[#good mom](#) [#parenting tips](#) [#motherhood advice](#) [#raising children](#) [#happy mom](#)

Becoming a good mom is a journey of learning, growth, and unconditional love. It involves nurturing your child's physical and emotional well-being, providing a supportive and loving environment, and constantly seeking ways to improve your parenting skills. Remember that there's no such thing as a perfect mom, and focusing on being present, patient, and understanding will help you build a strong and lasting bond with your child.

How to Be a Movie Star

From her days as a youthful minx at Metro Goldwyn Mayer to her post-studio reign as America's lustiest middle-aged movie queen, Taylor has defined the very essence of Hollywood stardom. How to be a Movie Star is a different kind of book about Elizabeth Taylor: an intimate, up-close look at a girl who grew up with fame, who learned early-and well-how to be famous, and how that fame was used and constructed to carry her through more than sixty years of public life. Indeed, one might say Elizabeth went to school to learn how to be famous, her education courtesy of Metro Goldwyn Mayer, the greatest, most glamorous movie studio of all time.

How to be a Movie Star

Josiah Erickson wants to be a movie star. The problem with that is so does half of Los Angeles. But he's on his way, what with memorable roles as a TV show background cadaver and a guy in a commercial for herpes medication. All he needs is his big break. And that break may come in the form of a novelist who goes by the enigmatic name of Q-Bert. Q-Bert, who is ready to make his directorial debut in a film Josy would be perfect for. Q-Bert, who Josy may or may not have a friend-crush on, and potentially something more. Being demisexual can be confusing. From the City of Angels to the small mountain town of Abby, Oregon, Josy will give his all to make sure his dreams come true-even the ones he never thought possible.

How to be a Movie Star

Show People offers a comprehensive history of the idea of the film star from Mary Pickford to Andy Serkis, traversing more than one hundred years and drawing on examples from America, Britain, Europe, and Asia. Renowned film writer Michael Newton explores our enduring love affair with fame, glamour, and the cinematic image. Newton builds up an expansive picture of movie stardom through explorations of striking and diverse figures such as Ingrid Bergman and John Wayne, Anna Karina and Sidney Poitier, Maggie Cheung, and Raj Kapoor. He celebrates the great performers of the past, and he looks forward to developments in the future, while also illuminating the inner workings of the movie industry and what moves us in a film and in an actor's performance. An encyclopedic, illustrated history of film idols ready for their close-ups, Show People is ultimately a book about cinephilia, the love of cinema, and our complex connection to that celebrated and beleaguered figure, the movie star.

I Want to Be a Movie Star

A contemporary Cinderella meets Notting Hill in this tale of a regular woman who shops at the Gap and wakes up in bed with the hottest actor in the world. 26-year-old Claire Reilly is on top of her game as one of the youngest celebrity reporters and editors in the business. At Mod magazine, she is a consummate professional, interviewing dreamy Hollywood hunks and staying on top of every story. Unfortunately, her live-in boyfriend seems intent on setting the world's record for celibacy, yet she finds herself penning articles like "Ten Reasons You Should Have a One-Night Stand." When Claire lands the plum assignment of interviewing Cole Brannon, Hollywood's #1 hottie, she knows better than to mix business with pleasure, but the next morning, she finds herself in Cole's bed...without her clothes. After the tabloids pick up the story, Claire's life is turned upside down. In struggling to regain her reputation, she'll learn a great deal about herself...and that you shouldn't always believe everything you read.

How to be a Movie Star

James Bawden: Seeing the way people behave when they're around you, is it still fun being Cary Grant? Cary Grant: I don't like to disappoint people. Because he's a completely made-up character and I'm playing a part. It's a part I've been playing a long time, but no way am I really Cary Grant. A friend told me once, "I always wanted to be Cary Grant." And I said, "So did I."—from the book In Conversations with Classic Film Stars, retired journalists James Bawden and Ron Miller present an astonishing collection of rare interviews with the greatest celebrities of Hollywood's golden age. Conducted over the course of more than fifty years, they recount intimate conversations with some of the most famous leading men and women of the era, including Douglas Fairbanks Jr., Joseph Cotten, Cary Grant, Gloria Swanson, Joan Fontaine, Loretta Young, Kirk Douglas, and many more. Each interview takes readers behind the scenes with some of cinema's most iconic stars. The actors convey unforgettable stories, from Maureen O'Hara discussing Charles Laughton's request that she change her last name, to Bob Hope candidly

commenting on the presidential honors bestowed upon him. Humorous, enlightening, and poignant, *Conversations with Classic Film Stars* is essential reading for anyone who loves classic movies.

Conversations with Classic Film Stars

Theoretically, the actor ought to be more sound in mind and body than other people, since he learns to understand the psychological problems of human beings when putting his own passions, his loves, fears, and rages to work in the service of the characters he plays. He will learn to face himself, to hide nothing from himself -- and to do so takes an insatiable curiosity about the human condition. From the Prologue Uta Hagen, one of the world's most renowned stage actresses, has also taught acting for more than forty years at the HB Studio in New York. Her first book, *Respect for Acting*, published in 1973, is still in print and has sold more than 150,000 copies. In her new book, *A Challenge for the Actor*, she greatly expands her thinking about acting in a work that brings the full flowering of her artistry, both as an actor and as a teacher. She raises the issue of the actor's goals and examines the specifics of the actor's techniques. She goes on to consider the actor's relationship to the physical and psychological senses. There is a brilliantly conceived section on the animation of the body and mind, of listening and talking, and the concept of expectation. But perhaps the most useful sections in this book are the exercises that Uta Hagen has created and elaborated to help the actor learn his craft. The exercises deal with developing the actor's physical destination in a role; making changes in the self serviceable in the creation of a character; recreating physical sensations; bringing the outdoors on stage; finding occupation while waiting; talking to oneself and the audience; and employing historical imagination. The scope and range of Uta Hagen here is extraordinary. Her years of acting and teaching have made her as finely seasoned an artist as the theatre has produced.

I Can Be a Movie Star (Barbie)

(Applause Books). He's famous for twice being *People* magazine's Sexiest Man Alive, for his penchant for practical jokes and his vow never to remarry, as well as for his Oscar-winning and Emmy-nominated acting career. But George Clooney's reputation as a celebrity belies his essential seriousness, as a businessman, a humanitarian, and, of course, in his ascendancy to the Hollywood A-list. In this updated biography of one of Hollywood's most colorful leading men, pop culture expert Kimberly Potts traces Clooney's life from small-town boy to big-screen idol. Clooney slowly and deliberately built a resume that took him from TV stardom on *ER* to a winning film career as a serious actor, writer, producer and director. Along the way Potts fills us in on Clooney's early attempts to break into film (including his *Batman* flop), his many well-publicized romances, and his political and humanitarian efforts, including cofounding the antigonococcal organization Not On Our Watch. Potts also discusses Clooney's shrewd strategy of alternating blockbuster movie roles with less lucrative "passion" projects such as *Syriana* and *Good Night, and Good Luck* that reflect his personal ethics. He won an Academy Award for the former and rave reviews for the latter, and has continued to earn accolades and Oscar nominations for smart dramas such as *Michael Clayton* and *Up in the Air*. Including fresh interviews, essential Clooney photographs, an updated filmography and timeline, and a list of his favorite 100 films, this is the book no Clooney fan will want to be without.

Praise for *Five Easy Decades: How Jack Nicholson Became the Biggest Movie Star in Modern Times* "Dennis McDougal is a rare Hollywood reporter: honest, fearless, nobody's fool. This is unvarnished Jack for Jack-lovers and Jack-skeptics but, also, for anyone interested in the state of American culture and celebrity. I always read Mr. McDougal for pointers but worry that he will end up in a tin drum off the coast of New Jersey."-- Patrick McGilligan, author of *Jack's Life* and *Alfred Hitchcock: A Life in Darkness and Light* Praise for *Privileged Son: Otis Chandler and the Rise and Fall of the L.A. Times Dynasty* "A great freeway pileup--part biography, part dysfunctional family chronicle, and part institutional and urban history, with generous dollops of scandal and gossip."-- Hendrick Hertzberg, *The New Yorker* "McDougal has managed to scale the high walls that have long protected the Chandler clan and returned with wicked tales told by angry ex-wives and jealous siblings."--The Washington Post Praise for *The Last Mogul: Lew Wasserman, MCA and the Hidden History of Hollywood* "Real glamour needs a dark side. That is part of the fascination of Dennis McDougal's wonderful book."--The Economist "Thoroughly reported and engrossing . . . the most noteworthy trait of MCA was how it hid its power."--The New York Times Book Review "Over the years, I've read hundreds of books on Hollywood and the movie business, and this one is right at the top."-- Michael Blowen, *The Boston Globe*

Larger Than Life

"Mesmerizing." —The New York Times Book Review Welcome to Hollywood, circa 1950, the end of the Golden Age. A remarkably handsome young boy, still a teenager, gets "discovered" by a big-time movie agent. Because when he takes his shirt off young hearts beat faster, because he is the picture of innocence and trust and need, he will become a star. It seems almost preordained. The open smile says, "You will love me," and soon the whole world does. The young boy's name was Tab Hunter—a made-up name, of course, a Hollywood name—and it was his time. Stardom didn't come overnight, although it seemed that way. In fact, the fame came first, when his face adorned hundreds of magazine covers; the movies, the studio contract, the name in lights—all that came later. For Tab Hunter was a true product of Hollywood, a movie star created from a stable boy, a shy kid made even more so by the way his schoolmates—both girls and boys—reacted to his beauty, by a mother who provided for him in every way except emotionally, and by a secret that both tormented him and propelled him forward. In *Tab Hunter Confidential: The Making of a Movie Star*, Hunter speaks out for the first time about what it was like to be a movie star at the end of the big studio era, to be treated like a commodity, to be told what to do, how to behave, whom to be seen with, what to wear. He speaks also about what it was like

to be gay, at first confused by his own fears and misgivings, then as an actor trapped by an image of boy-next-door innocence. And when he dared to be difficult, to complain to the studio about the string of mostly mediocre movies that were assigned to him, he learned that just like any manufactured product, he was disposable—disposable and replaceable. Hunter's career as a bona fide movie star lasted a decade. But he persevered as an actor, working continuously at a profession he had come to love, seeking—and earning—the respect of his peers, and of the Hollywood community. And so, Tab Hunter Confidential is at heart a story of survival—of the giddy highs of stardom, and the soul-destroying lows when phone calls begin to go unreturned; of the need to be loved, and the fear of being consumed; of the hope of an innocent boy, and the rueful summation of a man who did it all, and who lived to tell it all.

Having unexpectedly landed a role in a movie being shot at her high school, Jessie discovers that movie stars and the film industry are not as glamorous as she once thought.

Confessions of an Almost Movie Star

Shirley Temple, Clark Gable, Errol Flynn and Olivia de Havilland, Fred Astaire and Ginger Rogers, Bette Davis, Joan Crawford and Norma Shearer, Marlene Dietrich and Greta Garbo, William Powell and Myrna Loy, Jean Harlow, and Gary Cooper—Glamour in a Golden Age presents original essays from eminent film scholars that analyze movie stars of the 1930s against the background of contemporary American cultural history. Stardom is approached as an effect of, and influence on, the particular historical and industrial contexts that enabled these actors and actresses to be discovered, featured in films, publicized, and to become recognized and admired—sometimes even notorious—parts of the cultural landscape. Using archival and popular material, including fan and mass market magazines, other promotional and publicity material, and of course films themselves, contributors also discuss other artists who were incredibly popular at the time, among them Ann Harding, Ruth Chatterton, Nancy Carroll, Kay Francis, and Constance Bennett.

Allegra Coleman is young, beautiful, and destined for stardom. Clementine James is a jaded journalist who has been persuaded to write one last celebrity profile, a piece on Allegra for Flame magazine.

But when their road-trip interview ends in a car crash, Allegra vanishes into thin air, and America goes into a frenzy of round-the-clock TV coverage, candlelight vigils, and miraculous sightings. Clementine becomes a celebrity by proxy--and while recovering from her injuries, she receives a series of ghostly visits from Natalie Wood, Clara Bow, Myrna Loy, Loretta Young, Gloria Swanson, and other screen sirens of the past. As Tallulah Bankhead tells her, "It's agony, darling...bitter agony--watching everything slip away. Your looks. Your dough. Your mind. Your ass." Has the missing Allegra escaped such a fate? To find out, Martha Sherrill takes Clementine on a riotous, often hilarious journey inside the hideaways of Hollywood stars and the hangouts of Manhattan's power editors. Along the way, Sherrill captures the erotic jolt of celebrity and the way it affects the celebrated. *My Last Movie Star* is both a parody and parable of Hollywood, at once absurdly funny and weirdly plausible.

My Last Movie Star

Nora Tucker is an admin assistant from a tiny English village. Gary Montgomery is Hollywood's hottest new star. After seeing him on the silver screen, Nora believes that Gary is her soulmate, her one true love, the man she's supposed to grow old and wrinkly with. She knows it sounds nuts, she knows it's completely crazy. But sometimes love is crazy, right? Only... how on earth is this Plain Jane introvert supposed to get to Los Angeles, infiltrate Gary's inner circle AND convince him that they're meant to be? Throwing herself into this mission might be a tall order but it means Nora can stop thinking about that one awful day, two years ago, when everything in her life fell apart... With the help of a sunny Californian weather girl, a super hot but super grumpy script writer, and a very passionate Adam Levine tribute act, Nora is about to try the impossible and let fate decide her future... Kirsty Greenwood's most romantic book yet! It's full of laugh out loud, uplifting moments, heart-melting romance, and the adventure of a lifetime! If you like feel-good romance books by Sophie Kinsella, Christina Lauren and Lindsey Kelk, then you'll LOVE this hilarious laugh-out-loud romantic comedy from bestselling romance author Kirsty Greenwood

He Will Be Mine

Can you name ten actors who played women or ten actresses who played prostitutes in the movies? What about anyone who gained weight or got into shape for a movie role? And, there are those who fell in love on a movie set, performed together, and were paid big bucks for a divorce. The answers are in this book, although you might have a preference for someone I didn't recognize. You might even learn something new about the movies or your favorite stars. Did you know that television's *Police Squad!* ran for only six episodes, but it led to three movies. Do you remember when Paul Newman played himself on *The Simpsons*? The idea for the book was based on a childhood pastime similar to hopscotch, but without the hopping or standing on one leg. This book is sure to bring hours of entertainment. There are over 1000 entries, organized into ten chapters with ten sections each. Sit down, keep reading, and enjoy!

A New Way of Looking at Movie Stars

Moving pictures existed for over a decade before anything resembling a star system appeared. Then American cinema went from being devoid of stars to being dependent on them. This is an account of this development in cinema and modern culture.

Picture Personalities

*Includes pictures of Bergman and important people, places, and scenes. *Includes Bergman's own quotes about her upbringing, films and relationships. *Includes a Bibliography for further reading. "Be yourself. The world worships the original." - Ingrid Bergman Since the early 20th century, film has been embraced as arguably the preeminent international art form. Not only is Hollywood cinema immensely popular around the world, but other nationalities (Bollywood being the greatest current example) have their own thriving industries. Major actors and actresses are not only icons in their parent countries but reach tremendous international fame. However, most actors who become internationally famous do so via the success of the films they make in their native land, without actually leaving their country. One of the most famous early examples is Charlie Chaplin, who reached incredible fame in Asia and Western Europe during the silent cinema era despite having never left the confines of Hollywood. Chaplin's example illustrates how the vast majority of film stars who reach international fame do so through the global success of the films they make within a given industry. This dynamic highlights the uniqueness of Ingrid Bergman's career and her significance as an international film star. Not

only were films like *Casablanca* (1942) famous around the world, but she made films in five different languages and film industries. In this regard, she was the rare star who was willing to literally act in films produced in different countries. Bergman's fame cannot be doubted, but the international quality of her career has prevented most people from gaining a complete understanding of her filmography. Moreover, the immense success of her most famous films obscured her other achievements; one of Bergman's persistent lamentations late in her career was that even though she appeared in other films she deemed more significant, the only film of hers that people wanted to discuss was *Casablanca*. As a result, her early films in Sweden, the Italian Neorealist films she made with famous director and future husband Roberto Rossellini, and her French film with Jean Renoir have all been relegated to the margins. Bergman is thus recognized as a Hollywood star rather than an actress who should be identified with an array of different film industries, reducing the enormous scope of her career to a relatively small proportion of her filmography. At the same time, Bergman's personal life reflects the dynamics of the film industry and the relationship between celebrities and American culture more generally. At times during her career, Bergman was the darling of Hollywood, but at other times she was literally a pariah. It is all too common to remember Bergman for her performance in *Casablanca*, forgetting the fact that she was effectively exiled from Hollywood for several years during her romance with Roberto Rossellini. Her life and career amply demonstrated the expectations American culture held for their film stars during the mid-20th century. *Ingrid Bergman: The First International Movie Star* profiles the life and career of one of the world's most famous actresses and entertainment icons. Along with pictures of important people, places, and events, you will learn about Ingrid Bergman like you never have before, in no time at all.

Ingrid Bergman

Focusing on stardom during the 1920s, this title reveals strong connections & dissonances in matters of storytelling & performance that can be traced both backwards & forwards, from the silent era to the emergence of sound.
