Bombay maximum city

De retour à Bombay en 1998, après une absence de vingt et un ans, Suketu Mehta est frappé par les métamorphoses de la ville tant aimée de son enfance : il décide d'en aborder tous les extrêmes et pour commencer, celui des émeutes de 1992-1993 entre hindous et musulmans. Ce conflit le propulse au cœur des violences de la guerre des gangs pour le contrôle de la vie politique et économique de la cité, une guerre souvent orchestrée par des parrains mafieux installés à Dubaï ou au Pakistan. L'auteur prend le risque de nouer des liens personnels, avec à la fois des tueurs sans merci et des indicateurs de la police, pour mieux nous guider dans le labyrinthe du crime organisé au sein d'une ville corrompue. Parmi les myriades de personnages du livre, il y a Mona Lisa qui, après une enfance de misère à l'image de celle des millions de déshérités des bidonvilles de Bombay, est devenue une belle danseuse, une entraîneuse capiteuse qui, la nuit venue, enflamme les désirs des hommes dans les bars chauds de la ville ; certains soirs on y rencontre même Honey/Manoj " une femme née homme par erreur \

This Land Is Our Land

An impassioned defence of global immigration from the acclaimed author of Maximum City. Drawing on his family's own experience emigrating from India to Britain and America, and years of reporting around the world, Suketu Mehta subjects the worldwide anti-immigrant backlash to withering scrutiny. The West, he argues, is being destroyed not by immigrants but by the fear of immigrants. He juxtaposes the phony narratives of populist ideologues with the ordinary heroism of labourers, nannies and others, from Dubai to New York, and explains why more people are on the move today than ever before. As civil strife and climate change reshape large parts of the planet, it is little surprise that borders have become so porous. This Land is Our Land also stresses the destructive legacies of colonialism and global inequality on large swathes of the world. When today's immigrants are asked, 'Why are you here?', they can justly respond, 'We are here because you were there.' And now that they are here, as Mehta demonstrates, immigrants bring great benefits, enabling countries and communities to flourish. Impassioned, rigorous, and richly stocked with memorable stories and characters, This Land Is Our Land is a timely and necessary intervention, and literary polemic of the highest order.

Bombay, Meri Jaan

When King Charles II of England married Princess Catherine de Braganza of Portugal in 1661, he received as part of his dowry the Isles of Bom Bahia, the Good Bay. Reclaimed from the sea, these would become the modern city of Bombay. A marriage of affluence and abject poverty, where a grey concrete jungle is the backdrop to a heady potpourri of ethnic, linguistic and religious subcultures, Bombay, renamed Mumbai after the goddess Mumbadevi, defies definition. Bombay, Meri Jaan, comprising poems and prose pieces by some of the biggest names in literature, in addition to cartoons, photographs, a song and a Bombay duck recipe, tries to capture the spirit of this great metropolis. Salman Rushdie, Pico Iyer, Dilip Chitre, Saadat Hasan Manto, V.S. Naipaul, Khushwant Singh and Busybee, among others, write about aspects of the city: the high-rise apartments and the slums; camaraderie and isolation in the crowded chawls; Bhelpuri on the beach and cricket in the gully; the women's compartment of a local train; encounter cops who battle the underworld; the jazz culture of the sixties; the monsoon floods; the Shiv Sena; the cinema halls; the sea. Vibrant, engaging and provocative, this is an anthology as rich and varied as the city it celebrates.

China Underground

An American's experiences of the traditions, changes, and subcultures of 21st-century China—"a seamless portrait of a complex modern society" (Publishers Weekly). Formerly a student in Beijing, Zachary Mexico returned to China in 2006 to chronicle the immense changes in Chinese society ushered as it joined the world's headlong rush into the future. Focusing on the Chinese of his generation, Zach journeys into the vibrant subcultures of the marginalized and outcast that exist alongside China's centuries of tradition. Talking to such varied personalities as a mafia kingpin, a prostitute, and a wannabe rock star, Zach offers a unique perspective on the radical shifts in Chinese society. Finding individuals with fascinating stories, he delves into topics ranging from culture to politics to environmental issues and sexual mores. Readers will meet a closeted graphic designer; a self-taught disaster photographer; a struggling punk band; a ladies' man who can't stay in one place; and many more faces of this unique country. This is a remarkable portrayal of a country undergoing rapid-fire change in a place where timeless historical legacies still line the streets.

Reimagining India

"From the world's premier management consultancy McKinsey & Company, a comprehensive collection of essays by the brightest experts on what the new global elite needs to know about modern India"--

Karachi Vice

Karachi. Pakistan's largest city is a sprawling metropolis of 20 million people. It is a place of political turbulence in which those who have power wield it with brutal and partisan force, a place in which it pays to have friends in the right places and to avoid making deadly enemies. It is a society where lavish wealth and absolute poverty live side by side, and where the lines between idealism and corruption can quickly blur. It takes an insider to know where is safe, who to trust, and what makes Karachi tick, and in this powerful debut, Samira Shackle explores the city of her mother's birth in the company of a handful of Karachiites. Among them is Safdar the ambulance driver, who knows the city's streets and shortcuts intimately and will stop at nothing to help his fellow citizens. There is Parveen, the activist whose outspoken views on injustice corruption repeatedly lead her towards danger. And there is Zille, the hardened journalist whose commitment to getting the best scoops puts him at increasing risk. As their individual experiences unfold, so Shackle tells the bigger story of Karachi over the past decade: a period in which the Taliban arrive in Pakistan, adding to the daily perils for its residents and pushing their city into the international spotlight. Writing with intimate local knowledge and a global perspective, Shackle paints a nuanced and vivid portrait of one of the most complex, most compelling cities in the world.

Mumbai Fables

Starting from the catastrophic floods and terrorist attacks of recent years, Prakash reaches back to the sixteenth-century Portuguese conquest to reveal the stories behind Mumbai's historic journey. Examining Mumbai's role as a symbol of opportunity and reinvention, he looks at its nineteenth-century development under British rule and its twentieth-century emergence as a fabled city on the sea. Different layers of urban experience come to light as he recounts the narratives of the Nanavati murder trial and the rise and fall of the tabloid Blitz, and Mumbai's transformation from the red city of trade unions and communists into the saffron city of Hindu nationalist Shiv Sena. Starry-eyed planners and elite visionaries, cynical leaders and violent politicians of the street, land sharks and underworld dons jostle with ordinary citizens and poor immigrants as the city copes with the dashed dreams of postcolonial urban life and lurches into the seductions of globalization. --

The Inheritors

'Lyrical, deep, chilling, and prescient, this is a book we will be talking about for years to come.' - Justice Malala, author and commentator. South Africans face a reckoning: mourn a miracle nation that never came into being, fight on to give it birth, or make something else out of 1994's ashes? In *The Inheritors*, award-winning writer Eve Fairbanks tells the stories of ordinary people facing this stupendous question. These are the kinds of lives rarely examined in such depth: political activist Dipuo, her born-free daughter Malaika, and Christo, one of the last Afrikaner men drafted to fight for the apartheid regime. All three have to remake their own lives while facing the questions: what do I owe to my forebears, and what does history owe to me? They tell of the unresolved rage, generational guilt, and enduring hope that many South Africans struggle to speak aloud to themselves in private, let alone share. Observing subtle truths about power and inheritance, Fairbanks explores questions that preoccupy so many South

Africans today: how can one let go of one's past? How should historical debts be paid? And how can a person live an honourable life in a society that – for better or worse – they no longer recognise?

Portrait with Keys: The City of Johannesburg Unlocked

A lyrical series of portrait-style observations considers the city's dynamic, day-to-day transformations through descriptions of such subjects as the use of manholes as cupboards by the homeless, a public statue that is slowly dismantled for scrap, and the ways in which the post-apartheid period has prompted a growth in local security efforts. Original.

Homeland Elegies

A NEW YORK TIMES, WASHINGTON POST AND ECONOMIST BOOK OF THE YEAR 'I read it in a fever, swept up in the kind of rapture you fall into when your most audacious friend kicks off on a hilarious, outrageous, but deeply sincere rant' Torrey Peters, Guardian Books of the Summer 'A beautiful novel about an American son and his immigrant father that has echoes of THE GREAT GATSBY' New York Times A deeply personal novel of identity and belonging in a nation coming apart at the seams, HOMELAND ELEGIES blends fact and fiction to tell an epic story of belonging and dispossession in the world that 9/11 made. Part family drama, part satire, part picaresque, at its heart it is the story of a father and son, and the country they call home. Ranging from the heartland towns of America to palatial suites in Europe to guerrilla lookouts in the mountains of Afghanistan, Akhtar forges a narrative voice that is original as it is exuberantly entertaining. This is a world in which debt has ruined countless lives and the gods of finance rule, where immigrants live in fear and the unhealed wounds of 9/11 continue to wreak havoc. HOMELAND ELEGIES is a novel written in love and anger, which spares no one, least of all the author himself.

The Spirit of Cities

A lively and personal book that returns the city to political thought Cities shape the lives and outlooks of billions of people, yet they have been overshadowed in contemporary political thought by nation-states, identity groups, and concepts like justice and freedom. The Spirit of Cities revives the classical idea that a city expresses its own distinctive ethos or values. In the ancient world, Athens was synonymous with democracy and Sparta represented military discipline. In this original and engaging book, Daniel Bell and Avner de-Shalit explore how this classical idea can be applied to today's cities, and they explain why philosophy and the social sciences need to rediscover the spirit of cities. Bell and de-Shalit look at nine modern cities and the prevailing ethos that distinguishes each one. The cities are Jerusalem (religion), Montreal (language), Singapore (nation building), Hong Kong (materialism), Beijing (political power), Oxford (learning), Berlin (tolerance and intolerance), Paris (romance), and New York (ambition). Bell and de-Shalit draw upon the richly varied histories of each city, as well as novels, poems, biographies, tourist guides, architectural landmarks, and the authors' own personal reflections and insights. They show how the ethos of each city is expressed in political, cultural, and economic life, and also how pride in a city's ethos can oppose the homogenizing tendencies of globalization and curb the excesses of nationalism. The Spirit of Cities is unreservedly impressionistic. Combining strolling and storytelling with cutting-edge theory, the book encourages debate and opens up new avenues of inquiry in philosophy and the social sciences. It is a must-read for lovers of cities everywhere. In a new preface, Bell and de-Shalit further develop their idea of "civicism," the pride city dwellers feel for their city and its ethos over that of others.

Love and Longing in Bombay

Set in contemporary India, Love and Longing in Bombay confirms Vikram Chandra as one of today's most exciting young writers. In five haunting tales he paints a remarkable picture of Bombay - its ghosts, its passions, its feuds, its mysteries - while exploring timeless questions of the human spirit. 'When Midnight's Children first arrived on the scene, it became necessary to reevaluate stories from and about India. With Vikram Chandra's collection - his second book - it is time to take stock again . . . Breathtaking.' Observer

Family Matters

Nariman Vakeel is a seventy-nine-year-old Parsi widower beset by Parkinson's disease and haunted by memories of the past. He lives with his two middle-aged step-children. When Nariman's illness

is compounded by a broken ankle, he's forced to take up residence with his daughter Roxana, her husband Yezad and their two young sons. This new responsibility for Yezad, who is already besieged by financial worries, proves too much and pushes him into a scheme of deception - with devastating consequences. Wise and compassionate, *Family Matters* has all the richness, the gentle humour and the narrative sweep that have earned Rohinton Mistry the highest accolades. 'It is rare to discover a novel in which the characters are so well drawn that you feel wrapped up in their problems, rather than just privy to them.' *Independent on Sunday* 'A brilliant novel from one of India's finest living novelists.' *Observer*

Planet India

From the award-winning author of "Motiba's Tattoos" comes a lively exploration of America's stake in India's gambit to transform itself from a developing country to a global powerhouse in record time.

Sacred Games

An enormously satisfying, exciting and enriching book, Vikram Chandra's novel draws the reader deep into the lives of detective Sartaj Singh and Ganesh Gaitonde, the most wanted gangster in India. Sartaj, the only Sikh inspector in the whole of Mumbai, is used to being identified by his turban, beard and the sharp cut of his trousers. But 'the silky Sikh' is now past forty, his marriage is over and his career prospects are on the slide. When Sartaj gets an anonymous tip off as to the secret hideout of the legendary boss of the G-company, he's determined that he'll be the one to collect the prize. This is a sprawling, epic novel of friendships and betrayals, of terrible violence, of an astonishing modern city and its underworld. Drawing on the best of Victorian fiction, mystery novels, Bollywood movies and Vikram Chandra's years of first hand research on the streets of Mumbai, this novel reads like a potboiling page-turner but resonates with the intelligence and emotional depth of the best of literature.

Dreamers

A delectable collection of writing on food and its place in our lives that brings together some of the most significant Indian voices over the last century. From lavish meals, modern diets and cooking lessons that serve as a rite of passage to fake fasts and real ones, fish, feni, and fiery meals that smack of revenge, this book has something to satisfy every palate. Gandhi's guilt-ridden account of his failed flirtation with eating meat starkly complements Ruchir Joshi's toast to the senses as he describes his characters discovering a truly alternative use for some perfectly innocent shrikhand. In unique gastronomic takes on history, Salman Rushdie, Amitav Ghosh and Saadat Hasan Manto ensure that we will never look at chutney, a Tibetan momo or jelly in quite the same way again.

A Matter of Taste

Celebrated urban theorist Davis provides a global overview of the diverse religious, ethnic, and political movements competing for the souls of the new urban poor.

Planet of Slums

In *Hydraulic City* Nikhil Anand explores the politics of Mumbai's water infrastructure to demonstrate how citizenship emerges through the continuous efforts to control, maintain, and manage the city's water. Through extensive ethnographic fieldwork in Mumbai's settlements, Anand found that Mumbai's water flows, not through a static collection of pipes and valves, but through a dynamic infrastructure built on the relations between residents, plumbers, politicians, engineers, and the 3,000 miles of pipe that bind them. In addition to distributing water, the public water network often reinforces social identities and the exclusion of marginalized groups, as only those actively recognized by city agencies receive legitimate water services. This form of recognition—what Anand calls "hydraulic citizenship"—is incremental, intermittent, and reversible. It provides residents an important access point through which they can make demands on the state for other public services such as sanitation and education. Tying the ways Mumbai's poorer residents are seen by the state to their historic, political, and material relations with water pipes, the book highlights the critical role infrastructures play in consolidating civic and social belonging in the city.

Hydraulic City

"A literary thrill ride operated by complex and memorable characters . . . a plot worthy of Philip K. Dick, William Gibson, and Martin Cruz Smith." The murder of a friend. Conspiracy on a global scale. A near-future, dystopic world run by corporations, where nothing is as it seems and everything is part of something else. Technology and everyday life are inseparable, and information is a weapon that can save your life--or kill you. Exiled to a damp Southeast Asian republic, journalist True Ailey relentlessly searches the war-ravaged peninsula for the killers and the truth. Virtually True, by award-winning journalist Adam Penenberg, is a non-stop roller-coaster ride for the mind. Now boarding.

Virtually True

In twenty-first-century India, tradition is colliding with Western culture, a clash that touches the lives of everyday Indians from the wealthiest to the poorest. While ethnicity, class, and religion are influencing the nation's development, so too are pop culture and technology--an uneasy fusion whose impact is most evident in the institution of marriage. *Love and Marriage in Mumbai* introduces three couples whose relationships illuminate these sweeping cultural shifts in dramatic ways: Veer and Maya, a forward-thinking professional couple whose union is tested by Maya's desire for independence; Shahzad and Sabeena, whose desperation for a child becomes entwined with the changing face of Islam; and Ashok and Parvati, whose arranged marriage, made possible by an online matchmaker, blossoms into true love. Elizabeth Flock spent close to a decade getting to know these couples--listening to their stories and living in their homes, where she was privy to marital joy, inevitable frustration, dramatic upheaval, and whispered confessions and secrets. The result is a phenomenal feat of reportage that is both an enthralling portrait of a nation in the midst of transition and an unforgettable look at the universal mysteries of love and marriage that connect us all.

Love and Marriage in Mumbai

India is teeming with a young population that was born post-liberalisation, grew up with the internet, witnessed the advent of smartphones and social media, and is well-versed in the many dialects of a globalised pop culture. But when it comes to love and marriage, they're often disconcertingly expected to adhere to the orthodoxy of a bygone era. It's this conflict between the parallel paths of alleged tradition and mutinous modernity that drives journalist Mansi Choksi's *The Newlyweds*. Through vivid, lyrical prose, Choksi shines a light on three young couples who buck against patriarchy-approved arranged marriages in the pursuit of love, illustrating the challenges, triumphs and losses that await them. Zigzagging through India and its smorgasbord of cultures, each chock-full of its own unwritten commandments and sanctions, Choksi introduces our brave newlyweds. First, there's the lesbian couple forced to flee for a chance at a life together. Then there's the Hindu woman and Muslim man who escaped their families under the cover of night after being harassed by a violent militia group. Finally, there's the inter-caste couple doing everything to avoid the horrifying fate of a similar duo murdered for choosing to love. Engaging and moving, *The Newlyweds* raises universal questions such as what are we really willing to risk for love? If we're lucky enough to find it, does it change us? For the better? Or for the worse?

The Newlyweds

'City of Gold', 'Urbs Prima in Indis', 'Maximum City': no Indian metropolis has captivated the public imagination quite like Mumbai. The past decade has seen an explosion of historical writing on the city that was once Bombay. This book, featuring new essays by its finest historians, presents a rich sample of Bombay's palimpsestic pasts. It considers the making of urban communities and spaces, the workings of power and the nationalist makeover of the colonial city. In addressing these themes, the contributors to this volume engage critically with the scholarship of a distinguished historian of this frenetic metropolis. For over five decades, Jim Masselos has brought to life with skill and empathy Bombay's hidden histories. His books and essays have traversed an extraordinarily diverse range of subjects, from the actions of the city's elites to the struggles of its most humble denizens. His pioneering research has opened up new perspectives and inspired those who have followed in his wake. *Bombay Before Mumbai* is a fitting tribute to Masselos' enduring contribution to South Asian urban history.

Bombay Before Mumbai

The author describes how, after moving to New Jersey at the age of twelve, he returned to Calcutta to work for an English language newspaper, where he encountered a chaotic, living city unchanged by time.

The Epic City

This New York Times bestseller intimately depicts urban life in a gripping book that slips behind cold statistics and sensationalism to reveal the true sagas lurking behind the headlines of gangsta glamour. In her extraordinary bestseller, Adrian Nicole LeBlanc immerses readers in the intricacies of the ghetto, revealing the true sagas lurking behind the headlines of gangsta glamour, gold-drenched drug dealers, and street-corner society. Focusing on two romances—Jessica’s dizzying infatuation with a hugely successful young heroin dealer, Boy George, and Coco’s first love with Jessica’s little brother, Cesar—*Random Family* is the story of young people trying to outrun their destinies. Jessica and Boy George ride the wild adventure between riches and ruin, while Coco and Cesar stick closer to the street, all four caught in a precarious dance between survival and death. Friends get murdered; the DEA and FBI investigate Boy George; Cesar becomes a fugitive; Jessica and Coco endure homelessness, betrayal, the heartbreaking separation of prison, and, throughout it all, the insidious damage of poverty. Charting the tumultuous cycle of the generations—as girls become mothers, boys become criminals, and hope struggles against deprivation—LeBlanc slips behind the cold statistics and sensationalism and comes back with a riveting, haunting, and true story.

Random Family

This study was the first systematically to cover those cities beyond the core that most clearly can be considered world cities: Bangkok, Cairo, Hong Kong, Jakarta, Johannesburg, Mexico City, Moscow, Mumbai, Sao Paulo, Seoul, Shanghai, and Singapore. Fourteen leading authorities from diverse backgrounds bring their expertise to bear on these cities across four continents and consider the major regional and global roles they play in economic, political, and cultural life. Conveying how these cities have followed various pathways to their present position, they offer multiple perspectives on the interplay of internal and external forces and demonstrate that any comprehensive discussion of world cities has to engage a multiplicity of perspectives. With an introduction by Josef Gugler and an afterword from Saskia Sassen, this substantial volume makes a major contribution to the world cities literature and provides an important impetus for further analysis.

World Cities Beyond the West

“[A] sharply observed study . . . richly detailed portraits.”—Economist Somini Sengupta emigrated from Calcutta to California as a young child in 1975. Returning thirty years later as the bureau chief for The New York Times, she found a vastly different country: one defined as much by aspiration and possibility—at least by the illusion of possibility—as it is by the structures of sex and caste. *The End of Karma* is an exploration of this new India through the lens of young people from different worlds: a woman who becomes a Maoist rebel; a brother charged for the murder of his sister, who had married the “wrong” man; a woman who opposes her family and hopes to become a police officer. Driven by aspiration—and thwarted at every step by state and society—they are making new demands on India’s democracy for equality of opportunity, dignity for girls, and civil liberties. Sengupta spotlights these stories of ordinary men and women, weaving together a groundbreaking portrait of a country in turmoil.

The End of Karma: Hope and Fury Among India's Young

One team. One year. Everything to lose. When Rishabh Bala reaches the tenth standard, life takes a turn for the complicated. The bewildered boy feels the pressure of the looming board exams and finds himself hopelessly—and hormonally—in love. But what he yearns for most is victory on the field: at least one trophy with his beloved school football team. Set in the suburban Thane of 2006, here is a coming-of-age story that runs unique as it does familiar. Hopscotching from distracted classrooms and tired tutorials to triumphs and tragedies on muddy grounds, this is the journey of Rishabh and his friends from peak puberty to the cusp of manhood.

Red Card

"A publishing phenomenon" Sunday Times It took me a long time and most of the world to learn what I know about love and fate and the choices we make, but the heart of it came to me in an instant, while I was chained to a wall and being tortured. Shantaram is a novel based on the life of the author, Gregory David Roberts. In 1978 Roberts was sentenced to nineteen years imprisonment as punishment for a series of robberies of building-society branches, credit unions, and shops he had committed while addicted to heroin. In July 1980 he escaped from Victoria's maximum-security prison in broad daylight, thereby becoming one of Australia's most wanted men for what turned out to be the next ten years. For most of this period he lived in Bombay. He set up a free health clinic in the slums, acted in Bollywood movies, worked for the Bombay mafia as a forger, counterfeiter, and smuggler and, as a gun-runner, resupplied a unit of mujaheddin guerrilla fighters in Afghanistan. This is the setting of Shantaram. Apart from having this highly unusual personal background, Greg Roberts is a very gifted writer. His book is a blend of vivid dialogue, unforgettable characters, amazing adventures, and superb evocations of Indian life. It can be read as a vast, extended thriller, as well as a superbly written meditation on the nature of good and evil. It is a compelling tale of a hunted man who had lost everything - his home, his family, and his soul - and came to find his humanity while living at the wildest edge of experience. Gregory David Roberts retired from public life in 2014 to devote time to his family and new writing projects. The Mountain Shadow, sequel to Shantaram, is available now. PRAISE FOR SHANTARAM "A literary masterpiece ... at once erudite and intimate, reflective and funny ... it has the grit and pace of a thriller" Daily Telegraph "Powerful and original ... a remarkable achievement" Sunday Telegraph "Extraordinarily vivid ... a gigantic, jaw-dropping, grittily authentic saga" Daily Mail "At once a high-kicking, eye-gouging adventure, a love saga and a savage yet tenderly lyrical fugitive vision." Time Out Fans of Vikram Seth, John Irving and David Mitchell will love Shantaram.

Shantaram

'We were the usual: nine-to-fivers, investment-makers, mall-goers, office-trippers and city-slickers. We were life-going-to-seeders.' Living in a sunny barsati in south Delhi, Saurav Jha and Devapriya Roy are your average DINK couple, about to acquire a few EMIs and come of age in the modern consumerist world. Only, they don't. They junk the swivel chairs, gain a couple of backpacks and set out on a transformational journey across India. On a very, very tight budget: five hundred rupees a day for bed and board. And the Heat and Dust project begins. Joining the ranks of firang gap-year kids and Israelis fresh out of compulsory army service, they travel across a land in which five thousand years of Indian history seem to jostle side by side. It is, by turns, holy and hectic, thuggish and comic, amoral and endearing. In buses that hurtle through the darkness of the night and the heat of the day, across thousands of miles, in ever new places, the richness of this crowded palette spills over into their lives. From rooms by the hour to strange dinner invitations, from spectacular forts to raging tantrums, this is a youthful account of wanderlust and whimsy, of eccentric choices that unfold into the journey of a lifetime ... and a supreme test of marriage.

The Heat and Dust Project

A Pallava prince travels to Cambodia to be crowned king, carrying with him secrets that will be the cause of great wars many centuries later. A Buddhist monk in ancient China treks south to India, searching for the missing pieces of a puzzle that could make his emperor all-powerful. A Neolithic tribe fights to preserve their sacred knowledge, oblivious to the war drums on the Indo-China border. Meanwhile, far away in the temple town of Kanchipuram, a reclusive scientist deciphers ancient texts even as a team of secret agents shadows his every move. Caught in the storm is a young investigator with a complex past of her own, who must race against time to maintain the balance of power in the new world. Welcome back to the exciting and shadowy world of Ashwin Sanghi, where myth and history blend into edge-of-the-seat action.

The Vault of Vishnu

A Fine Balance, Rohinton Mistry's stunning internationally acclaimed bestseller, is set in mid-1970s India. It tells the story of four unlikely people whose lives come together during a time of political turmoil soon after the government declares a "State of Internal Emergency." Through days of bleakness and hope, their circumstances – and their fates – become inextricably linked in ways no one could have foreseen. Mistry's prose is alive with enduring images and a cast of unforgettable characters. Written with compassion, humour, and insight, A Fine Balance is a vivid, richly textured, and powerful novel written by one of the most gifted writers of our time.

A Fine Balance

Wait now, light me up so we do this right, yes, hold me steady to the lamp, hold it, hold, good, a slow pull to start with, to draw the smoke low into the lungs, yes, oh my...Shuklaji Street, in Old Bombay. In Rashid's opium room the air is thick with voices and ghosts: Hindu, Muslim, Christian. A young woman holds a long-stemmed pipe over a flame, her hair falling across her eyes. Men sprawl and mutter in the gloom. Here, they say you introduce only your worst enemy to opium. There is an underworld whisper of a new terror: the Pathar Maar, the stone killer, whose victims are the nameless, invisible poor. In the broken city, there are too many to count. Stretching across three decades, with an interlude in Mao's China, it portrays a city in collision with itself. With a cast of pimps, pushers, poets, gangsters and eunuchs, it is a journey into a sprawling underworld written in electric and utterly original prose.

Warsaw is one of the most dynamically developing cities in Europe, and its rich history has marked it as an epicenter of many modes of urbanism: Tzarist, modernist, socialist, and—in the past two decades—aggressively neoliberal. Focusing on Warsaw after 1990, this volume explores the interplay between Warsaw's past urban identities and the intense urban change of the '90s and '00s. Chasing Warsaw departs from the typical narratives of post-socialist cities in Eastern Europe by contextualizing Warsaw's unique transformation in terms of both global change and the shifting geographies of centrality and marginality in contemporary Poland.

"Sisters of Mokama is proof that faith and courage does move mountains."—Abraham Verghese, author of *Cutting for Stone* The never-before-told story of six intrepid Kentucky nuns, their journey to build a hospital in the poorest state in India, and the Indian nurses whose lives would never be the same New York Times editor Jyoti Thottam's mother was part of an extraordinary group of Indian women. Born in 1946, a time when few women dared to leave their house without the protection of a man, she left home by herself at just fifteen years old and traveled to Bihar—an impoverished and isolated state in northern India that had been one of the bloodiest regions of Partition—in order to train to be a nurse under the tutelage of the determined and resourceful Appalachian nuns who ran Nazareth Hospital. Like Thottam's mother's journey, the hospital was a radical undertaking: it was run almost entirely by women, who insisted on giving the highest possible standard of care to everyone who walked through its doors, regardless of caste or religion. Fascinated by her mother's story, Thottam set out to discover the full story of Nazareth Hospital, which had been established in 1947 by six nuns from Kentucky. With no knowledge of Hindi, and the awareness that they would likely never see their families again, the sisters had traveled to the small town of Mokama determined to live up to the pioneer spirit of their order, founded in the rough hills of the Kentucky frontier. A year later, they opened the doors of the hospital; soon they began taking in young Indian women as nursing students, offering them an opportunity that would change their lives. One of those women, of course, was Thottam's mother. In *Sisters of Mokama*, Thottam draws upon twenty years' worth of research to tell this inspiring story for the first time. She brings to life the hopes, struggles, and accomplishments of these ordinary women—both American and Indian—who succeeded against the odds during the tumult and trauma of the years after World War II and Partition. Pain and loss were everywhere for the women of that time, but the collapse of the old orders provided the women of Nazareth Hospital with an opening—a chance to create for themselves lives that would never have been possible otherwise.

Keepers of the Kalachakra

In an age of social media and reality television, reading and consumption habits in India now demand homegrown pulp fictions. Ulka Anjaria categorizes post-2000 Indian literature and popular culture as constituting "the contemporary," a movement defined by new and experimental forms—where high- and low-brow meet, and genres break down. *Reading India Now* studies the implications of this developing trend as both the right-wing resurges and marginalized voices find expression. Anjaria explores the fiction of Chetan Bhagat and Anuja Chauhan as well as Aamir Khan's television talk show, *Satyamev Jayate*, plus the work of documentarian Paromita Vohra, to argue how different kinds of texts are involved in imagining new political futures for an India in transition. Contemporary literature and popular culture in India might seem artless and capitalistic, but it is precisely its openness to the world outside that allows these new works to offer significant insight into the experiences and sensibilities of contemporary India.

Sisters of Mokama

The best thing happened to her . . . but in the worst way possible . . . Prisha Srivastav turned eighteen two months back. Hailing from Faridabad, she studies mass communication in Bengaluru. She meets a mysterious man, double her age, who goes by the name 'the mean monster' in the Bengaluru party circuit. Intrigued, she pursues him and falls for him. However, there's a problem. Prisha doesn't know he kills the one who loves him. Literally. From the master of twists, Novoneel Chakraborty, comes another beguiling tale of dark romance and thrill that won't let you put the book down till the last page.
