Death of God

The Paradox of Time

All Right I Have Three Remarks to this Extraordinarily Stimulating Presentation and Their Remarks but I Think It's Important like Just a Lot Not Just with Late Culture but with a Sense of an Ending or with the End Now Have Two Different Senses of an End You Can Have the End as Talos Then Have

the End without Tales You Know I Can Be 89 Years Old and Think I'M Probably GonNa Die at some Point and Not because I Think There's a Great Triumph or a Sudden Ending or Anything Just One More Purposeless Existence Coming to an End and I Think that One of the Interesting Things Would Be To See When

And Of Course We Do some of both but It's It's a Question because in History What Happens Is that We'Re Constantly Assigning the Past to an Irrelevant Period for Instance Germans after World War Two You Everything That Happened before the Student Role Has Been Happening Somebody Else or Israelis Bill the Mandatory Period That's the Year You Know the Mandatory Period as a Period That Belongs to Prehistory because It's Really at the End Obviously Begins on the 14th of May so It's a Sort of Interesting Question To Think about What Do You Do with a Memory with a Historical Memory of a Face It Is no Luck that You Choose To Regard No Longer It's So Relevant

It's a Sort of Interesting Question To Think about What Do You Do with a Memory with a Historical Memory of a Face It Is no Luck that You Choose To Regard No Longer It's So Relevant in Other Words and What Is It What It Means To Remember the Past because Again You Know We Would Like To Think that We Have Souls and after Our Death I'LI Remember All the Events of My Life I Don't Know What Emotional Attitude I'LI Have To All this

And the Cost of Western Culture in that Sense if You Create the Sense of Its Being Embattled Would Be as Being at Its End Diminishes of Crisis of Humanism Then of Course What You'Re Doing and Doing that Is You'Re Also Creating a Great Sense of Pathos Urgency and Meaning for It So this Is a Way of Saying that You Particular Second Question about Being after How We Were after You Became to the Metaphysical Talk about Your Soul or Thinking and You Were Saying after Our Death as It Were Theoretically Look Back On and that of Course Is a Sight I Mean One Has To Say Is that's a Different Sense of Lateness

I Could Provide a Set of Random Thoughts in Response Response Really to both Questions at this Point Thank You Very Much to both of You Very Very Interesting Questions I Think To Work Backwards the Advancement the Modern from the Social Sciences Advanced Modernity I Mean I Think that Adjective Is Very Interesting for Several Reasons Partly because as I've Tried To Suggest the Whole Idea of Modernity as Late or Even as Late Style Late Is Very Often a Code for High High Culture Good Late As Great Late Start as Great Style and Therefore Advani Setting Zones Therefore if You Take High Culture as the Kind of Ascetic Variation of What You'Re Calling Advanced Modernity Kevin R. Types of Questions

Nature is the view that behaviour is the product of innate biological or genetic factors.

Nature is the view that behaviour is the product of innate biological or genetic factors, and nurture is the view that behaviour is the product

PLAN

Research examining neural plasticity in the topic biopsychology surpests that life experiences nurture shape our biology (nature). For example, Maguire et al. (2000) investigated the hippocampi volume

of London taxi drivers brains. She found that this region of the brain was larger in taxi drivers in comparison to non taxi drivers.

The origins of the nature-nurture debate

Genetics and the eugenics movement

The introduction of development in Biology, and the nurture side

Are environmental effects always mediated by genetics?

Is it easier to identify genetic factors than environmental ones?

The trouble with the complexity of genetics, and pleiotropic effects

Are there any situations where the environment is the single cause?

Gene-environment correlations, and people creating their own environments

How to correctly frame the nature-nurture debate

The ethical dangers of focusing too much on nature

Sometimes, social justice is made on the basis of the innateness of certain traits

Also, the dangers of extreme environmentalism

On eliminating "negative" traits, and human enhancement
