The Crete Trilogy

The Crete Trilogy Crete - A Notebook Hidden Crete More Hidden Crete For the first time all three of Richard Clark's bestselling books about Crete are available in a single volume. 'Richard Clark writes with great authority and a deep affection for his subject, which comes from his long association with Greece... Marjory McGinn, bestselling author of Things Can Only Get Feta, Homer's Where the Heart Is, A Scorpion in the Lemon Tree 'Clark is particularly good on the colours, flavours and scents of Greece. He has got under the skin of the place in a way few outsiders have been able to.' Mark Hudson, winner of Somerset Maugham Award, Thomas Cook Travel Book Award, Samuel Johnson Prize 'I love the way Clark writes, it is personal, it is human and deceptively simple.' Sara Alexi, bestselling author of The Greek Village Series 'Thanks, Richard, for adding your great eye to your gifted pen in service to sharing the essence of Greece with the world!' Jeffrey Siger, bestselling, award-winning US crime writer

Fire from Heaven

At twenty, when his reign began, Alexander the Great was already a seasoned soldier and a complex, passionate man. Fire from Heaven tells the story of the boy Alexander, and the years that shaped him. Resolute, fearless, and inheriting a striking beauty, Alexander still needed much to make him The Great. He must survive - though with lifelong scars - the dark furies of his Dionysiac mother, who kept him uncertain even of his own paternity; respect his fathers' talent for war and kingcraft, though sickened by his sexual grossness; and come to terms with his heritage from both.

Sword of Honour

Fictionalising his experience of service during the Second World War, Evelyn Waugh's Sword of Honour is the complete one-volume edition of his masterful trilogy, edited with an introduction by Angus Calder in Penguin Modern Classics. Waugh's own unhappy experience of being a soldier is superbly re-enacted in this story of Guy Crouchback, a Catholic and a gentleman, commissioned into the Royal Corps of Halberdiers during the war years 1939-45. High comedy - in the company of Brigadier

Ritchie-Hook or the denizens of Bellamy's Club - is only part of the shambles of Crouchback's war. When action comes in Crete and in Yugoslavia, he discovers not heroism, but humanity. Sword of Honour combines three volumes: Officers and Gentlemen, Men at Arms and Unconditional Surrender, which were originally published separately. Extensively revised by Waugh, they were published as the one-volume Sword of Honour in 1965, in the form in which Waugh himself wished them to be read. Evelyn Waugh (1903-66) was born in Hampstead, second son of Arthur Waugh, publisher and literary critic, and brother of Alec Waugh, the popular novelist. In 1928 he published his first work, a life of Dante Gabriel Rossetti, and his first novel, Decline and Fall, which was soon followed by Vile Bodies (1930), A Handful of Dust (1934) and Scoop (1938). In 1939 he was commissioned in the Royal Marines and later transferred to the Royal Horse Guards, serving in the Middle East and in Yugoslavia. In 1942 he published Put Out More Flags and then in 1945 Brideshead Revisited. Men at Arms (1952) was the first volume of 'The Sword of Honour' trilogy, and won the James Tait Black Memorial Prize; the other volumes, Officers and Gentlemen and Unconditional Surrender, followed in 1955 and 1961. If you enjoyed Sword of Honour, you might like Ford Madox Ford's Parade's End, also available in Penguin Modern Classics. 'Marvellous ... one of the masterpieces of the century' John Banville, Irish Times

The Greek Trilogy

For Somerville this was a kind of pilgrimage, a journey unlike any he had undertaken in 20 years of travel-writing. It was an expedition where he traded the usual comforts and certainties for a real physical and mental challenge, with no mobile phone or other technological aids. The only plan for his journey was to begin in the East at Easter and finish at Whitsun in the extreme West, at the Monastery of the Golden Step, whose gold step, legend says, can only be seen by those who have purged themselves into purity. During his 300-mile walk, he tackled four mountain ranges, high slopes and the numerous gorges of the West. Speaking only basic Greek and trying to follow a poorly way-marked path, he had to rely on his own instincts when climbing mountain passes and crossing high plateaux, farming and shepherding country, where villages are scarce and each night's accommodation was uncertain. He saw a Crete few ever encounter.

The Golden Step

Ancient Athens paid tribute to its Cretan overlord each year by sending the finest of its sons and daughters to Crete each year to be trained for "bull-dancing"

The King Must Die

Time traveller Chloe Kingsley thinks she's returning from the splendour of ancient Egypt to her artist's life in Dallas. But she wakes up in ancient Crete as the seer of a sensual empire whose fall she foresees in visions of blood and fire.

Shadows on the Aegean

The Minotaur is the third book in The Labyrinth Trilogy about gold and jewels smuggled out of Austria to Greece during World War II. In The Minotaur, two archeologists, an old German soldier, Louis Wafford, and Ed Blakely search Crete for the lost fortune and Minoan artifacts. Complications occur when Blakely learns the Sea Siren, a retrofitted tall ship he has sailed across the Atlantic, is to be sold to a third world country. Using his intelligence and sailing knowledge, he attempts to thwart the sale. Finding the treasure, Blakely redeems the reputation of his boyhood hero, but success results in death and ruined lives.

The Minotaur

Fueled by idealism and eagerness to contribute to the war effort, Guy Crouchback becomes attached to a commando unit undergoing training on the Hebridean isle of Mugg, where the whisky flows freely and respect must be paid to the laird. But the comedy of Mugg is soon followed by the bitterness of Crete, where chaos reigns and a difficult evacuation must be accomplished.—Goodreads.com.

Officers and Gentlemen

3 stories based on the author's experiences in World War II.

The Sword of Honour Trilogy

Maurice Henry Hewlett (1861-1923), was an English historical novelist, poet and essayist. The Agonists contains a trilogy of plays--Minos King of Crete, Ariadne in Naxos, and The Death of Hippolytus--in which Hewlett intends to tell the "tragic story of the failure of God to implant Himself in man, and of man to receive into his nature the divine substance."

The Agonists

Out of time and out of her element, teenager Zoe Calder finds herself in ancient Greece, battling against the power of the Olympians and the vengeance of a scorned goddess -- all for the strange and mysterious boy she has come to love. Zoe Calder has always been an outsider. Stashed away in boarding schools since her parents died, Zoe buries herself in the study of ancient worlds. Her greatest thrill is spending her summers with her archeologist aunt and uncle on digs around the world. And one day, while investigating a newly unearthed temple in Crete, Zoe discovers a luminous artifact that transports her to ancient Greece. As Zoe quickly learns, the Olympian Gods are real, living people -- humans with mysterious powers. Powers that Zoe quickly realizes she has come to possess, as well. However, when the people of ancient Greece mistake Zoe for an Olympian, the Gods must restore the balance of the ancient world ... No matter what ...

The Dig: Zoe and Zeus

INTRODUCED BY JAN MORRIS '[This] gloriously ornate account of that epic journey is a classic'
ROBERT MACFARLANE 'The feeling of being lost in time and geography with months and years hazily sparkling ahead is a prospect of inconjecturable magic.' In 1933, aged eighteen, Patrick Leigh Fermor set out on his 'great trudge', a year-long journey by foot from the Hook of Holland to Istanbul. Three decades later he wrote A Time of Gifts, the sparkingly original account of the first part of this youthful adventure, which took him through the Low Countries, up the Rhine, through Germany, down the Danube, through Austria and Czechoslovakia, and as far as Hungary. Alone, carrying only a rucksack and with a small allowance of only a pound a week, Fermor had planned to sleep rough - to live 'like a tramp, a pilgrim, or a wandering scholar' - but a chance introduction in Bavaria led to comfortable stays in castles, and provided a glimpse of the old Europe of princes and peasants. Hailed as a masterpiece, A Time of Gifts is in part a coming-of-age memoir, but it is also a rich and compelling portrait of a continent that - despite its resplendent domes and monasteries, its great rivers and grand cities - was soon to be swept away by war, modernisation and profound social change. 'Not only is this journey one of physical adventure but of cultural awakening. Architecture, art, genealogy, quirks of history and language are all devoured -- and here passed on -- with a gusto uniquely his' COLIN THUBRON, SUNDAY TIMES 'One of the most romantic books of the twentieth century, Patrick Leigh Fermor's account of a long walk across Europe is also a literary treasure, a rich blend of action and observation' GUARDIAN

Marine Trilogy of Khandax

The long-awaited final volume of the trilogy by Patrick Leigh Fermor. A Time of Gifts and Between the Woods and the Water were the first two volumes in a projected trilogy that would describe the walk that

Patrick Leigh Fermor undertook at the age of eighteen from the Hook of Holland to Constantinople. 'When are you going to finish Vol. III?' was the cry from his fans; but although he wished he could, the words refused to come. The curious thing was that he had not only written an early draft of the last part of the walk, but that it predated the other two. It remains unfinished but *The Broken Road* - edited and introduced by Colin Thubron and Artemis Cooper - completes an extraordinary journey.

The Persian Boy

'What we all need,' said Larry, 'is sunshine . . . a country where we can grow.' 'Yes, dear, that would be nice,' agreed Mother, not really listening. 'I had a letter from George this morning - he says Corfu's wonderful. Why don't we pack up and go to Greece?' 'Very well, dear, if you like,' said Mother unguardedly. Escaping the ills of the British climate, the Durrell family - acne-ridden Margo, gun-toting Leslie, bookworm Lawrence and budding naturalist Gerry, along with their long-suffering mother and Roger the dog - take off for the island of Corfu. But the Durrells find that, reluctantly, they must share their various villas with a menagerie of local fauna - among them scorpions, geckos, toads, bats and butterflies. Recounted with immense humour and charm *My Family and Other Animals* is a wonderful account of a rare, magical childhood. 'Durrell has an uncanny knack of discovering human as well as animal eccentricities' *Sunday Telegraph*

My Family and Other Animals

Jupiter War

Compelling, well-written crime thriller set in Crete and introducing British protagonist Nick Fisher. Can he save his estranged son?

They Were Divided

A war that could turn friends into enemies, lovers into fighters . . . Summer 1935. In Margaret Pemberton's *Beneath the Cypress Tree* best friends Kate Shelton, Ella Tetley and Daphne St. Maur are on the cusp of a new life, having graduated with Classics degrees. Kate is desperate to start work on an archaeological dig straightaway and she is thrilled to be given a position at the famous Knossos palace site in Crete. However, she doesn't bargain for working with gruff site director Lewis Sinclair – nor for her own complex feelings towards him. In Yorkshire, Ella's family expect her to marry Sam, her steady friend who is training to be a doctor, but Ella too feels pulled to the Mediterranean by the promise of freedom. When she meets Christos, life as a country GP's wife seems even less appealing . . . Daphne however throws herself into London's high society, falling madly in love with diplomat and heir Sholto Hertford – but then his work brings them to Crete, and Daphne becomes enchanted by the island as well. Meanwhile, the threat of war rumbles on, as reports of Hitler's rapid expansion across Europe become impossible to ignore. It seems that nothing can touch the perfect, glittering sea and snow-capped mountains, but Kate, Ella and Daphne know that the island haven they now call home will never be the same again.

The Unforgiving Stone

When Thasos and his family are thrown out of their homeland and left to drift in the open sea, they are rescued by the Keftiu, a people with an unpleasant reputation for human sacrifice. However, to the family's surprise, their rescuers treat them kindly and take them as honoured guests to the peaceful, distant island of Kaftor, where they find a sophisticated and very different civilisation, ruled by women. Thasos and his mother happily settle into the Palace of Cnossos, but his two warrior brothers can't come to terms with life in a matriarchy; a society where war is unheard of and there seems to be no such thing as crime or punishment. They soon find out that the usually placid Keftiu can deal very effectively with anyone who causes trouble. As Thasos grows up, he becomes aware that there is a very dark and troubling underside to this world. Finally his life is placed in terrible danger when he falls under the spell of two of the island's most powerful women: Britomartis, the Goddess of the Hunt and Pasiphae, the Moon Maiden of Cnossos. Sucked into the island's dark, labyrinthine underworld, with no prospect of escape, a terrified Thasos is forced to make a very dangerous choice. The Moon Maiden brings the fascinating, long vanished society of Minoan Crete back to glorious life in a fast-moving tale of love, ambition and betrayal.

Beneath the Cypress Tree

One of the most daring feats in Patrick Leigh Fermor's daring life was the kidnapping of General Kreipe, the German commander in Crete, on April 26, 1944. Abducting a General, now published for the first time in the United States, is Leigh Fermor's own account of the kidnapping. Written in his inimitable prose, and introduced by the acclaimed Special Operations Executive historian Roderick Bailey, it is a glorious firsthand account of one of the great adventures of the Second World War. Also included in this book are Leigh Fermor's intelligence reports sent from caves deep within Crete, which bring the immediacy of SOE operations vividly alive, as well as the peril under which the SOE and Resistance were operating, and a guide to the journey that Kreipe took, from the abandonment of his car to the embarkation site, so that the modern visitor to Crete can relive this extraordinary trip.

The Moon Maiden

The Relic is the first novel in a trilogy. It is set in Frankfurt, Germany in late 1956 during the Hungarian uprising and Cold War. A retired World War II OSS hero, Jim Wafford, hires a young intelligence analyst, Edward Blakely, to find the whereabouts of pieces of a 3,000 year old Minoan relic. The relic holds the key to solving the mystery of where a fortune in Habsburg gold and jewels can be found on the island of Crete. Unfortunately for Wafford and Blakely, a former SS Major, Eugen Horst, is also attempting to find the relic fragments and is willing to kill anyone who gets in his way.

Abducting a General

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Hesperides Press are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Relic

The Agonists

Put Out More Flags is set during the first year of the war and follows the wartime activities of characters introduced in Waugh's earlier satirical novels *Decline and Fall*, *Vile Bodies*, and *Black Mischief*. The dormant conflict is reflected in the activity of the novel's main characters. Earnest would-be soldier Alistair Trumpington finds himself engaged in incomprehensible manoeuvres instead of real combat,

while Waugh's recurring ne'er-do-well Basil Seal, finds ample opportunity for amusing himself in the name of the war effort.

The Flames of Time

'The Alexander Trilogy contains some of Renault's finest writing. Lyrical, wise, compelling: the novels are a wonderful imaginative feat' SARAH WATERS In the final novel of her stunning trilogy, Mary Renault vividly imagines the life of Alexander the Great, the charismatic leader whose drive and ambition created a legend. Alexander the Great died at the age of thirty-three, leaving behind an empire that stretched from Greece and Egypt to India. After Alexander's death in 323 B.C. his only direct heirs were two unborn sons and a simpleton half-brother. Every long-simmering faction exploded into the vacuum of power. Wives, distant relatives and generals all vied for the loyalty of the increasingly undisciplined Macedonian army. Most failed and were killed in the attempt. For no one possessed the leadership to keep the great empire from crumbling. But Alexander's legend endured to spread into worlds he had seen only in dreams. 'Mary Renault is a shining light to both historical novelists and their readers. She does not pretend the past is like the present, or that the people of ancient Greece were just like us. She shows us their strangeness; discerning, sure-footed, challenging our values, piquing our curiosity, she leads us through an alien landscape that moves and delights us' - HILARY MANTEL 'The Alexander Trilogy stands as one of the most important works of fiction in the 20th century . . . it represents the pinnacle of [Renault's] career . . . Renault's skill is in immersing us in their world, drawing us into its strangeness, its violence and beauty. It's a literary conjuring trick like all historical fiction - it can only ever be an approximation of the truth. But in Renault's hands, the trick is so convincing and passionately conjured' Antonia Senior, The Times

Devil's Reach Trilogy

Book one in the reader-driven trilogy between God, humanity and the devil.The Devil Repents goes where no other book has ever gone; to the first evil thought that the devil ever had to a cocktail party in Hollywood while inviting readers to cast votes to complete the story in this three book trilogyThe Devil Repents pulls back the curtain of the spiritual realm of darkness, exposing the raw ungodliness he sows in mans hearts and minds, but why now? Join the intrigue with a best-selling horror novelist, a world famous celebrity and an atheist, all whom get sucked into a confluence of unfortunate events. Delving deep into his bag of deceptions, the devil reveals his most guarded secret to renowned author—how he deceives humanity time and time again. Now the tables turn on the devil. His secret is out and he's got little to bargain with.Unless...has the devil found a clause in the last page of the Bible that just might provide and out? And even if he does, should God forgive the devil? 'Can the devil be forgiven?' The question wouldn't leave me alone for hours as my thoughts turned into keys and opened up more doors in my mind with questions such as, Would the devil even want forgiveness?Surely, I thought, the devil would want at least one shot in human history to try to redeem his tortured soul from the pits of hell to become an angel again. And that's when out of nowhere, The Devil Repents detonated in my mind.As wild and sacrilegious as it sounded, it was a valid question. I never heard those three words put together before. I immediately scribbled it down twice, and then wrote it again as neat as I could. Then I vividly remember sitting at the table and just staring at the words and it was like they were alive and pulsating up at me---so I wrote it down a few more times not knowing that those three words would change the course of my children's and my life forever.For the next few days I read all about Jesus' forgiveness and I searched the Bible several times to see if the devil's salvation was possible and nowhere in the Bible does it say that the devil can't repent. Yes, the devil is judged already as Jesus said in John 12:31---John 16:11. It is also stated in Revelation 12:12 and 20:1-3.Ultimately though, the choice is up to you and your input will be included in the next two volumes of The Devil Repents Trilogy

The Devil's Cove Trilogy

She's spent the last seven hundred years hiding in plain sight. But Mouse's past is about to catch up with her. The Devil's Bible. Once considered an eighth wonder of the world, the ancient book is shrouded in mystery. No one knows who wrote it or where it was written. Even dry-boned scholars whisper about the secrets hidden in the book: How it calls to the power-hungry. How it drives people mad. How it was written in the shadows by the hand of the devil himself. But no one knows the truth—no one except Mouse. She's been running from the truth at the heart of the Devil's Bible for so long that no one even knows her name anymore. She calls herself Emma Nicholas—a normal name for a normal college professor living a normal life. But all of it is a lie, and, when forces emerge that threaten to expose her, Mouse has no choice but to take flight once more. Desperate and on the run, Mouse unexpectedly finds hope in a stranger's kindness. But it will take more than hope to win this game of souls—a battle between good and evil set in motion long ago at the birth of the Devil's Bible.

When he suddenly moves them into a mansion overnight, Harleen worries he's resorted to selling drugs. It turns out, he sold something else entirely... Now, Harleen is forced to give up her education, her friends and her boyfriend in order to move into a castle in the bowels of Hell and marry a man she barely knows, except that he is the definition of evil. She wants to hate him - she does! Except his hazel eyes have flecks of green in them and he has a deep, rumble Australian accent and the way he looks at her causes shivers to run up and down her spine... It's like they say, you can't help who you fall for. And for Harleen, falling for the devil is easier than she ever imagined.

From the growth in merchandising and product placement to the rise of the movie franchise, branding has become central to the modern blockbuster economy. In a wide-ranging analysis focusing on companies such as Disney, Dolby, Paramount, New Line and, in particular, Warner Bros., Brand Hollywood provides the first sustained examination of the will-to-brand in the contemporary movie business. Outlining changes in the marketing and media environment during the 1990s and 2000s, Paul Grainge explores how the logic of branding has propelled specific kinds of approach to the status and selling of film. Analyzing the practice of branding, the poetics of corporate logos, and the industrial politics surrounding the development of branded texts, properties and spaces - including franchises ranging from Looney Tunes to Lord of the Rings and Harry Potter to The Matrix - Grainge considers the relation of branding to the emergent principle of 'total entertainment'. Employing an interdisciplinary

method drawn from film studies, cultural studies and advertising and media studies, Brand Hollywood demonstrates the complexities of selling entertainment in the global media moment, providing a fresh and engaging perspective on branding's significance for commercial film and the industrial culture from which it is produced.

Those of you who use the guides will benefit by his dedication and the sheer choice offered; if you divide the retail price of these by the number of good routes you'll realise this is a bargain. Volume 1 covers a proliferation of Scottish crags up to the natural demarcation of the Great Glen. They are easier to access than most in Volume 2 and present infinite variety. I have been a long-time advocate of selected climbs and the use of photographs to illustrate both climbs and action. I'm glad that this principle has been used throughout these two volumes. It gives you a push to get up and do things. The list seems endless and if you succeed in doing half of them you'll be a much better climber and know a lot more about Scotland - have a good decade!"
