UNITED NATIONS (UN) Interview Questions & Answers

Q. Tell me about yourself and the qualities you can bring to the UN?

I first became aware of the great work carried out by the United Nations when I was younger, and being someone who feels passionately about the values and ethics you abide by the passion, skills and experiences I possess are a natural fit for this role.

Q. Why do you want to work for the United Nations?

I want to work for the United Nations simply because you are an organization who shares the same passion and beliefs that I have held for many years.

Q. Provide an example of when you experienced a setback at work?

When I first started work, I was part of a team whose responsibility it was to complete and deliver an important project for a client. We all worked really hard on the project for three months. However, when we came to deliver the project, the client refused to pay the Invoice because we had failed to deliver the exact specification on one particular element of the project.

Q. Tell me how you would explain something complex or difficult to someone who did not have the same level of knowledge as you?

Q. Describe a situation when you put the needs of a client or customer first? In my previous job I was speaking to a customer on the telephone who needed help understanding one of our products. The customer had limited technical ability, and so I decided to go the extra mile and help her fully understand the product.

Q. Explain to me how you organize and plan your workload?

organize and plan my work by following four specific steps. The first step (STEP 1) is to determine the tasks that need my attention. During STEP 2, I will prioritize and sequence my work. I decide which tasks are the most important, and then create a 'to do list' based on the order and priority of each task.

Q. Describe a situation you were in when you encouraged a team to be more proactive or positive? I really enjoy working as part of a team, and one particular situation comes to mind where I managed to motivate a team to get back on track to achieve our objectives.
