Love Like Yours (The Romance Chronicles—Book #5)

“LOVE LIKE THIS creates a world of emotions and turmoil, describing superbly the mind of a young lady (Keira) and her struggles to balance her social life and her career. Sophie Love is a natural storyteller. LOVE LIKE THIS is very well written and edited, and I highly recommend it to the permanent library of all readers that appreciate a romance that can be savored during a weekend.” --Books and Movie Reviews (Roberto Mattos) LOVE LIKE YOURS (The Romance Chronicles—Book #5) is book #5 in a new, sweet romance series by #1 bestselling author Sophie Love. The series begins with LOVE LIKE THIS (Book #1), a free download! Keira Swanson, 28, finds herself spending a magical Christmas with new her new boyfriend and his family in Sweden. How will their relationship end? Keira returns to New York to discover, to her shock, that she has started a new trend in dating that is sweeping across the country—“Scandinavian romance”—and to find herself becoming a celebrity. Even more confusing, her sister gets engaged, and gives Keira constant advice. Overwhelmed, Keira takes solace when Christiano calls, and surprises herself when she agrees to take a week off and meet him on neutral ground: in Greece. Her magazine is thrilled, and they want this to be her new assignment: can love work the second time around, in a different time and place, if you give it one more chance? Greece is spectacular, filled with sun, ocean, ruins and romance. It is one of the most beautiful places she has ever been. But nothing can prepare Keira for her encounter with Cristiano—and the surprise that follows on its heels. A wholesome romantic comedy that is as profound as it is funny, LOVE LIKE YOURS is book #5 in a dazzling new romance series that will make you laugh, cry, and will keep you turning pages late into the night—and will make you fall in love with romance all over again. Book #6 will be published soon! “Sophie Love’s ability to impart magic to her readers is exquisitely wrought in powerfully evocative phrases and descriptions....[This is] the perfect romance or beach read, with a difference: its enthusiasm and beautiful descriptions offer an unexpected attention to the complexity of not just evolving love, but evolving psyches. It’s a delightful recommendation for romance readers looking for a touch more complexity from their romance reads.” --Midwest Book Review (Diane Donovan re: For Now and Forever)

In this "emotional and heartfelt" (Mia Sheridan) debut, childhood sweethearts have a second chance at true love--but can they overcome the past that tore them apart? I've been a fighter all my life, even before I made it my career. As a kid in the foster system, I didn't have any other choice. But I've never fought for something--for someone--as hard as I fought for Lucy. I was her protector, her hero--and she was my everything. From the day we met, she made our grim days in Atlanta's notorious Brighton Park fade away--leaving only us. But we broke each other's hearts, and we did a damn good job of it. A decade has passed since I last saw her, but not a day goes by that I don't think of her clear blue eyes or easy smile. So when I see her at one of my matches--and find out that she's engaged--I need to understand why she turned her back on me all those years ago. Because no matter what I do, no matter how many guys I knock out in the boxing ring, I can't forget her. So I'm not giving up on her. I'm not walking away. I'm going to fight for Lucy one last time. Love Like Yours

Love Like Yours is a collection of poetry mainly focused on love; the ups-and-downs, being in love, longing for love and being tired of love. Experiences of my family and friends are all encompassed in this book. That's why I named this collection of poetry, "Love Like Yours." I felt as if the way we love may be different, but love in itself never changes. It's one of those things that is perfect and doesn't change. People change. Also, since so many of my poems are a direct reflection of the situations that I've seen other people go through in their marriages, relationships and friendships I thought the book title was fitting for them. If you read one of my poems and smile, cry or say, "I can relate to this" then I'm happy. Mission accomplished.

Tales of Life: from the Heart by Yadi

February was always a good month to start new activities and have new projects. One of them was to buy a large sailboat to make a solo trip from Long Beach (California) to the city of Santos in Brazil. I gave up that idea because I was not sufficiently healthy for that long trip. My next idea was to make the trip in a small aircraft 108 that I owned. It was an aircraft easy to fly and economical. Piper Colt 108 is a first tricycle aircraft built by Piper, two passages, side by side seat. This was my plan for the adventure, flying from Las Vegas in Nevada through the Americas, Mexico, Guatemala, El Salvador, Honduras, Nicaragua, Costa Rica, and Panama.

Love Like Yours

A house never forgets. And for Maureen Boyd, neither does a vengeful ghost lurking within what she hopes to be a dream home for her with her new husband and children. After her son's house-flipping company loses out on a deal, Maureen's husband buys the house, and Maureen hopes that living closer to her son will help salvage their distant relationship. But living in a haunted house brings up dark family secrets her husband would rather keep buried, plus opening an old wound that Maureen's long-distant relative could never forgive.

The Secrets Young Women Keep

Ises Turner is a 24-year-old young lady from Chicago, Illinois. She's had a rough start on life. Strict upbringing, witnessed abuse, are just a couple of things that were endured. Those situations affected Ises in such a way that it caused her to become shy, timid, and withdrawn from reality. Then as if her life hasn't been hectic enough, she is yet again hit with another dilemma. The tragedy raises the question, "why me?" But then something magical happens; Ises meets a young man by the name of Chaz Washington. Chaz is a 28-year-old, co-owner of the most popular nightclub in Chicago called The Groove. When the two meet, Chaz ignites a fire inside of Ises that had long ago been stamped out. Alas, things start to look up as whirlwind romance begins. However, shortly after starting the relationship, the new couple learns that there are others who aren't as happy about this new union. Can Ises & Chad withstand the negativity and drama that comes their way, or will they allow the haters to tear apart what they are trying to build? Micah Foster is what you would call a maneater. She will chew a man up and spit him out before he even realizes what has happened. Not one to tolerate the lies and games, Micah chooses only to use them for their money, and what they can do for her. However, when she meets the charming and oh so suave Vic Taylor, she finds herself breaking all of her own rules just to be near him. Will Micah finally give in to what she has been trying so desperately to avoid, or will Vic become just another casualty of hers? Take a look into the lives of four people that will do any and everything they can to prove the naysayers wrong by showing them that real love does exist. The question that poses is if they are willing to put in the hard work to make it last?

A bundle of books #3 (LOVE LIKE OURS) and #4 (LOVE LIKE THEIRS) in Sophie Loves's The Romance Chronicles series. This bundle offers books #3 and #4 in one convenient file, with over 150,000 words of reading. In LOVE LIKE OURS, Keira Swanson, returns to New York City, this time with Cristiano in tow. Having him in New York, and having him meet her family, is culture shock for them both. Keira is soon assigned a new article, her most important yet: a 30 day trip to Paris—with Cristiano in tow. Her assignment: to find out if their love can last in a foreign country, on new ground for them both. As Keira and Cristiano take the romantic trip of a lifetime to Paris, they find their love tested in unexpected ways. When a surprise twist comes their way, everything changes. Can their love withstand it? In LOVE LIKE THEIRS, Keira has sworn off of love. With her heart still hurting from her breakups with Cristiano and Shane, she will not allow her magazine to use her for another love experiment. Which is fine by them, because they want to send her off on a different kind of trip: to prove that someone suffering from a breakup can avoid a knee-jerk rebound affair and manage NOT to fall in love. To emphasize the point, they will NOT assign her a new tour guide. Instead, Keira will take a cruise to the Scandinavian countries and have to navigate herself. Keira is thrilled to accept the assignment. There is nothing she wants more than to be alone, and go to the Northern climes, where she can cool her head, and where surely she will not find love. But Keira does not anticipate the beauty of Copenhagen and of Stockholm ("the Paris of the North") or the stunning hospitality of the Scandinavians. With Christmas on the way, resisting a new love may be harder than she thinks.... A whirlwind romantic comedy that is as profound

as it is funny, THE ROMANCE CHRONICLES will make you laugh, cry, and will keep you turning pages late into the night—and will make you fall in love with romance all over again.

'Pierced' is a novella in the Love like Yours Series. It is book #2 It was strange to think that such a short time ago it was just me... and then I found El... or maybe she found me - and I had something I never even knew I was looking for. I thought I had everything. As per usual life had other plans. One event would alter our entire course... We hadn't even made it down the aisle yet and already there was a baby in the picture. I knew she was going to turn my whole fucking life upside down. How I would run a business, care for a family and still cherish El... I had no clue. I wasn't sure I had what it took to be a good father, I knew El's would be a great mother, and Auntie Quinn had promised she would be there to help in any way we needed. I was determined to try my hardest. I wanted to be the best I could be for her when she arrived. She was part of my family... her, El and I... we were a family now. If I was really being honest with myself, just being a new father was not my main concern - learning to be a father to a child that wasn't mine? Yeah... that was up there on the list.

He Encouraged My Soul

In 2009 Phil Spector, the legendary record producer, was sentenced to life imprisonment for the murder of B-movie actress Lana Clarkson. It was an ignominious climax to a life of staggering highs and scarcely believable lows. Wall of Pain, Dave Thompson's biography of Phil Spector, has now been updated to include important details of the seemingly interminable trial. The architect of the Wall Of Sound, Spector's already iconic status in the music world was enhanced by his work with The Beatles. Writer and producer of countless hits, his innovative genius in the studio revitalised music production in the 1960s and changed the way we listen to music forever. But there was always a dark side to Phil Spector. His success became over-shadowed by his reputation for eccentricity and excess, his fractious personality and fascination with handguns eventually proving a lethal combination. Featuring interviews from those closest to him, including former wife Ronnie Spector, Wall of Pain concludes the painful tale of pop's tortured genius.

Pierced

"The family elements in the story - the real struggles with marriage, raising a family, making a living, and just trying to enjoy life - have broadened the book's appeal to a wider audience, primarily women who are not into technology." DARK END OF SPECTRUM will make you think twice before turning on your cell phone or PDA! DARK END OF THE SPECTRUM is a frighteningly plausible and headline ripping tale of the real threats that loom in cyberspace and beyond with a Michael Crichton realism. Based on the author's years of research into the hacker culture. DARK END OF THE SPECTRUM is a thriller that will connect with everyone with a cell phone, PDA or wireless device. When a group of digital terrorists known as ICER take over the US power grid and the cell phone network, they give the government an ultimatum - bomb the borders of Afghanistan and Pakistan with nuclear weapons to put an end to Al-Quada or they will start downing commercial airliners. When the government refuses, ICER destroys most of the downed aircraft in airports all over the country. When ICER sends a pulse

that will kill millions on the East Coast, only security expert Dan Riker can stop them, but ICER has kidnapped Dan's family. Will Dan save his family or will millions die?

My own thoughts hit me like waves and maybe that is why I named my anthology so. Not just because I want to justify the title but also because I want to justify my soul. Writing has always been my thing and was always a bit inclined towards it. I saw it all as a source of entertainment and an escape from the mundane schedule of my daily life but as I started getting more engrossed in this, there was a period when my inner self wanted to discover the world of fiction more deeply and just not for an entertainment purpose. Soon, I started analysing the characters which caught my interest and it was during this period where I started connecting these fictional characters with the situations of the real world and not very soon along the road did I realise that these characters had started to inspire and motivate me through their roles and now reside within me. Many fictional characters have played a crucial role in shaping me who I am today and a very huge credit goes to them and their creators. This book comprises of various writers who have written about their favourite fictional characters, elements and incidents which have inspired and moved them.

"Phoenix is the hard-edged and gritty drama that forever changed the face of the Australian detective genre. With progressive filming techniques such as the use of hand-held camera, coupled with extensive background research into the subject, it was lauded as one of the most realistic depictions of crime investigation. In the second series of Phoenix, the financial climate is bleak and recession is starting to bite deep. There's a rising tide of more violent crimes, amongst them, hard-hitting raids on the homes of new soft targets - the very old and the very rich. The public feels increasingly at risk and demand tougher action"--Container.

Our Country and the Church

In this provocative work of religious and political commentary, N.L. Rioe argues that America's destiny is closely tied to its religious heritage, and that the country can only fulfill its potential by recommitting to Christian values. Written during a time of political and social upheaval, *Our Country and the Church* offers a powerful and inspiring call to action. Our Country Churches and Chapels

Excerpt from *Country Church in the South: Arranged to Meet the Needs, of Mission Study Classes and Also of the General Reader* Few books that have ever been written about the character and life of

our churches are calculated to do so much good as this one. It is a book filled with a most interesting. Instructive. And inspiring discussion of a vital theme. The author's diagnosis and treatment are scientific and deeply sympathetic. Where the surgeon's knife is keen and the incision is deep. The healing is antiseptic and soothing. There is no bombast nor ribaldry nor railing. It is a brother's book written about our brothers and sisters in Christ with the hope of making them more useful and more happy. Our Country Churches and Chapels

How to grow in love for your church. God calls us to be "devoted to one another in love" (Romans 12:10). What does this look like for us today? How can we be the kind of church member who makes a real difference? This engaging book by Tony Merida explores what church is, why being part of it is exciting, and why it's worthy of our love and commitment. He sets out eight privileges and responsibilities of a church member: to belong, to welcome, to gather, to care, to serve, to honour, to witness and to send. As we see how wonderful it is to belong to God's family and be a part of his amazing witness to both the earthly and the heavenly realms, we'll grow in our love for and commitment to our local church. This is a great book for every churchgoer to read, whether they're new or have been attending for some time but need re-energising with God's vision for the local church. With a discussion guide at the end of the book, Love Your Church is also a great resource for small groups.

Country Church in the South

Excerpt from The Day of the Country Church This book does not attempt a Scientific treatment Of the problems Of the rural districts and the rural Churches. Its message is the growth of experience in the

rural pastorate, and the limitations of a country pastor's work do not permit the thorough investigation and consultation of libraries necessary for scientific study. The book will attain its mission, therefore, if it simply aids in awakening public interest and directing public thought to the movement for the Christianization and social improvement of the rural districts of America - a matter of vital importance to the preservation and progress of our national life. As far as possible, I have given in foot-notes the authorities to whom I am indebted for information. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. How Our Church Came to Our Country

Excerpt from *Studies on the Religious Problem of Our Country: A Review of the Growth of the Church of Christ in Numbers, Wealth and Good Works, Contrasted With the Growth of Our Country in Population Wealth and Vice* The audacity which induces me to in-ict these chapters on my readers was prompted by my friends who said publish, publish. Owing to my pastoral duties and my natural desire for brevity, my discussion of the different topics may be considered inadequate. The design of this volume is simply to spur thought on the great questions herein touched upon. Every true American should be interested in the great social and religious problems of our country. Every true Christian needs to be awake, because his home, his religion, his country are involved. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Love Your Church

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1913 edition. Excerpt: ... CHAPTER V THE RURAL CHURCH SERVING A COMMUNITY The subject of this chapter refers to the church in the rural community, or it may imply the task of the country church in creating a community where there is none, or the task of giving Christian leadership to a community already socially conscious, but in danger, as in some cases, of becoming pagan unless the church fulfills its function. Why are we focusing our attention to-day upon the rural life of the nation? Because it includes not only over one half (fifty-three per cent) of the population of this country, but it also represents the great resource field of the nation's wealth. It is here also we discover such splendid heroic individuality as has produced the largest percentage of moral, religious, industrial, and political leadership of all the ages; and yet at the same time we discover national waste of resources--natural, human, and spiritual--because here we find the least of community interest and cooperation. Why are we discussing so often in these days the problems of the country church? Because in many sections of our country it presents to us one of the most difficult mission fields of the world to cultivate, for the reason that, like the slums of the great cities, it is a lost home field. As one goes back to his home county in the rural sections of the Eastern, Southern, and some of the Middle Western States, what does he discover? The splendid old circuit system broken up and the fires of religious fervor gone out upon many an abandoned church and family altar, while the message of the minister in the neglected pulpit of the dilapidated church building is about as effective in creating a community spirit as the noise of a lone woodpecker on a dead tree in a swamp. Why is...

And Did Those Feet

At a time when pews are not as full as they used to be, many churches are struggling to stay open. But no matter how creative or hard-working, some congregations are unable to revitalize their ministry. Is it time to talk about closing your church? Are there any other options for your future? Toward the Better Country tells the stories of real congregations that have faced a significant downsizing, merger, or closure and found positive ways to move forward in ministry. While no local church is meant to live forever, congregations that have chosen to faithfully complete their ministry are finding hope in the new ventures born from passing on their spiritual and material legacies. Based on over thirty interviews with church leaders from various denominations, this practical resource offers guidance to lay leaders, clergy, and regional leaders as they deal with the grief and discernment process of struggling churches. Designed for group study, each chapter includes reflection questions for discussion. A listing of additional resources is also included.

In this charming and enlightening work, Joseph Leech takes readers on a journey through the English countryside, visiting some of the most unique and fascinating churches in the country. The Day of the Country Church (Classic Reprint)

One Nation Under God follows the spiritual direction of our country from the time the Puritans landed in the new world up to today. Our loss of faith in God and how that loss has impacted our society is profiled. It includes quotes from some of the people that had the most influence on the growth of our once great nation and some of the people and events that have caused our nation to decline economically, socially, and morally. One Nation Under God includes many landmark court cases that have affected our way of life in the way the American people can worship the Lord in public and in private. One Nation Under God is a map of our rise to greatness and our decline to the potential oblivion of this once "light on the hill" for all the world to follow. It also is a guide on how to reclaim our greatness by turning back to God for His forgiveness and guidance. The farther away we move from God the worse our society becomes. One Nation Under God sets out to prove to the country---possibly the world---that we are a Christian nation.

Studies on the Religious Problem of Our Country

Excerpt from Six Thousand Country Churches It was with this record of practical success in the country church, supplemented by the very unusual experience as an investigator which he acquired in collecting and analyzing the material for The Country Church, that Mr. Gill approached the task whose results are here set down. The task of ascertaining with accuracy the conditions of the country church in other portions of the United States still remains. The remedies are yet to be applied. The Day of the Country Church

Excerpt from Using the Resources of the Country Church This book is a plea for greater conservation of the moral forces and Opportunities to be found in the American small community. It is based upon the belief that social progress depends most upon moral statesmanship, the wise directing of the moral energy which, fortunately, is present in every community. DAY OF THE COUNTRY CHURCH

For most people in England today, the church is simply the empty building at the end of the road, visited for the first time, if at all, when dead. It offers its sacraments to a population that lives without rites of passage, and which regards the National Health Service rather than the National Church as its true spiritual guardian. In *Our Church*, Scruton argues that the Anglican Church is the forlorn trustee of an architectural and artistic inheritance that remains one of the treasures of European civilization. He contends that it is a still point in the centre of English culture and that its defining texts, the King James Bible and the Book of Common Prayer are the sources from which much of our national identity derives. At once an elegy to a vanishing world and a clarion call to recognize Anglicanism's continuing relevance, *Our Church* is a graceful and persuasive book.

One Nation Under God

A landmark illustrated history of rural church monuments - the forgotten national treasures of England and Wales Deep in the countryside, away from metropolitan abbeys and cathedrals, thousands of funerary monuments are hidden in parish churches. These artworks - medieval brasses and elegant marble effigies, stone tomb chests and grand mausoleums - are of great historical and cultural significance, but have, due to their relative inaccessibility, faded from accounts of our art history. Over twenty-five years, C. B. Newham FSA has visited and photographed more than eight thousand rural churches, cataloguing the monumental sculptures encountered on his quest. In *Country Church Monuments*, he presents 365 of the very best, each accompanied by detailed photographs, biographies of both the deceased and their sculptors and a wealth of contextual material. Many of these works commemorate famous historical figures, from scheming Tudor courtier Richard Rich to Victorian prime minister William Ewart Gladstone. But more moving are the countless others - minor aristocrats, small-time industrialists, much-loved mothers, fathers and children - who, if not for their memorials, would wholly be lost to time. As Newham blows the dust off these artworks and breathes life into the stories they tell, a new aesthetic history of rural England and Wales emerges. *Country Church Monuments* is a poignant record of the art we make at the borders of life and death, of our ceaseless human striving for eternity.
