Ender's Game

"The classic of modern science fiction"--Front cover.

Ender's Game

There's a war coming. The same aliens who almost destroyed Earth once are coming back to get the whole job done this time. But we aren't going to just sit and die. The international military is taking our best and brightest to mold them into the finest military minds ever - and they're taking them young.

Ender's World

Experience the thrill of reading Ender's Game all over again Go deeper into the complexities of Orson Scott Card's classic novel with science fiction and fantasy writers, YA authors, military strategists, including: Ender prequel series coauthor Aaron Johnston on Ender and the evolution of the child hero Burn Notice creator Matt Nix on Ender's Game as a guide to life Hugo award-winning writer Mary Robinette Kowal on how Ender's Game gets away with breaking all the (literary) rules Retired US Air Force Colonel Tom Ruby on what the military could learn from Ender about leadership Bestselling YA author Neal Shusterman on the ambivalence toward survival that lies at the heart of Ender's story Plus pieces by: Hilari Bell John Brown Mette Ivie Harrison Janis Ian Alethea Kontis David Lubar and Alison S. Myers John F. Schmitt Ken Scholes Eric James Stone Also includes never-before-seen content from Orson Scott Card on the writing and evolution of the events in Ender's Game, from the design of Battle School to the mindset of the pilots who sacrificed themselves in humanity's fight against the formics

Ender's Game

'Delivers more than almost anything else within the science fiction genre, Ender's Game is a contemporary classic' - New York Times 'An affecting novel full of surprises.' - The New York Times Book Review on Ender's Game THE HUMAN RACE FACES ANNIHILATION An alien threat is on the horizon, ready to strike. And if humanity is to be defended, the government must create the greatest military commander in history. The brilliant young Ender Wiggin is their last hope. But first he must survive the rigours of a brutal military training program - to prove that he can be the leader of all leaders. A saviour for mankind must be produced, through whatever means possible. But are they creating a hero or a monster? Discover the bestselling, multiple award-winning classic - a groundbreaking tale of war, strategy and survival. Books by Orson Scott Card: Alvin Maker novels Seventh Son Red Prophet Prentice Alvin Alvin Journeyman Heartfire The Crystal City Ender Wiggin Saga Ender's Game Speaker

for the Dead Xenocide Children of the Mind Ender in Exile Homecoming The Memory of the Earth The Call of the Earth The Ships of the Earth Earthfall Earthborn First Formic War (with Aaron Johnston) Earth Unaware Earth Afire Earth Awakens

Ender's Game Ultimate Collection

Andrew "Ender" Wiggin is only 6 years old. His peers bully him, his parents are aloof, and his older brother is violently resentful of him. He might also be humanity's only hope. Ender is recruited to join the International Fleet's legion of child warriors in training, to report for duty in defense of the planet. Leaving behind the only person who ever understood him--his kind-hearted sister Valentine--he takes on the challenge of becoming a commander in Earth's defenses. His promise is high, and his teachers are sure he will rise to the test--that is, if Battle School doesn't kill him first. Ender struggles to find a place within his soul for tranquility, humanity and a connection with something greater than the brutal mechanics of war and strategy. But when he is thrust into Command School at a vastly accelerated pace, will he crack up on the road to becoming the hero that the human race so desperately needs? Sci-fi legend Orson Scott Card's Hugo and Nebula-Award winning classic is brought to vivid life by writer Christopher Yost (X-Force) and artist Pasqual Ferry (Ultimate Iron Man II). COLLECTING: ENDER'S GAME: BATTLE SCHOOL 1-5; ENDER'S GAME: COMMAND SCHOOL 1-5

Speaker for the Dead

A FALLEN HERO - HAUNTED BY HIS PAST, BUT CAN HE CHANGE THE FUTURE? Ender Wiggin was once considered a great military leader, a saviour for mankind. But now history judges his destruction of an alien race as monstrous rather than heroic. In the aftermath of the war, Ender disappeared, and a powerful voice arose: The Speaker for the Dead, who told the true story behind the battle with the aliens. Now, years later, a second alien race has been discovered. But again they are strange and frightening - and again, humans are dying. It is only the Speaker for the Dead, secretly Ender Wiggin, who has the courage to confront the mystery . . . and the truth.

Ender's Game

The Hugo and Nebula Award-winning classic is now available in an author's definitive edition. The alien Buggers threaten humanity with extinction, and Earth's ultimate savior may be one small boy. Andrew "Ender" Wiggins thinks he is only playing computer games, but he is really commanding Earth's last great fleet. Accelerated Reader: Reading Level 5.5, 16 Points. Copyright © Libri GmbH. All rights reserved.

Red Kayak

Brady loves life on the Chesapeake Bay with his friends J.T. and Digger. But developers and rich families are moving into the area, and while Brady befriends some of them, like the DiAngelos, his parents and friends are bitter about the changes. Tragedy strikes when the DiAngelos' kayak overturns in the bay, and Brady wonders if it was more than an accident. Soon, Brady discovers the terrible truth behind the kayak's sinking, and it will change the lives of those he loves forever. Priscilla Cummings deftly weaves a suspenseful tale of three teenagers caught in a wicked web of deception.

Ender's Game Boxed Set

Included in this Orson Scott Card ebook bundle: Ender's Game and Ender's Shadow Ender's Game Andrew "Ender" Wiggin thinks he is playing computer simulated war games, at Earth's elite military academy, the Battle School; he is, in fact, engaged in something far more desperate. Ender may be the military genius Earth desperately needs in a war against an inscrutable alien that seeks to destroy all human life. The only way to find out is to throw Ender into ever harsher training, to chip away and find the diamond inside, or destroy him utterly. Ender Wiggin is six years old when it begins. He will grow up fast. Ender's Game is an international bestseller, read and loved by generations. It has been named one of the top ten science fiction novels of all time. Ender's Shadow Andrew "Ender" Wiggin was not the only child in the Battle School; he was just the best of the best. In Ender's Shadow, Card tells the story of another of those precocious generals, the one they called Bean--the one who became Ender's right hand, part of his team, in the final battle against the Buggers. Bean's past was a battle just to survive. His success brought him to the attention of the Battle School's recruiters, those people scouring the planet for leaders, tacticians, and generals to save Earth from the threat of alien invasion.

Bean was sent into orbit, to the Battle School. And there he met Ender.... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Ender's Game Graphic Novel

Andrew "Ender" Wiggin is 6 years old, bullied, resented and alone. And he might be humanity's only hope. Ender is recruited to the International Fleet's child warriors in training, to fight in defense of the planet. His promise is high, and his teachers are sure he will rise to the test - if Battle School doesn't kill him first! As young Ender rises through the ranks, he struggles to find tranquility, humanity and a connection with something greater than the brutal mechanics of war and strategy. But when he is thrust into Command School at a vastly accelerated pace, will he crack up on the road to becoming the hero that the human race so desperately needs? Sci-fi legend Orson Scott Card's award-winning classic is brought to life! COLLECTING: Ender 's Game : Battle School 1-5, Ender's Game: Comm and School 1-5

Ender's Game

Based on the best-selling novel, Ender's Game tells the thrilling story of the fight to save the world from a devastating future. Now, in this official companion volume, the behind-the-scenes world of the film is brought into stunning focus. Following an attack by an alien race known as the Formics—narrowly countered thanks only to the efforts of legendary war hero Mazer Rackham (Ben Kingsley)—Earth has been preparing itself for the next wave in the conflict. The fate of humanity lies in finding the next Mazer from a crop of the brightest young minds on the planet. Under the watchful eye of the International Fleet, the venerated Colonel Hyrum Graff (Harrison Ford) has been tasked with overseeing their training. Before long, a standout emerges among them: Ender Wiggin (Asa Butterfield), a shy but prodigiously talented misfit. His potential discovered, Ender is promoted to Command School, where he will soon find the war with the Formics to be more complex than he could have ever imagined. Packed with in-depth interviews, removable posters and army badges, stunning concept art, unparalleled access to the visual effects archives at Digital Domain, and countless full-color images, this insightful insider's view of the making of Ender's Game will bring fans closer into the world of the movie, following cast and crew as it is brought to dazzling life. Also featuring Hailee Steinfeld (True Grit) as Petra Arkanian, Viola Davis (The Help) as Major Gwen Anderson, and Abigail Breslin (Little Miss Sunshine) as Ender's brilliant older sister, Valentine.

Shadows in Flight

Ender's Shadow explores the stars in this all-new novel... At the end of Shadow of the Giant, Bean flees to the stars with three of his children--the three who share the engineered genes that gave him both hyper-intelligence and a short, cruel physical life. The time dilation granted by the speed of their travel gives Earth's scientists generations to seek a cure, to no avail. In time, they are forgotten--a fading ansible signal speaking of events lost to Earth's history. But the Delphikis are about to make a discovery that will let them save themselves, and perhaps all of humanity in days to come. For there in space before them lies a derelict Formic colony ship. Aboard it, they will find both death and wonders--the life support that is failing on their own ship, room to grow, and labs in which to explore their own genetic anomaly and the mysterious disease that killed the ship's colony. Shadows in Flight is the fifth novel in Orson Scott Card's Shadow Series. THE ENDER UNIVERSE Ender series Ender's Game / Speaker for the Dead / Xenocide / Children of the Mind / Ender in Exile / Children of the Fleet Ender's Shadow series Ender's Shadow / Shadow of the Hegemon / Shadow Puppets / Shadow of the Giant / Shadows in Flight The First Formic War (with Aaron Johnston) Earth Unaware / Earth Afire / Earth Awakens The Second Formic War (with Aaron Johnston) The Swarm / The Hive Ender novellas A War of Gifts / First Meetings At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Ender's Shadow

The companion series to New York Times bestseller Orson Scott Card's award-winning novel Ender's Game! With time running out for the human race, Bean is assigned to Dragon army under the command of the legendary Ender Wiggin. But their relationship is a bruising clash of egos and agendas from the start - and it only gets worse when Dragon face their first battle. Collects Ender's Shadow: Command School #1-5

Ender's Game

From New York Times bestselling author Orson Scott Card, *Ender's Game*—adapted to film in 2013 starring Asa Butterfield and Harrison Ford—is the classic Hugo and Nebula award-winning science fiction novel of a young boy's recruitment into the midst of an interstellar war. In order to develop a secure defense against a hostile alien race's next attack, government agencies breed child geniuses and train them as soldiers. A brilliant young boy, Andrew "Ender" Wiggin lives with his kind but distant parents, his sadistic brother Peter, and the person he loves more than anyone else, his sister Valentine. Peter and Valentine were candidates for the soldier-training program but didn't make the cut—young Ender is the Wiggin drafted to the orbiting Battle School for rigorous military training. Ender's skills make him a leader in school and respected in the Battle Room, where children play at mock battles in zero gravity. Yet growing up in an artificial community of young soldiers Ender suffers greatly from isolation, rivalry from his peers, pressure from the adult teachers, and an unsettling fear of the alien invaders. His psychological battles include loneliness, fear that he is becoming like the cruel brother he remembers, and fanning the flames of devotion to his beloved sister. Is Ender the general Earth needs? But Ender is not the only result of the genetic experiments. The war with the Buggers has been raging for a hundred years, and the quest for the perfect general has been underway for almost as long. Ender's two older siblings are every bit as unusual as he is, but in very different ways. Between the three of them lie the abilities to remake a world. If, that is, the world survives. Orson Scott Card's *Ender's Game* is the winner of the 1985 Nebula Award for Best Novel and the 1986 Hugo Award for Best Novel. THE ENDER UNIVERSE *Ender's Game* / *Ender in Exile* / *Speaker for the Dead* / *Xenocide* / *Children of the Mind* Ender's Shadow series *Ender's Shadow* / *Shadow of the Hegemon* / *Shadow Puppets* / *Shadow of the Giant* / *Shadows in Flight* *Children of the Fleet* *The First Formic War* (with Aaron Johnston) *Earth Unaware* / *Earth Afire* / *Earth Awakens* *The Second Formic War* (with Aaron Johnston) *The Swarm* / *The Hive* Ender novellas *A War of Gifts* / *First Meetings*

Parrot in the Oven

Perico, or parrot, was what Dad called me sometimes. It was from a Mexican saying about a parrot that complains how hot it is in the shade, while all along he's sitting inside an oven and doesn't know it.... For Manuel Hernandez, the year leading up to his test of courage, his initiation into a gang, is a time filled with the pain and tension, awkwardness and excitement of growing up in a crazy world. His dad spends most of his time and money at the local pool hall; his brother flips through jobs like a thumb through a deck of cards; and his mom never stops cleaning the house, as though one day the rooms will be so spotless they'll disappear into a sparkle, and she'll be free. Manny's dad is always saying that people are like money--there are million- and thousand- and hundred-dollar people out there, and to him, Manny is just a penny. But Manny wants to be more than a penny, smarter than the parrot in the oven. He wants to find out what it means to be a vato firme, a guy to respect. In this beautifully written novel, Victor Martinez gives readers a vivid portrait of one Mexican-American boy's life. Manny's story is like a full-color home movie--sometimes funny, sometimes sad, but always intensely original. For Manuel Hernandez, the year leading up to his test of courage, his initiation into a gang, is a time filled with the pain and tension, awkwardness and excitement of growing up in a mixed-up, crazy world. Manny's dad is always calling him el perico, or parrot. It's from a Mexican saying about a parrot that complains how hot it is in the shade while all along he's sitting inside the oven and doesn't know it. But Manny wants to be smarter than the parrot in the oven—he wants to find out what it means to be a vato firme, a guy to respect. From an exciting new voice in Chicano literature, this is a beautifully written, vivid portrait of one Mexican-American boy's life. 1998 Pura Belpré Author Award 1996 Americas Award for Children's and Young Adult Literature 1997 Books for the Teen Age (NY Public Library) 1996 National Book Award for Young People's Literature

Songmaster

A haunting story of power and love--a tale of the man who would destroy everything he loves to preserve humanity's peace, and the boy who might just sing the world away.

Earth Afire

One hundred years before *Ender's Game*, the aliens arrived on Earth with fire and death. This is the story of the First Formic War. Victor Delgado beat the alien ship to Earth, but just barely. Not soon enough to convince skeptical governments that there was a threat. They didn't believe that until space stations and ships and colonies went up in sudden flame. And when that happened, only Mazer

Rackham and the Mobile Operations Police could move fast enough to meet the threat. Fans of Ender's Game will thrill to Orson Scott Card and Aaron Johnston's Earth Afire. THE ENDER UNIVERSE Ender series Ender's Game / Speaker for the Dead / Xenocide / Children of the Mind / Ender in Exile / Children of the Fleet Ender's Shadow series Ender's Shadow / Shadow of the Hegemon / Shadow Puppets / Shadow of the Giant / Shadows in Flight The First Formic War (with Aaron Johnston) Earth Unaware / Earth Afire / Earth Awakens The Second Formic War (with Aaron Johnston) The Swarm / The Hive Ender novellas A War of Gifts / First Meetings At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Pigman

One of the best-selling young adult books of all time, written by Pulitzer Prize-winning author Paul Zindel. John Conlan is nicknamed "The Bathroom Bomber" after setting off firecrackers in the boys' bathroom 23 times without ever getting caught. John and his best friend, Lorraine, can never please their parents, and school is a chore. To pass the time, they play pranks on unsuspecting people and it's during one of these pranks that they meet the "Pigman." In spite of themselves, John and Lorraine soon get caught up in Mr. Pignati's zest for life. In fact, they become so involved that they begin to destroy the only corner of the world that has ever mattered to them. Can they stop before it's too late?

The Shadow Saga Omnibus

The series which tells the story of Ender's Game from a new angle Twice an alien race has attacked mankind, and twice we have only barely survived. Now, the International Fleet is training exceptional children to command in the next war and defend against the threat of total destruction. The next candidate picked for the rigorous Battle School will be Bean, an orphaned runt surviving on the mean streets of Rotterdam. Displaying staggering tactical genius, Bean will soon become right-hand man to the legendary 'Ender' Wiggin. Together they will lead mankind into its final battle - and change the world in ways no one could have predicted. Intended as a parallel series to the compelling Ender Saga, this omnibus edition of The Shadow Saga also stands on its own as a shining example of the best the science fiction genre has to offer. This omnibus edition contains: ENDER'S SHADOW, SHADOW OF THE HEGEMON, SHADOW PUPPETS and SHADOW OF THE GIANT.

Applied Practice for Educators of Gifted and Able Learners

This book is a comprehensive study and guide for the classroom teacher, the gifted program co-ordinator, and the graduate student, who are challenged daily to provide for individual children who differ markedly but come under the umbrella of giftedness. It serves as a wellspring that derives from theory while it offers practical application of theoretical construct in a wide variety of international settings from leaders in the field who demonstrate implementation of proven and field-tested techniques and alternative scenarios to accommodate every classroom situation. Contributors are internationally recognized experts who have come together to provide a sound, reliable source for teachers of the gifted that will be utilized time and time again by practitioners and researchers alike. Among internationally renowned scholars are: Joyce Van Tassel-Baska, Susan Johnsen, June Maker, Belle Wallace, Linda Kreger-Silverman, Dorothy Sisk, Gillian Eriksson, Miraca Gross, Gilbert Clark, Enid Zimmerman, and Rachel McAnallen. Hava E. Vidergor Ph.D. is lecturer of innovative pedagogy and curriculum design at Gordon Academic College and Arab Academic College of Education and holds a Ph.D. in Learning, Instruction and Teacher Education with specialization in Gifted Education from the University of Haifa, Israel. Carole Ruth Harris, Ed.D., formerly Director of G.A.T.E.S. Research & Evaluation, is a consultant in education of the gifted in Central Florida who holds the doctorate from Columbia University where she studied with A. Harry Passow and A.J. Tannenbaum. She has served as Associate in International Education at Harvard University, Research Associate at Teachers College Columbia University, lecturer at University of Massachusetts, Lowell and University of Hawaii, Principal Investigator at Research Corporation of the University of Hawaii, and Director of the Center for the Gifted in Ebeye, Marshall Islands.

Wakers

From the New York Times bestselling author of Enders Game comes a brand-new series following a teen who wakes up on an abandoned Earth to discover that he's a clone. Laz is a side-stepper: a teen with the incredible power to jump his consciousness to alternate versions of himself in parallel worlds. All his life, there was no mistake that a little side-stepping couldn't fix. Until Laz wakes up one day in

a cloning facility on a seemingly abandoned Earth. Laz finds himself surrounded by hundreds of other clones, all dead, and quickly realizes that he too must be a clone of his original self. Laz has no idea what happened to the world he remembers as vibrant and bustling only yesterday, and he struggles to survive in the barren wasteland he's now trapped in. But the question that haunts him isn't why was he created, but instead, who woke him up...and why? There's only a single bright spot in Laz's new life: one other clone appears to still be alive, although she remains asleep. Deep down, Laz believes that this girl holds the key to the mysteries plaguing him, but if he wakes her up, she'll be trapped in this hellscape with him. This is one problem that Laz can't just side-step his way out of.

60 Positive Activities for Every Classroom

Want to make your students more focused, resilient, and motivated? Looking to reduce their stress and frustration and the accompanying negative impacts on learning? 60 Positive Activities for Every Classroom does that by providing opportunities to bring positivity into your class. This student workbook contains 60 no-prep, 10-minute activities that are adaptable to fit any classroom schedule. Each page contains a short, beautifully illustrated prompt that focuses on the positive side of life. Students will be setting goals, making wishes, thinking about a time someone helped them, and sharing ways to make them laugh. These make great brain breaks or fun warmers to keep the class mood up and stress levels low. The activities are also wonderful discussion or writing prompts. Have students keep their books handy and use them to break the ice in a new class, introduce the theme of a new unit, or do some prewriting for a longer composition. Assign a different activity every week as a regular do-now or a fast-finisher activity. And once they've filled it the whole workbook, students can keep the book around and use it as a source of inspiration. It can even be a kind of diary or journal for students to record their day. Increase happiness, improve learning, and motivate students with 60 Positive Activities for Every Classroom.

The Devil's Arithmetic (Puffin Modern Classics)

30th Anniversary edition with a new introduction from the author Hannah is tired of holiday gatherings all her family ever talks about is the past. In fact, it seems to her that's what they do every Jewish holiday. But this year's Passover Seder will be different Hannah will be mysteriously transported into the past . . . and only she knows the unspeakable horrors that await. Winner of the National Jewish Book Award "A triumphantly moving book." --Kirkus Reviews, starred review

The Tickle Fingers Toddler Cookbook

A practical, hands-on cookery book that makes it as easy as possible for parents, grandparents and carers to have fun cooking with a toddler aged 1 to 4 years old. Everything in Tickle Fingers is completely toddler appropriate with minimal need for adult intervention – no hobs, no sharp knives, and no raw meat – and has been carefully selected to emphasise all the activities toddlers love to do: squishing, sorting, mixing and pouring. With 60 step-by-step recipes for all the family to enjoy, special sections on allergies and fussy eating, and lots of ideas on how to tackle common challenges, The Tickle Fingers Toddler Cookbook is full of simple yet delicious food that every toddler will be proud to (almost) make on their own.

Genius

Trust no one. Every camera is an eye. Every microphone an ear. Find me and we can stop him together. The Game: Get ready for Zero Hour as 200 geniuses from around the world go head to head in a competition hand-devised by India's youngest CEO and visionary. The Players: Rex- One of the best programmers/hackers in the world, this 16-year-old Mexican-American is determined to find his missing brother. Tunde-This 14-year-old self-taught engineering genius has drawn the attention of a ruthless military warlord by single-handedly bringing electricity and internet to his small Nigerian village. Painted Wolf-One of China's most respected activist bloggers, this mysterious 16-year-old is being pulled into the spotlight by her father's new deal with a corrupt Chinese official. The Stakes: Are higher than you can imagine. Like life and death. Welcome to the revolution. And get ready to run.

First Meetings

In July 1977, "Ender's Game" appeared as a novelette in "Analog" magazine. The science fiction community immediately embraced it, nominating it for a Hugo award. Twenty-five years later, "First Meetings" celebrates "Ender's Game" by re-releasing that original short story along with three others.

Ender's Game

Earth has twice been attacked by aliens, and has launched an invasion fleet of its own. Young Andrew "Ender" Wiggin is the result of a genetic experiment whose skill at computer war games may be the genius that is needed to save Earth.

Unit Plan for Ender's Game

This is a combined literature and grammar unit that contains everything you need to teach the novel and more! Included in the unit are pre-reading, active-reading and post-reading activities with grammar lessons, literary activities, a literary terms matching quiz, a final essay test with grading rubric, and other activities just for fun!

Ender In Exile

'The novels of Orson Scott Card's Ender series are an intriguing combination of action, military and political strategy, elaborate war games and psychology.' - USA TODAY 'Hugo and Nebula-award winner Orson Scott Card demonstrates again that he belongs in the company of such older masters of science fiction as Isaac Asimov, Frank Herbert and Ursula K. Le Guin.' - Magill Book Reviews At first, Ender believed that they would bring him back to Earth as soon as things quieted down. But things were quiet now, had been quiet for a year, and it was plain to him now that they would not bring him back at all, that he was much more useful as a name and a story than he would ever be as an inconveniently flesh-and-blood person. At the close of ENDER'S GAME, Andrew Wiggin - called Ender by everyone - knows that he cannot live on Earth. He has become far more than just a boy who won a game: he is the Saviour of Earth, a hero, a military genius whose allegiance is sought by every nation of the newly shattered Earth Hegemony. He is offered the choice of living under the Hegemon's control, a pawn in his brother Peter's political games. Or he can join the colony ships and go out to settle one of the new worlds won in the war. The story of those years on the colony worlds has never been told . . . until now. The direct sequel to the Hugo and Nebula Award-winning bestseller, ENDER'S GAME. Books by Orson Scott Card: Alvin Maker novels Seventh Son Red Prophet Prentice Alvin Alvin Journeyman Heartfire The Crystal City Ender Wiggin Saga Ender's Game Speaker for the Dead Xenocide Children of the Mind Ender in Exile Homecoming The Memory of the Earth The Call of the Earth The Ships of the Earth Earthfall Earthborn First Formic War (with Aaron Johnston) Earth Unaware Earth Afire Earth Awakens

The Last Shadow

"At the close of Ender's Game, Andrew Wiggin - called Ender by everyone - knows that he cannot live on Earth. He has become far more than just a boy who won a game: He is the Savior of Earth, a hero, a military genius whose allegiance is sought by every nation of the newly shattered Earth Hegemony." "He is offered the choice of living under the Hegemon's control, a pawn in his brother Peter's political games. Or he can join the colony ships and go out to settle one of the new worlds won in the war." "The story of those years on the colony worlds has never been told ... until now." "Ender was twelve when he chose to leave his home world and begin the long relativistic journey out to the colonies. With him went his sister, Valentine, and the core of the artificial intelligence that would become Jane. He wrote The Hive Queen and The Hegemon, and his sister wrote The Speaker for the Dead." "He served as governor of his first colony world, but now Ender is on the move, looking for a planet where the hive queens might be reestablished. What he finds in the Ganges colony is more than he bargained for - a resentful governor who caused a devastating war on Earth and a brilliant young colonist who is out to destroy him, starting with his reputation and ending, perhaps, with his life."--BOOK JACKET.

Enders

With the Prime Destinations body bank destroyed, Callie no longer has to rent herself out to creepy Enders. But Enders can still get inside her mind and make her do things she doesn't want to do. Like hurt someone she loves. Having the chip removed could save Callie's life - but it could also silence the voice in her head that might belong to her father. Callie has flashes of her ex-renter

Helena's memories, too . . . and the Old Man is back, filling her with fear. Who is real and who is masquerading in a teen body? The thrilling sequel to Starters.

How to Write Science Fiction & Fantasy

Defines both genres, tells how to write a successful story, and where to find markets to get published.

Treason

Hýdi Kaddour's poetry arises from observation, from situations both ordinary and emblematic—of contemporary life, of human stubbornness, human invention, or human cruelty. With *Treason*, the award-winning poet and translator Marilyn Hacker presents an English-speaking audience with the first selected volume of his work. The poetries of several languages and literary traditions are lively and constant presences in the work of Hýdi Kaddour, a Parisian as well as a Germanist and an Arabist. A walker's, a watcher's, and a listener's poems, his sonnet-shaped vignettes often include a line or two of dialogue that turns his observations and each poem itself into a kind of miniature theater piece. Favoring compact, classical models over long verse forms, Kaddour questions the structures of syntax and the limits of poetic form, combining elements of both international modernism and postmodernism with great sophistication. Capturing Kaddour's full range of diction, as well as his speed, momentum, and tone, Marilyn Hacker's translations brilliantly bring these poems alive.

I'm Not OK, You're Not OK (Fill-In Book)

An activity book that offers laughs for days when you are anxious, depressed, or feeling down *I'm Not OK, You're Not OK* is an activity book for days when you feel anxious, depressed, or insecure. Conceived by an author and illustrator who have come to rely on laughter and other drugs to cope with their mental health issues, this book is like being with a hilarious friend who has no good advice but totally gets what you are going through. Use a bingo board to track signs that things may be off. Consult a list of conversation enders and excuses for staying home when social anxiety creeps in, and track the number of times you've canceled plans with a handy punch card. *I'm Not OK, You're Not OK* is brightly illustrated throughout but unafraid of the dark side. We've all been there, and that's OK.

Shadow Of The Hegemon

'The characterizations are first class, and the fast-paced action features one hair-raising episode after another....*Shadow of the Hegemon* is so nicely integrated into the rest of the Ender canon that readers will be completely enthralled.' - Booklist '*Shadow of the Hegemon* is an ideal book with which to start your science fiction year.' - Rocky Mountain News Orson Scott Card's award-winning Ender series is a genuine classic of science fiction. With *ENDER'S SHADOW*, the first book in the Shadow Saga, he took the series into fascinating new territory. For Ender Wiggin was not the only young recruit to be trained at Battle School. Ender Wiggin and his fellow pupils at Battle School have defeated the alien forces in an extraordinary military operation. Ender's destiny among the stars awaits him, but for his young army it is time to return to earth. One by one, however, they are disappearing. Earth faces a new danger, only this time the enemy is much closer to home. The second book in the new Ender series by bestselling author Orson Scott Card. Books by Orson Scott Card: *Alvin Maker* novels *Seventh Son* *Red Prophet* *Prentice Alvin* *Alvin Journeyman* *Heartfire* *The Crystal City* *Ender Wiggin Saga* *Ender's Game* *Speaker for the Dead* *Xenocide* *Children of the Mind* *Ender in Exile* *Homecoming* *The Memory of the Earth* *The Call of the Earth* *The Ships of the Earth* *Earthfall* *Earthborn* *First Formic War* (with Aaron Johnston) *Earth Unaware* *Earth Afire* *Earth Awakens*

Whiplash

Abducted in the dead of night by a mountainous thug and a ginger-haired dwarf, eighteen-year-old Jack Flint is taken to an underground bunker where he and a group of other teens are forced to fight an implacable enemy in dream world rife with danger.

Xenocide

The war for survival of the planet Lusitania will be fought in the heart of a child named Gloriously Bright. On Lusitania, Ender found a world where humans and pequininos and the Hive Queen could all live together; where three very different intelligent species could find common ground at last. Or so he thought. Lusitania also harbors the descolada, a virus that kills all humans it infects, but which

the pequininos require in order to become adults. The Starways Congress so fears the effects of the descolada, should it escape from Lusitania, that they have ordered the destruction of the entire planet, and all who live there. The Fleet is on its way, a second xenocide seems inevitable. Xenocide is the third novel in Orson Scott Card's The Ender Saga. THE ENDER UNIVERSE Ender series Ender's Game / Ender in Exile / Speaker for the Dead / Xenocide / Children of the Mind Ender's Shadow series Ender's Shadow / Shadow of the Hegemon / Shadow Puppets / Shadow of the Giant / Shadows in Flight Children of the Fleet The First Formic War (with Aaron Johnston) Earth Unaware / Earth Afire / Earth Awakens The Second Formic War (with Aaron Johnston) The Swarm /The Hive Ender novellas A War of Gifts /First Meetings At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Sword in the Tree

Best-selling author Clyde Robert Bulla's classic, finely-crafted Arthurian tale with its sword fights, dark and dangerous dungeon, roguish knaves, action-packed showdowns and tales of dangerous feats, will appeal to emerging readers who are ready for chapter books and reluctant tween readers alike. In the days of King Arthur there stood a mighty oak tree within the walls of a castle. Peace reigned in the castle until the fearsome night when Lionel, long-lost brother of Lord Weldon, returned to cause trouble and unhappiness. It was then that Shan, the son of Lord Weldon, took on the duties of a knight and hid the sword in the hollow of the giant oak. The days that followed were filled with adventures that tried the courage of the young boy. Shan was surprised by bearded robbers in the woods. He met noble knights in plumed helmets, and eventually he even made a trip to high-towered Camelot. His story is filled with the pageantry and color of England in King Arthur's time. It creates a vivid picture of the Knights of the Round Table and the wisdom of King Arthur himself.

Insignia

What if playing computer games could save the world...and the Government's secret weapon was you? Tom Raines is suddenly recruited into the US Army to train as a virtual reality Combatant to see if he is good enough to help fight World War Three. Equipped with a new computer chip in his brain, it looks as if Tom might actually become somebody. But what happens when you start to question the rules? In this first part of a fast-paced, futuristic trilogy, S. J. Kincaid asks significant questions concerning the use of technology and the value of life. 20th Century Fox have pre-emptively bought the film rights for the first book in the series.

The Ranger's Apprentice Collection (3 Books)

When fifteen-year-old Will is rejected by battleschool, he becomes the reluctant apprentice to the mysterious Ranger Halt, and winds up protecting the kingdom from danger.

How PBL Taps Into the Science of Learning and Development - How PBL Taps Into the Science of Learning and Development by Edutopia 46,512 views 2 years ago 5 minutes, 9 seconds - A growing body of research shows that project-based learning can have a positive impact on achievement and engagement.

what makes project-based learning WORK?

DR. LINDA DARLING-HAMMOND President and CEO The Learning Policy Institute

WHAT WE KNOW: Curiosity wakes up the brain.

Project-based learning is BUILT ON INQUIRY

WHAT WE KNOW: Relationships are core to learning.

Project-based learning requires DEEP COLLABORATION.

WHAT WE KNOW: Development varies greatly among students.

WHAT WE KNOW: Memorizing information does not always lead to retention.

Project-based learning provides OPPORTUNITIES TO APPLY KNOWLEDGE.
