Divine Breathings

The editor of this book, thinks it necessary to inform the reader, that he made considerable alterations in it, with a view to its improvement. Many antiquated expressions were obliterated; many grammatical errors corrected; and some of the poems placed at the end of the meditations, on account of their being not at all appropriate, were expunged from the work. Though these alterations have been made-yet the spirit of the author has been invariably maintained. William Nicholson

Divine Breathings of a Pious Soul

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The Age of Enlightenment profoundly enriched religious and philosophical understanding and continues to influence present-day thinking. Works collected here include masterpieces by David Hume, Immanuel Kant, and Jean-Jacques Rousseau, as well as religious sermons and moral debates on the issues of the day, such as the slave trade. The Age of Reason saw conflict between Protestantism and Catholicism transformed into one between faith and logic -- a debate that continues in the twenty-first century. ++++ The below data was

Divine breathings: or, A pious soul thirsting after Christ, in a hundred pathetical meditations [by T. Sherman].

The wicked have their heaven here-and their hell hereafter. But the righteous have their hell here-and their heaven hereafter. Dives had his good things in this life-and Lazarus his evil things. Now Lazarus is comforted-and Dives is tormented! I will not, therefore, envy the prosperity of the wicked, nor be cast down at the afflictions of the righteous; seeing the one is drawn in pomp to hell- while the other swims in tears to heaven! A literary gem and a spiritual treasure, "Divine Breathings! A Pious Soul Thirsting after Christ in 100 Practical Meditations" is the doorway for greater peace and support on your devotional journey. Originally published in 1836, Thomas Sherman's spiritual masterwork is profound, poetic, and has obviously grown out of a life of study, erudition, and personal prayer. Learning to be still and embracing meditation will recharge your soul, bring you peace, clarity, increased creativity, increased productivity and deepen your relationship with God. We meet God in the silence. God speaks to us in silence. "Meditation and Prayer resemble the spies that went to search the land of Canaan: the one views, and the other cuts down; and both bring home a taste of the fairest and sweetest fruits of heaven. Meditation, like the eye--views our mercies; and Prayer--like the hand, grasps those mercies!"
