Add boiling water to 1 cup of raisins.

Add 2 cups of flour, 2 teaspoons of baking powder, 1/2 teaspoon of salt, 1 teaspoon of ginger and 1 teaspoon of cloves.

Add 1/4 teaspoon of nutmeg, fresh ground or 1/2 teaspoon of ground nutmeg. Also add 1 tablespoon of cinnamon.

One tablespoon of cocoa powder.

Bring together 1/2 cup of vegetable shortening and 1 and 1/4 cup of brown sugar.

Mix in 1/2 cup of molasses.

Add in 2 eggs one at a time. Add 1/4 cup of evaporated milk. Beat smooth.

Add 1/2 cup of applesauce. Blend. Add half the dry ingredients and mix. Add the other half and mix well.

Fold in the soaked raisins and pour into a greased and lightly floured 9x13 inch pan.

Bake in a 350 degree oven for a half hour or until toothpick inserted comes out clean.

It is ready and smells divine! Allow to cool slightly before removing from the pan.

Remove from the pan to a flat surface to cool. Be careful.

Cut exactly in half.

trim the top so there is no dome.

Ice the cake with buttercream of your choice.

The Denial of Death

'It made me rethink the roots of our deepest fears and insecurities, and why we often disappoint ourselves in how we manifest them' Bill Clinton, Guardian Winner of the Pulitzer Prize in 1974 and the culmination of a life's work, *The Denial of Death* is Ernest Becker's brilliant and impassioned answer to the 'why' of human existence. In bold contrast to the predominant Freudian school of thought, Becker tackles the problem of the vital lie - man's refusal to acknowledge his own mortality. The book argues that human civilisation is a defence against the knowledge that we are mortal beings. Becker states that humans live in both the physical world and a symbolic world of meaning, which is where our 'immortality project' resides. We create in order to become immortal - to become part of something we believe will last forever. In this way we hope to give our lives meaning. In *The Denial of Death*, Becker sheds new light on the nature of humanity and issues a call to life and its living that still resonates decades after it was written.

Nadie se muere de amor / Nobody Dies of a Broken Heart

Esta es la historia de un amor prohibido, un amor irracional, descarado y loco. La autopsia de una pasión. **PRIX PREMIER ROMAN 2019** Ella se acaba de mudar con su novio al edificio, planean casarse en junio. Él vive con su esposa y su hija pequeña en la misma escalera. Un rayo de sol otoñal ilumina el vestíbulo cuando se cruzan por primera vez. Solo basta una mirada para que todo bascule, para que sus mundos se derrumben. No deberían sentir deseo él uno por el otro, tampoco deberían sucumbir al palpito del amor, ni mucho menos encontrarse a escondidas, ni besarse apasionadamente, ni amarse con locura. Sin embargo, eso lo que hacen. Exactamente eso y mucho más. No habrá forma de controlar el torbellino de emociones que los empuja al precipicio. Engañarán al mundo que los rodea, solo por pasar más tiempo juntos, pero ¿a qué precio? **ENGLISH DESCRIPTION** This is the story of a forbidden love, an irrational, shameless, and crazy love. The autopsy of a passion. **PRIX PREMIER ROMAN 2019** She just moved into the building with her boyfriend, they plan to get married in June. He lives with his wife and his little daughter along the same staircase. A ray of autumnal sunlight illuminates

the lobby when they first pass each other. Just one look is enough for everything to tilt, for their worlds to collapse. They should not feel desire for each other, nor should they succumb to the hunger of love, much less meet secretly, or kiss passionately, or love each other madly. Yet that's what they do. Exactly that and much more. There will be no way to control the whirlwind of emotions that pushes you over the precipice. They will deceive the world around them, just to spend more time together, but at what cost?

Casi nunca

Demetrio Sordo es un agrónomo que pasa sus días en la grisura de su empleo como administrador y técnico agrícola en un rancho de Oaxaca, en 1945. Un día, aburrido, decide que el sexo dará sentido a su vida y va al primer burdel que encuentra. Ahí termina muy allegado a una morena, Mireya, con quien se entiende a la perfección. Poco después, la madre de Demetrio, Telma, le pide que viaje hasta Coahuila, donde ella vive, para asistir a una boda en la población de Sacramento, hogar de su prima Zulema. La idea obvia es que el joven se entienda con alguna señorita ilustre de la comunidad para que haya boda. Y así sucede: Demetrio queda prendado de Renata y casi de inmediato comienza su compromiso. Se establece así el principal conflicto de la novela: Demetrio quiere mantener ambas relaciones hasta que sea inevitable romper con Mireya. Pero ésta ya ha pensado en que sea el agrónomo su salvador, quien la ayude a salir del burdel y se case con ella para fundar juntos una familia. Cuando él regresa a Oaxaca, ella busca quedar embarazada y termina por huir del burdel pensando que su galán la acogerá. Éste sólo acierta a trazar un plan de huida. Retira todo su dinero del banco, los ahorros de tres años para comprar una casa, y se sube con la chica en un tren con destino a la frontera, pero no llegan juntos: él se baja primero y huye. Aparece en Sacramento, y su tía Zulema le recomienda que vaya a buscar a un viejo amigo que le dará trabajo. Así consigue Demetrio una posición estable y ahorrar cierto dinero. Continúa su compromiso con Renata, pero muy pronto queda harto de los tres ranchos alejados que tiene que supervisar y que no le aportan sino soledad y, sobre todo ahora que se ha deshecho de Mireya pero no se ha casado con Renata y no hay burdeles en la proximidad, nada de sexo. Deja entonces el lugar, se va a casa de la madre, en Parras, y juntos abren unos billares de gran éxito. Un día está a punto de perder a Renata porque ya no puede más y le besa lascivamente la mano. La determinación de Demetrio empieza a flaquear ante las inacabables dificultades para consumar la unión con su amada. Este procedimiento anecdótico que oscila entre la perversión y la santidad, da cuenta del edificio verbal que ha construido Daniel Sada: narrador obsesionado por encontrar una voz propia, y lejano, por supuesto, de la mera gimnasia experimental. Además de una trama divertida, que no decrece en su nivel de intriga, Sada logra que la atención del lector recaiga en la materia de su tejido, en las complicadas (aunque nada incomprensibles) vueltas del lenguaje, como si éste tuviera a su vez su propia historia que contar, paralela a la de los hechos y elaborada con tesituras, tonos, cimas y valles. A la par de la historia, el decurso fraseológico revela una tercera novela, la que de verdad importa, que sólo se intuye en un principio pero que suma al final: es la creación de una realidad vasta, edificada como una conjunción fascinante de actos y palabras. Casi nunca es la última y espléndida novela de un gran autor mexicano, tan valorado por escritores como Álvaro Mutis, Carlos Fuentes y Juan Villoro, entre otros, hasta llegar a Roberto Bolaño: «De mi generación admiro a Daniel Sada, cuyo proyecto de escritura me parece el más arriesgado.»

The Healing Power of Illness

This classic book, long out of print in English, challenges accepted ideas of illness by suggesting it is not an enemy to be fought. When you see your symptoms as bodily expressions of psychological or spiritual conflicts, you can use them as guides to inner work. You can respond to troubles with infection, allergies, respiration, digestion, skin, nervous system, heart and circulation, sexuality and pregnancy, even accidents, with practical actions that heal the heart and mind. The authors are psychologists one trained in spiritual traditions, the other in natural healing and psychotherapy. The goal of their archetypal or interpretative medicine is to help us see that just as every disease pattern expresses a certain content, every organ and every region of the body has a particular significance. The goal is that we can then build up a field of "contagious good health" and take control in finding our own life mission and path of development. In the German-speaking world, Ruediger Dahlke's books have attracted a large following and have contributed to creating an ever-expanding consciousness for psychosomatic correlations and a holistic approach to medicine. There are over 200 translations of his books in 24 languages."

What the Best College Teachers Do

Winner of the Virginia and Warren Stone Prize awarded annually by Harvard University Press for an outstanding book on education and society What makes a great teacher great? Who are the professors students remember long after graduation? This book, the conclusion of a fifteen-year study of nearly one hundred college teachers in a wide variety of fields and universities, offers valuable answers for all educators. The short answer is—it's not what teachers do, it's what they understand. Lesson plans and lecture notes matter less than the special way teachers comprehend the subject and value human learning. Whether historians or physicists, in El Paso or St. Paul, the best teachers know their subjects inside and out—but they also know how to engage and challenge students and to provoke impassioned responses. Most of all, they believe two things fervently: that teaching matters and that students can learn.

The Pipil Language of El Salvador

The series builds an extensive collection of high quality descriptions of languages around the world. Each volume offers a comprehensive grammatical description of a single language together with fully analyzed sample texts and, if appropriate, a word list and other relevant information which is available on the language in question. There are no restrictions as to language family or area, and although special attention is paid to hitherto undescribed languages, new and valuable treatments of better known languages are also included. No theoretical model is imposed on the authors; the only criterion is a high standard of scientific quality. To discuss your book idea or submit a proposal, please contact Birgit Sievert.

Miss Lonelyhearts

An Expressionist black comedy set in New York City during the Great Depression. Miss Lonelyhearts is an unnamed male newspaper columnist writing an advice column for the lovelorn and lonesome, a duty that the other newspaper staff considers a joke. As Miss Lonelyhearts reads letters from desperate New Yorkers, he feels terribly burdened and falls into a cycle of deep depression, accompanied by heavy drinking and occasional bar fights. He is also the victim of the pranks and cynical advice of Shrike, his feature editor at the newspaper.

Aprender (y Enseñar) a Proyectar ARQUITECTURA

Now a major motion picture nominated for nine Academy Awards. Narrative of Solomon Northup, a Citizen of New-York, Kidnapped in Washington City in 1841, and Rescued in 1853. Twelve Years a Slave by Solomon Northup is a memoir of a black man who was born free in New York state but kidnapped, sold into slavery and kept in bondage for 12 years in Louisiana before the American Civil War. He provided details of slave markets in Washington, DC, as well as describing at length cotton cultivation on major plantations in Louisiana.

Dynamic Assessment (DA) reconceptualizes classroom interactions by arguing that teaching and assessment should not be distinct undertakings. This book offers a much-needed coherent framework for co-constructing a ZPD with learners in order to simultaneously reveal the full range of their abilities and promote development. DA has a long history in education but it is new to the L2 field. This book provides the first book-length treatment of DA in the language classroom.

More than a decade after the runaway bestseller *The Rules* advised women on how to land "Mr. Right," it's time for a new set of rules that takes a more spiritual approach. These rules are based on the timeless wisdom of Kabbalah and the very nature of the Universe itself. *The Spiritual Rules of Engagement* describes how Kabbalah views relationships and what makes them work (or not work); and reveals that it is the woman who holds the power to determine the outcome. The book explains the spiritual reasons behind the way in which men and women think and act differently. Although not a book of dating tips, its rules do work. They have to work: They are the Laws of the Universe. You'll learn the true meaning of the term "soul mate;" and why it is that your soul mate has to find you, not the other way around. Written by a kabbalistic teacher who regularly provides counsel to hundreds of individuals and couples, and who is happily married himself, the book will resonate with people of all backgrounds. These are more than just rules of engagement; they're rules for creating a happier, more fulfilling life.

The Spiritual Rules of Engagement

Words Without Pictures was originally conceived of by curator Charlotte Cotton as a means of creating spaces for thoughtful and urgent discourse around current issues in photography. Every month for a year, beginning in November 2007, an artist, educator, critic, art historian, or curator was invited to contribute a short, un-illustrated, and opinionated essay about an aspect of photography that, in his or her view, was either emerging or in the process of being rephrased. Each piece was available on the *Words Without Pictures* website for one month and was accompanied by a discussion forum focused on its specific topic. Over the course of its month-long life, each essay received both invited and unsolicited responses from a wide range of interested parties: students, photographers active in the commercial sector, bloggers, critics, historians, artists of all kinds, educators, publishers, and photography enthusiasts alike all coming together to consider the issues at hand. All of these essays, responses, and other provocations are gathered together in a volume designed by David Reinfort of Dexter Sinister. Previously issued as a print-on-demand title, Aperture is pleased to present *Words Without Pictures* to the trade for this first time as part of the Aperture Ideas series.

Mosses and Liverworts

You Are Here: Art After the Internet is the first major publication to critically explore both the effects and affects that the internet has had on contemporary artistic practices. Responding to an era that has increasingly chosen to dub itself as "post-internet," this collective text explores the relationship of the internet to art practices from the early millennium to the present day. The book positions itself as a provocation on the current state of cultural production, relying on first-person accounts from artists, writers and curators as the primary source material. The book raises urgent questions about how we

negotiate the formal, aesthetic and conceptual relationship of art and its effects after the ubiquitous rise of the internet. "You Are Here is the best anything I've read in ages ... and I'm jealous I'm not a contributor. I really loved it. It's a joy to see new green shoots of cultural tendencies emerging from barren soil." - Douglas Coupland

Words Without Pictures

Set in the turbulent times of twelfth-century England when civil war, famine, religious strife and battles over royal succession tore lives and families apart, *The Pillars of the Earth* tells the story of the building of a magnificent cathedral. Against this richly imagined backdrop, filled with intrigue and treachery, Ken Follett draws the reader irresistibly into a wonderful epic of family drama, violent conflict and unswerving ambition. From humble stonemason to imperious monarch, the dreams, labours and loves of his characters come vividly to life.

Football hooliganism periodically generates widespread political and public anxiety. In spite of the efforts made and resources invested over the past decades, football hooliganism is still perceived by politicians, policymakers and media as a disturbing social problem. This highly readable book provides the first systematic and empirically grounded comparison of football hooliganism in different national and local contexts. Focused around the six Western European football clubs on which the author did his research, the book shows how different clubs experience and understand football hooliganism in different ways. The development and effects of anti-hooligan policies are also assessed. The emphasis throughout is on the importance of context, social interaction and collective identity for understanding football hooliganism. This book will be essential reading for anyone interested in football culture, hooliganism and collective violence.

Lilus Kikus and Other Stories by Elena Poniatowska

By the doyen of Vatican II studies, this book illuminates the key events and meaning of the most important religious event of the twentieth century. The Second Vatican Council, summoned by Pope John XXIII on Christmas day 1961, began in October 1962. Meeting in four autumn sessions from 1962 to 1965, Pope John's Council was a watershed in both world Christian and world religious history. With brevity and insight, Giuseppe Alberigo tells the story of Vatican II Council for a generation that has come of age since its close. He shows us a Council that Pope John called to renew not just the church but Christianity as a whole. He shows that that vision was realized in ways far beyond its participants' ability to understand.

The 'Waltharius', a medieval Latin epic poem of over 1400 lines, richly retells the story of a vigorous Germanic saga in the language and style of classical and Christian Latin poetry. Walter, its hero, is a pagan warrior ready to mock his enemies and mercilessly decapitate them, but also a pious Christian who refrains from premarital sex and stops to pray and ask for God's mercy in the middle of a battle. The poem varies remarkably in tone, providing both fervent moral commentary and bitter black comedy. The growing scholarship on the poem outside of Germany, where it has always been popular, no doubt results from its weird allure and eclectic nature. It has something for everyone. This new edition uses a fresh review of manuscripts - especially the recently discovered fragments at the University of Illinois at Urbana-Champaign - in order to provide a text and apparatus that will aid the reader in understanding the poem's tangled manuscript history. The notes are rather fuller than those of previous English-language editions, providing useful context to understand the complicated relationships among the Germanic, classical Latin, and Christian Latin traditions as well as tracking various themes and stylistic features that the poet employs.

Spanish Mysticism

Germanic mythology is currently experiencing a significant boom in audiovisual media, especially among younger audiences. Heroes such as Thor, Odin and Siegfried populate television and comic series, films, and video games. When and why did this interest in Germanic mythology emerge in the media? Starting from the interpretation of the myths used by Richard Wagner in 'The Ring of the Nibelung' at the end of the 19th century, the contributions in this volume examine the reception of Germanic myths in audiovisual media in the course of the 20th and 21st century.

The Spanish Picaresque Novel

En un presente alternativo, en el que es posible predecir la muerte con un plazo de veinticuatro horas, Mateo Torrez y Rufus Emeterio acaban de recibir la llamada mas temida: la misma que te avisa que ha llegado tu hora final. En circunstancias normales, es poco probable que Mateo y Rufus se hubieran conocido. Pero sus circunstancias no son normales en absoluto. Porque les quedan, a lo sumo, veinticuatro horas de vida. Y han decidido recurrir a Ultimo Amigo, la aplicacion de citas que te permite contactar con alguien dispuesto a compartir tu carga. Mateo y Rufus tienen un dia, puede que menos, para disfrutar de su recién nacida amistad. Para descubrir cuan fragiles y preciosos son los hilos que nos unen. Para mostrar al mundo su verdadero yo. La nueva novela de Adam Silvera, un superventas del New York Times que ha cosechado un exito arrollador por parte de la critica y los lectores. Un libro emotivo, original y extremo, que aborda la cercania de la muerte para plasmar magistralmente la fuerza arrolladora de la vida, la amistad y el amor.
