Stephanie's story

What's the difference between functional and conventional medicine?

How did you become interested in learning more about functional medicine?

In your book, Your Longevity Blueprint, you talk about a "house blueprint" concept. Can you break that down for us? How does a Longevity Blueprint help you build your health?

Where do hormones fit into this analogy?

How do you test at your clinic for hormone imbalances?

What specific tests do you use?

Why are hormones important to the aging process? How do they help with longevity and bones?

What conditions or situations would hormone replacement therapy not be suitable for?

What are the options when it comes to hormone replacement therapy?

Do hormones cause cancer?

Is there an age cutoff for hormone replacement therapy?

If someone has had a hysterectomy do they need hormone replacement?

What are some myths regarding hormones and hormone replacement therapy?

Where can people find Dr. Stephanie Gray?
