 10. This is a genuine effort to maintain the continuity in the ICSE syllabus from Classes 6 to 10 and prepare the students for the oncoming Board Examinations, right from class 6 onward. I hope to succeed in inculcating the interest and confidence amongst the students by providing the required guidance to achieve their ultimate goals. Any suggestions for improvement of the books are most welcome. -Author

Cambridge IGCSE and O Level Geography 3rd edition

"Students and teachers have long appreciated the scope of topics and examples, the research-based information, and the accessible writing style presented by these three trusted authorities in the field of

adolescent literacy. This seventh edition includes up-to-date information to help teachers address the literacy needs of English learners in their classrooms and today's culturally diverse student population, while also addressing new frameworks for reading and writing instruction, including a sociocultural perspective on teaching and learning and insights from the New Literacies. As in previous editions, this seventh edition is based on the assumption that, rather than just a mere add-on, "content literacy is integral to every discipline and special subject area, to the teachable moments that make less stellar ones tolerable, and, most important, to each student's motivation and engagement with learning." The ideas the authors present are backed by research, tested in real classrooms, and designed to help teachers apply what is useful to their own particular disciplines. The ideas they share-both new and from "--Publisher.
