

human homeostasis gizmo answer key

[#human homeostasis gizmo](#) [#homeostasis answer key](#) [#gizmo answers human body](#) [#biology homeostasis lab](#) [#human physiology regulation](#)

This resource offers a comprehensive answer key for the Human Homeostasis Gizmo, providing detailed solutions and explanations to help students master the concepts of physiological regulation and internal balance within the human body. It serves as an essential guide for understanding how various systems work together to maintain stable conditions, perfect for biology and anatomy students seeking clarity and support.

Students can use these syllabi to plan their studies and prepare for classes.

We appreciate your visit to our website.

The document Human Homeostasis Gizmo Answers is available for download right away.

There are no fees, as we want to share it freely.

Authenticity is our top priority.

Every document is reviewed to ensure it is original.

This guarantees that you receive trusted resources.

We hope this document supports your work or study.

We look forward to welcoming you back again.

Thank you for using our service.

This document remains one of the most requested materials in digital libraries online.

By reaching us, you have gained a rare advantage.

The full version of Human Homeostasis Gizmo Answers is available here, free of charge.

Human Homeostasis SE - Answer Key. - Name

Human Homeostasis SE - Answer Key. Course: Biology Survey I (BIOL 101). 4 Documents. Students shared 4 documents in this course. University: Black Hills ... The Human Homeostasis Gizmo allows you to explore how the human body stays at a nearly constant temperature in different conditions. Notice the Air temp ...

Homeostasis gizmo - Student Exploration

Gizmo Warm-up To survive, an organism must be able to maintain stable internal conditions in a changing environment. This process is called homeostasis. The Human Homeostasis Gizmo™ allows you to explore how the human body stays at a nearly constant temperature in different conditions. Notice the Air temp. and Body ...

Copy of U5,C1, Assignment #2: Human Homeostasis

The Human Homeostasis Gizmo™ allows you to explore how the human body stays at a nearly constant temperature in different conditions. Notice the Air temp. and Body temp. thermometers representing the air temperature and body temperature.

Human Homeostasis Simulation | ExploreLearning Gizmos

Explore human homeostasis with ExploreLearning Gizmos. Students will balance body temperature, water, and blood sugar as well as prevent hypothermia and more.

Human Homeostasis Gizmo Flashcards

Study with Quizlet and memorize flashcards containing terms like What is the best course of action for the person shown below? (Person is standing), What activity will decrease body temperature?, Which of the graphs below best illustrates homeostasis? and more.

Human Homeostasis KEY.pdf - Please Do Not Share ...

2019 Human Homeostasis Answer Key Vocabulary:dehydration, heat stroke, homeostasis, hypothermia, involuntary, thermoregulation, voluntary Prior Knowledge Questions (Do these BEFORE using the Gizmo .) [Note: The purpose of these questions is to activate prior knowledge and get students thinking.

SOLUTION: Gizmos human homeostasis activity

Gizmo Warm-up To survive, an organism must be able to maintain stable internal conditions in a changing environment. This process is called homeostasis. The Human Homeostasis Gizmo allows you to explore how the human body stays at a nearly constant temperature in different conditions. Notice the Air temp. and Body ...

Student Exploration: Human Homeostasis: Vocabulary ...

The document is a student worksheet on the Human Homeostasis Gizmo simulation. It includes activities to explore factors that affect body temperature like exercise, sweating, shivering, clothing and air temperature. The student maintains a constant body temperature over 24 hours by responding to temperature ...

Human Homeostasis Answer Key Vocabulary

Human Homeostasis Answer Key Vocabulary:dehydration, heat stroke, homeostasis, hypothermia, involuntary, thermoregulation, voluntary Prior Knowledge Questions (Do these BEFORE using the Gizmo .) [Note: The purpose of these questions is to activate prior knowledge and get students thinking. Students are not expected ...

Basic Anatomy for the Manga Artist

Manga Anatomy Like You've Never Seen It! You know that manga faces are different from those of regular, American-style comic book characters. But did you know that manga bodies are also different? Well, they are, and Christopher Hart is here, once again, to tell you all about it in his signature accessible style. This book is loaded with clear step-by-step instructions and illustrations, anatomical charts and information, and before-and-after comparisons you won't find anywhere else—all tailored to creating authentic Japanese-style manga. And in addition to the breakdowns of the various sections of the body, you'll also learn how all the different elements—including faces and costumes—come together to form complete characters. Basic Anatomy for the Manga Artist contains everything you need to know. No aspiring mangaka (manga artist) should be without it.

Mega Manga

Design Your Own Anime and Manga Characters

For beginner to intermediate artists, Design Your Own Anime and Manga Characters demonstrates how to conceive and draw original characters for these popular art/entertainment genres.

Manga for the Beginner

Got manga? Christopher Hart's got manga, and he wants to share it with all his millions of readers—especially the beginners. With *Manga for the Beginner*, anyone who can hold a pencil can start drawing great manga characters right away. Using his signature step-by-step style, Hart shows how to draw the basic manga head and body, eyes, bodies, fashion, and more. Then he goes way beyond most beginner titles, exploring dynamic action poses, special effects, light and shading, perspective, popular manga types such as animals, anthros, and shoujo and shounen characters. By the end of this big book, the new artist is ready to draw dramatic story sequences full of movement and life.

Figure Drawing

This compilation of lessons from the *Master Guide to Drawing Anime* series brings together the simplest characters from the best-selling books for beginning artists and others looking for instant gratification. With cutting-edge art and clear instruction on how to draw the most popular styles and characters, the *Master Guide to Drawing Anime* series has helped thousands of aspiring artists learn to draw anime. *5-Minute Characters* gathers together the easiest characters from the series--perfect for the beginning anime artist. This carefully curated collection shows aspiring artists everything they need to know to get started drawing anime. They'll learn how to use simple templates to draw the head from different angles, bodies of characters from different age groups, and authentic anime hairstyles and fashions. Next, they'll see step by step how to draw dozens of the most popular character types and the emotions and attitudes that make them compelling. Finally, readers can put it all together and challenge themselves by creating simple scenes. Artists can work their way through the book to build their skills or pick and choose their favorite characters to draw. Either way, their drawing ability and confidence will soar

Saturday AM Presents How to Draw Diverse Manga

Learn how to reflect the beautifully diverse world around you in the manga-style characters you draw, guided by the talented team of artists at Saturday AM. Saturday AM is the world's leading showcase of diverse anime and manga stories. *How to Draw Diverse Manga* features the comics brand's most popular artists, who themselves represent racial identities, ethnicities, and cultures from all over the world, as well as diverse gender identities. Our perceptions of the world are shaped by how the media presents it. With this guide, you will be able to tell inclusive stories about heroic, beautiful, strong, intelligent, and courageous heroes from all backgrounds that are relatable to all and represent the true diversity of our world. The reader-friendly, step-by-step presentation, which is accessible even to beginning artists, shares drawing guidance for: Diverse faces, features, and expressions Bodies, proportions, and body positivity Hair, including afros, braids, and waves Developing character design through the language of shape, silhouette, and color schemes Avoiding stereotypes and caricatures Perfect for beginning to intermediate manga and anime artists, character designers, fantasy illustrators, animators, and cartoonists, Saturday AM Presents *How to Draw Diverse Manga* offers an insider's point of view and expertise on how to design and draw authentic manga characters that reflect the diverse identities and backgrounds of our world. Find even more inspiration for diverse manga characters in Saturday AM TANKS, which collect Saturday AM's comics in graphic novel format. The Saturday AM TANKS series include: Apple Black, Clock Striker, Gunhild, Hammer, Henshin!, The Massively Multiplayer World of Ghosts, Oblivion Rouge, Saigami, Soul Beat, Titan King, Underground, and Yellow Stringer.

Anatomy 101: Christopher Hart's Draw Manga Now!

Focusing on anatomy, one of the fundamentals of drawing manga characters, *Anatomy 101* teaches readers how to accurately draw the manga figure. From lessons on muscular and skeletal structure, arms, hands, and feet to poses and movement, this book covers everything readers need to go from manga fans to manga artists. After an introduction to these elements, readers will have a chance to follow along Hart's in-depth step-by-steps, and will even be invited to draw on their own, right in the book's pages.

Drawing Cutting Edge Fusion

A fusion of cultures brings together storytelling and design in this tutorial, in which artists and comic fans alike will learn how to draw American style comic design with a manga influence.

The Drawing Basic Manga Characters

This workbook provides a revolutionary new 3-step tracing technique that beginning artists can use to quickly learn to draw manga characters just like a pro! Popular manga artists Junka Morozumi and Tomomi Mizuna guide you through a series of carefully graded lessons to build up your skills gradually. Each pose and scene has a star skill level, so you can build your way up from 1 to 5! Learn character poses ranging from standing, walking and running, to signature manga poses with expressive movements, 2-person poses, and so many more! Practice drawing from various perspectives and viewpoints Trace and draw directly into your workbook and learn to master the basics of manga character poses faster than you could imagine! Each page presents a classic manga pose, from walking and running to jumping for joy, in three different steps: A simple outline of the body, to practice drawing features and basic anatomy The defining elements of the character (like clothes, hair and facial expression) highlighted for easy tracing so you can practice placing them onto the basic body outline. The finished drawing (for inspiration). The six chapters of poses are supplemented by expert tips and easy exercises for capturing the right facial expressions, drawing the clothes and getting the perspective and body proportions right. Beginning manga artists are in good hands with Morozumi, who lectures at art academies in Tokyo, and Mizuna, whose work has been exhibited in the U.S., Europe and beyond. If you've been looking for an easy-to-use guide to drawing manga, *The Manga Artist's Handbook: Drawing Basic Manga Characters* is the perfect place to start!

Kids Draw Manga Fantasy

"If you've ever wondered how to draw these enchanted beings, this is the perfect book for you"--Page 4 of cover.

Master Guide to Drawing Anime: 5 Minute Characters

"5-Minute Characters gathers together the easiest characters from *The Master Guide to Drawing Anime* series and *The Manga Fashion Bible* for the beginning anime artist. This carefully curated collection shows aspiring artists how to use simple templates to draw the head from different angles, bodies of characters from different age groups, and authentic anime hairstyles and fashions. Next, they'll see step by step how to draw dozens of the most popular character types and the emotions and attitudes that make them compelling. Finally, readers can put it all together and create simple scenes"--

Manga Drawing Deluxe

Renowned Japanese manga artist, international instructor, and illustrator of the *Wedding Peach* series Nao Yazawa guides you step by step through all phases of manga drawing, from developing characters to creating a story line and story boards. With this detailed guide, learn every aspect of how to draw manga, including poses, movement, perspective, and props. Starting with rough sketches, you'll learn to add ink, coloration, special effects, and finishing touches to create dynamic manga characters and stories. You'll also find tips on how to give your characters lively facial expressions and how to create backgrounds with simple perspective. Learn authentic manga drawing from a manga master.

The Manga Fashion Bible

Packed with tutorials and enticing projects, this stylish compilation from bestselling author Christopher Hart demystifies the entire process of drawing manga's irresistibly edgy fashions. From classic outfits to new Tokyo trends, hairstyles to figures and poses, Chris explores this popular Japanese genre in depth: mixing and matching outfits, creating complementary color schemes, drawing patterns on fabric, and more. A troubleshooting guide helps beginners solve common problems.

Manga for the Beginner Kawaii

Got manga? Christopher Hart's got manga, and he wants to share it with all his millions of readers—especially the beginners. With *Manga for the Beginner*, anyone who can hold a pencil can start drawing great manga characters right away. Using his signature step-by-step style, Hart shows how to draw the basic manga head and body, eyes, bodies, fashion, and more. Then he goes way beyond most beginner titles, exploring dynamic action poses, special effects, light and shading, perspective, popular manga types such as animals, anthros, and shoujo and shounen characters. By the end of this big book, the new artist is ready to draw dramatic story sequences full of movement and life.

Manga for the Beginner Shoujo

The ultimate guide to creating the most popular form of manga--shoujo! If you're reading this, you already love shoujo. But now you'll be able to take the next step and actually write and draw your very own. The teen characters that populate the genre are outrageously cool, including magical girls, demon gals, cat girls, J-rockers, handsome teen boys, Goth boys, and the increasingly popular elegant older young men that shoujo fans adore. No one can top Christopher Hart in helping you learn some fundamental art techniques that will bring shoujo characters, which are more realistic and less cartoon-like than other styles of manga, to life. His drawings in this book reflect the coolest and latest style Tokyo has to offer, and the easy-to-follow steps are designed for the beginner. From coloring to character development, *Manga for The Beginner Shoujo* has your back on every detail as you learn to create the most beloved of all manga. You may start off as an otaku (a manga fan), but you'll end up a mangaka (a manga artist)!

Manga for the Beginner Midnight Monsters

Using step-by-step instruction on how to draw Japanese manga and anime zombies, vampires, and monsters, best-selling author Christopher Hart teaches artists how they can create their own spooky manga characters. With the occult running rampant in today's television, movies, and other media, it's no wonder that the scary, monstrous, and dark characters of manga have become so popular. From drawing monster eyes to goth boys, *Manga for the Beginner Midnight Monsters* teaches artists how to draw these creepy and mysterious characters that they just can't get enough of. Packed with expert tips on drawing: · Zombies · Vampires · Werewolves · Goths · Witches · Sorcerers · And so much more!

Human Anatomy Made Amazingly Easy

From head to toe, the human form, in all its complexities, is visually simplified to such a degree in this remarkable workbook that even complete beginners will soon be able to draw accurate, well-proportioned faces and figures every time they try. Avoiding complex charts of muscles and bones that are more helpful to doctors than to artists, this book's refreshing approach teaches anatomy from a cartoonist/illustrator's point of view. For example, there are many large and small muscles in the neck, all rendered in great detail in most anatomy books, but here, master teacher Christopher Hart shows only the four that are visible and need to be drawn. His clear instruction helps readers to visualize and portray shifting body weight in a pose without the need of a model, and instead of showing a mass of facial muscles and bones, he translates them into the simple planes an artist needs to draw a range of expressive faces.

Drawing Anime Faces and Feelings

Big facial expressions are essential to anime and manga. They can be much more eloquent than printed words for getting an emotional response out of viewers. However, faces can be challenging. With this book, improve your anime-drawing skills with instruction for facial features and expressions for a wide variety of ages, character types, hair styles and activities. With 800 different facial expressions, you'll be able to draw your character in any emotional situation or with any reaction.

Drawing Cutting Edge Anatomy

This drawing tutorial from best-selling author Christopher Hart shows artists how to draw exaggerated musculature of super-sized figures in action poses.

The Everything Guide to Writing Graphic Novels

A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

Modern Cartooning

Aimed at beginner artists interested in cartooning and at the countless fans of cartoons, animation, and comics. Not only are cartoons a form of entertainment, but they're an incredibly popular style of drawing! With a fresh and easy-to-follow approach to cartooning, Christopher Hart shows readers basic tips for creating a cast of the most hilarious, outrageous characters inspired by today's cartoons. Chock-full of tips, hints, and step-by-step illustrations, *Modern Cartooning* gives artists of all ages the tools they need to let their imaginations run wild.

Comic & Fantasy Artist's Photo Reference

Created specifically for comic book and fantasy artists, the Colossal Collection of Action Poses features page after page of energetic, high quality, artfully composed reference photos. This isn't your average visual aid full of boring, lifeless models in the same staid poses. In this book, you get WHAM! (Karate chop to the head!) WHOOSH! (Leaping out of danger!) ARGH! (I've been shot!). Running, flying, kicking, wielding weapons, it's all here, along with a great selection of casual activities (talking on the phone, getting dressed, drinking) for carrying your storyline forward. 1,200 dynamic facial expressions and poses, with an emphasis on action Extreme angles, perspective and special lighting poses for maximizing drama Male and female models represent a range of ages and ethnicities 16 step-by-step demonstrations show how professional comic artists from DC, Marvel and other top publishers use photo references to create cutting-edge art This collection brings together all three previously published Comic Artist's Photo Reference books, along with brand new actions and demonstrations. It's powerful inspiration for drawing smokin' scenes and creating authentic characters that leap off the page.

Draw Manga!

Provides basic shapes and other techniques of cartooning, followed by illustrated, step-by-step instructions for drawing cartoon villains, superheroes, manga characters, and more.

Anime Art Class

With Instagram star illustrator Yoai as your guide, Anime Art Class will teach you how to create and color your very own super-cute anime characters, step by adorable step.

Love Me, Love Me Not, Vol. 12

Love and friendship have become quite complicated for these four friends. Akari and Rio's father is being transferred overseas. Rio wants to stay in Japan to be with Yuna, but Kazuomi thinks Akari should go live abroad even though they'll be apart. What will Akari ultimately decide? -- VIZ Media

Shojo Fashion Manga Art School

The Number One Fashion Workshop for Shojo Manga! From 'dos to shoes, how you dress and style your characters says a lot about who they are, before they even utter a word. Whether your story calls for a flashy drama queen or a mousy bookworm, this guide contains everything you need to know to create fabulous shojo manga characters with personality. • The Figure. Follow these simple basics to draw the guys and girls of various body types, in any pose. • The Face. Learn how to draw an endless variety of features. Get the feeling across with facial expressions from a subtle quirk of the mouth to all-out crocodile tears. Then add the perfect hairstyle—the icing on the cake. • The Look. "Shop" from an illustrated gallery of clothing and accessories for every season and occasion, from formal dresses to bunny slippers, with demonstrations and tips on designing your own original fashions. • The Setting. Portray your character's world with demonstrations on how to create classic hangouts like classrooms, coffee shops and bedrooms. Complete with 14 start-to-finish demonstrations for drawing a range of character types, from the girl next door to the punk guy, from single characters to couples and groups, this book will help you bring a world of unique and memorable characters to life...and have lots of fun doing it!

Moto Hagio's a Drunken Dream and Other Stories

Moto Hagio has been reinventing Shojo manga (Japanese comics marketed at teenage girls) since 1969. Unconstrained by boundaries of genre, she has sculpted a career characterised by intellectual curiosity, psychological authenticity and an aesthetic sense that has often been at odds with a Shojo manga mainstream littered with Sailor Moon knockoffs and sub-Mills and Boon romance cliches. Now, for the first time in English, Fantagraphics offers a selection of Hagio short stories spanning four decades of groundbreaking work by an artist at the peak of her powers.

How to Draw Manga

"You want to draw manga, and Manga University will show you how. You'll get VERY good at this. After all, we've been teaching people just like you for over 20 years. "How to Draw Manga: Basics and Beyond!" is the latest in Manga University's lineup of best-selling instructional books. The book features

more than 1,000 illustrations drawn by Japanese manga artists whose work has appeared in leading publications, including Shonen Sunday and Young Jump. You will learn how to draw like a professional because your teachers are professionals. We've divided the book into four easy-to-follow chapters that will have you drawing original characters from head to toe in no time at all: Heads First! We begin at the top, with a chapter on how to draw heads. After all, heads are the first thing most people notice, in both art and out in the real world. And in art, just like in the real world, you want to make sure your characters make a vivid first impression ... whether they're completely human, or totally out-of-this-world. Let's Make Faces! The expression the eyes are the window to the soul is particularly true when it comes to manga. You can tell a lot about a character's personality by peering into their eyes. In this chapter, we explain the basics of drawing eyes. But we don't stop there. We also cover noses, mouths, ears, and hair. All About Bodies! Once we've covered faces, we move on to teaching you how to draw bodies. We go over the differences between male and female body proportions, count heads to determine the heights of our characters, and learn how to draw hands, arms, feet, and legs. Strike a Pose! Our book's final chapter is all about making a physical statement. We show characters standing tall, sitting down, throwing punches, giving hugs, and more. Because even beautifully drawn characters look boring if they're frozen stiff. The book also includes a section on manga tools. Plus, you'll get to know the artists who contributed to the book through exclusive interviews in which they talk about their favorite manga and anime series, hobbies, how they work, and more!"--Amazon.

How to Draw Manga

Offers guidance of drawing Manga characters and effects.

Young Artists Draw Manga

Do you love manga? Now you can learn to draw your own! This book has everything the beginning manga artist needs! You'll learn how to draw the basic manga head and body types...but that's just the beginning! Over 100 manga characters—from magical shoujo girls and their super-cute chibi friends to mysterious ninjas and double-crossing villains—are broken down into easy-to-follow steps so you can start drawing all of your favorite manga characters right away!

Basic Drawing Made Amazingly Easy

The third title in a bestselling series, Basic Drawing Made Amazingly Easy is a complete drawing book for the beginning artist. Based on a series of lessons that begin with the five basic shapes (circle, oval, square, cylinder, and rectangle) combined with the five basic components of drawing (line, mass, perspective, light, and shading), the book progresses from the simplest forms to more complex inanimate objects and organic animate subjects.

Make Manga!

How to Make Your Own Exciting Manga Story! An artist's greatest gift is his or her imagination. By learning how to create manga characters with personality--and place them in engaging backgrounds--you can tell any story you want to! First, learn the basics of sketching: how to draw faces, figures, expressions and clothing. Then, practice inspirational prompts on coloring, composition and creativity to inspire endless story ideas. Use symbolism, mood and accessories to draw fantastic or realistic scenes. Use both traditional and digital coloring techniques to find your own engaging manga style. More than 30 step-by-step tutorials teach you: • The basics of human anatomy and manga-specific proportions • The fundamentals of coloring skin tones, clothing and backgrounds with markers, watercolor and digital enhancements • Compelling character ideas, like Gijinkas--cute personifications of food, nature and objects • How to incorporate all of those various elements to build a cool and complete scene "Bring your own visions to life!" ~Karolina "Larienne" Heikura

The Lost City of Heracleon

Called to adventure, young boys Lou and Shiro find themselves on an inter-dimensional submarine captained by an off-the-hinges old man. They soon discover Lou's missing father might still be alive as they are transferred into fully grown warriors headed straight for the battlegrounds of Ancient Egypt, the Lost City, and to 1914 Sarajevo. As the gods tinkering with fate become reckless and apathetic, the boys become part of a legion hell-bent on restoring balance to humanity. Writer Bruce Livingstone

and artist Mike Wilcox present an epic adventure across time and space about the power of family and what it means to fight for what you love most!

FORCE: Drawing Human Anatomy

The newest book in Michael Mattesi's Force Drawing series takes movement to the next level. Force: Drawing Human Anatomy, explores the different facets of motion and the human body. As opposed to the memorization technique, Mattesi stresses the function of each body part and how gravity relative to different poses affects the aesthetics and form of muscle. The chapters are divided by the different parts of the body, thus allowing the reader to concentrate on mastery one body part at a time. Color coded images detail each muscle and their different angles. Special consideration is given to anatomy for animation, allowing the reader to create a character that is anatomically accurate in both stillness and motion. Key Features Detailed visual instruction includes colourful, step-by-step diagrams that allow you to easily follow the construction of an anatomically correct figure. Clearly organized and color coded per regions of the body's anatomy, a clarity of design for better reader understanding. Learn how anatomy is drawn and defined by the function of a pose. Visit the companion website for drawing demonstrations and further resources on anatomy.

The Complete Guide to Drawing Action Manga

Whether your character is jumping for joy or grappling with an opponent, this book provides all the essential techniques to draw more lifelike action figures in the classic Japanese manga style. The comprehensive introduction first shows the reader the physical anatomy of male vs. female figures and gives important tips on proportions, perspective and small but often-overlooked details such as the relative differences between male and female hands, fingers and feet. Five subsequent chapters cover over 40 action poses in the following categories: Chapter 1: Action (e.g. running and jumping) Chapter 2: Martial Arts (e.g. punching and kicking) Chapter 3: Interacting (e.g. judo holds and high fives) Chapter 4: Weapons (e.g. swords and knives) Chapter 5: Reacting (e.g. dodging a punch or taking a punch) Each pose and movement is illustrated with a rough sketch outline followed by a highlighted manga drawing containing detailed annotations by the author. After studying the sketches, you practice the drawing techniques at the end of each chapter. Each chapter also provides professional tips on the use of color and shading for greater realism. Special sections contain information and tips on particular topics of interest, such as how to draw clothes, hair and facial expressions or how to create special effects. At the end of the book, an actual 6-page comic strip gives readers the opportunity to practice what they have learned by filling in the missing elements.

Draw Your Own Manga

American Library Association's 2005 Best List—Quick Pick for Reluctant Young Adult Readers Ever wanted to draw manga but didn't know where to start? Ever felt there's something not quite right with your drawing but not sure what? Draw Your Own Manga: All the Basics is the book for you! The textbook of choice at Tokyo Animation College—the leading school for manga artists in Japan, it covers all the basic information you need to get started on drawing manga with clear and easy-to-understand instructions: Which materials and tools are essential and how to use them. How to draw characters, and what proportions to use for bodies and faces. Techniques for creating simple but effective special effects in ink and screen tone. Easy-to-follow rules for drawing in different types of perspective. How to use photographic material for backgrounds. Draw Your Own Manga: All The Basics also features interviews with two famous mang artists, Takao Yaguchi and Toru Fujisawa, who share their thoughts on the important features of manga and what it takes to become a manga artist.
