Love and its Critics

This book is a history of love and the challenge love offers to the laws and customs of its times and places, as told through poetry from the Song of Songs to John Milton's Paradise Lost. It is also an account of the critical reception afforded to such literature, and the ways in which criticism has attempted to stifle this challenge. Bryson and Movsesian argue that the poetry they explore celebrates and reinvents the love the troubadour poets of the eleventh and twelfth centuries called fin'amor: love as an end in itself, mutual and freely chosen even in the face of social, religious, or political retribution. Neither eros nor agape, neither exclusively of the body, nor solely of the spirit, this love is a middle path. Alongside this tradition has grown a critical movement that employs a 'hermeneutics of suspicion', in Paul Ricoeur's phrase, to claim that passionate love poetry is not what it seems, and should be properly understood as worship of God, subordination to Empire, or an entanglement with the structures of language itself – in short, the very things it resists. The book engages with some of the seminal literature of the Western canon, including the Bible, the poetry of Ovid, and works by English authors such as William Shakespeare and John Donne, and with criticism that stretches from the earliest readings of the Song of Songs to contemporary academic literature. Lively and enjoyable in its style, it attempts to restore a sense of pleasure to the reading of poetry, and to puncture critical insistence that literature must be outwitted. It will be of value to professional, graduate, and advanced undergraduate scholars of literature, and to the educated general reader interested in treatments of love in poetry throughout history.

Always Mine

I had one reason for never going back to the small town I once called home, but I never guessed it would be the same one that made me want to stay...BrooksI grew up in the small town of Eden, Wyoming, but never really felt like I fit in.Until I met the one boy who changed all that.When we were kids, Xavier Price understood horses, but somehow, he got me too. He'd made me feel like I wasn't just the overdressed, too sensitive fifteen-year-old geek who loved math and didn't always say the right thing. But all that changed the night he threw my trust back in my face and betrayed my family in the worst kind of way.And while I'm back in Eden to make sure my uncle's horse ranch is operating in the black, the one thing I know I won't have to deal with is the man who'd been on the verge of stealing my heart ten years ago.Because Xavier Price is still in prison for what he did and even if he weren't, he wouldn't be foolish enough to show his face in Eden ever again.Right?XavierWrong.That's what returning to Eden after ten years behind bars feels like. But it wasn't like I had a whole lot of choices. And it wasn't like I was going to be handed any decent job offers, let alone my dream one of working with horses.But that's exactly what happened and now that I'm foreman of Black Hills Ranch, I'm not letting this job go for anything.Not even the spoiled little rich kid I'd thought was different when he'd glommed onto me ten years ago.I have no doubt Brooks Cunningham didn't wait long to move on to bigger and better things the second my jail cell was locked behind me, and that's just fine by me. I'd been wrong about the sweet, emotional boy who'd had a habit of wearing his heart on his sleeve anyway.Except fate has

decided to have another go at me by tossing Brooks right back into my sometimes too small world. Gone is the scrawny, stars-in-his-eyes nerd who used to do math problems just for fun. In his place is a gorgeous specimen of a man who thinks he can go toe to toe with me and once again destroy everything I've worked for. Not happening.

For Love Or Honor

"From the moment they met, Marjie's heart has belonged to handsome Captain Stanley Jonquil, younger brother of the Earl of Lampton. But six long months ago, when Stanley's sense of honor required that he do as he had sworn and return to the Continent to fight in defense of King and country, neither Stanley nor Marjie could have dreamed what the cost of his service would be. It has been ages since Stanley last wrote, and Marjie and the Jonquil family are plagued by his unknown fate--until the day he unexpectedly reappears. Marjie's joy, however, is quickly shadowed by confusion--the aloof, battle-worn soldier before her is not the man he once was. In the wake of Stanley's blatant disinterest in renewing their acquaintance, Marjie's devastation turns to determination as she vows to help him find peace. But his scars run far deeper than anyone realizes. Despite his feelings for her, Stanley believes Marjie deserves a man whose hands are not stained with the violence of battlefields and whose mind and heart are not haunted by the horrors he has seen. Honor requires Stanley to return once more to the life he has grown to despise, one he knows will destroy him in the end, even as his heart beckons him to stay with Marjie, the only woman he could ever love, and the promise, at last, of redemption."--

Searching For Eden

Hope into Action, a charity founded by Ed Walker has a vision – of the church at the forefront of the fight against homelessness. Since 2010 it has worked in partnership with churches to supply homes, support, friendship and love for the homeless and marginalized, earning the Guardian's Public Service Award in 2017 and an award from the Centre for Social Justice. The Children of Eden

Based on a true story: A novel of an illicit love affair in nineteenth-century Ireland by the New York Times–bestselling author of *The American Heiress*. Katharine O'Shea is an unhappily married young mother of three when she meets Charles Stewart Parnell, “the uncrowned king of Ireland.” They couldn't be more different. Kitty is from an aristocratic English family. Born in County Wicklow to Protestant gentry, Parnell is a passionate crusader for Ireland's oppressed poor. But their first encounter leaves them both with the certainty that something momentous has occurred. Before long, they're engaged in a forbidden liaison—one that will have profound ramifications for Kitty's personal life and Charles's brilliant political career. As their love affair plays out on the world stage, scandal and a scorned husband's revenge conspire to destroy everything Charles has worked to achieve for the Irish. Set against the tumultuous backdrop of late-nineteenth-century England and Ireland, Dorothy Eden's most ambitious novel weaves a passionate, heartbreaking story of a larger-than-life man and woman whose only crime is falling in love.

'A fantasia of history and myth ... a strange and original work of art' The New York Times Book Review Described by John Steinbeck as 'the story of my country and the story of me', East of Eden is an epic, engrossing family saga. 'There is only one book to a man' Steinbeck wrote of East of Eden. Set in the rich farmland of the Salinas Valley, California, this powerful, often brutal novel, follows the intertwined destinies of two families - the Trasks and the Hamiltons - whose generations hopelessly re-enact the fall of Adam and Eve and the poisonous rivalry of Cain and Abel. Here Steinbeck created some of his most memorable characters and explored his most enduring themes: the mystery of identity; the inexplicability of love, and the murderous consequences of love's absence.

I Am the Butterfly

Nancy Durrell was a woman famous for her silences. Anaïs Nin said 'I think often of Nancy's most eloquent silences, Nancy talking with her fingers, her hair, her cheeks, a wonderful gift. Music again.' As the first wife Lawrence Durrell, author of The Alexandria Quartet, it is perhaps surprising that she is an unknown entity, a constant presence in the biographies of Durrell and others in the Bloomsbury set, yet always a shadowy figure, beautiful and enigmatic. But who was the woman who was with Durrell

during the most important years of his development as a writer? Joanna Hodgkin decides to retrace her mother's fascinating story: the escape from her toxic and mysterious family; the years in bohemian literary London and Paris in the 1930s; marriage to Durrell and their discovery of the 'Eden' of pre-war Corfu and her desperate struggle to survive in Palestine alone with a small child as the British Mandate collapsed. *Amateurs in Eden* is a fascinating biography of a literary marriage and of an unusual woman struggling to live an independent life.

Amateurs In Eden

A relationship begins with the meeting of two unique energies. This union of energies determines the way you communicate, fight, love, and want to be loved. Donna Eden and David Feinstein draw on the real-life experiences of couples who have attended their popular 'Energies of Love' workshops, as well as their own experience as husband and wife, to show how an understanding of your energy system and that of your partner can help you build a more harmonious and loving bond. We all have different ways of making sense of the world around us, but when faced with conflict, especially with those we care most about, we tend to revert to one of four 'Energetic Stress Styles': * Visuals are extremely passionate and inspire others. In moments of conflict, their take on the situation can overshadow what is occurring, undermining their ability to empathize with their partner. * Kinaesthetics are generous and compassionate but their caring nature pulls them in too many directions. They try to meet others' needs at the expense of their own, causing resentment. * Digitals are rational and principled but they can become closed to others' perspectives and feelings. * Tonals have a gift for understanding others but during conflict they can often misinterpret the signs, hearing what was never said, felt, or thought. The *Energies of Love* is filled with tools to help you diffuse arguments and energy exercises to increase your overall sense of joy and wellbeing. This practical guide serves as a powerful resource for anyone who wishes to build a rich partnership while maintaining the spark that keeps a relationship exciting.

Brandi's Love

What if Eve had said, "No?" What if another had taken the fruit and only half of humanity had fallen? A breath-taking vision of the heart of God and humankind's unbroken relationship with Him in the Garden of Eden. When Eve rejects the serpent's temptation, all of creation breathes a sigh of relief, but years later another is asked the same question and their answer will tear Paradise apart. How will the fallen relate to the unfallen? And how will God treat those who have spurned His perfect will? A magnificent story of sin and grace, relationship and rupture, which reveals the beauty of God and the misery of life lived apart from Him. But always there is the promise of redemption!

and to withhold.' Generations after the breakup of the human family of Eden, the Johnfolk emphasise knowledge and innovation, the Davidfolk tradition and cohesion. But both have built hierarchical societies sustained by violence and dominated by men - and both claim to be the favoured children of a long-dead woman from Earth that all Eden knows as Gela, the mother of them all. When Starlight Brooking meets a handsome and powerful man from across Worldpool, she believes he will offer an outlet for her ambition and energy. But she has no idea that she will be a stand-in for Gela herself, and wear Gela's ring on her own finger. Love with Skin On

The Song of Songs belongs to the whole church. It is part of our revelation from God; it is a necessary component of a healthy worldview. It can release the energy of joy and praise in a new and vital direction; correct and transform our thinking about romance and sexuality; help protect us from lethargic or unworthy thoughts about God's creation; exalt and enliven couples' feelings about their relationship; embolden our corporate attitude; confront errors and falsehoods at loose in the world; it can ennoble our understanding of God. With all its celebration of physical beauty and romance and sexual attraction, the Song relates physically and spiritually to every life, and it is a necessary ingredient for a healthy, practical, thriving Christian perspective. In it we are meant to see what is right before us, but at the same time to see beyond it, and in seeing, to know greater things than we have known. Here we are being invited to explore across deep waters. Can you feel the strength of that call? Does it stir your blood? --from Pieces of Eden

Still, the past is a bright, burning pain between them, and Calder and Eden cannot truly move on until they lay it to rest. With Acadia's story forced into the public eye and dangerous questions mounting, the two must untangle the truths of the life they came from to discover who they are and who they might become together. So when the sinfully seductive Crenshaw heir suggests a fake engagement to save them both—him from an unwanted marriage and her from scorn and financial ruin—Helena finds herself too fascinated to refuse the sexy American. As their arrangement of convenience melts oh so deliciously into nights of passion, their deception starts to become real. The Southern Quarterly Review

The second volume of *The Oxford History of British & Irish Catholicism* traces the fortunes of Catholic communities in England, Wales, Scotland, and Ireland across a period of great uncertainty and change. From the outset of the Civil Wars in 1641 to the Jacobite rising of 1745, Catholics in the three kingdoms were varied in their responses to tumultuous events and tantalising opportunities. The competing forces

of dynamism and conservatism within these communities saw them constantly seeking to re-situate or re-imagine themselves as their relationship to the state, to Protestantism, to continental Europe, as well as the wider world beyond, changed and evolved. Consciously transnational, the volume moves away from insular conceptualisations of Catholicism and instead stresses connections with the European continent and beyond. Early chapters give broad overviews of the experience of Catholics in the period, tracking key events and important developments from 1641 to 1745. Chapters then address specific aspects of Catholicism, including empire and overseas missions, missionary activity, devotion, spirituality, trade, material culture, music, and architecture, among others, revealing a complex, rich and varied history of Catholicism in the period.
