BIOGRAPHY PRESENTS BARACK OBAMA

Barack Obama was the 44th President of the United States

His mother, Anne Dunham, raised him on her own

Obama's biracial identity forged his unique perspective on race

Obama attended Columbia University

He worked as a community organizer in Chicago

where he met Michelle Robinson in 1989

the first black president

Obama won a seat in the Illinois State Senate in 1996

Obama defeated John McCain to win the Presidency on November 4th, 2008

Obama inherited a nation mired in multiple wars

and in the midst of a catastrophic housing crisis

His controversial stimulus package helped revive the economy

but expanded the use of military drones

He signed a deal with Iran, limiting their nuclear program

The Hohenzollern Household and Administration in the Sixteenth Century ...

Excerpt from The Hohenzollern Household and Administration in the Sixteenth Century The smith college studies IN history aims primarily to afford a medium for the publication of studies in History and Government by investigators who have some relation to the College, either as faculty, alumnae, students or friends. In aims also to publish from time to time brief notes in the field of History and Government which may be of special interest to alumnae of Smith College and to others interested in the higher education of women. Contributions of studies or notes which promise to further either of these aims will be welcomed, and should be addressed to Professor John S. Bassett, Northampton, Mass. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Hohenzollern Household and Administration in the Sixteenth Century (Classic Reprint)

This work is a detailed study of the household and administration of the Hohenzollern family, one of the most powerful dynasties in Europe during the 16th century. The book provides insights into the politics, culture, and daily life of the Hohenzollern court, using a wealth of primary source material. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Hohenzollern Household and Administration in the Sixteenth Century; Volume 2-3

This work is a detailed study of the household and administration of the Hohenzollern family, one of the most powerful dynasties in Europe during the 16th century. The book provides insights into the politics, culture, and daily life of the Hohenzollern court, using a wealth of primary source material. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. The Hohenzollern Household and Administration in the Sixteenth Century Volume 2-3

Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The Hohenzollern Household and Administration in the Sixteenth Century Volume 40970

To examine the long-run origins of democracy and dictatorship, Brian Downing focuses on the importance of medieval political configurations and of military modernization in the early modern period. He maintains that in late medieval times an array of constitutional arrangements distinguished Western Europe from other parts of the world and predisposed it toward liberal democracy. He then looks at how medieval constitutionalism was affected by the "military revolution" of the early modern era--the shift from small, decentralized feudal levies to large standing armies. Downing won the American Political Science Association's Gabriel Almond Award for the dissertation on which this book was based.

The Hohenzollern Household and Administration in the Sixteenth Century .. - Scholar's Choice Edition

Winner of the prestigious MacIver Award when it was first published, this remains a towering work of modern political sociology, especially of macrosociology. Its main objective is comparative analysis of political commonalities found in different societies, both historical and present. The book seeks to find some pattern or laws in the structure and development of such systems. The imaginative use of data

helps to bring order into what might otherwise be considered a speculative volume. The purpose of *The Political Systems of Empires* is to apply sociological concepts to the analysis of historical societies through the comparative analysis of a special type of political system. This analysis does not purport to be historical or descriptive. Its main objective is comparative analysis of political commonalities found in different societies. The book seeks to find some pattern or laws in the structure and development of such systems.

The Military Revolution and Political Change

Books Not Bombs: Teaching Peace Since the Dawn of the Republic is an important work relevant to peace scholars, practitioners, and students. This incisive book offers an exciting and comprehensive historical analysis of the origins and development of peace education from the creation of the New Republic at the end of the Eighteenth Century to the beginning of the Twenty-First century. It examines efforts to educate the American populace, young and old, both inside the classroom and outside in terms of peace societies and endowed organizations. While many in the field of peace education focus their energies on conflict resolution and teaching peace pedagogically, *Books Not Bombs* approaches the topic from an entirely new perspective. It undertakes a thorough examination of the evolution of peace ideology within the context of opposing war and promoting social justice inside and outside schoolhouse gates. It seeks to offer explanations on how attempts to prevent violence have been communicated through the lens of history.

The Political Systems of Empires

The mother of 11 year old Ilse Glaus turned down the last plane out of East Prussia ahead of the advancing Russians in order to stay back with her aged parents. That decision cost her family dearly in wartorn Europe, 1945. Ilse grew up on a small farm, with a wonderful family, the woods as a playground and the beaches of the Baltic. Then turmoil followed the German defeat by the Russians and the subsequent occupation. In 31 months under the Russians, Ilse's family is driven from their home, she mourns her missing father, witnesses her mother's rape, sees her grandparents and baby brother succumb to the brutal conditions, and hears of her oldest sister's capture and death in a work prison. Fighting starvation, Ilse crafts ways to coexist with the Russians, scavenging, begging and stealing to help the family survive.

Books, Not Bombs

A new account of the intellectual debates that created the German notion of the 'modern state' under the Thirty Years War.

The Administrative Reforms of Frederick William I of Prussia

Correspondence of George Bancroft and Jared Sparks, 1823-1832

How to Probate and Settle an Estate in Florida

This practical guide to the probate process in Florida incorporates the most recent changes in the state's probate and estate administration laws and is divided into three main sections -- Family Administration, Formal Administration and Summary Administration. The emphasis is on Family Administration, a simplified settlement procedure for estates of less than \$60,000. New, easy-to-use, blank tear-out forms for all areas of administration are included in this edition.

How to Probate and Settle an Estate in Florida

Probate is a formal and often complex court process used to distribute a decedent's property. *How to Probate and Settle an Estate in Florida* will help you understand, prepare for, and work through the steps necessary to manage this process with less stress and confusion.

How to Probate & Settle an Estate in Texas

When a loved one dies, we want to know that their final wishes were carried out as they had hoped. Being entrusted to carry out these wishes is an enormous responsibility, and one you may not fully understand. The title of executor is given to those who have been named to administer a will and handle the specifics involved with settling an estate. Many times, a loved one dies before the executor has time to learn what the title entails. Sometimes, this title is given to family members who have little or no experience with taxes, inheritance law, and probate, leaving someone who is already grieving feeling overwhelmed and frustrated. Assuming they are not capable of performing these tasks alone, many people turn to an attorney to assist in the particulars, who in return charges them hefty fees. If you have been charged with serving as executor to a simple estate, *How to Settle a Simple Estate Without a Lawyer* can bring you up-to-date -- quickly -- on everything you need to know about wills, trusts, probate, taxes, and much more. This book will help you assess whether the estate under your control can be settled without an attorney. Estates that involve guardianship of a child and complex trusts may require the assistance of a lawyer. Before paying expensive attorney fees to settle a rather straightforward estate, allow this book to explain all the basics you need to know to tackle this project on your own, saving you thousands in the process. In this book, you will learn about identifying the different types of trusts -- such as charitable trusts, generation-skipping transfer trusts, living trusts, and totten trusts -- as well as taking the first steps as an executor, navigating the probate process, paying the debts of an estate, and distributing bequests. You will be provided with a complete dictionary of all terms relating to estates, a list of common mistakes that novice executors often make, and an array of resources available to you beyond a lawyer. This book will explain the duties you will perform as the executor, as well as how to set up a filing system for important documents involved with the estate, claim life insurance and social security benefits, read the will, manage assets and pay bills involved with the estate, and transfer property belonging to the estate. We spent hundreds of hours interviewing estate planning professionals and gathering information from novice executors, such as yourself, who share their tips and advice for successfully settling an estate without paying thousands. Settling a loved one's estate can be a taxing experience when also trying to cope with his or her passing, especially if the subject is foreign to you. Don't worsen the experience by throwing away your hard-earned money and hiring an attorney to settle a simple estate you can feasibly handle on your own.

Subject Guide to Books in Print

Easiest-to-use probate guide in California. *Probate and Settle an Estate in California* provides you with the answers to common questions regarding the probate process. of legal procedures and terminology. You'll learn what to do right away and what can wait. Find help on: • preparing for the job of executor or trustee • the first steps to take • claiming life insurance, Social Security and other benefits • making sense of a will • what to do if there is no will • how to determine whether probate is necessary • filing taxes • probate court proceedings • dealing with family members • handling simple trusts • working with lawyers, appraisers, accountants, and other experts State-specific information. The 7th edition contains updated tables outlining key points of each state's laws, the latest information on estate taxes, plus worksheets that help you stay organized. Applies in all states except Louisiana.

How Probate Works

The tasks required to fulfill probate responsibilities vary with the extent and complexity of the estate, as well as from state to state. This book guides the process of probate under California law and includes changes that have occurred recently with the meeting of the state legislature. Easy-to-use, blank tear-out forms make this book a valuable tool for anyone who is placed in the position of probating an estate. Information concerning handling creditor's claims, petitioning for hearings, taking inventory of the estate's assets, selling the estate property and handling of tax issues are all covered in this new text. Of particular interest in this book is information concerning the protection of the deceased's family -- what rights the living have and which laws apply to those rights.

How to Do Your Own Probate & Estate Settlement Without a Lawyer

Readers say it best: "Very informative." "Saved me a lot of money and headaches!" "Recommend it for everyone who has to plan estates for their elderly parents" Living Trusts for Everyone is the best resource for setting up a living trust. Explaining in specific terms what benefits a trust will have, Ronald Farrington Sharp gives the tools necessary to set up a loved one's trust with no lawyers and no expense.

Wills benefit lawyers. Trusts benefit the clients. Too often lawyers sell wills to clients only to sit back and wait to sell their probate services to their clients' heirs. Ronald Farrington Sharp describes the best way to handle modern estate planning and details the many advantages trusts have over wills in not only eliminating probate but in also protecting your assets for your heirs. Sharp explains why legal services are not needed to do the clerical work in settling a trust after death. This updated edition includes new information on an array of subjects, including: Elimination of the federal estate tax for most estates due to increased exemption amounts Online assets The use of passwords, usernames, and websites Keeping trustees honest and the process of removing trustees for malfeasance Forms for simplifying the planning process Strategies to lower attorneys' fees With no legal jargon, just step-by-step instructions and sample form letters, *Living Trusts for Everyone* takes the mystery out of the process of setting up a trust.

Guide to Obtaining Probate

Living Trusts for Everyone

Contrary to popular belief, the presence of a will does not mean there will be no need for the probate process. Estate planners know this and when you hire an experienced one, you can by-pass the probate process. When this is not the case, however, and probate becomes inevitable, you should know that the process does not need to be complicated. As long as the necessary forms are filed, required persons are notified and proper procedures are followed; it can be over in a few months. This DIY Probate Book informs you where all the legal practitioners and agents will prefer that you pay a consultancy fee before they speak to you. Armed with this book, you can choose how you want to go about the administration of an estate that must go through the probate process. While the State of Florida requires that you must hire an attorney because probate could become complex for the non-lawyer, it wouldn't hurt if you knew what goes on during probate before it starts. This book is written in the most layman terms because the author understands that law and its jargon can be hard to understand. The book has been divided into 4 sections dealing with specific aspects of probate. The structure of the Table of Contents

allows you to skip to the section, chapter, or page that most addresses the questions you have. The information you need before you hire an attorney is right here and you can get started today!

A Practical Guide to Administering Estates and Obtaining Probate in England & Wales

Land trusts can be used as a way to ensure your privacy, a means of avoiding probate, and an easy way to manage property. *Land Trusts in Florida* is the only book on the market for the state of Florida that explains this all-around great tool in user-friendly detail. DIY Probate

This book is meant to give you the basics on what Florida Estate Planning entails, which are the end-of-life documents that everyone needs in order to provide instructions about how to handle your health care and financial decisions, and how to transfer your personal and real property in case of your incapacitation or death.

How to Probate & Settle an Estate Yourself, Without the Lawyer's Fees

Create Your Will in Minutes If you die without making a valid last will and testament, you will have died intestate. You will then have no control over who your property is distributed to or even who takes care of your children following your death. Both of these matters will be determined by state laws which are often decades old. There is also the added risk that your estate could be substantially depleted due to the high levels of legal and professional fees associated with dying intestate. Making a last will and testament is the only way to ensure that you have control over these matters and that you can properly provide for the needs of your family. This self-help kit provides you with step-by-step instructions, detailed information and all the legal forms necessary to make a will and to ensure that your property passes to your loved ones after your death. **Make cash and specific property gifts to your loved ones** **Appoint guardians to care for your minor children** **Appoint executors to wind up your estate** **Create trusts for minor beneficiaries** **Make funeral arrangements**

Land Trusts in Florida

Suggests methods for avoiding probate court, including setting up payable-on-death bank accounts, naming a beneficiary for retirement accounts, registering stocks in transfer-on-death forms, and creating a living trust.

Florida Estate Planning

Written in lively, readable prose by a prominent estate attorney, this book deals with every aspect of wills and estates--from making a will to contesting o from settling an estate to filing a claim against o how to select an executor or trustee; how to create a living trust; and from avoiding probate to avoiding taxes, and how to do both the right way.
