Pero muy pronto todos estaban hablando de Las nueve revelaciones como del libro que cambiaría nuestra visión acerca del destino humano. Una década más tarde, lleva vendidos casi seis millones de ejemplares en treinta y dos países. La historia que Redfield nos cuenta habla de un antiguo manuscrito escondido en la selva peruana, que guarda en sus páginas nueve revelaciones esenciales para comprender el presente y enfrentarse al futuro. La búsqueda del texto perdido supone un gran esfuerzo no exento de riesgos, pero la tenacidad de un pequeño grupo de sabios aventureros pondrá por fin en manos de todos estas claves de un mensaje simple y directo que apunta a nuestra espiritualidad y puede abrir un nuevo capítulo en nuestras vidas. Una apasionante historia de aventura y descubrimiento, una guía con el poder de cristalizar tus percepciones y dirigir tus pasos con una nueva energía y optimismo. Manual de las nueve revelaciones

¿Por qué nos comportamos de manera tan diferente los seres humanos? ¿Por qué independientemente de las posesiones o patrimonios, o independientemente de las experiencias vivenciales, algunos seres humanos disfrutan de la vida y son felices, mientras otros deambulan por la vida como almas en pena? ¿Por qué nos comportamos como nos comportamos? O como solemos decir... ¿Por qué somos como somos? Son preguntas que siempre me hice desde pequeño hasta que un día comprendí o encontré el porqué de estas preguntas. Solamente quiero compartir esta comprensión contigo, ya que comprender esto, significa alcanzar la libertad y el poder de disfrutar la vida. Por ello, mi propósito no es más que regalarte lo que para mí ha sido el regalo más importante de mi vida: la libertad. Y para poder hacer uso de este gran poder, solamente has de recordar, qué y quién eres realmente.

Las Nueve Revelaciones / The Celestine Prophecy: An Adventure

With exercises that readers can use to develop the abilities they are reading about, *God and the Evolving Universe* heightens readers' awareness of their place in personal/planetary evolution and sets the stage for actualizing the next level of human potential.

Meditaciones Acerca de Las Nueve Revelaciones

In books lauded as brilliant, exhilarating and profound, Roberto Calasso has revealed the unexpected intersections of ancient and modern through topics ranging from Greek and Indian mythology to what a legendary African kingdom can tell us about the French Revolution. In this first translation of his most important essays, Calasso brings his powerful intellect and elegant prose style to bear on the essential thinkers of our time, providing a sweeping analysis of the current state of Western culture. 'Forty-nine steps' refers to the Talmudic doctrine that there are forty-nine steps to meaning in every passage of the Torah. Employing this interpretative approach, Calasso offers a 'secret history' of European literature and philosophy in the wake of Nietzsche, Marx and Freud. Calasso analyses how figures ranging from Gustav Flaubert, Gottfried Benn, Karl Kraus and Martin Heidegger to Walter Benjamin, Franz Kafka, Bertolt Brecht and Theodor Adorno have contributed to, or been emblematic of, the current state of Western thought. This book's theme, writ large, is the power of the fable - specifically, its persistence in art and literature despite its exclusion from orthodox philosophy. In its breadth and the nature of its concerns, *The Forty-nine Steps* is a philosophical and literary twin to the widely praised *Marriage of Cadmus and Harmony*. Combining erudition with engaging prose and original insights, Calasso contributes a daring new interpretation of some of the most challenging writers of the past 150 years.

Guía vivencial (manual de las nueve revelaciones)

La figura del padre Alejandro Solalinde Guerra es ampliamente conocida dentro y fuera de México por su intensa actividad en la defensa de los derechos humanos de los migrantes, principalmente centroamericanos, en su tránsito por México hacia Estados Unidos, en el que son víctimas de asaltos, secuestros, extorsiones, violaciones, asesinatos, trata de personas y de órganos, entre otros delitos. Fundó el albergue Hermanos en el Camino en Ciudad Ixtepec, Oaxaca, cerca de las vías del tren para dedicar incontables esfuerzos a la protección, asistencia y defensa legal de los migrantes, encontrando obstáculos, calumnias, denuncias, amenazas de las mafias e intentos de asesinato. Candidato recurrente a recibir el Premio Nobel de la Paz y distinguido con reconocimientos otorgados por diversas organizaciones nacionales e internacionales, pasó de ser un sencillo cura rural, al protagonismo nacional en la última década. En este libro autobiográfico, escrito en colaboración con la periodista mexicana Karla María Gutiérrez, comparte con sus lectores un retrato único y hasta ahora inédito de los momentos clave que marcaron su vida y su vocación, desde su infancia hasta nuestros días.

Las nueve revelaciones

With an introduction by novelist David Vann In April 1992, Chris McCandless set off alone into the Alaskan wild. He had given his savings to charity, abandoned his car and his possessions, and burnt the money in his wallet, determined to live a life of independence. Just four months later, Chris was found dead. An SOS note was taped to his makeshift home, an abandoned bus. In piecing together the final travels of this extraordinary young man's life, Jon Krakauer writes about the heart of the wilderness, its terribly beauty and its relentless harshness. Into the Wild is a modern classic of travel writing, and a riveting exploration of what drives some of us to risk more than we can afford to lose.

EL MENSAJE DE NACIÓN CÓSMICA

On December 21, 2012, the Mayan calendar will end. Many see it as an apocalyptic sign. But is it? In The Twelfth Insight, the long-awaited fourth book in the beloved Celestine Series, we again follow our Hero and his close friend Wil. They have just received a portion of another ancient and mysterious manuscript that describes a secret approach to spirituality that is silently arriving in the second decade of the 21st Century. But the manuscript is only available in fragments. To understand its full meaning for mankind, our Hero and Wil begin an urgent search to find the message in its entirety. As they embrace the power of Synchronicity and begin their search, they are confronted by powerful political forces and religious extremists that stand in the way of these spiritual revelations. Utilizing what he calls the "parable effect," and based on his own sources, James Redfield explores the similarities and differences that exist among the world religions, revealing the essential messages contained within them that can energize our experience of spirituality-- and produce a new wave of integrity and reform that can transform our lives and our world.

Meditaciones acerca de las Nueve Revelaciones

The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, Narcoland has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, Narcoland takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names – not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández

became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels."

"Since the Mexican government escalated its war on organized crime at the end of 2006, over 150,000 Mexicans have been intentionally murdered. Countless thousands of others have been tortured; no one knows how many have disappeared. Caught between government forces and organized crime cartels, the Mexican people have suffered as atrocities and impunity reign. Based on three years of research, over 100 interviews, and previously unreleased government documents, this report finds a reasonable basis to believe that government forces and members of criminal cartels have perpetrated crimes against humanity in Mexico. The report comprehensively examines why there has been so little justice for atrocity crimes, and finds the main answers in political obstruction. Given the lack of political will to end impunity, new approaches must be taken. The report argues for a series of institutional changes, most importantly the creation of an internationalized investigative body, based inside Mexico, with powers to independently investigate and prosecute atrocity crimes."--Page 4 of cover.

¿Eres realmente quién crees ser?

A critical look at the Chavez regime from a leftist Venezuelan perspective, this account debunks claims made by Venezuelan and U.S. rightists that the regime is antidemocratic and dictatorial. Instead, the book argues that the Chavez government is one of a long line of Latin American populist organizations that have been ultimately subservient to the United States as well as multinational corporations. Explaining how autonomous Venezuelan social, labor, and environmental movements have been systematically disempowered by the Chavez regime, this analysis contends that these movements are the basis of a truly democratic, revolutionary alternative.

The Twelfth Insight

French naturalist and medical doctor Aimé Bonpland (1773–1858) was one of the most important scientific explorers of South America in the early nineteenth century. From 1799 to 1804, he worked alongside Alexander von Humboldt as the latter carried out his celebrated research in northern South America, but he later returned to conduct his own research farther south. *A Life in Shadow* accounts for the entire span of Bonpland's remarkable and diverse career in South America—in Argentina, Paraguay (where he was imprisoned for nearly a decade), Uruguay, and southernmost Brazil—based on extensive archival material. The study reconnects Bonpland's divided records in Europe and South America and delves into his studies of rural resources in interior regions of South America, including experimental cultivation techniques. This is a fascinating account of a man—a doctor, farmer, rancher, scientific explorer, and political conspirator—who interacted in many revealing ways with the evolving societies and institutions of South America.

A summer of terror has begun. Peter Benchley's *Jaws* first appeared in 1974, creating a legend that refuses to die. For a new generation, the ultimate holiday nightmare is about to begin all over again...
