How To Discover and Heal Your True Self - How To Discover and Heal Your True Self by Your Inner Child Matters 188,782 views 1 year ago 10 minutes, 36 seconds - How To Discover & **Heal Your**, True Self In this video, we'll explore the process of discovering **your**, true self and **healing**, from past ... Our responses are not to what happens, but to our perception of what happens.

Setting intentions in life is crucial for personal growth and well-being.

Reframing difficulties as learning opportunities empowers personal growth and healing.

No matter the state of mind or experience, reconnecting with our true selves is possible and transformative.

Trauma and disconnection are not just individual issues, but also societal and multigenerational challenges that require broad exploration and understanding.

Reconciliation Road

In his prize-winning memoir, *Reconciliation Road*, John Marshall recounts a road trip around America in search of the truth about his famous grandfather General S. L. A. (Slam) Marshall, author of *Pork Chop Hill*. In the process he comes to terms with his own past and that of others whose families were torn apart by the Vietnam War.

Reconciliation Road

A television commentator and syndicated columnist, "Slam" Marshall was said to have seen more combat in the twentieth century than any other American from his own days as a World War I doughboy in France to his several visits to the killing fields of Vietnam. Then, a decade after Marshall's death, a national controversy called his reputation into question. A major article in *American Heritage* magazine charged him with fraudulent research and falsifying his past,

Reconciliation Road

In this extraordinary true story, Kojo Svedstrup Jantuah recounts his epic quest for identity and reconciliation with the past, following a hunch concerning his Scandinavian ancestors through six

generations. The serendipitous journey leads him across continents and through the unforgiving central Sahara Desert on barefoot, and from Ghana to discover in Denmark that our real identity equals oneness. This memoir stands with Alex Haley's *Roots*, Paulo Coelho's *The Alchemist*, and Hermann Hesse's *Siddhartha*.

Odyssey to Elsinore

This book transports the reader to the very beginnings of the Nazi regime, as seen through the eyes of a young boy -- the only Jew in a school of Hitler Youths in a small medieval German town. It is his life journey -- his traumatic experience of Kristallnacht . . . the destruction of his home . . . separation from his parents . . . exile . . . post-war reconciliation with his ex-classmates . . . forgiveness . . . and ultimate grant of honorary citizenship -- that provides the reader with a rich, inspiring you-are-there experience seldom encountered in the Holocaust canon.

Survivor's Odyssey

Accompanied by their two youngest teenage daughters, the author and his companion leave behind a comfortable life in Canada and move to Kenya. They make their home in Ogwedhi, a village on the boundary between South Nyanza and the Trans Mara Region of Rift Valley Province. Where a bloody massacre had left hatred and distrust between the Maasai and their Luo and Kisii neighbors, this couple takes up the challenge of directing a comprehensive project designed to bring peace and reconciliation through wholistic community development. Their successful efforts at bringing together former "enemy" tribes comes at a personal cost to their own family. Separated, feeling abandoned, their two eldest daughters must remain in college in the USA, while the two younger ones face the loneliness of being confined to boarding at the Rift Valley Academy. This story is unusual in that this missionary intervention was initiated by the local Maasai leadership, not a foreign "sending" agency. The nomadic Maasai elders invited the Kenya Mennonite neighbors to recruit a missionary to assist them in leaving their nomadic way of life and adapting to more modern sedentary living. The elders specified five objectives for their project: "We want primary schools for our children, a clinic for our sick, a church for our spiritual needs, animal husbandry to improve our cattle, and agricultural development since we will become farmers." The Ogwedhi-Sigawa Community Development Project (OSP) became a model for such intervention. The lasting result was a radical transformation of the community, including the planting of an indigenous Maasai church. The project was launched in 1979. The events of this story took place from 1985 to 1991.

Reconciliation in Trans Mara

This book brings together phenomenological studies of the experience of forgiveness. The contributors, from psychological, philosophical, and theological backgrounds, set aside theoretical presuppositions, approach this topic with fresh eyes, and address problematic aspects of the existing literature.

The Lived Experience of Forgiveness

This book provides a fresh approach to understanding the American combat soldier's experience in Vietnam. It integrates such topics as the political culture, the experiences of training, the actual Vietnam experience, and the 'homecoming', and offers a remarkable overview of the 870,000 'grunts' who bore the brunt of the fighting in the jungles and highlands of South Vietnam, and eventually Cambodia and Laos. The book addresses many of the stereotypes of the Vietnam combat veteran that have been perpetuated in popular culture, and also considers how Vietnam veterans have been commemorated through memorials and other means, and how the veterans remember each other. The coverage also includes women who served in or near the front lines as well as on the home front. The author draws on memoirs and oral histories including his personal interviews with veterans, but the book conveys a picture of the Vietnam combat soldier's experience far more powerful than what individual memoirs can provide.

Infantry

An on-the-spot history of a fight in the Pacific during World War II, *Island Victory* was the first battle history written by then-Lieutenant Colonel S. L. A. Marshall, a veteran of World War I who would serve in Korea and Vietnam and become a brigadier general in the process. After the Seventh Infantry Division drove across Kwajalein Atoll in the first days of February 1944, successfully wresting control

of the strategic southern tip from the Japanese, Marshall was charged with producing an accurate and comprehensive account of the fight. His solution: bring the front-line soldiers together at once and interview them as a group, tapping the collective memory of a platoon fresh from battle. In this book, readers get a rare, firsthand sense of all the emotions that soldiers in combat experience. Numerous maps and photographs help us visualize precisely what took place. A compelling work of military history, and the first book of its kind, *Island Victory* is itself an important chapter in the history of how military exploits are described and recorded.

Grunts

Seeking Meaning, Seeking Justice in the Post-Cold War World, edited by Judith Keene and Elizabeth Rechiniewski, addresses the diverse modes by which the Cold War is being re-assessed, with major focus on countries on the periphery of Cold War confrontation.

Island Victory

Oral history is vital to our understanding of the cultures and experiences of the past. Unlike written history, oral history forever captures people's feelings, expressions, and nuances of language. But what exactly is oral history? How reliable is the information gathered by oral history? And what does it take to become an oral historian? Donald A. Ritchie, a leading expert in the field, answers these questions and in particular, explains the principles and guidelines created by the Oral History Association to ensure the professional standards of oral historians. *Doing Oral History* has become one of the premier resources in oral history. It explores all aspects of the field, from starting an oral history project, including funding, staffing, and equipment to conducting interviews; publishing; videotaping; preserving materials; teaching oral history; and using oral history in museums and on the radio. In this second edition, the author has incorporated new trends and scholarship, updated and expanded the bibliography and appendices, and added a new focus on digital technology and the Internet. Appendices include sample legal release forms and information on oral history organizations. *Doing Oral History* is a definitive step-by-step guide that provides advice and explanations on how to create recordings that illuminate human experience for generations to come. Illustrated with examples from a wide range of fascinating projects, this authoritative guide offers clear, practical, and detailed advice for students, teachers, researchers, and amateur genealogists who wish to record the history of their own families and communities.

Parameters

The Vietnam War and Theologies of Memory develops a theological analysis of the American war in Vietnam and constructs a Christian account of memory in relation to this tragic conflict. An elegantly written reflection of memory and forgiveness, this unique work explores the ecclesial practice of memory in relation to the American war in Vietnam. Questions how and why we choose to remember atrocity, and asks whether it is ever ethical to simply forget. Explores the theological categories of time and

eternity, and the ideas of thinkers including Aquinas, Augustine, and Barth. It reveals broader insights about history, memory, and redemption. It resonates beyond the field of theological inquiry by offering a broader analysis of war entirely relevant to our time.

Seeking Meaning, Seeking Justice in a Post-Cold War World

For Southeast Asia, the Vietnam War altered forever the history, topography, people, economy, and politics of the Democratic Republic of Vietnam (DRV), the Republic of Vietnam (RVN), Cambodia, and Laos. That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective. One way of understanding the Vietnam War is by marking its time with turning points, both major and minor, that involved events or decisions that helped to influence its course in the years to follow. By examining a few of these turning points, an organizational framework takes shape that makes understanding the war more possible. *Historical Dictionary of the War in Vietnam* emphasizes the international nature of the war, as well as provide a greater understanding of the long scope of the conflict. The major events associated with the war will serve as the foundation of the book while additional entries will explore the military, diplomatic, political, social, and cultural events that made the war unique. While military subjects will be fully explored, there will be greater attention to other aspects of the war. All of this is done through a chronology, an introductory essay, an extensive bibliography, and over 600 cross-referenced dictionary entries. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Vietnam War.

Doing Oral History

S.L.A. "Slam" Marshall was a veteran of World War I and a combat historian during World War II. He startled the military and civilian world in 1947 by announcing that, in an average infantry company, no more than one in four soldiers actually fired their weapons while in contact with the enemy. His contention was based on interviews he conducted immediately after combat in both the European and Pacific theaters of World War II. To remedy the gunfire imbalance he proposed changes to infantry training designed to ensure that American soldiers in future wars brought more fire upon the enemy. His studies during the Korean War showed that the ratio of fire and more than doubled since World War II.

Doing Oral History : A Practical Guide

"Infantrymen have been the sledgehammer of land warfare throughout the twentieth century, but precisely how they fought at the tactical level has been difficult to determine. American historian S.L.A. Marshall, for instance, famously claimed that most Allied soldiers would not fight at all, even when their lives were at stake. In *"Canadians Under Fire"*

The Oxford Companion to American Military History

After storming the beaches on D-Day, June 6, 1944, the Allied invasion of France bogged down in seven weeks of grueling attrition in Normandy. On July 25, U.S. divisions under Gen. Omar Bradley launched Operation Cobra, an attempt to break out of the hedgerows and begin a war of movement across France. Despite a disastrous start, with misdropped bombs killing hundreds of GIs, Cobra proved to be one of the most pivotal battles of World War II, successfully breaking the stalemate in Normandy and clearing a path into occupied France.

The Vietnam War and Theologies of Memory

"Previous scholarship has established that American storytellers turned Vietnam into a landscape of American myth. Bates's lucid and judicious study . . . is a valuable addition to the conversation regarding the legacy of Vietnam."—John Hellmann, author of *American Myth and the Legacy of Vietnam* "An absolutely stunning achievement. Milton Bates presents an incisively accurate analysis of the attitudes that shaped and controlled Americans' perceptions during the 1960s and '70s. He fuses literary analysis with historical scholarship to offer a comprehensive study of American thought and writing before, during, and after the war years. This is a book to be read carefully—and savored."—John Clark Pratt, author of *The Laotian Fragments*

Historical Dictionary of the War in Vietnam

General John A. Wickham, commander of the famous 101st Airborne Division in the 1970s and subsequently Army Chief of Staff, once visited Antietam battlefield. Gazing at Bloody Lane where, in 1862, several Union assaults were brutally repulsed before they finally broke through, he marveled, "You couldn't get American soldiers today to make an attack like that." Why did those men risk certain death, over and over again, through countless bloody battles and four long, awful years? Why did the conventional wisdom -- that soldiers become increasingly cynical and disillusioned as war progresses -- not hold true in the Civil War? It is to this question--why did they fight--that James McPherson, America's preeminent Civil War historian, now turns his attention. He shows that, contrary to what many scholars believe, the soldiers of the Civil War remained powerfully convinced of the ideals for which they fought throughout the conflict. Motivated by duty and honor, and often by religious faith, these men wrote frequently of their firm belief in the cause for which they fought: the principles of liberty, freedom, justice, and patriotism. Soldiers on both sides harkened back to the Founding Fathers, and the ideals of the American Revolution. They fought to defend their country, either the Union--"the best Government ever made"--or the Confederate states, where their very homes and families were under siege. And they fought to defend their honor and manhood. "I should not like to go home with the name of a coward," one Massachusetts private wrote, and another private from Ohio said, "My wife would sooner hear of my death than my disgrace." Even after three years of bloody battles, more than half of the Union soldiers reenlisted voluntarily. "While duty calls me here and my country demands my services I should be willing to make the sacrifice," one man wrote to his protesting parents. And another soldier said simply, "I still love my country." McPherson draws on more than 25,000 letters and nearly 250 private diaries from men on both sides. Civil War soldiers were among the most literate soldiers in history, and most of them wrote home frequently, as it was the only way for them to keep in touch with homes that many of them had left for the first time in their lives. Significantly, their letters were also uncensored by military authorities, and are uniquely frank in their criticism and detailed in their reports of marches and battles, relations between officers and men, political debates, and morale. For Cause and Comrades lets these soldiers tell their own stories in their own words to create an account that is both deeply moving and far truer than most books on war. *Battle Cry of Freedom*, McPherson's Pulitzer Prize-winning account of the Civil War, was a national bestseller that Hugh Brogan, in *The New York Times*, called "history writing of the highest order." For Cause and Comrades deserves similar accolades, as McPherson's masterful prose and the soldiers' own words combine to create both an important book on an often-overlooked aspect of our bloody Civil War, and a powerfully moving account of the men who fought it.

Men Against Fire

Super Pop! offers a maximum-pleasure, minimum-effort way to become smarter, happier, and more likely to survive your next family function (or a shark attack). This hilarious and wide-ranging guide sorts nearly 500 different bestsellers, blockbusters, and underappreciated gems into quirky top ten lists, like "Outwit Death: Essential Lessons in Survival," and "Achieve Mindfulness: Movies That Will Show You the Way (With Wise Elders Now Included)." So whether you're looking for some motivational workout music, need help planning a July 4th double feature, or just want to pick up some knowledge without straining your brain, this book has you covered. With new insights on old classics and fresh ideas for jaded eyes, Super Pop! makes sense of pop culture — and then puts pop culture back to work!

Canadians Under Fire

This book addresses the richness and depth of our intimate relationships and especially those moments when we come to see ourselves and the other person in a new way. In such moments we realize that however much we are influenced by heredity and upbringing, we are also agents with the capacity for openness and transcendence.

After D-Day

Mistakes that break the trust of a marriage often lead to the breakup of that most intimate of human relationships. But our God is a God of redemption and reconciliation, especially when it comes to the sanctity of what He has joined together. The mistakes that we make in marriage are quite often driven by the life experiences that we carry into adulthood. And so it is with Paul, the everyman in this story. After his infidelity is exposed, Paul's life is one of regret, and he comes to the realization that he has sacrificed the two most important things in his life: his wife and children. As he begins reading a novel based upon the Apostle Paul's shipwreck on his journey to Rome (Acts: 27), he realizes the importance

of staying on the ship of faith and of marriage. He then embarks upon his own journey to draw closer to God and reconcile with his now ex-wife, Julie. In turn, Julie must wrestle with whether she can ever trust this man again. Will there be forgiveness and reconciliation in this marriage odyssey?

The Wars We Took to Vietnam

Features bibliographical, biographical and contact information for living authors worldwide who have at least one English publication. Entries include name, pseudonyms, addresses, citizenship, birth date, specialization, career information and a bibliography.

For Cause and Comrades

Glenn first surveyed members of the 1st Cavalry Division who fought in Vietnam, then polled a sample of officers currently on active duty to validate the results. His findings demonstrate that contrary to popular perception, nearly all American combatants met the fundamental demand of combat: engage the enemy when called upon. This is a far different statistic from the 25 percent commonly attributed to U.S. ground forces in World War II."

Army

For decades, the Canadian Armed Forces has used the work of foreign scholars and writers in its professional military education to try to understand the human dimension of warfare: why and how people are motivated to fight, and how they behave once they do fight. Yet the specific Canadian context, experience, and perspective are often lost in favour of appeals to universal truths. The first major Canadian study of combat motivation in almost forty years, *Why We Fight* redresses this imbalance by presenting some of the best new work on the subject. Bringing together top military practitioners and scholars to discuss some of the most controversial issues of modern warfare, *Why We Fight* examines the face of battle as experienced by Canadians. It explores sexual violence in war, professionalism, organizations, leadership, shared intent, motivation in extremis, and the toxicity of the "warrior" culture. Its chapters offer key insights on combat motivation theories, the modern operating environment, and the collective and individual identities of the men and women who fight for Canada. Many worry that technology is leading us towards a post-human age, particularly in war. *Why We Fight* affirms the centrality of the human being in warfare in Canada's past, present, and future.

Contemporary Authors

This book seeks to chart and evaluate the impact of social research on the military itself. By "impact\

Super Pop!

Having evolved over the past two and a quarter centuries to become the premier military force in the world, the U.S. Army has a heritage rich in history and tradition. This historical dictionary provides short, clear, authoritative entries on a broad cross section of military terms, concepts, arms and equipment, units and organizations, campaigns and battles, and people who have had a significant impact on Army. It includes over 900 entries written by some 100 scholars, providing a valuable resource for the interested reader, student, and researcher. For those interested in pursuing specific subjects further, the book provides sources at the end of each entry as well as a general bibliography. Appendixes provide a useful list of abbreviations and acronyms and a listing of ranks and grades in the U.S. Army.

Healing with the Fairies Oracle Cards

With the help of these 44 oracle cards, you can have a deeply personal relationship with the amazing fairy realm and with the help of the enclosed guidebook; you'll learn how to give yourself and your loved ones accurate and helpful readings.

Fairy Medicine Oracle

With the Fairy Medicine Oracle, Maritza Luna Moreno has created an intuitive, easy to use tool for you to connect with the medicine & wisdom of the fairies. This deck is all about the teachings of the fairies, the Earth, her elements, and other magical beings that the fairies are in community with. Many people understand the playful energy of the fairies, but they don't have a full understanding of what fairy medicine includes. The fairies can help you face your darkest shadows with lightness, teach you how to heal your relationship to love, and also, importantly, how to manifest your dreams effectively. You

can use these cards and the accompanying guidebook for daily inspiration or whenever you have a question about your life's journey. May it assist you in opening your heart to all the blessings of magic, joy, love, and abundance that life has in store for you!

Magical Messages from the Fairies Oracle Cards Guidebook

This easy-to-use deck of oracle cards is appropriate for beginners as well as those experienced with divination cards. Fairies are beloved nature angels who, since they're so close to the earth, are brilliant at healing and helping with everyday concerns such as relationships, health issues, and finances. Each card has a gorgeous painting of fairies and a message or answer for you. All of the paintings and messages are suitable for children as well as adults. The enclosed guidebook walks you through the steps for giving an oracle reading for yourself or others, and outlines the extended meanings behind each card.

Healing with the Fairies

When a group of powerful fairies contacted Doreen Virtue, her life became an enchanting story of healings, manifestation, and true love. Healing with the Fairies is Doreen's very personal story of how the fairies helped her deal with a divorce and prepare herself for a spiritually based relationship. In this truly inspired book, you'll read how the fairies introduced Doreen to her lifelong soulmate, a man who she later discovered was the boy-next-door she'd had a childhood crush on. You'll also learn, along with Doreen, about the fairies' incredible powers of manifestation. Doreen shares what the dolphins, mermaids, dragonflies, and other members of the elemental kingdom taught her. You'll see that the fairies have the ability to help you create and attract miracles, and this book can teach you how to work with them to empower and heal your entire life!

Angel Therapy Oracle Cards : A 44-Card D

This easy-to-use deck is appropriate for beginners as well as those experienced with divination cards. Angel Therapy is a powerful healing and guidance process that involves working with your guardian angels and the archangels (particularly Michael and Raphael). These oracle cards and the enclosed guidebook give you action steps to take that will initiate healing; help you release fears and emotional blocks; and give you messages about your life purpose, relationships, manifestations, and more. Each card features a gorgeous painting of angels and a message or answer for you, and is suitable for both children and adults. The guidebook walks you through the steps for giving an oracle reading for yourself or others, and outlines the extended meanings behind each card.

Woodland Wisdom Oracle Cards

Elves and fairies share their Woodland Wisdom to help you move your life forward in positive ways. The Woodland Wisdom Oracle deck is comprised of 29 vibrantly-illustrated cards; 24 Working Wisdom Cards for inspirational guidance, and five Gold Power Cards to reinforce the power delivered by these messengers. The 48-page booklet provides a description for each card, along with a special inspirational message, and sample readings.

Mystic Faerie Tarot

"Discover the many enchanting possibilities in your own life using the Mystic Faerie cards ... offers a friendly introduction to tarot, card-reading essentials, and quick reference guide for beginners"-- Back cover of guidebook.

Inner Child Cards Workbook

Companion volume to the bestselling Inner Child Cards, offering in-depth interpretations and advanced exercises using this tarot system. • Shows how fairy tales bridge the gap between the conscious and unconscious minds. • Demonstrates how fairy tales can give us hope and courage to live our everyday lives to the fullest. Full of esoteric healing methods, Inner Child Cards Workbook shows us how make life choices by gleaning wisdom from our favorite fairy tales. Lerner examines the deeper mystical symbolism behind each of the fairy tales--relating Beauty and the Beast to unconditional love, Jack and the Beanstalk to initiation and growth, and The Emperor's New Clothes to today's political crises. These stories offer "a food that nourishes both the spiritual and mundane components of life." Specific visualizations and affirmations correspond to each of the major arcana cards, and new layouts and

divination methods for use with her Inner Child Cards deck will allow those who are familiar with it to build on previous knowledge. This beautiful guidebook offers a personal, therapeutic journey through fairy-tale symbolism that is a perfect accompaniment to the Inner Child Cards.

Veggie Mama

Veggie Mama is a manual for elevating your family's diet to incorporate more whole, plant-based foods. The book features over 100 vegan recipes --including many raw options, using whole grains, legumes, nuts, seeds, fruits, and vegetables, along with superfoods --for growing kids of all ages. Veggie Mamas Doreen Virtue and Chef Jenny Ross discuss food allergies and present a program free of inflammatory agents that can create anxiety in sensitive kids, as well as worsen allergy symptoms. With menu-planning guides, brown-bag school lunches, and snack and dessert favorites, you'll have everything you need to feed your entire family wholesome and delicious meals. Using these tasty, 100 percent plant-ingredient recipes --such as the Avocado Citrus Parfait, Pumpkin Seed Cheese Wraps, Veggi-wiches, and Nut Butter Bites --you will be pleasing your children's palates and doing their bodies good . . . setting them up for a lifetime of wellness!

The Enchanted Map Oracle Cards

Imagine . . . between the visible and the unseen is a guiding force that some call Spirit, the Holy Will, the Divine, the Field, or Consciousness. Using this card deck by Colette Baron-Reid will connect you to that larger Consciousness and guide you as you travel along on the journey of your life. The themes of these 54 cards represent some of the places you'll visit, the conditions you may encounter, and the allies and challengers you'll meet as you navigate a metaphoric map of your life's journey. The enclosed guidebook will help you ask the right questions and interpret the messages in your readings. The Enchanted Map Oracle Cards were created in order to empower you to understand the story of your fate, destiny, and free will; and allow you to chart a course to live a life of deep purpose, true prosperity, and vibrant love. Step into the Enchanted Map . . . and watch the magic come alive!

Enchanted Oracle

Seek your destiny through trailing vines and gnarled trees in a secret realm rich with myth and magic...Enter an enchanted world filled with fairies, goddesses, and sorceresses; a magical world of possibility and power; a world in which you can weave your future. Featuring hauntingly beautiful fairy imagery by renowned fantasy artist Jessica Galbreth and insightful instruction from acclaimed tarot author Barbara Moore, the Enchanted Oracle presents: ~ A stunning 36-card oracle deck featuring Jessica Galbreth's original watercolor artwork ~ A whimsical silver pouch in which to keep the oracle cards when not in use ~ A fabulous fairy pendant that can be used as a pendulum and enchanted charm ~ A lyrical and lovely 240-page guidebook by Barbara Moore that presents a variety of ways to work with oracle wisdom, including spells, enchantments, and journaling. View the gorgeous artwork of the Enchanted Oracle cards.

Faeries' Oracle

This divination kit comprises of a deck of 66 divination cards and a book that introduces the most powerful and important members of the faery kingdom.

Magical Unicorns Oracle Cards Guidebook

Cheerful angels and fairies deliver wisdom, healing energy and loving guidance to help you rediscover passion and joy in your life. You will find inspiration in the dreamy artwork with empowering exercises, prayers and affirmations. The illustrated booklet provides deeper insights for restoring mind/body/spirit balance. Includes 44 cards and 56-page illustrated booklet.

Inspirational Wisdom from Angels & Fairies

A force of nature that calls all life into being, the Goddess is the divine feminine awakened to the greatest magic held within. She is a maiden of creativity, mother of love, and crone of sacred wisdom. Take her hand through the Goddess Dream Oracle, reconnect to your own intuition, and remember who you really are. By working with this oracle in your daily life you will delve into the divine dream world of the Goddess in all her forms and meet her allies. She will reveal herself through her dark mysteries in the depths of the forest to her splendor as the waves of the sea and guide you in your search for

your inner truth, your life purpose, and your higher self. Artist and author Wendy Andrew illustrates the divine embodiments of the Goddess, channeling sacred feminine energy. Her work is inspired by the ancient mysteries that are wrapped in the turning of the seasons and the voice of Goddess whispering through the mythical realms.

Goddess Dream Oracle

From the bestselling author of *The Power Deck*, Lynn V. Andrews returns with an advanced, gorgeously rendered deck of oracle cards for the modern world. Lynn V. Andrews has been helping her students heal, build self-confidence, and claim their power for over a quarter of a century. After years of pleas from her fans, Lynn has finally created a new deck: *Sacred Vision Oracle Cards*. This deck will take you on the next step toward finding balance in life. Each card includes an image of a painting by noted Native American artist Robert Taylor that embodies the prayer written on the opposite side that will awaken a vision or wisdom within you to help you achieve your own truth and harmony with life.

Sacred Vision Oracle Cards

From the renowned team of Brian and Wendy Froud comes a delightful and spiritual guide that offer believers a chance to connect with and experience the love and wisdom that comes from the hearts of faeries. The *Heart of the Faerie Oracle* box set includes 68 oracle cards, illustrated by Brian Froud. The accompanying book provides detailed instructions reading the cards and for the believer to relate to the Faerie World and learn valuable relationship information. Readers have the opportunity to consult with the magical world of Faerie and gain useful knowledge that can enhance their own intimate relationships. Using the deck of oracle cards, believers conduct readings to interpret the cards and build a special connection with the faeries. The oracle cards feature Brian Froud's recognizable faerie images, such as the enchanting "Queen of Golden Bough" and the mischievous "Trickster." Wendy Froud's text describes the emotional and practical nature of the cards and offers a variety of techniques for using the set, which can open the door into the Enchanted Realm as never before.

The Heart of Faerie Oracle - Book & Tarot Cards

Fairy Dust is an enchanting set of 40 cards created for inspiration. Fairies are always nearby, bringing pockets full of magic and dreams. Each Fairy Dust mini-card delivers a poetic message of fairy wisdom to guide and inspire you. The deck can be used as an oracle for light-hearted divination or for positive daily affirmations. Let the magic of the fairies' realm enchant you and show you how to tap into your own intuition. This mini set comes in a magnetic closure box that holds 40 cards.

Fairy Dust Inspiration Cards

This charismatic set of forty-five oracle cards and an in-depth guidebook provides teens with the power to change their lives. Seeking both to empower and entertain, bestselling Australian author Lucy Cavendish joins forces with world-renowned fantasy artist Jasmine Becket-Griffith to craft popular oracle cards that specifically address today's independent teens. Misfits, mystics, seekers, and wanderers alike will delve into the forty-five beautifully illustrated cards, each with its own guiding message, from developing your inner strength, intuition, or simply finding happiness with oneself. Within the wide-eyed wonder of *Oracle of Shadows and Light*, readers will encounter grumpy fairies, sassy witches, cheeky ghosts, and brazen beings, all acting as the magickal messengers of mysterious dreams. Honest, quirky, and haunting, these shadowy-sweet strangelings appear within the in-depth guidebook, offering with step-by-step instructions for powerful, accurate, healing readings that can shape the seeker's day, year, and future.

Oracle of Shadows and Light

47 cards and 176-page guidebook set, packaged in a hard-cover box. 'Wild Wisdom of the Faery Oracle' is your doorway into the magickal realm of the Faery. Each gloriously illustrated card is brimming with secrets, messages, insights and guidance directly from the most helpful and wise of nature's guardians, delivering clear messages and direct and loving guidance. Easy to read, yet deep, mystical and rich, the 'Wild Wisdom of the Faery Oracle' includes an in-depth guidebook revealing the secret lore of the Faery realm as well as clear lessons on how to connect, create and nurture deep relationships with your own Faery guardians and allies. The included card layouts allow you to give powerful, insightful and accurate readings for yourself and others. When you connect with the Fae, their powerful natural magicks can

assist with healing and enhancing your health, activating vivid psychic abilities, gaining insight and direction within your relationships and awakening your innate connection to abundance. Your life then becomes an inspirational experience, full of meaning and joy. Your own ability to see, sense and feel the Fae accurately will grow stronger and clearer each time you work with this enchanted, inspiring deck, steeped in authentic, deep Faery magicks.

Wild Wisdom of the Faery Oracle

Fairies are real, loving beings who want to help us live joyful, prosperous, and healthy lives. In "Fairies 101," Virtue explains who the fairies are, why they are helping us, and how to connect with their magical energy.

Angel Answers Oracle Cards

Tap into the wild spirits of the forest with Fairy Magic's glossary of spells and intuitive guidance on communing and honoring the fay folk. Natural (and powerful) magical spirits are all around us. Fairy, faery, or Fay (fairies, faeries, or fays) include an infinite variety of mythical creatures and serves as an umbrella term describing a wide array of spirits usually associated with nature. These woodland creatures can help you navigate life when you harness their fairy knowledge, magical powers, and inspiration. An intuitive guide on how to connect with these creatures alongside descriptions of regional lore for the different types of fay play give you a comprehensive introduction to these magical folks. In Fairy Magic, learn first how to recognize the presence of fairies in your life. Then learn how to interact with these spirits to: Learn how to encounter other nature spirits like elves and gnomes Use fairy magic to perform divination practices Learn what fairies know about forests, flowers, and fauna, and how to bring their knowledge into your fairy practice How to use the powers of forest animals in conjunction with fairies In addition, find 50 spells on how to apply fairy magic to: Influence dreams Attract friendship and love Interpret nature Bring success and fortune Work with the natural energies of these incredible wild creatures, connect deeply to the greater magical world, and let them help you magnify the power of your magic spells. The Mystical Handbook series from Wellfleet takes you on a magical journey through the wonderful world of spellcraft and spellcasting. Explore a new practice with each volume and learn how to incorporate spells, rituals, blessings, and cleansings into your daily routine. These portable companions feature beautiful foil-detail covers and color-saturated interiors on a premium paper blend. Other books in the series include: Witchcraft, Moon Magic, Love Spells, Knot Magic, Superstitions, House Magic, and Herbal Magic.

Fairies 101

It's a divination deck, a way to experience 25 aspects of the goddess, and an aid to meditation! Packed into this exquisitely decorated flip-top box are 25 large and beautiful full-color cards, each dedicated to a different female divinity, and a wonderfully informative guidebook. Anna Franklin, the well-known pagan author of The Wellspring and Illustrated Encyclopedia of Fairies, explains the imagery and symbols for every card; describes the function and lore of each goddess; and gives instructions on how to use the card in both the upright and reversed positions. The goddesses come from a variety of traditions and places, including Artemis, the wild and free Greek huntress, and the Egyptian Matt, who stands for justice, truth and balance. Look carefully at the cards and see how each one touches you at the deepest level: they're designed as visual triggers and feature key symbols to help you feel the sacred feminine within yourself.

Fairy Magic

Archangel Michael is a beloved and powerful protector and trustworthy guide. He knows your life's purpose and the best steps for you to take next. The 44 cards in this deck feature messages for you from Archangel Michael and incredible paintings of this magnificent angel. You'll also receive answers to your most pressing questions. An accompanying guidebook gives you step-by-step instructions on how to conduct an accurate, safe, and powerfully healing reading for yourself and others. Doreen Virtue is a spiritual psychologist who works with the angelic realm, including the fairies. She is the bestselling author of many books, cards and audiocassettes, with sales of over one million copies!

Oracle of the Goddess Book and Card Pack

Fairy Wisdom to Uplift Humanity and Make the World a Better Place Fly away with the fairies into a realm of magic and love. King Oberon has stepped through the mists of fairyland to offer jewels of enlightenment for healing the planet, one heart at a time. The fairies want to reunite in harmony with humankind, so they have sent their messenger, Sarah Jane, to share their vision for a blissful future for all who live on Earth. Sarah Jane is a channeler who uses her skill of clairaudience -- psychic hearing -- to talk to Oberon so she can deliver fairy wisdom for the uplift of humanity. In this insightful book, readers learn directly from fairies how to: * Take better care of the planet * Understand the growing problem of pollution * Become aware of humankind's need to help restore the Earth to its natural state of abundant beauty The fairies know that people cannot heal the planet when they are out of balance themselves, so this book also offers: * Pathways to turn struggles into joy * Ways to transform your life into your personal playground while caring for the Earth * Simple ways to focus your life on healthy living -- spiritually and physically The last chapter contains inexpensive and easy recipes for you to make environmentally friendly cleaning and body-care products so you can help heal the planet by replacing chemical-laden commercial concoctions with nontoxic creations.

Archangel Michael Oracle Cards

Includes cards that are enchanted to help you tap in to the mystical powers of the Universe - and thus enrich your life. This 44-card deck helps you gain insight, grow in strength, and develop your own personal power, which guides you through your daily challenges.

Fairy Wisdom for Spiritual Evolution

Awaken the mystery of the old ways and restore balance and harmony in your life by connecting with the magical world of the nature spirits. Fairies are nature spirits and the guardian angels of the natural world. Flavia Kate Peters has been communing with them since childhood and is a wisdom keeper of the fairy realm. In this book, she introduces readers to the mysterious fairy world and explains how fairies can work with those who have a love of nature, an affinity to healing or a belief in a world beyond our own. You will discover: •Where to find fairies and how to communicate with them •Spells, meditations, invocations and exercises for connecting to fairy energy •The different types of fairies --gnomes, sylphs, salamanders and undines -- and their roles •Rituals for receiving help and healing from the fairies •Ceremonies to strengthen your connection to the natural world

Magical Spell Cards

Wild Goddess Oracle features 52 vivaciously illustrated cards and a 144-page guidebook that explore the mysteries of the universe outside and within through the power of goddess archetypes. Illustrated by Amy Zerner and written by best-selling author Monte Farber, this full-color package is a work of art that will help you expand your practice of self-discovery and empowerment. Zerner's powerful, original artwork in tandem with Farber's mystical expertise offer insight into relationships, personalities, behaviors, and tendencies, adding layers of depth to oracle readings. The fully illustrated guidebook offers grounded, easy-to-understand explanations of the cards as well as rituals, meditations, affirmations, earth magic spells, and more to help you activate the power of the Wild Goddesses in yourself. The book also gives a detailed look at the many spreads, practices, and concepts that can be used with the deck, providing deep insights into how each goddess helps illuminate our contradictions, our complex natures, and the endless mystery of who we are.

Fairies

Fairy Magic provides practical instruction for seeing, communicating and working with fairies and is a natural companion to Rosemary Ellen Guiley's *An Angel in Your Pocket* and Margaret Neylon's *Angel Magic*.
