Headway: Beginner: Workbook Without Key

Heaven is for real, and you are going to like it! Colton Burpo came back from his trip to heaven with a very important message: Jesus really, really loves children. In an effort to reach even more families with this eternally significant story, this runaway bestseller is now told from Colton-kid to kids! Children will receive the same comfort and assurance that so many adults have received from the trade book. Beautifully illustrated under Colton's direction, he shares his experiences in first person and comments on things that will be important to kids. A letter to parents is included to guide them as they talk to their children about heaven. Scripture along with a Q&A section with answers from the Bible are also included in the book.

New Headway

The listening and reading texts are drawn from a range of authentic sources. An in-depth treatment of grammar enables students to work out grammatical rules and helps them achieve greater accuracy through a better understanding of how language works. There is a thorough skills syllabus, with all four skills systematically developed and integrated through related tasks. There is extensive work on vocabulary, with particular emphasis on the most frequently used verbs, phrasal verbs, idioms, and compounds. Integrated pronunciation practice is provided throughout. 'Postscript' sections provide an opportunity to practise everyday English in situations (such as airports and hotels), or survival areas (such as telephones and directions). There is a particular focus on the grammar of spoken English. The topics - including homelessness, pre-nuptial agreements, and the effects of tourism - have all been chosen to appeal to adults and young adults.

Channel Your English Elementary

Provides an addition to the New Headway. This book helps students to express themselves clearly and confidently by training them in the key areas of pronunciation. It has a guide to suitable exercises for speakers of particular languages. It focuses on lexical sets and trains in stress and intonation patterns for functional use.
