 To Weaken Us by Dividing Us by Making Our Democracy and Our Democratic Practice Less Effective

 and Liberty and Dignity
 Why Nations Fail
 What Do You Think We Can Learn from Reagan's Westminster Address What Would He Say about
 How To Defend Global Democracy against those those Efforts so Rachel I'm So Glad You I Mean
 You Mentioned the Term Defend Democracy because One Thing That Is Happening that Frankly Is a
 Little Different from What Was Happening In Say the Reagan Years Is that Great Power Autocracies
 Are Actually Playing Offense They Are Not Simply Playing Offense by Virtue of Military Force of the
 Kind the Russians Have Deployed in the Middle East or in Ukraine or the Chinese Have Deployed in
 the South China Sea They Are Playing Offense with
 And We Think Our Ideals Are Superior that They Are Better because More People in the World Want
 What Free Societies Enjoy and in a Way That's a Secret Weapon for the United States To Double
 Down on those Values as Part of Great Power Competition against Autocratic Forces He Talked about
 How in the in the Dividing Line in Europe Literally Where the Iron Curtain Fell across the Middle of

Europe Nato Forces Faced East toward the Soviet Empire He Mentioned in the Speech that Soviet Forces in East Germany and Other Countries Also Faced East

He Talked about How in the in the Dividing Line in Europe Literally Where the Iron Curtain Fell across the Middle of Europe Nato Forces Faced East toward the Soviet Empire He Mentioned in the Speech that Soviet Forces in East Germany and Other Countries Also Faced East because What They Were Worried Was Not that Nato Would Invade the Soviet Empire They Were Worried that What Would Happen When the Berlin Wall Came Down Would Happen Sooner Which Is that So Many People Would Try To Get out of the Soviet Union and Sort Of Make a Dash to Freedom and that that Is What Would Bring It Down He Invoked this in 1982

So Part of What We Need To Do I Mean I Know Richard Will Have Smart and Specific Ideas but Just To Generalize Is We Need To Understand that Free Societies Are Going To Be Better Partners that Protecting the Democracies of Our Allies from Foreign Disinformation and Subversion Is Actually Going To Be Part of Running a Smart Great Power Competition and that Frankly as Americans Money We Spend on Investments in Broadcasting Objective News in Two Countries or Supporting Democratic Development in Many Countries That Might Be Money Better Spent than Money Buying Aircraft Carrier Battle Groups Um Yeah I Agree with What Dan Has Just Laid Out There and I Would Say You Know in His Westminster Speech President Reagan Said that Democracy May Not Be a Fragile Flower but It Needs Cultivating

But Look a Part of What I Will Say Draws a Little Bit on Something That Dan and I Wrote for Foreign Affairs some Time Back and I Think One of the Things Is To Look at the Priorities and I Think unlike a 19-8 to Priority Number One Is Defending Our Democracy and Defending Other Democracies if They Are Weakened You Can It's GonNa Be Even Harder To Promote Democracy Abroad and You'Re Talking about the Core of Our Political Way of Life at Home So Specifically What Does that Mean Well It Means a Bunch of Different Things like Imposing Costs and Things but I Think It Means a Lot about Importing these Things into the Relevant Alliances

I Mean You'Ve Seen this in Cambodia and Sri Lanka and Other Countries Three Frankly Is a Vibrant Civil Society That Can Perform that Watchdog Function of the Government outside of Government so that There's Kind of a Bottom Up Check on Executive Dealings That Threaten Democratic Integrity and Then Fourth You Know a Lot of Very Strong Much Stronger Parliamentary Oversight I Mean One Thing We Have Seen with Say Orban in Hungary or with Duterte in the Philippines Just in the Recent Period under Kovat Is Kind of an Amassing of Executive Powers in the Hands of One and Then that One Leader Using those Extraordinary Executive Powers as a Weapon against Political Opponents Shining City on a Hill: Exporting Democracy - Shining City on a Hill: Exporting Democracy by Foreign Policy Association 1,043 views 11 years ago 26 minutes - Support for **democracy**, has long been a stated goal of the U.S. foreign policy, but can it be exported?
