This unique "Amorous Dictionary of Resistance" offers a deeply personal and passionate exploration of the concept of resistance, delving into its historical, philosophical, and emotional facets. More than just a factual account, it provides a subjective lexicon for understanding acts of defiance, courage, and love in the face of adversity, perhaps drawing inspiration from the spirit of movements like the French Resistance.

Dictionnaire amoureux du Rugby

Au même titre que le football, le rugby est devenu un sport populaire et médiatique. Daniel Herrero nous entraîne dans sa patrie imaginaire. Le rugby, qu'il préfère nommer "Ovalie": un territoire abstrait, aux règles strictes et complexes, un sport unique avec son langage et ses traditions propres, tout un état d'esprit ! " J'ai longtemps arpenté les chemins d'Ovalie, le territoire sans frontières des amateurs de rugby. C'est un monde où l'on se rencontre plus qu'on ne se croise, et qui a tout d'une école de la vie. Les codes s'acquièrent au fil du temps, sur le pré, dans les vestiaires, au fond d'un bus ou dans un bistrot, à l'ombre d'une potence de bière devenue arbre à palabres. Il s'y raconte des légendes où s'affrontent les grands noms de notre panthéon, il s'y vit des épopées où des émotions brutales et intenses tissent entre les hommes des liens indéfectibles. Près de deux siècles après la naissance du jeu dans l'Angleterre victorienne, novices et initiés partagent désormais une culture, faite de règles officielles et officieuses, d'un langage, de rituels, d'un patrimoine dont certains chefs-d'oeuvre sont en péril et, plus important que tout, d'un esprit ! Ce dictionnaire vous invite amoureusement à pousser la porte du royaume. Bienvenue en Ovalie ! " Daniel Herrero Nouvelle édition corrigée et augmentée

Cultural Techniques

In a crucial shift within posthumanistic media studies, Bernhard Siegert dissolves the concept of media into a network of operations that reproduce, displace, process, and reflect the distinctions fundamental for a given culture. Cultural Techniques aims to forget our traditional understanding of media so as to redefine the concept through something more fundamental than the empiricist study of a medium's individual or collective uses or of its cultural semantics or aesthetics. Rather, Siegert seeks to relocate media and culture on a level where the distinctions between object and performance, matter and form, human and nonhuman, sign and channel, the symbolic and the real are still in the process of

becoming. The result is to turn ontology into a domain of all that is meant in German by the word Kultur. Cultural techniques comprise not only self-referential symbolic practices like reading, writing, counting, or image-making. The analysis of artifacts as cultural techniques emphasizes their ontological status as “in-betweens,” shifting from first-order to second-order techniques, from the technical to the artistic, from object to sign, from the natural to the cultural, from the operational to the representational. Cultural Techniques ranges from seafaring, drafting, and eating to the production of the sign-signal distinction in old and new media, to the reproduction of anthropological difference, to the study of trompe-l’oeils, grids, registers, and doors. Throughout, Siegert addresses fundamental questions of how ontological distinctions can be replaced by chains of operations that process those alleged ontological distinctions within the ontic. Grounding posthumanist theory both historically and technically, this book opens up a crucial dialogue between new German media theory and American postcybernetic discourses.

100 Miles of Thought

Running can be a method of discovering new physical, mental, and emotional limits. Seeking a new way to test those limits, Ryan Chukuske set off on a 100 mile race. During the race, he discovered a new appreciation for himself and for life in general. This is a recollection of his thoughts during the race and how running can be translated to lessons anyone can live by. Finding change through pain and humility, and a touch of humor, he discovered that life is not about the running. Life is about the journey.

46 Miles

When Jarra Brown hears church bells he cannot fail to be reminded of the hundreds – 345 to be precise – of service personnel who passed through the beautiful rural Wiltshire countryside into Oxfordshire. These men and women were not hiking across its green pastures or sitting on top of the number 55 bus, instead they were lifeless, resting inside a coffin draped with the Union flag. By the end of August 2011 the bells of St Bartholomew’s Church in Wootton Bassett had tolled more times than the residents of this once peaceful town cared to think about, for each chime represented the moment the police convoy accompanying the hearse from RAF Lyneham entered the High Street. A moment frozen in time, a moment when the residents of this town came to show their respects, a moment that couldn’t have been more fitting even if it had been choreographed. There was no call to arms by the Town Crier, just a spontaneous, modest and unprompted response to those who had paid the ultimate price in the name of duty. 46 Miles is not a book about the politics of war, the whys and wherefores of the Iraq and Afghanistan conflicts, or indeed the hidden agendas and government strategies. It is about a town which captured the hearts of our nation and whose emotions rippled the entire 46 mile journey of honour, dignity and respect into Oxford. It is dedicated to those 345 people who, having signed up to serve their Queen and country, paid with their lives. Wootton Bassett, who nurtured the grieving on every occasion, wanted to let the nation know that these heroes will never be forgotten.

OMILES OF THOUGHTSÓ is an enthralling collection of short stories and satiric essays bringing together the whole world using social and political satire designed to soften the blow of the real issues. Watch out - here we come.

Miles of Thoughts

The powerful story of a mind at the edge of unraveling, held together by love and acceptance. Nest and Q walk through the city. Nest speaks and Q listens. Mile by mile, Nest tells Q about her life, her family, her past . . . and her Chimaera, the beast that preys on her mind and causes her to lose

herself. Q knows only that his love for Nest runs deeper than the demon that plagues her thoughts, that he loves her in spite of—or perhaps because of—the personal battle she fights every day. A beautifully-written, haunting story. Praise for *Ten Miles One Way*: “A loving but honest treatment of mental illness, these words will sing off the page and into your heart. No question: the world is a better place with Patrick Downes writing in it.”—A. M. Jenkins, author of the *Printz Honor Book Repossessed* * “Downes subtly plumbs the depths of mental illness within the broader context of relationship and self-awareness....An intricate, unusual love story for readers attuned to compassion.”—Kirkus Reviews, starred review “Through bewitching prose, idiosyncratic detail, and the presentation of a mind simultaneously on the edge of epiphany and exhaustion, breakthrough and breakdown, Downes crafts a tender portrayal of both mental illness and love itself. Part romance, part poetry, and part monologue, perceptive teens will devour this one.”—Booklist “This is a dark, affecting tale about the mind of a bipolar adolescent attempting to run from her own thoughts, and her boyfriend, who listens, learns, and loves her throughout everything. Many readers will connect with this raw, powerful portrait of a young person living with mental illness. Recommended for most YA collections.”—School Library Journal “What’s most interesting is that underneath the journey and the mental illness and even the harrowing crash, this is at the core a love story, one that isn’t always pretty or even healthy but is absolutely memorable.”—BCCB “Downes doesn’t cloak the depth of Nest’s suffering nor offer false promises about love’s ability to rescue or redeem.”—Publishers Weekly Praise for *Fell of Dark*: * “A stunning debut novel that offers sophisticated readers a glimpse into the psychological disintegration of two distinct characters.”—Kirkus Reviews, starred review * “[W]hether in an image or in a confused, despairing reaction to an incomprehensible world . . . Downes’s vision will connect into an epiphany.”—Publishers Weekly, starred review * “Readers willing to sink into the depths of two unstrung teens and their frantic individual struggles to understand the cruelties and redemptions of the universe will be rewarded by this disarming, thought-provoking, and entrancing story.”—Booklist, starred review “Here is a book built of darkness and gleam, of raw emotion and shattering poetry, of harrowing compulsions and zero compromise. Patrick Downes possesses blazing, beautiful, terrifying talent. His characters walk the shadows. His language bursts like sky.”—Beth Kephart, National Book Award nominee “Luminous and pure. A masterwork of astonishing authority and beauty.”—Julie Berry, author of *All the Truth That’s in Me*

In the whimsical tradition he is known for, humorist Dennis Ford once again embarks on an amusing exploration into the captivating worlds of science, literature, history, and popular culture—all without ever leaving the comfy air-conditioned interior of his Saturn Ion. In the style of his previous work, *Thinking About Everything*, Ford shares a medley of new musings on the worries of the world and the unique friendliness of San Antonio as he plays peek-a-boo with a spider, attempts to climb a rainbow, and captures a leprechaun. Ever the helpful humorist, Ford continues on a journey of thoughtful adventures through the mundane and esoteric as he explains how the postal service can mail itself into a profitable future, why fantastical lies can make elections more interesting, and a way through which one can acquire a window seat on the ferry to the Great Beyond. Included are “Excellent Groaners,” a compilation of puns, and “Professor Fawcett’s Notorious Lecture on Test-Irrelevant Thoughts,” a learned presentation on the psychological perils of test anxiety told partly in acronyms. *Miles of Thoughts* offers an amusing glimpse into one man’s upside-down world as he commutes through the beautiful scenery of the New Jersey Pine Barrens and contemplates life.

Dusk at Turquoise Lake is about the mystique of any given day. It is an exhilarating exploration about life, love, yearning, and retrospection. Two lovers displaced by their careers and life paths live on different continents. During their separation, the author refuses to lapse into zombiesque depression. Instead, he writes to his beloved as an attempt to dissolve the time and space between them. Though separated from their mutual breath, he delves into the nature of things, whether through conceptual, spiritual or personal experience. What unfolds is an extraordinary journey that unleashes creativity and insight. He paints emotions, deep and penetrating ideas, and conceptual and spiritual philosophies that will either draw them together or pull them apart. The author's lilting prose chronicles the pain of absence, gentle acceptance and insightful understanding of separation and unity, fate and destiny. Dusk at Turquoise Lake is a time capsule. It is a love story that began years ago, which is both personal and universal. It brings the author to the present, most certainly altered, more mature, and deepened. For any explorer of the heart and soul, Dusk at Turquoise Lake is a journey that opens a pathway to self-discovery and reflection on life's only true work - to love and be loved.

Miles Byfar

The story of how I freed myself... from myself. I found myself at the dawn of an adventure that superseded geographical miles. From the base of a mountain of truth there was no turning back. The story began as a desire to liberate myself from the bounds of society, but at every turn there seemed to be a mirror. The story, and the meta-story of its telling, evolved into a Transformative peace of non-fiction. I would never return the same. My journey through history and culture, my passage through nexuses of spirituality and science, my battle with apathy and aggression, brought me to the rocky and elusive middle path; and it all began with my first bicycle tour and the retelling of it. Join me in the unfolding experience that is Spacetime Bicycle: The Beginning

The Last Miles

Some Thoughts on Thinking is a work dealing with the issues one faces when one attempts to construct non-arbitrary beliefs about ourselves and our surroundings. The text opens up with a discussion of the similarities and differences between science, theology, philosophy and tradition. This initial discussion provides the foundation for a deeper push into what is, and what is not, a recommendable and non-arbitrary belief. Descartes and Kant, and the challenges they raise in attempts to form accurate beliefs, are used to set the stage for providing an answer to skepticism. No previous exposure to philosophy is assumed and the language of the work is free of complex philosophical terms. Some Thoughts on Thinking is ideal for classes introducing philosophy, classes in logic, reason and argumentation and for classes in the philosophy of science.

Dusk at Turquoise Lake

The major purpose of this book is to illustrate and explain the fundamental similarities and correspondences between humankind's oldest and newest thought-technologies: oral tradition and the Internet. Despite superficial differences, both technologies are radically alike in depending not on static products but rather on continuous processes, not on "What?" but on "How do I get there?" In contrast to the fixed spatial organization of the page and book, the technologies of oral tradition and the Internet mime the way we think by processing along pathways within a network. In both media it's pathways--not things--that matter. To illustrate these ideas, this volume is designed as a "morphing book," a collection of linked nodes that can be read in innumerable different ways. Doing nothing less fundamental than challenging the default medium of the linear book and page and all that they entail, Oral Tradition and the Internet shows readers that there are large, complex, wholly viable, alternative worlds of media-technology out there--if only they are willing to explore, to think outside the usual, culturally constructed categories. This "brick-and-mortar" book exists as an extension of The Pathways Project (<http://pathwaysproject.org>), an open-access online suite of chapter-nodes, linked websites, and multimedia all dedicated to exploring and demonstrating the dynamic relationship between oral tradition and Internet technology

Spacetime Bicycle: the Grade

A brief, beautiful invitation to the study of religion from a Pulitzer Prize winner. How did our forebears begin to think about religion as a distinct domain, separate from other activities that were once inseparable from it? Starting at the birth of Christianity—a religion inextricably bound to Western thought—Jack Miles reveals how the West’s “common sense” understanding of religion emerged and then changed as insular Europe discovered the rest of the world. In a moving postscript, he shows how this very story continues today in the hearts of individual religious or irreligious men and women.

The Parliamentary Debates

You know the Dugans. They’re that scrappy family that lives down the street. Their yard is overgrown, they don’t pick up after their dog, their five children run free—leaving chaos in their wake—and the father hasn’t earned a cent in years. The wife holds them together on her income alone. You wouldn’t want them for neighbors—but from a distance, they’re quite entertaining. You can tell from the empty bottles lying under the bush out front that alcohol is an issue in the household—and all things considered, you can hardly blame the wife for leaving one day. Without her at the helm, the rest carry on the best they can. Their strong sense of family keeps them going. They help—and in some cases, rescue—each other as they struggle for a better life. And while they never follow the rules, or completely conquer the adversity with which they’re faced, they do manage to meet their challenges—and even earn some much-needed respect. Along the way, they might even make you proud. Set in the Finger Lakes region of upstate New York, the twelve linked stories of *Our Love Could Light The World* depict a dysfunctional family that’s messy and rude, cruel and kind, and loyal to the end.

Happy Thoughts

From Colleen Hoover, the #1 New York Times bestselling author of *It Starts with Us* and *It Ends with Us*, a heart-wrenching love story that proves attraction at first sight can be messy. When Tate Collins meets airline pilot Miles Archer, she doesn’t think it’s love at first sight. They wouldn’t even go so far as to consider themselves friends. The only thing Tate and Miles have in common is an undeniable mutual attraction. Once their desires are out in the open, they realize they have the perfect set-up. He doesn’t want love, she doesn’t have time for love, so that just leaves the sex. Their arrangement could be surprisingly seamless, as long as Tate can stick to the only two rules Miles has for her. Never ask about the past. Don’t expect a future. They think they can handle it, but realize almost immediately they can’t handle it at all. Hearts get infiltrated. Promises get broken. Rules get shattered. Love gets ugly.

In this book Miles Hollingworth investigates how Augustine's understanding of discipleship causes him to resist the normal tendencies of Western political thinkers. On the one hand, he does not attempt to delineate an ideal state in the classical fashion: to his mind, the Garden of Eden can be an archetype for nothing on earth. And on the other hand, he does not seek to achieve an ideological perspective on the proper relations between Church and State. In fact his Pilgrim City is shown to lie beyond utopianism, realism and the normal terms of political discourse. It stands, instead, as a singular challenge to the aspirations of politics in the West; and so standing it calls for a reassessment of his position in the history of political thought. This book will be of interest to theologians as well as historians of political thought. It will also appeal to anyone with an interest in the history of ideas.

Orange Coast Magazine

Pitbull is back and angrier than ever, with another collection of hilariously well-observed and rambunctiously argued grievances about the mad world of sport and beyond. Following the success of *The Thoughts of Chairman Moore, Volume I*, you might have hoped that sport's powers that be would have sat up and taken notice of its many faults and flaws. But alas no, lunacy prevails and so Brian has taken it upon himself to put forward another collection of his unique insights and not-so-unique frustrations. Uproariously funny and spot-on in its every complaint, *Volume II* is required reading for anyone who can't live without sport but who also can't help but wonder at its unbridled idiocy!

Literary Digest: a Repository of Contemporaneous Thought and Research as Presented in the Periodical Literature of the World

When history itself seems written to keep them apart, can two radically different peoples really find it in their hearts to get along? Sienna is an Ailura. His kind live on the lonely island of Veramilia, bound under traditions forged by countless generations. Indigo is a Lutra. His kind goes with the flow, having lived as free as the ocean waves since the beginning of time. When a great calamity strikes and the Ailura are forced to flee their island home, the Ailura and the Lutra come face to face for the first time in known history. In these turbulent times, it is Indigo and Sienna who are chosen to find a suitable habitat for the displaced tribe. One a princess destined to rule his kind, the other the only son of a would-be chief, the pair seem like a natural choice. But as friendship blossoms into something more, and their journey takes them further and further from known lands, the wanderers begin to uncover secrets hidden among the ruins. Secrets which suggest the two species may not be as alien to one another as previously thought. Cover art: Miles Nelson

Our Love Could Light the World

"Fans of Donald E. Westlake's Parker novels (written under his Richard Stark pseudonym) will be on familiar ground. . . . A very good entry in a very good series" (Booklist). Wilson should have just walked away when three men came looking for a way to boost a valuable piece of art. The art came off the wall, the alarm screamed thief, and Wilson walked away clean. But it turned out that job was an interview for an even bigger heist. A dangerous man wants Wilson to get him something more valuable than a painting. Problem is Wilson only has a week. Wilson and his crew cross the Canadian border to Buffalo, New York, to steal a two-hundred-year-old violin. A lot of people are interested in getting their hands on the instrument—and none of them are shy about killing to get it. The job starts like a bad joke—a thief, a con man, a wheel man, and a gangster get in line to cross the border—but the Buffalo job doesn't end with a punchline. It ends with blood . . .

Ugly Love

"With wit and a humbling sense of wonder, this is a book that can be shared and appreciated by a wide audience who now religiously check their phones for daily forecasts." — Publishers Weekly
Starred Review "This terrific, accessible, and exciting read helps us to better understand the aspects

of weather and the atmosphere all around us.” —Library Journal Starred Review We live at the bottom of an ocean of air — 5,200 million million tons, to be exact. It sounds like a lot, but Earth’s atmosphere is smeared onto its surface in an alarmingly thin layer — 99 percent contained within 18 miles. Yet, within this fragile margin lies a magnificent realm — at once gorgeous, terrifying, capricious, and elusive. With his keen eye for identifying and uniting seemingly unrelated events, Chris Dewdney reveals to us the invisible rivers in the sky that affect how our weather works and the structure of clouds and storms and seasons, the rollercoaster of climate. Dewdney details the history of weather forecasting and introduces us to the eccentric and determined pioneers of science and observation whose efforts gave us the understanding of weather we have today. 18 Miles is a kaleidoscopic and fact-filled journey that uncovers our obsession with the atmosphere and weather — as both evocative metaphor and physical reality. From the roaring winds of Katrina to the frozen oceans of Snowball Earth, Dewdney entertains as he gives readers a long overdue look at the very air we breathe.

My Unsung Psalm

My Unsung Psalm begins with an invitation for you to experience seeing God for the first time and becoming part of the journey through Katherine's eyes of faith. Through a difficult childhood and a challenging medical history, she knows God is with her, and she is never afraid. It is a rare account of Katherine's feeling of being loved by God and being useful to mankind. She sees beyond her limitations and inspires others to never give up. Sometimes hope can level the playing field of life. We have a chance. We are offered the opportunity to make something of our lives, and that is what I did. "The message of My Unsung Psalm embraces the essence of the water of childhood memories becoming the wine of adult faith. You, the reader, can walk this journey of sadness and joy, and understand God's grace vividly as you turn each page of miracles, intertwining Katherine's circumstances with your own memories. Cherish God's message. Reflect upon this book. Consider the story as a foundation of faith and healing." - Judy McClure "Anyone in the ministry or entering the seminary should read this book." -Mary Bain Pearson "This is Katherine's story; her journey. A journey that begins with God holding her hand and ends with Katherine holding God's hand. It is not about the storms of her life, but rather, about the One who sailed the storms beside her. Her journey will lead you to yours and fill you with Hope! God's Song is love." -Rev. Edward Abell "She writes as beautifully as she paints." -Gloria McKay

The Search of My Life

The Search of My Life is a true story about author Norma Garcia who spends most of her years experimenting through life to find true happiness and fulfillment. Her journeys however, prove only to be nothing but broken roads to emptiness. Until one night everything changes while sitting in her car. The answer is finally revealed, available for her to embrace it. But in order to receive the gift presented to her, Norma must let go of the very thing she loves the most...her life. Beautifully written, this book addresses the heartbreaking realities of infidelity, abortion, and finally her faith in God. Although some life shattering events will shock you, such as challenges in her dysfunctional upbringing, dealing with a loved one plagued with addiction and reaping the consequences of her own choices, her story will nevertheless inspire you, bring you joy and awaken you with hope.

Selected Spiritual Writings of Anne Dutton: Discourses, poetry, hymns, memoir

Volume II contains Anne Dutton's once well-known and widely circulated A Discourse upon Waling with God (1735). Once read and referred to by George Whitefield, it contains spiritual insights for practical daily living. Dutton's hymns and poetry are also included in this volume. Dutton's poetry, A Narration of the Wonders of Grace (1734), was a prominent publication in her day. It contained 1,504 lines of poetry in six parts based on themes of salvation. Her biographer, J.C. Whitebrook, referred to it as her chief literary production. Sixty-one of Dutton's hymns composed on several subjects are also included in that volume. Her biographer, J.A. Jones, noted that these were written for plain and homely folk in the midland countries. Dutton's contribution to evangelical spirituality, poetry, and hymnody in the Baptist tradition is significant.

The Works of John Donne ... With a Memoir of His Life. By [i.e. Edited By] Henry Alford

The long awaited sequel to the beloved and bestselling 'The Liars' Club' and 'Cherry' – a memoir about a self-professed 'blackbelt sinner's' descent into the inferno of alcoholism and madness, and her astonishing resurrection.

Lit: A Memoir

This is a book of a young lady and her journey through life. She had to deal with life and its struggles at an earlier age. Overcoming every obstacle that got in her way including abuse, sex, marriage and divorce. She put her Soul into this book with the hopes that her Journey can help save or change the next persons life in a positive way. She will take you on a Journey with her from birth to adulthood, so fasten your seat belt and enjoy the ride. Christina Puglisi said on Jan 19, 2011 9:25 AM I read this book and I was hooked (couldn't put it down) right from the beginning! Latrice describes in great detail the real-life, emotional struggles of a young girl with ALOT of drama in her life. She also recounts the many hard lessons she learned and continues to learn as she matures. This book was very raw, honest, deep and extremely personal. I would highly recommend this book. Charles J. Brooks "Uncle" said on Jun 4, 2010 5:22 PM You are so precious to me, I am so happy that you are writing so that you can help others. Many of us really believe that the deeds done in this life is a secret, for some of us yes. In sharing you dreams, aspirations and stumbling blocks and some high walls that you sought strength to climb or knock down or remove stone by stone, has allowed you to be set free from the past, looking forward to the God adventures in this life, to attain eternal victory. Always Love

The Works of Thomas Shepard ... With a Memoir of His Life and Character [by J. A. Albro].

Pieces of Life is a small book that carries a mighty punch. Kola Anthony Scott, II. delivers a strong and daring book of literary works and shared life stories. The book is divided into two sections. Section one presents Scott's creative body of works. In his works, Scott presents characters and situations that push and challenge the soul. Section two consist of Scott's, moving and sometimes tragic personal back story. Scott's goal, be honest with the reader and speak his own truth.

STORY OF MY LIFE

From one of the most gifted writers of her generation comes the harrowing and exquisitely written true story of how a family tragedy saved her life. Dani Shapiro was a young girl from a deeply religious home who became the girlfriend of a famous and flamboyant married attorney—her best friend's stepfather. The moment Lenny Klein entered her life, everything changed: she dropped out of college, began to drink heavily, and became estranged from her family and friends. But then the phone call came. There had been an accident on a snowy road near her family's home in New Jersey, and both her parents lay hospitalized in critical condition. This haunting memoir traces her journey back into the world she had left behind. At a time when she was barely able to take care of herself, she was faced with the terrifying task of taking care of two people who needed her desperately. Dani Shapiro charts a riveting emotional course as she retraces her isolated, overprotected Orthodox Jewish childhood in an anti-Semitic suburb, and draws the connections between that childhood and her inevitable rebellion and self-destructiveness. She tells of a life nearly ruined by the gift of beauty, and then saved by the worst thing imaginable. This is a beautiful and unforgettable memoir of a life utterly transformed by tragedy.

My Life's Journey

The Story of My Life was written by Hellen Keller and the main theme is the power of perseverance to overcome great obstacles. The book explores the challenges that Keller faced while growing up as a child with disabilities. It also introduces the amazing people who helped her along the way. This is an autobiography detailing her early life, particularly her experiences with Anne Sullivan. Outlining the various wonders and struggles she encountered on the way to achieving her dream, The Story of My Life recounts her early childhood through to her college years. In her early childhood, Keller suffers an illness which robs her of her eyesight and hearing. Owing to her disabilities, she was unable to communicate or be understood by others. However, Sullivan's arrival changes her life, bringing her out from the darkness of her mind into the light of the world. Thanks to Sullivan, Keller learns to love nature and education, particularly reading. This allows her to use her imagination and to begin to define who she is as an individual.

Memoir of the Rev. Edward D. Griffin, D.D.

No one has been more frank, lucid, and entertaining about growing up gay in Middle America than Edmund White. Best known for his autobiographical novels, starting with *A Boy's Own Story*, White here takes fiction out of his story and delivers the facts of his life in all their shocking and absorbing verity. In *My Lives*, White shares his enthusiasms and his passions, and he introduces us to his lovers and predilections.

Memoir of the Rev. Edward D. Griffin, D.D., Compiled Chiefly from His Own Writings

"See that moon up there? You can reach that high. Never be afraid because you can be anything you want to be." Susan Lucci was only five years old when her father shared these encouraging words with her. They inspired the highly imaginative child who loved make-believe to craft one of the most enduring characters in television history, an achievement that would earn her a record twenty-one Emmy nominations—the most for an actor in the award's history—and the crown as "Leading Lady of Daytime." When Lucci and *All My Children* were introduced to the world in 1971, American television changed forever. Susan's character, the beautiful, spirited, and mercurial Erica Kane, was an original—the first vixen viewers loved to hate. But while millions have enjoyed getting to know Erica's many sides—and have been awed at how this character has continually remade herself—the woman who plays her has remained a mystery. In her long-awaited memoir, this very private actress, wife, mother, daughter, grandmother, sister, friend, and entrepreneur pulls back the curtain to reveal her story. Susan, like Erica Kane, has undergone a metamorphosis many times. *All My Life* shares the stories of those transformations: starring in roles on television and stage, where she took Broadway not just by storm but "by tsunami" as one critic raved about her performance in *Annie Get Your Gun*; mounting successful cabaret acts (solo and with Regis Philbin); bringing art and joy back to New York in the wake of 9/11; conquering the tango with Tony Dovolani on ABC's hit show *Dancing with the Stars*; and building a successful career as an entrepreneur with a signature line of products. Susan goes beyond her success to talk about the darker moments, too, including the childhood guilt she harbored over the death of her dear grandmother, the car accident that nearly took away her career and her eyesight, her newborn son's life-threatening illness, coping with her husband's cancer, and the pain of miscarriage—one of the many parallels between her Erica Kane. As charming, down-to-earth, and compelling as the woman whose story it tells, *All My Life* shines a spotlight on one of our most popular stars and reminds us of the power of dreams and how we can find the courage and tenacity to make them come true.

Slow Motion

Sigrid Kendall, née Baroness Rüdts von Collenberg, was born in 1930 into the rarefied world of Central European aristocracy with all that title and wealth afforded—castles, estates, and hunting lodges throughout Germany, the Netherlands and Poland, idyllic playgrounds of nature, horseback riding, carriage rides, and nights at the opera. Her childhood, however, coincided with the rise of Hitler, and by the time she was nine years old, her country was on the march toward Russia; one of her earlier family's houses had been destroyed in the first Allied air raid; and her beloved father, an officer with the German cavalry, had been killed. Yet through a child's eyes, Germany was home and Hitler, with

his mesmerizing radio voice, promising “a thousand years of peace,” seemed like the rightful leader. Post-war Germany brought to her teenage self a different story, a different life—one of shame for the atrocities her country committed, and one in which the complete devastation of her country was the great equalizer among the people. The impact that those post-war years had on Kendall would have a lasting effect on her worldview: to question authority; to earn what you get; and to look out not only for others, but also for yourself. She carried this philosophy with her into a new life in America—immigrating at age twenty-three, newly wedded—and it kept her grounded, even as she fell in love for a second time and assumed the unlikely role of “corporate wife” upon marrying one of the most powerful corporate leaders in the United States. Her life suddenly became one filled with entertaining heads of state and traveling the world over. But for Kendall, her children would always come first and Germany would keep hold of her heart. Narrated with candor and grace, *My Many Lives* is a deeply moving account of a remarkable life, fractured into so many lives with its unexpected turns, and the true importance of love, loyalty, and resilience.

The Works of T. Adams ... With Memoir by Joseph Angus

This steamy autobiographical account of J.M. Valente is a noteworthy and truthful memoir telling the story of his life from 1952 to 2007 in a gentle-mannered yet surprisingly riveting narrative of his awkward beginnings, early awakenings, and the various endings in his fast-paced way of life. He had an awkward

start in life, having been diagnosed with Polio at the tender age of three. He spent a year and a half of his early life in the Hospital. While he eventually learned to walk again, he had to wear leg braces, identical to the fictional character of 'Forrest Gump.' However, the real page-turning experience for readers begins when Valente discusses his very early initiation with Females and losing his Virginity at a rather young age, and engaging in 'booty calls' with an ex-girlfriend. Throughout the memoir, he would continue to divulge juicy details about his sex and romantic life. However, Valente applies a well-placed pause on that salacious topic as he inserts a somber discussion about family life and the slow loss of his only brother to drugs which eventually got him killed in a car accident. Ultimately, Valente's quiet yet sincere storytelling renews readers' attentions page after page, keeping them glued with a clever mix of persuasion, enticement, and brave honesty. His intriguing and unique autobiography, THE TIME OF MY LIVES, includes song titles that fittingly prolong the mood of each event in his multi-faceted life, which creates the atmosphere that is often found in excellent Movies.
