Friends Forever

Through thick and thin and everything along the way, it's through friendships that we understand our lives. In this book, authors Suzanne Degges-White and Christine Borzumato-Gainey not only explore the roles friendships play for girls and women over the course of a life, but offer a guide to finding new friends and enhancing current relationships. Using interviews with hundreds of women, spanning the ages of 4 to 94, Friends Forever provides readers with a contemporary perspective on female friendship. These personal stories, informed by the latest research on friendship, offer a rich and colorful picture that combines a life stage chronology of friendship with a guide for becoming the friend you would like to have while building strong friendships along the way. Readers will learn how to design and sustain their ideal friendscape, the dynamic and often misunderstood realm in which such bonds flourish. The authors thoughtfully examine the biological and cultural drive towards social connections among

women and provide self-reflection and self-exploration opportunities that encourage readers to better understand their own roles in relationships and the roles that others in their social landscapes play.

Big Friendship

A close friendship is one of the most influential and important relationships a human life can contain. Anyone will tell you that! But for all the rosy sentiments surrounding friendship, most people don't talk much about what it really takes to stay close for the long haul. Now two friends, Aminatou Sow and Ann Friedman, tell the story of their equally messy and life-affirming Big Friendship in this honest and hilarious book that chronicles their first decade in one another's lives. As the hosts of the hit podcast Call Your Girlfriend, they've become known for frank and intimate conversations. In this book, they bring that energy to their own friendship—its joys and its pitfalls. Aminatou and Ann define Big Friendship as a strong, significant bond that transcends life phases, geographical locations, and emotional shifts. And they should know: the two have had moments of charmed bliss and deep frustration, of profound connection and gut-wrenching alienation. They have weathered life-threatening health scares, getting fired from their dream jobs, and one unfortunate Thanksgiving dinner eaten in a car in a parking lot in Rancho Cucamonga. Through interviews with friends and experts, they have come to understand that their struggles are not unique. And that the most important part of a Big Friendship is making the decision to invest in one another again and again. An inspiring and entertaining testament to the power of society's most underappreciated relationship, Big Friendship will invite you to think about how your own bonds are formed, challenged, and preserved. It is a call to value your friendships in all of their complexity. Actively choose them. And, sometimes, fight for them.

Dog's Best Friend

'DOG'S BEST FRIEND is as fascinating, funny and wise as we've come to expect from Simon Garfield. More than that, it's a book that asks profound questions about what it means to be canine' ANDY MILLER, author THE YEAR OF READING DANGEROUSLY 'This is a book that will make your tail wag'

KATE HUMBLE 'A fascinating, informative and highly entertaining expedition through the highways and byways of dogdom' JOHN BRADSHAW, author of IN DEFENCE OF DOGS 'Simon Garfield has written a book every owner will lap up with the same delight and enthusiasm their Fido would a discarded box of fried chicken. That is to say, with great pleasure' KATE SPICER, author of LOST DOG *** One of the first words we learn. Perhaps the best friend we'll have. An animal so much part of our lives that we speak to it like a child and spend small fortunes on its wellbeing and wardrobe. Dogs and humans: in the last 200 years no inter-species relationship has developed so fast nor come so far. Dogs accompany us in every walk of life, usually three times a day. How and why did this relationship begin? How has it changed over the centuries? And who's getting the upper hand? DOG'S BEST FRIEND investigates this unique bond by revisiting some of the most important milestones in our shared journey. It begins with the earliest visual evidence on ancient rock art, and ends at the laboratory that sequenced the first dog genome. En route we encounter the first Labradoodle in Australia, a misguidedly loyal Akita in Japan, an ill-fated Poodle trainer in the United States, and a hilariously disobedient Romanian rescue dog named Kratu at the Birmingham NEC. We will also meet Corgis and Dorgis at the Palace, the weightless mutniks of the Soviet space programme, a Dalmatian who impersonates Hitler, and an owner who claims his Border Collie can remember the names of more than a thousand soft toys. If you own or once owned a dog, you will know that our relationship can be as rich, complicated and rewarding as the relationship we have with other humans, and the book reflects this diversity with the aid of trainers, breeders and psychologists. Above all, it explores the extraordinary ability of dogs to enhance so many aspects of our lives. DOG'S BEST FRIEND is as entertaining as it is informative, as eccentric as it is erudite, and all told with Simon Garfield's irrepressible gift for witty and insightful storytelling.

Friendship for Grown-Ups

Do you long for a true friend? "Isn't that what we all want? To be seen, in all our glory, for better or worse, the good, the bad, and the ugly and still be embraced?" If only such friendships were easy to find. And keep. For Lisa Whelchel and millions of others, friendship is a challenge. The vulnerability, trust, balance, grace, and time required to develop and maintain strong friendships do not come easily. Growing up as an actress in Hollywood, there were few people Lisa could trust, and even fewer to guide her. By the time she reached adulthood, she had learned to be self-sufficient. She was strong, she was "safe," and she was lonely. One day, Lisa found that "the desire to experience connection was stronger than the desire to be safe." She determined right then to finally understand friendship: how to create one, sustain it, and experience the sheer joy of having it. But it wasn't easy. Since then, she has traveled the ups and downs of friendship, learning about herself, others, and the kinds of friendship God designed. A speaker, teacher, and compelling storyteller, Lisa writes from her heart and her head, sharing her story and helping women understand how to cope with the strengths and weaknesses of friendship, and basing all her advice on the foundation of our ultimate relationship with the Savior.

The Philosophy of Friendship

In this new accessible philosophy of friendship, Mark Vernon links the resources of the philosophical tradition with numerous illustrations from modern culture to ask what friendship is, how it relates to sex, work, politics and spirituality. Unusually, he argues that Plato and Nietzsche, as much as Aristotle and

Aelred, should be put centre stage. Their penetrating and occasionally tough insights are invaluable if friendship is to be a full, not merely sentimental, way of life for today.

Friend-ish

For so many of us, our friends are like family members--we lean on them through our highest highs and our lowest lows--but sometimes those friendships don't turn out quite as we hoped. Bible teacher Kelly Needham debunks our world's constricted, narrow view of friendship and casts a richer, more life-giving, biblical vision for friendship. In *Friend-ish*, Kelly Needham reminds us that we were called to more than halfhearted friendships and lukewarm connections. We need something more stable, secure, and sacred. We were designed for real friendship--but the difficult truth is that too many of us are settling for less. Kelly deconstructs what Scripture says about the gift of friendship and takes a closer look at the distorted view that most of us have instead. As she shares the lessons she's learned from experience, Kelly paints her own glorious vision of what Christian friendship could look like. With hard-fought wisdom, a clear view of Scripture, and a been-there perspective, *Friend-ish* teaches us how to: Recognize symptoms of idolatry and toxic dependency Boldly ask for what we need from our community of friends Understand and address the problems that arise in friendship--from neediness to discord Recognize when it's time to end an unhealthy friendship Reorient toward the purposeful, loving relationships we all crave that ultimately bring us closer to God Find the friends you need and start to become that friend for others Join Kelly as she challenges you to view your chosen family in a new light, gain a vision of friendship according to Jesus, and finally enjoy friendships as God intended.

How to Kill Your Best Friend

THE BREATHTAKINGLY TWISTY 2022 RICHARD AND JUDY BOOK CLUB PICK

I'd do anything for my friends - even murder... Georgie, Lissa and Bronwyn have been best friends since they met on their college swimming team. Now Lissa is dead - drowned off the coast of the remote island where her second husband owns a luxury resort. But could a star open-water swimmer really have drowned? Or is something more sinister going on? Brought together for Lissa's memorial, Georgie, Bron, Lissa's grieving husband and their friends find themselves questioning the circumstances around Lissa's death - and each other. As the weather turns ominous, trapping the guests on the island, it slowly dawns on them that Lissa's death was only the beginning. Nobody knows who they can trust. Or if they'll make it off the island alive... Five-Star Reader Reviews: 'You can almost smell the coconut sun lotion' 'Sinister, sneaky and full of devious, dirty secrets' 'A fantastic thriller that kept me guessing' 'Top notch escapism'

The Herstories Project

The bonds of women's friendship can be more intimate than marriage, and just as essential to emotional health. From the childhood friend who broke your heart to the college roommate who witnessed you at your highest and lowest, from the lost friendship that ended bitterly to the devoted companion who is still in your life, from the bond that was forged due to shared grief to the shaky connection born with new motherhood, all women have stories to tell about their friendships. The HerStories Project: Women Explore the Joy, Pain, and Power of Female Friendship is a collection of essays from over 50 women writers, encompassing tales of friendship from the sandbox to the inbox. The book includes a foreword from Jill Smokler of Scary Mommy and several chapters on understanding friendship from friendship experts Shasta Nelson and Carlin Flora. In this book, you will read stories of childhood friendship, relationships between sisters, mothers, and daughters, grown-up friendships--both real life and online-- friendships during motherhood, and stories of friendship break-ups and losses. Whether you identify with the new mother who struggles with loneliness, the woman who looks forward to her social media notifications, the challenging and complex relationship of sisters, or the stories of friends that have drifted apart, you will recognize yourself somewhere in the pages of this book.

You Are the Best Friend in the World Because...

Friends are the family you choose Here's the perfect way to tell your BFF - in your own words - just how much their support, love and friendship means to you. Fill in the gaps in this gorgeous book to create a personalized treasure trove of in-jokes, memories and all the things you love about your bestie that they'll cherish forever.

Share Your Stuff. I'll Go First.

Part memoir and part guidebook, Share Your Stuff. I'll Go First. is the invitation you've been waiting for to show up with your whole self and discover the intimate, meaningful friendships you long for. In spite of the hyper-connected culture we live in today, women still feel shamed for oversharing and being publicly vulnerable. And no matter how many friends we seem to have, many of us are still desperately lonely. Laura Tremaine, blogger and podcaster behind 10 Things To Tell You, says it's time for something better. Openness and vulnerability are the foundation for human growth and healthy relationships, and it all starts when we share our stuff, the nitty-gritty daily details about ourselves with others. Laura has led the way in her personal life with her popular blog and podcast, and now with

lighthearted self-awareness, a sensitivity to the important things in life, and compelling storytelling, Laura gives you the tools to build and deepen the conversations happening in your life. Laura's stories about her childhood, her complicated shifts in faith and friendships, and her marriage to a Hollywood movie director will prompt you to identify the beautiful narrative and pivotal milestones of your own life. Each chapter offers intriguing and reflective questions that will reveal unique details and stories you've never thought to tell and will guide you into cultivating the authentic connection with others that only comes from sharing yourself. So let's get started! Share Your Stuff. I'll Go First.

Building a Second Brain

A trusted and organised digital repository of your most valued ideas, notes and creative work, a Second Brain gives you the confidence to tackle your most important projects and ambitious goals. The Guyde

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of

the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Modern Loss

Inspired by the website that the New York Times hailed as "redefining mourning," this book is a fresh and irreverent examination into navigating grief and resilience in the age of social media, offering comfort and community for coping with the mess of loss through candid original essays from a variety of voices, accompanied by gorgeous two-color illustrations and wry infographics. At a time when we mourn public figures and national tragedies with hashtags, where intimate posts about loss go viral and we receive automated birthday reminders for dead friends, it's clear we are navigating new terrain without a road map. Let's face it: most of us have always had a difficult time talking about death and sharing our grief. We're awkward and uncertain; we avoid, ignore, or even deny feelings of sadness; we offer platitudes; we send sympathy bouquets whittled out of fruit. Enter Rebecca Soffer and Gabrielle Birkner, who can help us do better. Each having lost parents as young adults, they co-founded Modern Loss, responding to a need to change the dialogue around the messy experience of grief. Now, in this wise and often funny book, they offer the insights of the Modern Loss community to help us cry, laugh, grieve, identify, and—above all—empathize. Soffer and Birkner, along with forty guest contributors including Lucy Kalanithi, singer Amanda Palmer, and CNN's Brian Stelter, reveal their own stories on a wide range of topics including triggers, sex, secrets, and inheritance. Accompanied by beautiful hand-drawn illustrations and witty "how to" cartoons, each contribution provides a unique perspective on loss as well as a remarkable life-affirming message. Brutally honest and inspiring, Modern Loss invites us to talk intimately and humorously about grief, helping us confront the humanity (and mortality) we all share. Beginners welcome.
