The Nitwits Come to Town

Why did the Nitwit fall out of the tree? His mom told him to rake the leaves! The Nitwits Come to Town is a story where some two-liner jokes take life and where Joe Christmas wants you to know about his new neighbors, the Nitwits. According to him, they are crazy. He also wants you to know about his three sisters—sisters, uhhhhh! He definitely wants you to see how he is going to exact revenge on Trudy, Cece, and Aggie for making his life one more chore after another. As Joe recruits a Nitwit to help him fulfill his fail-safe plan, he not only shows how crazy the Nitwits are but reveals how crazy (Joe would say “normal” crazy) his own family is. You can certainly make a game of it by guessing which family is crazier: which family cooks a meal on a car’s engine or which family has tongue-sticking contests on frozen poles; who throws doll heads into a dog run and who continually falls asleep in piles of leaves and gets weird rashes. Find out in The Nitwits Come to Town. Jim Chrisman is an award-winning author having won the 2009 Next Generation Indie Book Award for Young Adult Fiction for Substitute Wizard. Jim lives in California with his wife of fourteen years and his two sons.

Rufus and the Nitwits

Between the mid-1930s and the late '40s the centre of the jazz world was a two-block stretch of 52nd Street in Manhattan. Dozens of crowded basement clubs played host to legends like Charlie Parker and Billie Holiday. These clubs defied the traditional boundaries between art and entertainment, and between the races.

The Chain that Binds: The Crush

Andrew Ciulla hadn't intended to spend most of his life as a freelance writer at age 18 after high school. He entered an art school to learn to paint like the da Vincis and Botticellis of Italy's golden age of art. This volume titled Cabbages and Kings is sort of a quick review of what Andrew Ciulla has been up to

these years. His injection of eighteen poems to the eighteen short stories makes this a good book to have in everybody's library. Sort of two books in one.

Come In and Hear the Truth

"The entire field of film historians awaits the AFI volumes with eagerness."--Eileen Bowser, Museum of Modern Art Film Department Comments on previous volumes: "The source of last resort for finding socially valuable . . . films that received such scant attention that they seem 'lost' until discovered in the AFI Catalog."--Thomas Cripps "Endlessly absorbing as an excursion into cultural history and national memory."--Arthur Schlesinger, Jr.

Cabbages and Kings

Tales of the long lived, from information provided by some people who claimed to have lived for a great long time. Magic, Alchemy and history combine in this tale of ancient and contemporary long lived individuals. A secret stock market trading scheme is mentioned but not explained. Adventure and mayhem of a sort are intertwined in this series of tales.

A story about John Best and his family on a quest for land to build a ranch and a new home in Northeast Colorado. All the way from Missouri where they had a farm. A long trip fraught with danger. Plenty of exciting action and different methods to combat the Indians, who tried to raid the wagon trail. Their dream was to start a ranch out there, which came true. Many escapades with bad men and some exciting discoveries on the property which they settled on to build their ranch. Many adventures and escapades, which John Best recorded or wrote about in his journal. You will find this story to be entertaining and interesting. Even women folk will like this "Western" story and a "Good" man and his family. Their hardships and rewards.

The Long Lived

The classic Roald Dahl story with phizz-whizzing full-colour illustrations by Quentin Blake. Mr Twit is a foul and smelly man with bits of cornflake and sardine in his beard. Mrs Twit is a horrible old hag with a glass eye. Together they make the nastiest couple you could ever hope not to meet. Down in their garden, the Twits keep Muggle-Wump the monkey and his family locked in a cage. But not for much longer, because the monkeys are planning to trick the terrible Twits, once and for all . . . Look out for new Roald Dahl apps in the App store and Google Play- including the disgusting TWIT OR MISS! inspired by the revolting Twits.

The Journal of John Best

The story of a kid from humble beginnings who overcame the challenges of growing up on the wrong side of the tracks to becoming a police officer, A View from the Street/River City Policing narrates the life story of S. Henry Knocker. This memoir delves into some of Knockers early experiences before making the choice to dedicate his life to the cause of policing. He discusses his life as a child, as a young man coming to grips with a learning disabilities, and as a soldier. A View from the Street/River City Policing also shares what it was like to be a police officer for thirty years. It includes an array of anecdotes, some humorous and some tragic, about the people he encountered while he was doing his job. Knocker provides a broad view of several areas of police interactions with criminals and the courts as well as offers political commentaries on subjects such as the root causes of racial tension and its effects on policing. A View from the Street/River City Policing offers insight into the life and times of one man who made policing a career.

They must travel to the underbelly of their town and figure out who is behind it before it's too late. This short story was originally published in Steamy Cogs I: A Collection of Steampunk Romances (now out of print).

'Why read Jack McDevitt? The question should be: Who among us is such a slow pony that s/he isn't reading McDevitt?' Harlan Ellison To boost waning interest in interstellar travel, a mission is sent into deep space to learn the truth about 'moonriders', the strange lights supposedly being seen in nearby systems. But the team soon discovers that their odyssey is no mere public-relations ploy, for the moonriders are no harmless phenomenon. They are very, very dangerous ... in a way that no one could possibly have imagined. 'McDevitt's energetic, character-driven prose serves double duty by exploring Earth's future political climate and forecasting the potential dangers awaiting humanity among the stars' Booklist

Noodles, Nitwits, and Numskulls

Izzy Malone, a spunky girl who wants to be part of an elite rowing club, must first attend a very unique charm school in this first novel of a brand-new duology. Izzy Malone isn't your typical sixth grader. The stars are her only friends, and after only a month of middle school she's already set the record for the most trips to the Principal's office. The only place Izzy feels at peace is when she's on the open water, and more than anything else, she wants to become a member of the Dandelion Paddlers, her school's competitive rowing club. When Izzy's antics land her in hot water, her parents enroll her in Mrs. Whippie's Charm School. Izzy receives a letter, a shiny gold bracelet, and instructions telling her how she will "earn her charm." Izzy must earn her first charm and actual charms—by performing a series of tasks and good deeds. After completing some of the tasks—to Izzy's surprise, she actually finds herself enjoying the course. But when one of her attempts at doing something good is misinterpreted, she fears her chances at passing the course—and becoming a Paddler—are slipping away. With some unexpected friends there to support her, can Izzy manage to earn her charms and stay true to herself?

From Goat Hill to City of the Arts

This biographical dictionary shines the spotlight on several hundred unheralded stunt performers who created some of the cinema's greatest action scenes without credit or recognition. The time period covered encompasses the silent comedy days of Buster Keaton and Harold Lloyd, the early westerns of Tom Mix and John Wayne, the swashbucklers of Douglas Fairbanks, Errol Flynn, and Burt Lancaster, the costume epics of Charlton Heston and Kirk Douglas, and the action films of Steve McQueen, Clint Eastwood, and Charles Bronson. Without stuntmen and women working behind the scenes the films of these action superstars would not have been as successful. Now fantastic athletes and leading stunt creators such as Yakima Canutt, Richard Talmadge, Harvey Parry, Allen Pomeroy, Dave Sharpe, Jock Mahoney, Chuck Roberson, Polly Burson, Bob Morgan, Loren Janes, Dean Smith, Hal Needham, Martha Crawford, Ronnie Rondell, Terry Leonard, and Bob Minor are given their proper due. Each entry covers the performer's athletic background, military service, actors doubled, noteworthy stunts, and a rundown of his or her best known screen credits.

Odyssey (Academy - Book 5)

This book presents a provocatively, outrageously assertive exposure of fools in their not infrequently bizarre manifestations, the object being to leave no halfwits behind. It explores the world of the fool

from many perspectives, including Engines of Limited Cognition: Dumb Bells, Dumb Clucks and Dumb Waiters; Imprudence and Its Imbecilic Implications; Fools, Eccentrics & Sons of Momus; and Idiotic Opportunities: Putting Fools to Work. This is not to infer (or even hint) that either the author or his readership is in any demonstrable sense of the word foolish, now or at any other time. After all, no fool would write a book like this, and no fool would read it. Precisely who does read it is a discretely personal decision we leave to those gifted with more than ordinarily inquiring minds. Indeed, those who elect to come along for the ride are likely to find their minds piqued, tickled and enriched by this tour de farce. True to form, Reed illustrates Ambrose Bierce's definition of educational -- 'that which discloses to the wise and disguises from the fools their lack of understanding.' Abundantly documented, endlessly subtle, hopelessly eccentric and deadly funny, the book blends history, sociology, literature, philosophy, etymology and even theology, all with a good laugh.

Stories by Reed Farrel Coleman, David Corbett, Tyler Dilts, Brendan DuBois, Seth Harwood, Darrell James, Gary Phillips, Travis Richardson, SJ Rozan, Kelli Stanley, Eric Stone, Bob Truluck, Lono Waiwaiole and Pamela Samuels Young. Praise for SCOUNDRELS ... "Much will be made of the timeliness of SCOUNDRELS, and with good reason; these days Enron executives and securities brokers are far scarier than serial killers. But SCOUNDRELS is more than just timely — it's a great read, a collection of fabulous stories by remarkable authors. Bravo." — Marcus Sakey, author of The Two Deaths of Daniel Hayes, and host of Hidden City on the Travel Channel What other group of human beings inspires such a level of hatred and disgust in us as the white collar crook? Lesser thieves don't get the level of hatred and contempt that these high-flying kleptomaniacs generate. Why does a Bernie Madoff or a Kenneth "Kenny Boy" Lay inspire nearly as much opprobrium from the rest of us as a serial killer, a genocidal dictator or a child molester? — Scott Phillips, from the Forward

Try if you will, to imagine a time when automobiles were virtual bars, DWI roadblocks were in their infancy and MADD's mothers were still in utero. A time when "impaired" drivers were not vilified and hunted down like wild animals, but praised and admired for their deftness, agility, and multitasking ability. Ah my friends, but not so many years ago such an era did exist! Herein lies the tales of the brave young men who took to their vehicles, beer can in hand, fearing nothing but incompetent sober drivers and the occasional moving telephone pole.

Kid Luck, still travelling with Old Timer, arrives in Mushroom City. After months in the wild, they're both glad to find a place where they can have some fun! While the old gold miner has every intention to enjoy himself, though, he immediately sends Luke ... straight to school! A horrible sentence for the young cowboy-in-the-making, who is about to meet a quartet of already nasty little brats, and a pistolero with somewhat ... flexible morals!

In a time long gone by, there lived a folk who inhabited a land far, far away. Together they lived, sometimes in peaceful fellowship, but in other times in war and broil, and these conflicts could be born out of need to defend or mere pettiness, like a lord's longing for more land or power. And there were darker forces too, lurking in the big forests and in the mountains to the north, and they could spread fear and dread. Enter this world and indulge in everyday life of this time and place and adventures too, both small and large, and discover the fantasies told herein, sprinkled with some lore and even some truth.

'Like Game of Thrones and The Hunger Games meets Pulp Fiction' Daily Mail Her throne awaits . . . if she can live long enough to take it. Kelsea Glynn is the sole heir to the throne of Tearling but has been raised in secret after her mother – a monarch as vain as she was foolish – was murdered for ruining her kingdom. For eighteen years, the Tearling has been ruled by Kelsea's uncle - Regent in name, but in truth the debauched puppet of the Red Queen, the sorceress-tyrant of neighbouring realm of Mortmesme. On Kelsea's nineteenth birthday, the tattered remnants of her mother's guard - each pledged to defend the queen to the death - arrive to bring this most un-regal young woman out of hiding... And so begins her journey back to her kingdom's heart, to claim the throne, win the loyalty of her people, overturn her mother's legacy and redeem the Tearling from the forces of corruption and dark magic that are threatening to destroy it. But Kelsea's story is not just about her learning the true nature of her inheritance - it's about a heroine who must learn to acknowledge and live with the realities of coming of age in all its insecurities and attractions, alongside the ethical dilemmas of ruling justly and fairly while simply trying to stay alive...

#1 New York Times bestselling author Jan Karon welcomes you back home to Mitford in this inspirational novel that “hits the sweet spot at the intersection of your heart and your funny bone” (USA Today). After five hectic years of retirement from Lord's Chapel, Father Tim Kavanagh returns with his wife, Cynthia, from the land of his Irish ancestors. While he's glad to be at home in Mitford, something is definitely

missing from his life: a pulpit. But when he's offered one, he decides he doesn't want it. For years, he believed he had a few answers. Now he has questions. How can he possibly help Dooley's younger brother, Sammy, make it through the fallout of a disastrous childhood? Could doing a good deed for the town bookstore be the best thing for his befuddled spirit? And who was riding through town in a limo? Not Edith Mallory. Then an editorial in the weekly *Muse* poses a question that sets the whole town looking for answers: Does Mitford still take care of its own?
