Recap of 5 interview techniques

Does it makes a difference sending your CV vis Gmail or Hotmail?

At interview remember some formats then get questions I didn't expect. How to deal?

Had screen yest. I got the proverbial "should hear early next wk". When to follow up?

how much and what type of information should go on a work reference sheet?
Interviewed w/5 people but only with 2 interviewers each time. How to send thank you?
True that us U.S. Americans are seen as rude and pushy? How to compensate?
I received the email address of the interviewers 7 days after the interview. Do I still need to send thank you email to the interviewers? If so, what is the content do you suggest?
Blue-collar opening in target company, w/app via ATS. Should I modify my resume and apply to it to try to get my foot in the door? Or should I try to boss hunt a better position?
How do you provide feedback to the HR person in writing about the interview?
My questions are typically answered during the chat. Then at the end I look unprepared
Twice now had hiring mgrs not engage in the reservation question. Found this out after, in the feedback from HR. Is there a way to phrase this to trigger a truthful response?
Opening w/ app via ATS. It requires microbiology testing that I know how to do, but have very little experience with – not enough to write a magical bullet. How do put it in my resume?
