The Juvenilization of American Christianity

Pop worship music. Falling in love with Jesus. Mission trips. Wearing jeans and T-shirts to church. Spiritual searching and church hopping. Faith-based political activism. Seeker-sensitive outreach. These now-commonplace elements of American church life all began as innovative ways to reach young people, yet they have gradually become accepted as important parts of a spiritual ideal for all ages. What on earth has happened? In *The Juvenilization of American Christianity* Thomas Bergler traces the way in which, over seventy-five years, youth ministries have breathed new vitality into four major American church traditions -- African American, Evangelical, Mainline Protestant, and Roman Catholic. Bergler shows too how this "juvenilization" of churches has led to widespread spiritual immaturity, consumerism, and self-centeredness, popularizing a feel-good faith with neither intergenerational community nor theological literacy. Bergler's critique further offers constructive suggestions for taming juvenilization. Watch the trailer:

From Here to Maturity

Expert guidance on how to grow up in Christ This book is a follow-up to Thomas Bergler's acclaimed work *The Juvenilization of American Christianity*, which documents how church youth ministries over the past several decades have contributed to a process of adolescent spiritual traits becoming accepted and even celebrated by Christians of all ages. This "juvenilization" in the church is a real problem that must be addressed, says Bergler, and in his new book he addresses it head-on. Bergler's *From Here to Maturity* is an accessible guide for helping both individuals and whole faith communities to grow spiritually. Bergler claims that spiritual maturity -- defined as "basic competence in the Christian life" -- is both desirable and attainable, and he effectively presents a biblical theology of spiritual maturity, identifying its traits from pertinent New Testament passages. Adapting Dallas Willard's model of spiritual formation and applying it to congregational life, Bergler offers a wealth of practical, research-based guidance as to how Christian leaders can effectively foster spiritual maturity in their congregations. He also identifies six key faith-sustaining factors and provides a system for evaluating a church's state of spiritual maturity and steps for improving it. Ecumenically friendly, *From Here to Maturity* will be useful to individuals and leaders from many different churches and theological traditions.

The Christian Educator's Handbook on Adult Education

Get historical insight and practical help for your adult Christian education needs.

Spiritual Formation in Emerging Adulthood

The shift from adolescence to adulthood, a recently identified stage of life called "emerging adulthood," covers an increasing span of years in today's culture (roughly ages 18-30) due to later marriages and extended education. During this prolonged stage of exploration and self-definition, many young adults drift away from the church. Here two authors--both veteran teachers who are experienced in young adult and campus ministry--address this new and urgent field of study, offering a Christian perspective on what it means to be spiritually formed into adulthood. They provide a "practical theology" for emerging adult ministry and offer insight into the key developmental issues of this stage of life, including identity, intimacy and sexuality, morality, church involvement, spiritual formation, vocation, and mentoring. The book bridges the gap between academic and popular literature on emerging adulthood and offers concrete ways to facilitate spiritual formation among emerging adults.

How to Build a Small Groups Ministry

Written by a small groups expert, this book is designed to help anyone build a small-groups ministry from scratch--or completely revamp an existing small groups ministry. It includes 12 logical steps for organizing and administering a successful small-group ministry, a case study featuring a local church in the midst of establishing a small-group ministry, and pages of worksheets for developing small-group plans.

Religious Parenting

The purpose and nature of life -- Religion's value and truth -- Children, parenting, and family -- The whys and hows of religious transmission -- Theorizing cultural models -- Conclusion.

Christian Perspectives on Sociology

"... will draw a wide readership from the ranks of literary critics, film scholars, science studies scholars and the growing legion of 'literature and science' researchers. It should be among the essentials in a posthumanist toolbox." -- Richard Doyle Automatic teller machines, castrati, lesbians, The Terminator: all participate in the profound technological, representation, sexual, and theoretical changes in which bodies are implicated. Posthuman Bodies addresses new interfaces between humans and technology that are radically altering the experience of our own and others' bodies.

Posthuman Bodies

In five sections and thirty-nine chapters, Sinclair B Ferguson writes on pastor-teachers whose life and work have left an indelible mark on his own life, and then leads us in a series of chapters on the teaching of John Calvin, John Owen and the seventeenth century Puritans. This is followed by studies of Scripture, the ministry of the Spirit, the nature of Biblical Theology, the work of Christ, adoption, the nature of the Christian life and other important doctrines. The final section discusses various aspects of preaching, including preaching Christ from the Old Testament, the importance of theology, reaching the heart, and concludes with a decalogue for preachers. All this, as the epilogue makes clear, is set within the context and goal of doxology.

Some Pastors and Teachers: Reflecting a Biblical Vision of What Every Minister Is Called to Be

Noted pastor J. D. Greear addresses the important but rarely explored topic of Christians who doubt their salvation or have an unclear notion of what "asking Jesus into your heart" really means.

Stop Asking Jesus Into Your Heart

Christianity Today Book Award Winner Friendship is a relationship like no other. Unlike the relationships we are born into, we choose our friends. It is also tenuous--we can end a friendship at any time. But should friendship be so free and unconstrained? Although our culture tends to pay more attention to romantic love, marriage, family, and other forms of community, friendship is a genuine love in its own right. This eloquent book reminds us that Scripture and tradition have a high view of friendship. Single Christians, particularly those who are gay and celibate, may find it is a form of love to which they are especially called. Writing with deep empathy and with fidelity to historic Christian teaching, Wesley Hill retrieves a rich understanding of friendship as a spiritual vocation and explains how the church can foster friendship as a basic component of Christian discipleship. He helps us reimagine friendship as a robust form of love that is worthy of honor and attention in communities of faith. This book sets forth a positive calling for celibate gay Christians and suggests practical ways for all Christians to cultivate stronger friendships.

Spiritual Friendship

This one-volume handbook examines Christianity's contributions to and conflicts with the contemporary culture of the postmodern United States. Chapters present historical, cultural, and theological context for the ways conservative, mainline, and evangelical Christian traditions have influenced and responded to modern life.

The Rowman & Littlefield Handbook of Contemporary Christianity in the United States

Monster in the Closet is a history of the horrors film that explores the genre's relationship to the social and cultural history of homosexuality in America. Drawing on a wide variety of films and primary source materials including censorship files, critical reviews, promotional materials, fanzines, men's magazines, and popular news weeklies, the book examines the historical figure of the movie monster in relation to various medical, psychological, religious and social models of homosexuality. While recent work within gay and lesbian studies has explored how the genetic tropes of the horror film intersect with popular culture's understanding of queerness, this is the first book to examine how the concept of the monster queer has evolved from era to era. From the gay and lesbian sensibilities encoded into the form and content of the classical Hollywood horror film, to recent films which play upon AIDS-related fears. Monster in the Closet examines how the horror film started and continues, to demonize (or quite literally "monsterize") queer sexuality, and what the pleasures and "costs" of such representations might be both for individual spectators and culture at large.

Monsters in the Closet

This book examines the religious rhetoric of the culture war in America. It offers examples of divisive rhetoric in the first four chapters and a case study in the final chapter of rhetoric that seeks to avoid division and bring a community together.

Religious Rhetoric

A timely and galvanizing work that examines how right-wing evangelical Christians have veered from an admirable faith to a pernicious, destructive ideology. Today's right-wing Evangelical Christianity stands as the very antithesis of the message of Jesus Christ. In his new book, *Christians Against Christianity*, best-selling author and religious scholar Obery M. Hendricks Jr. challenges right-wing evangelicals on the terrain of their own religious claims, exposing the falsehoods, contradictions, and misuses of the Bible that are embedded in their rabid homophobia, their poorly veiled racism and demonizing of immigrants and Muslims, and their ungodly alliance with big business against the interests of American workers. He scathingly indicts the religious leaders who helped facilitate the rise of the notoriously unchristian Donald Trump, likening them to the "court jesters" and hypocritical priestly sycophants of bygone eras who unquestioningly supported their sovereigns' every act, no matter how hateful or destructive to those they were supposed to serve. In the wake of the deadly insurrectionist attack on the US Capitol, *Christians Against Christianity* is a clarion call to stand up to the hypocrisy of the evangelical Right, as well as a guide for Christians to return their faith to the life-affirming message that Jesus brought and died for. What Hendricks offers is a provocative diagnosis, an urgent warning that right-wing evangelicals' aspirations for Christian nationalist supremacy are a looming threat, not only to Christian decency but to democracy itself. What they offer to America is anything but good news.

Christians Against Christianity

Paul's Letter to the Romans may well be the most influential book in Christian history. In this Romans commentary Colin Kruse shows how Paul expounds the gospel against the background of God's sovereign action as creator, judge, and redeemer of the world. Valuable "additional notes" on important theological themes and difficult texts -- such as Paul's discussion of same-sex relationships, the salvation of "all Israel," and the woman Junia, who was "well known among the apostles" -- further connect Romans to contemporary issues. Throughout his commentary Kruse expertly guides readers through the plethora of interpretations of Romans, providing a reliable exposition of this foundational epistle.

Paul's Letter to the Romans

"Wolfmueller sounds the alarm against the false teaching and dangerous practices of Christianity in America. He offers a beautiful alternative: the sweet savor of the Gospel, which brings us to the real comfort, joy, peace, freedom, and sure hope of Christ." -- Back cover

Has American Christianity Failed?

"Nemesis, the Diabolic, and Tyrus face new challenges and old enemies as Tyrus ascends to the throne, and the two struggle to prove Nemesis' humanity to those who oppose her position as Empress and keep them from full power over the galaxy"--

The Empress

For the past fifty years, scholars in both pastoral and practical theology have attempted to recapture human religious experience and practice as essential sites for theological engagement -- redefining in the process what theology is, how it is done, and who does it. In this book Bonnie J. Miller-McLemore shows how this trend in scholarship has led to an expanded subject matter, alternative ways of knowing, and richer terms for analysis in doing Christian theology. Tracing more than two decades of her own search for a more inclusive discipline -- one that truly grapples with theology in the midst of life -- *Christian Theology in Practice* shows not only where Miller-McLemore herself has traveled in the field but also how pastoral and practical theology has developed during this time. Looking forward, Miller-McLemore calls on the academy and Christian congregations to disrupt conventional theological boundaries and to acknowledge the multiplicity of shapes and places in which the "wisdom of God" appears..

Christian Theology in Practice

Improve your management skills and take control of your career with the new edition of this bestselling one-stop-shop for every manager. Pick up tips and advice on 12 core management skills- from communicating and motivating to conducting a company presentation. Explore all your options and put them into action with the aid of charts and diagrams. Plus, discover how to handle work issues whatever your level, with over 1,200 essential power tips. Follow as a complete management course or dip in and out of topics for quick and easy reference. Take it wherever life takes you!

Essential Manager's Manual

Based on the National Study of Youth and Religion--the same invaluable data as its predecessor, *Soul Searching: The Religious and Spiritual Lives of American Teenagers*--Kenda Creasy Dean's compelling new book, *Almost Christian*, investigates why American teenagers are at once so positive about Christianity and at the same time so apathetic about genuine religious practice. In *Soul Searching*, Christian Smith and Melinda Lundquist Denton found that American teenagers have embraced a "Moralistic Therapeutic Deism"--a hodgepodge of banal, self-serving, feel-good beliefs that bears little resemblance to traditional Christianity. But far from faulting teens, Dean places the blame for this theological watering down squarely on the churches themselves. Instead of proclaiming a God who calls believers to lives of love, service and sacrifice, churches offer instead a bargain religion, easy to use, easy to forget, offering little and demanding less. But what is to be done? In order to produce ardent young Christians, Dean argues, churches must rediscover their sense of mission and model an understanding of being Christian as not something you do for yourself, but something that calls you to share God's love, in word and deed, with others. Dean found that the most committed young Christians shared four important traits: they could tell a personal and powerful story about God; they belonged to a significant faith community; they exhibited a sense of vocation; and they possessed a profound sense of hope. Based on these findings, Dean proposes an approach to Christian education that places the idea of mission at its core and offers a wealth of concrete suggestions for inspiring teens to live more authentically engaged Christian lives. Persuasively and accessibly written, *Almost Christian* is a wake up call no one concerned about the future of Christianity in America can afford to ignore.

Almost Christian

Napoleon has escaped from Elba – the Hundred Days have begun.

A Theology of the Ordinary

Why democracies believe they can survive any crisis—and why that belief is so dangerous Why do democracies keep lurching from success to failure? The current financial crisis is just the latest example of how things continue to go wrong, just when it looked like they were going right. In this wide-ranging, original, and compelling book, David Runciman tells the story of modern democracy through the history of moments of crisis, from the First World War to the economic crash of 2008. A global history with a special focus on the United States, *The Confidence Trap* examines how democracy survived threats ranging from the Great Depression to the Cuban missile crisis, and from Watergate to the collapse of Lehman Brothers. It also looks at the confusion and uncertainty created by unexpected victories, from the defeat of German autocracy in 1918 to the defeat of communism in 1989. Throughout, the book pays close attention to the politicians and thinkers who grappled with these crises: from Woodrow Wilson, Nehru, and Adenauer to Fukuyama and Obama. In *The Confidence Trap*, David Runciman shows that democracies are good at recovering from emergencies but bad at avoiding them. The lesson democracies tend to learn from their mistakes is that they can survive them—and that no crisis is as bad as it seems. Breeding complacency rather than wisdom, crises lead to the dangerous belief that democracies can muddle through anything—a confidence trap that may lead to a crisis that is just too big to escape, if it hasn't already. The most serious challenges confronting democracy today are debt, the war on terror, the rise of China, and climate change. If democracy is to survive them, it must figure out a way to break the confidence trap.

The Hundred Days (Aubrey-Maturin, Book 19)

Based on groundbreaking Barna Group research, *unChristian* uncovers the negative perceptions young people have of Christianity and explores what can be done to reverse them.

COMPLETE VOLUNTEER MANAGEMENT HANDBOOK.

How to release a missional movement by discipling people like Jesus did.

The Confidence Trap

In this imaginative history of modern American evangelicalism, Molly Worthen offers a dramatic rethinking of the evangelical movement, arguing that it has been defined not by shared doctrines or politics, but by the struggle to reconcile head knowledge and heart religion in an increasingly secular America. -- Back cover.

unChristian

"This book traces Dahlman's 2013 trek over the 275-mile trail from Sycamore Shoals, near Elizabethton, Tennessee, to Fort Boonesborough, Kentucky. Initially undertaken after the death of his wife, Dahlman's account interweaves the history of the places he traverses with personal reflections and dozens of profiles and conversations with people he meets along the way. He questions how the Wilderness Road devolved from an important early American route predating Lewis and Clark to the humble footpath, both paved and wild, that now meanders through Southern Appalachia"--

Building a Discipling Culture, 3rd Edition

This textbook on how to read the Gospels well can stand on its own as a guide to reading this New Testament genre as Scripture. It is also ideally suited to serve as a supplemental text to more conventional textbooks that discuss each Gospel systematically. Most textbooks tend to introduce students to historical-critical concerns but may be less adequate for showing how the Gospel narratives, read as Scripture within the canonical framework of the entire New Testament and the whole Bible, yield material for theological reflection and moral edification. Pennington neither dismisses nor duplicates the results of current historical-critical work on the Gospels as historical sources. Rather, he offers critically aware and hermeneutically intelligent instruction in reading the Gospels in order to hear their witness to Christ in a way that supports Christian application and proclamation.

Apostles of Reason

Though the Bible presents a personal and relational God, popular modern worldviews portray an impersonal divine force in a purely material world. Readers influenced by this competing worldview hold assumptions about fundamental issues—like the nature of humanity, evil, and the purpose of life—that present profound obstacles to understanding the Bible. In *Inerrancy and Worldview*, Dr. Vern Poythress offers the first worldview-based defense of scriptural inerrancy, showing how worldview differences create or aggravate most perceived difficulties with the Bible. His positive case for biblical inerrancy implicitly critiques the worldview of theologians like Enns, Sparks, Allert, and McGowan. Poythress, who has researched and published in a variety of fields—including science, linguistics, and sociology—deals skillfully with the challenges presented in each of these disciplines. By directly addressing key examples in each field, Poythress shows that many difficulties can be resolved simply by exposing the influence of modern materialism. *Inerrancy and Worldview's* positive response to current attempts to abandon or redefine inerrancy will enable Christians to respond well to modern challenges by employing a worldview that allows the Bible to speak on its own terms.

A Familiar Wilderness

What constitutes the unity of the church over time and across cultures? Can our account of the church's apostolic faith embrace the cultural diversity of world Christianity? The ecumenical movement that began in the twentieth century posed the problem of the church's apostolicity in profound new ways. In the attempt to find unity in the midst of the Protestant-Catholic schism, participants in this movement defined the church as a distinct culture—complete with its own structures, rituals, architecture and music. Apostolicity became a matter of cultivating the church's own (Western) culture. At the same time it became disconnected from mission, and more importantly, from the diverse reality of world Christianity. In this pioneering study, John Flett assesses the state of the conversation about the apostolic nature of the church. He contends that the pursuit of ecumenical unity has come at the expense of dealing responsibly with crosscultural difference. By looking out to the church beyond the West and back to the New Testament, Flett presents a bold account of an apostolicity that embraces plurality. *Missiological Engagements* charts interdisciplinary and innovative trajectories in the history, theology, and practice of Christian mission, featuring contributions by leading thinkers from both the

Euro-American West and the majority world whose missiological scholarship bridges church, academy, and society.

Reading the Gospels Wisely

Wesley Hill's personal experiences and biblical reflections offer insight into how a nonpracticing gay Christian can "prove, live out, and celebrate" the grace of Christ and the power of the Holy Spirit. For many who are on this path, it's a lonely one. The reality of loneliness and isolation of the celibate homosexual Christian is something that Hill lives and takes seriously in his pursuit of the gospel-centered life. To those on a similar journey, it's often a life of uncertainties and questions. In *Washed and Waiting*, Hill explores the three main struggles that have been part of his daily effort to live faithfully: What exactly does the gospel demand of gay and lesbian Christians, and how can it enable them to fulfill its commands? How do Christians who experience homoerotic desires live with the loneliness such desires entail? Is there any relief for it? What comfort does the gospel offer? Can those of us who struggle with homosexuality please God and truly experience his pleasure in the midst of sexual brokenness? Interspersed throughout these main sections are character sketches and stories of people who have experienced this journey's trials and triumphs. Hill offers wise counsel that is biblically faithful, theologically serious, and oriented to the life and practice of the church. As a celibate gay Christian, he gives us a glimpse of what it looks like to wrestle firsthand with God's "No" to same-sex sexual intimacy and contemplate serious and difficult questions.

Inerrancy and Worldview

From blue collar to billionaire ... Hunter Valley mine electrician Nathan Tinkler borrowed big in 2005, made a fortune from several speculative coal plays, and by 2011 was a self-made billionaire. He had gambled and won, but his volatility and reluctance to pay his debts were making him enemies. He lived the high life as only a young man would, buying luxury homes, private jets, sports cars and football teams, and splurging massively to build a horseracing empire. But Tinkler's dreams had extended beyond even his resources, and his business model worked only in a rising market. When coal prices slumped in 2012, Tinkler had no cash flow to service his massive borrowings and no allies to help him recover. Within months he was trying desperately to stave off his creditors, large and small, and fighting to save his businesses and his fortune. In this impressive new biography, leading business writer Paddy Manning tells the story of Tinkler's meteoric rise to wealth, and captures the drama of his equally rapid downfall.

International Bibliography of History of Education and Children's Literature (2013)

This book is a printed edition of the Special Issue "Current Trajectories in Global Pentecostalism: Culture, Social Engagement, and Change" that was published in *Religions*

Apostolicity

How God reveals himself is an important matter for Christians, especially evangelicals. For too long, Carisa Ash contends, evangelicals have rightly affirmed that God reveals through the created world, but then they functionally neglect such revelation. In this monograph Ash offers a corrective to this practice by presenting a theology of revelation that explores the commonalities between various forms of revelation (world, written and spoken word, and Incarnate Word). Particularly aimed at theologians interested in theological method, Ash's study will also benefit people interested in faith and learning or interdisciplinary integration. Ash argues that evangelicals must strive to align more closely their affirmations and their practice. Her critique of current practices in theological method and integration, along with the proposed theology of revelation, are designed to help move the conversation forward.

Washed and Waiting

How the increasing reliance on metrics to evaluate scholarly publications has produced new forms of academic fraud and misconduct. The traditional academic imperative to "publish or perish" is increasingly coupled with the newer necessity of "impact or perish"—the requirement that a publication have "impact," as measured by a variety of metrics, including citations, views, and downloads. *Gaming the Metrics* examines how the increasing reliance on metrics to evaluate scholarly publications has produced radically new forms of academic fraud and misconduct. The contributors show that the metrics-based "audit culture" has changed the ecology of research, fostering the gaming and manipulation

of quantitative indicators, which lead to the invention of such novel forms of misconduct as citation rings and variously rigged peer reviews. The chapters, written by both scholars and those in the trenches of academic publication, provide a map of academic fraud and misconduct today. They consider such topics as the shortcomings of metrics, the gaming of impact factors, the emergence of so-called predatory journals, the "salami slicing" of scientific findings, the rigging of global university rankings, and the creation of new watchdogs and forensic practices.

Boganaire

You are on Indigenous lands, swimming in Indigenous waters, looking up at Indigenous skies. Living on Stolen Land is a prose-styled look at our colonial-settler 'present'. This book is the first of its kind to address and educate a broad audience about the colonial contextual history of Australia, in a highly original way. It pulls apart the myths at the heart of our nationhood, and challenges Australia to come to terms with its own past and its place within and on 'Indigenous Countries'. This title speaks to many First Nations' truths -- stolen lands, sovereignties, time, decolonisation, First Nations perspectives, systemic bias and other constructs that inform our present discussions and ever-expanding understanding. This title is a timely, thought-provoking and accessible read.

Current Trajectories in Global Pentecostalism: Culture, Social Engagement, and Change

Recent research has demonstrated a loss of verbalization, or grasp of the Christian language, in the emerging generations of Western Christianity. As contemporary culture rejects Christian identity more and more, subsequent generations are losing the ability to proclaim their faith well. This is particularly troubling for those on the theological campus seeking to train and disciple today's emerging adults as the next generation of ministers. Emerging Voices attempts to identify factors behind this phenomenon and to map out a better way forward, particularly for the theological campus. As contemporary issues such as the elimination of faith from public discourse and the ubiquitous influence of technology shape students in the years before college, what can be done to reclaim the Christian language for students tasked with preaching the gospel? This project combines a deep dive into some of the leading research regarding religion and spirituality in youth and emerging adulthood, alongside of a focused study group. In uniting these approaches, Emerging Voices attempts to give expression to those who most need to be heard in the coming decades of the Christian church in Western culture.
