### The Alexiad

A revised edition of Anna Komnene's Alexiad, to replace our existing 1969 edition. This is the first European narrative history written by a woman – an account of the reign of a Byzantine emperor through the eyes and words of his daughter which offers an unparalleled view of the Byzantine world in the eleventh and twelfth centuries.

### The Alexiad

A revised edition of Anna Komnene's Alexiad, to replace our existing 1969 edition. This is the first European narrative history written by a woman - an account of the reign of a Byzantine emperor through the eyes and words of his daughter which offers an unparalleled view of the Byzantine world in the eleventh and twelfth centuries.

### Anna Komnene and the Alexiad

“Kolovou . . . rescues Anna from the talons of misogynist historians and places her where she belongs as an extraordinary, but very human, woman.” —Beating Tsundoku A woman of extraordinary education and intellect, Anna Komnene was the only Byzantine female historian and one of the first and foremost historians in medieval Europe. Yet few people know of her and her extraordinary story. Subsequent historians and scholars have skewed the picture of Anna as an intellectual princess and powerful author. She has been largely viewed as an angry, bitter old woman, who greedily wanted a throne that did not belong to her. After being exiled to a convent, she composed the Alexiad, the history of the First Crusade and the Byzantine Emperor, Alexios I Komnenos (1081-1118), her father. This book aims to present Anna Komnene—the fascinating woman, pioneer intellectual, and charismatic author—to the general public. Drawing on the latest academic research to reconstruct Anna's life, personality and work, it moves away from the myth of Anna the conspirator and “power-hungry woman” which has been unfairly built around her over centuries of misrepresentation. It places Anna Komnene in the context of her own time: the ancient Greek colony and medieval Eastern Roman empire, known as Byzantium, with the magnificent city of Constantinople at its heart. At the forefront of an epic clash between East and West, this was a world renowned for its dazzling wealth, mystery and power games. This was a world with

Anna Komnene directly at the center. "Well-written, well-researched, and an overall fascinating read . . . A brilliant addition to women's history." —Where There's Ink There's Paper

## Alexiad

Anna Comnena (1083-1153) wrote *The Alexiad* as an account of the reign of her father, the Byzantine Emperor Alexius I. It is also an important source of information on the Byzantine war with the Normans, and on the First Crusade in which Alexius participated. While the Byzantines were allied to the Crusaders, they were nonetheless critical of their behaviour and Anna's book offers a startlingly different perspective to that of Western historians. Her character sketches are shrewd and forthright - from the Norman invader Robert Guiscard ('nourished by manifold evil') and his son Bohemond ('like a streaking thunderbolt') to Pope Gregory VII ('unworthy of a high priest'). *The Alexiad* is a vivid and dramatic narrative, which reveals as much about the character of its intelligent and dynamic author as it does about the fascinating period through which she lived.

## The Alexiad of Anna Komnene

A critical appraisal of the literary art of a great Byzantine text by the first woman historian, Anna Komnene.

## Structure and Features of Anna Komnene's Alexiad

This book introduces new methods of research for studying the *Alexiad*, aiming primarily at analysing Anna Komnene's literary expression.

## Anna Komnene

Byzantine princess Anna Komnene is known for writing history and plotting to become empress by murdering her brother. This book explains how Anna broke her culture's rules for women's behavior by writing history, her efforts to be acceptable, and how her writing nonetheless fired the story of her bloodthirsty ambition.

## The Alexiad (Royal Collector's Edition) (Annotated) (Case Laminate Hardcover with Jacket)

Anna Komnene describes the political and military history of the Byzantine Empire during the reign of her father, Emperor Alexios I. The text documents the Crusades and the conflicting perceptions of East and West in the early 12th century.

## The Alexiad of Anna Comnena

In *The Alexiad*, Anna Komnene describes the political and military history of the Byzantine Empire during the reign of her father, Emperor Alexios I. The text is a reference on the Byzantium of the High Middle Ages, documenting the Crusades and highlighting the conflicting perceptions of East and West in the early 12th century.

## The Alexiad (100 Copy Collector's Edition)

*The Alexiad*, a compelling, dramatic account of the Emperor Alexios of the Byzantine Empire (about 1050-1118), was written by Alexios' highly educated and articulate daughter, Anna Komnene. A princess raised in the royal court, Komnene (Latinized as Comnena) is generally regarded as the first woman historian. She wrote the book from a convent during the last years of her life. This epic book covers the First Crusade, daily life at the court, internal plots and intrigues, wars and invasions, and religious heresies--all from the perspective of one who was there. It is the only primary source of the First Crusade from the Byzantine point of view. The translation from Greek to English by Elizabeth A. S. Dawes has been praised both for its readability and its accuracy.

## The Alexiad

For fans of Joan of Arc and Alexander the Great, comes "a gripping saga of alliances, intrigues, deceptions, and treacheries" about Anna Comnena of the Byzantine Empire. Anna Comnena has every reason to feel entitled. She's a princess, her father's firstborn and his chosen successor. Someday she expects to sit on the throne and rule the vast Byzantine Empire. So the birth of a baby brother doesn't perturb her. Nor do the "barbarians" from foreign lands, who think only a son should ascend to power. Anna is as

dismissive of them as are her father and his most trusted adviser--his mother, a manipulative woman with whom Anna studies the art of diplomacy. Anna relishes her lessons, proving adept at checkmating opponents in swift moves of mental chess. But as she matures into a young woman, her arrogance and intelligence threaten her grandmother. Anna will be no one's puppet. Almost overnight, Anna sees her dreams of power wrenched from her and bestowed on her little brother. Bitter at the betrayal, Anna waits to avenge herself, and to seize what is rightfully hers. Praise for *Anna of Byzantium*: A Bulletin Blue Ribbon Book An ALA Quick Pick An ALA Best Book for Young Adults A Booklist Editor's Choice A Booklist Top Ten Historical Fiction Pick [STAR] "[*Anna of Byzantium*] involves readers in a gripping saga of alliances, intrigues, deceits, and treacheries worthy of a place among the tragic myths." — The Bulletin, Starred review "In the tradition of E. L. Konigsburg's *A Proud Taste for Scarlet and Miniver* and Karen Cushman's *Catherine, Called Birdy* comes this story of a real-life historical figure, Anna Comnena, groomed to be the sovereign of the Byzantine empire... Barrett uses an effective first-person narrative to draw readers into Anna's story, and the author's precise use of detail helps re-create Anna's world, the palace of Constantinople in the ninth century. . . Readers will be caught up in...this exciting read."—Booklist, Boxed review "A fascinating mix of history, mystery, and intrigue."-The Horn Book Magazine "Barrett does a remarkable job of painting moods and emotions with spare, elegant sentences. . . This splendid novel about a neglected period of history is the perfect choice. . . Hard to imagine it being any better written." —VOYA "This wonderfully engaging novel both entertains and serves as a lively history lesson with its well-researched background, dramatic plot and dimensional characters. Barrett's descriptive, engaging prose will draw readers into a fascinating historical time, filled with political intrigue and a complex, admirable teen protagonist who faces her changing future with an inspiring combination of heart and mind."— Wichita Eagle

### Anna of Byzantium

First published in 2005. This is one of the fundamental sources of information on Chivalry as well as on many other interesting subjects. Princess Anna was the daughter of the Byzantine Emperor Alexius I, and obviously a highly educated and cultured woman. This is the first and only full translation of this remarkable work, although it has been much quoted in various scholarly works. Sir Walter Scott relied heavily on it for his various accounts of the chivalric tradition.

### Alexiad Of The Princess Anna Comnena

This significant critical anthology explores the life of Anna Komnene, the Byzantine context in which she wrote, and the impact of the *Alexiad* on her times and on subsequent historical works of literature.

### The Alexiad of Anna Comnena

First published in 2005. Routledge is an imprint of Taylor & Francis, an informa company.

### Anna Komnene and Her Times

First Published in 2005. Routledge is an imprint of Taylor & Francis, an informa company.

### Alexiad Of The Princess Anna Comnena

According to tradition, the First Crusade began at the instigation of Pope Urban II and culminated in July 1099, when thousands of western European knights liberated Jerusalem from the rising menace of Islam. But what if the First Crusade's real catalyst lay far to the east of Rome? In this groundbreaking book, countering nearly a millennium of scholarship, Peter Frankopan reveals the untold history of the First Crusade. Nearly all historians of the First Crusade focus on the papacy and its willing warriors in the West, along with innumerable popular tales of bravery, tragedy, and resilience. In sharp contrast, Frankopan examines events from the East, in particular from Constantinople, seat of the Christian Byzantine Empire. The result is revelatory. The true instigator of the First Crusade, we see, was the Emperor Alexios I Komnenos, who in 1095, with his realm under siege from the Turks and on the point of collapse, begged the pope for military support. Basing his account on long-ignored eastern sources, Frankopan also gives a provocative and highly original explanation of the world-changing events that followed the First Crusade. The Vatican's victory cemented papal power, while Constantinople, the heart of the still-vital Byzantine Empire, never recovered. As a result, both Alexios and Byzantium were consigned to the margins of history. From Frankopan's revolutionary work, we gain a more faithful

understanding of the way the taking of Jerusalem set the stage for western Europe's dominance up to the present day and shaped the modern world.

#### The Alexiad of the Princess Anna Comnena

This book reveals how cultural memories of classical Roman honor informed Nikephoros Bryennios' history of the eleventh century and his political choices.

#### The Alexiad of the Princess Anna Comnena

This volume brings together a group of international scholars, who explore many unusual aspects of the world of Byzantine women in the period 800-1200. The specific aim of this collection is to investigate the participation of women - non-imperial women in particular - in supposedly 'masculine' fields of operation. This new research across a range of disciplines attempts to provide an analysis of the activities of and attitudes towards Byzantine women in this period. Using evidence from sources as diverse as tax registers, monastic foundation documents, twelfth-century novels, historical texts, art history and the writings of women themselves, such as the hymnographer Kassia and the historian Anna Komnene, these papers elucidate the context in which Byzantine women lived. They emphasize the variety of female experiences, the circumstances that shaped women's lives, and the ways in which individual women were perceived by their society. Contributions focus on women's dress, their participation in the street life of Constantinople, their appearance in Byzantine fiscal documents, their monastic foundations, their engagement with entertainment at the imperial court, and the way heroines are portrayed in the Byzantine novels. Analysis of the writings of the hymnographer Kassia, the networking of Mary 'of Alania' and the ways she overcame the disadvantages of being a foreign-born empress, and the family values reflected in Anna Komnene's Alexiad, draw attention to specific problems. All these aim to expand our understanding of the circumstances that shaped women's lives and expectations in the Middle Byzantine period and to analyze the range of women's experiences, the roles they played and the impact they made on society.

#### The Alexiad of the Princess Anna Comnena

Samuel P. Müller offers here the first book-length study of the image of Latins in Byzantine historiography of the long twelfth century, arguing that this image is more complex and ambivalent than often claimed.

#### The Alexiad

The Secret History, written by the sixth-century Byzantine historian Procopius, is one of the most extraordinary and scandalous documents to have survived from the early Byzantine period. Procopius, the leading official historian of his time, lived during the testing and indulgent time of Emperor Justinian the Great and wrote the official records of the successful wars and the grand building projects of his ruler. These were words of aggrandisement. But covertly, Procopius kept a very different record: The Secret History, a vivid, salacious and detailed account of the outrageous behaviour of Justinian and his wife, Theodora, and the equally corrupt, licentious and cruel members of the court and administration of the time. This version of the book is annotated.

#### The First Crusade

This significant critical anthology explores the life of Anna Komnene, the Byzantine context in which she wrote, and the impact of the Alexiad on her times and on subsequent historical works of literature.

#### Heroes and Romans in Twelfth-Century Byzantium

This chronicle of the Byzantine Empire, beginning in 1025, shows a profound understanding of the power politics that characterized the empire and led to its decline.

#### Byzantine Women

General George Smythe, Team Alpha, Nagual socereer and quantum computer battle Wingtip, an avatar of China's first emperor, and spirit forces at his command to save mankind's collective soul from extinction. In order to prevail against their mortal and immortal foe, they must acquire Puramore in order to overcome Wingtip's spiritual advantage. If you enjoyed reading Dan Brown's "The Lost Symbol"

#### The Alexiad of the Princess Anna Comnena

In 922 AD, an Arab envoy from Baghdad named Ibn Fadlan encountered a party of Viking traders on the upper reaches of the Volga River. In his subsequent report on his mission he gave a meticulous and astonishingly objective description of Viking customs, dress, table manners, religion and sexual practices, as well as the only eyewitness account ever written of a Viking ship cremation. Between the ninth and fourteenth centuries, Arab travellers such as Ibn Fadlan journeyed widely and frequently into the far north, crossing territories that now include Russia, Uzbekistan and Kazakhstan. Their fascinating accounts describe how the numerous tribes and peoples they encountered traded furs, paid tribute and waged wars. This accessible new translation offers an illuminating insight into the world of the Arab geographers, and the medieval lands of the far north.

#### Latins in Roman (Byzantine) Histories

As a veteran campaigner, the Byzantine emperor Maurice (582-602) compiled a unique and influential handbook intended for the field commander. In this first complete English translation, the *Strategikon* is an invaluable source not only for early Byzantine history but for the general history of the art of war. Describing in detail weaponry and armor, daily life on the march or in camp, clothing, food, medical care, military law, and titles of the Byzantine army of the seventh century, the *Strategikon* offers insights into the Byzantine military ethos. In language contemporary, down-to-earth, and practical, the text also provides important data for the historian, and even the ethnologist, including eyewitness accounts of the Persians, Slavs, Lombards, and Avars at the frontier of the Empire.

#### The Alexiad by Anna Komnene (Annotated)

Tells the story of Theodore Laskaris, a thirteenth-century Byzantine emperor, imaginative philosopher, and ideologue of Hellenism.

#### Anna Komnene and Her Times

"Originally published by Princeton University Press, 1921"--T.p. verso.

#### Fourteen Byzantine Rulers

Portraits of Medieval Eastern Europe provides imagined biographies of twenty different figures from all walks of life living in Eastern Europe from 900 to 1400. Moving beyond the usual boundaries of speculative history, the book presents innovative and creative interpretations of the people, places, and events of medieval Eastern Europe and provides an insight into medieval life from Scandinavia to Byzantium. Each chapter explores a different figure and together they present snapshots of life across a wide range of different social backgrounds. Among the figures are both imagined and historical characters, including the Byzantine Princess Anna Porphyrogenita, a Jewish traveller, a slave, the Mongol general Sübodei, a woman from Novgorod, and a Rus' pilgrim. A range of different narrative styles are also used throughout the book, from omniscient third-person narrators to diary entries, letters, and travel accounts. By using primary sources to construct the lives of, and give a voice to, the types of people who existed within medieval European history, Portraits of Medieval Eastern Europe provides a highly accessible introduction to the period. Accompanied by a new and interactive companion website, it is the perfect teaching aid to support and excite students of medieval Eastern Europe.

#### Puramore - The Lute of Pythagoras

The Continuation of the Chronicle of John Skylitzes provides a contemporary narrative of the events and people that shaped the course of Byzantine history in a time military and political crisis.

#### Ibn Fadlan and the Land of Darkness

Cleopatra is wreathed by so many outsized myths that it is sometimes difficult to tell the woman from the legend. For centuries, historians have scarcely deviated from the occidental, Horatian portrayal of an Eastern temptress bent on bringing down the great men of Rome. Michael Foss looks through and beyond the myths, using fresh research to vividly bring to life the historical Cleopatra. A descendant of Alexander the Great's Macedonian court, she struggled to hold her kingdom together at a time when the volatile clash of cultures threatened to shake Ptolemaic Egypt apart. Egypt's decay coincided with the rise of Rome, and it is in the contest between the Eastern and Western empires that her story unfolds. Rome cast Cleopatra as a threat to the order of its own crumbling republic. To them, she represented

decadence, corruption, and temptation. Yet as Foss shows with clarity and insight, Cleopatra played her hand in the only manner she could. Determined that her kingdom survive, she was prepared to do whatever it took to retain power, and very nearly achieved dominance of the whole of the eastern Mediterranean world. When she finally surrendered her ambitions, it was with a larger-than-life flare that has since inspired ancient chroniclers. Fully-illustrated, and impeccably documented, *The Search for Cleopatra* sets before us the most absorbing figure of the ancient world. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

#### Maurice's Strategikon

*Transmitting and Circulating the Late Antique and Byzantine Worlds* seeks to be a crucial contribution to the history of medieval connectedness.

#### The Byzantine Hellene

Byzantium. The name evokes grandeur and exoticism—gold, cunning, and complexity. In this unique book, Judith Herrin unveils the riches of a quite different civilization. Avoiding a standard chronological account of the Byzantine Empire's millennium—long history, she identifies the fundamental questions about Byzantium—what it was, and what special significance it holds for us today. Bringing the latest scholarship to a general audience in accessible prose, Herrin focuses each short chapter around a representative theme, event, monument, or historical figure, and examines it within the full sweep of Byzantine history—from the foundation of Constantinople, the magnificent capital city built by Constantine the Great, to its capture by the Ottoman Turks. She argues that Byzantium's crucial role as the eastern defender of Christendom against Muslim expansion during the early Middle Ages made Europe—and the modern Western world—possible. Herrin captivates us with her discussions of all facets of Byzantine culture and society. She walks us through the complex ceremonies of the imperial court. She describes the transcendent beauty and power of the church of Hagia Sophia, as well as chariot races, monastic spirituality, diplomacy, and literature. She reveals the fascinating worlds of military usurpers and ascetics, eunuchs and courtesans, and artisans who fashioned the silks, icons, ivories, and mosaics so readily associated with Byzantine art. An innovative history written by one of our foremost scholars, *Byzantium* reveals this great civilization's rise to military and cultural supremacy, its spectacular destruction by the Fourth Crusade, and its revival and final conquest in 1453.

#### The First Crusade

What have a deaf nun, the mother of the first baby born to Europeans in North America, and a condemned heretic to do with one another? They are among the virtuous virgins, marvelous maidens, and fierce feminists of the Middle Ages who trail-blazed paths for women today. Without those first courageous souls who worked in fields dominated by men, women might not have the presence they currently do in professions such as education, the law, and literature. Focusing on women from Western Europe between c. 300 and 1500 CE in the medieval period and richly carpeted with detail, *A Medieval Woman's Companion* offers a wealth of information about real medieval women who are now considered vital for understanding the Middle Ages in a full and nuanced way. Short biographies of 20 medieval women illustrate how they have anticipated and shaped current concerns, including access to education; creative emotional outlets such as art, theater, romantic fiction, and music; marriage and marital rights; fertility, pregnancy, childbirth, contraception and gynecology; sex trafficking and sexual violence; the balance of work and family; faith; and disability. Their legacy abides until today in attitudes to contemporary women that have their roots in the medieval period. The final chapter suggests how 20th and 21st century feminist and gender theories can be applied to and complicated by medieval women's lives and writings. Doubly marginalized due to gender and the remoteness of the time period, medieval women's accomplishments are acknowledged and presented in a way that readers can appreciate and find inspiring. Ideal for high school and college classroom use in courses ranging from history and literature to women's and gender studies, an accompanying website with

educational links, images, downloadable curriculum guide, and interactive blog will be made available at the time of publication.
