One pair of eyes—a youthful, discontented black pair—watched it steadily, never turning away, as their owner stood in the deep, old-fashioned window, with both elbows resting upon the broad sill; but the other pair only glanced up now and then, almost furtively, from the piece of work Miss Pamela North, spinster, held in her slender, needle-worn fingers...

The Old Curiosity Shop tells the story of Nell Trent, a beautiful and virtuous young girl of "not quite fourteen". An orphan, she lives with her grandfather in his shop of odds and ends. Secretly obsessed with ensuring that Nell does not die in poverty, grandfather attempts to provide Nell with a good inheritance through gambling at cards. He keeps his nocturnal games a secret, but borrows heavily from the evil Daniel Quilp, a malicious, grotesquely deformed, hunchbacked dwarf moneylender. In the end, he gambles away what little money they have, and Quilp seizes the opportunity to take possession of the shop and evict Nell and her grandfather. Grandfather suffers a breakdown that leaves him bereft of his wits, and Nell takes him away to the Midlands of England, to live as beggars.

Based on a rich set of historical data, this book traces the development of pragmatic markers in English, from hw't in Old English and whilom in Middle English to whatever and I'm just saying in present-day English. Laurel J. Brinton carefully maps the syntactic origins and development of these forms, and critically examines postulated unilineal pathways, such as from adverb to conjunction to discourse marker, or from main clause to parenthetical. The book sets case studies within a larger examination of the development of pragmatic markers as instances of grammaticalization or pragmaticalization. The characteristics of pragmatic markers - as primarily oral, syntactically optional, sentence-external, grammatically indeterminate elements - are revised in the context of scholarship on pragmatic markers over the last thirty or more years.

At the same time, Christine stops answering Jamie's calls. Coincidence? Just as Jamie thinks things can't go backward anymore, Markie is kidnapped. The trouble is suddenly back in her own home, and this time, it threatens to rip their family apart. Who is to blame? How did this happen? And where are Erica and Christine? But he has a name-it's Andrew Perez, and he owns the company my dad works for. Now, we're on the same cruise, and even a ship the size of a small country feels claustrophobic when we're trying to keep our connection hidden from my family. My dad isn't the only thing standing in our way, though-Andrew is a high-powered executive who's married to his business, and I'm halfway through a degree in pursuit of my dream job. There's no way we could ever work as a couple outside the fantasy world of this cruise ship, but that doesn't stop me from thinking of him constantly-and meeting him in secret every chance I get. He makes me feel safe. Comfortable. Protected. His touch is everything I never knew I needed, and I plan to enjoy every second-even if this trip is a one-way journey to disaster.

### Falling in Love with My Boss 1

Where did I go wrong in my life?" I asked myself almost on a daily basis when I looked in the mirror. I was no longer happy and barely smiled. Every day seemed to be the same thing with my husband, William. Life had taken its course, but I wasn't prepared for the way it turned around. I would have never caught myself ten years ago when we had been college sweethearts. Now ten years so far away and often I try to go back to the past to kiss it one last time, wondering if this time would be the last. Carlipian

College was where I had met my husband. He had majored in medicine and I majored in business and business administration. Secretly back then I dreamed of being a CEO for a large company. That was just a dream. Graduation had brought joy to my parents, a new life and a diploma I wouldn't use for a while. William and I got married shortly after graduation and he was the type of man who thought women should stay at home. That was short lived when we almost lost everything we owned due to a poor investment. Constantly I wonder where the love we had gone. He had changed and wasn't the same man I had met and fell in love with. He was now trying to hide the fact he had other women on the side. It wasn't any secret what had been going on for some time. His cell phone had a password on it and locked when it wasn't in his hands. His work clothes had female's perfume and lipstick on them neither was things that I would where. I knew I would never have the answers of why he did what he did.
