Babylonian Story of Creation - Babylonian Story of Creation by Fiona Passantino 181,264 views 6 years ago 4 minutes, 37 seconds - How did the world begin? How did the first humans get here, and

why are we here? Every culture in the world has it's own answer; ...

Before anything had a name, before there was firm ground or sky or the sun and moon there was Apsu, the sweet water sea and Tiamat, the salt water sea.

Tiamat was furious that her mate was killed, and she began producing great and ferocious monsters to slay Ea and his brothers.

She created poisonous dragons and demons and serpents.

He led the army of Tiamat's monsters into heaven against Ea and his brothers to avenge Apsu's death.

Ea and the gods told him of the advancing army.

Marduk burst out of the sky in his flaming chariot pulled by his team Killer, Crusher, Unyielder and Fleet.

He held the royal scepter and ring, covered in golden armor.

He rode into battle bearing his bow and arrows and a mighty thunderbolt.

Marduk raised half of her body to the heavens to form the sky and the other half formed the earth.

Marduk was victorious, and now the undisputed king of the universe.

Myths, Legends and Prophecy

Myth, Legend and Prophecy are old stories about supernatural beings, heroes and history makers who once roamed this land in the very early years. Are stories about them fictitious? The author sincerely believes in their existence, as well as, nonexistence beings. She shows the reader that the Matter and Energy of happenings have always existed in Time and Space (MEST). By becoming a people of high ideals, it is possible to make an environment altogether different from that each has lived and now lives.

A Prophecy's Truth

In a time when the dragons roam and the wardogs rage, the elemental light of Enarie has awoken the power of the Prophecy's Truth. But where in the six realms is it? In a small cottage, in the middle of a meadow, surrounded by a forest, Ava lives a quiet unassuming life with her beloved mother. That is until the day the legendary Kyra arrive in her homeland. It is this day that marks the beginning of a perilous quest she most assuredly does not wish to participate in. However, the threat to her life is too great to ignore. With the overbearing Kyra leading the way, Ava has no choice but to trust their guidance because, unlike them, she knows nothing about wielding a sword and even less about their claims that she is somehow tied to the Prophecy's Truth. Indeed, they are mistaken... aren't they? For Rharn of the Kyra, protecting Ava will test his resolve beyond all measure. He is a warrior, an immortal carrion hardened by combat. He does not submit to emotion and yet... how can one innocent female erase centuries of self-discipline? With only the Kyra and one would-be knight standing between her freedom and the demons of Raggoth, will Ava survive the arduous journey across the Land of Men before all hope is lost?

Legends of the Patriarchs and Prophets

Legends of the Patriarchs and Prophets is a work by Sabine Baring-Gould. It discusses and presents us with stories and myths from the bible from a multi-religious perspective.

The God of Music and Prophecy

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

The Dodona Prophecy

To save his life, Mandy Burkhardt brought Ryan Taylor back with her to ancient Greece. Now, they're stuck. Unless they can find the witch who cast the spell of asylum and have it reversed, they face being trapped there forever. Their journey is fraught with peril, their mettle tested against cunning and vicious foes of the time. With divine blood in her veins, great things are expected of Mandy though she's yet to learn whether she's gifted in any way – immortal, or even a god. Back in Chicago, the present-day immortals await, the prophecy of regaining their strength and ruling the dominion of mankind at the forefront of their minds. Gathering for the next push, they prepare for the harvest -- her raw power so tantalizingly close. While the immortals unleash havoc on the city of Chicago, Detective Dino Marconi fights to maintain order while learning his own hopes and dreams may be at odds with the fate of humanity. Bringing legend back to life, the Dodona Prophecy teeters between present-day Chicago and ancient Greece -- a time of gods, oracles, witches and cyclopes – unveiling myths with a new and exciting spin.

Noted Prophecies

This Is A New Release Of The Original 1917 Edition.

The Eye of Zeus

“This charming and brilliant novel is superbly plotted and will win over readers . . . Phoebe’s voice is dead on and authentic, as are those of her friends. The author’s masterful prose and style serve the story instead of merely taking center stage . . . This author and novel are ready for prime time and the big time.” —Publishers Weekly, BookLife Prize Critic’s Report Meet Phoebe Katz, a twelve-year-old foster kid from New York City who’s been bounced around the system her entire life. Things happen around Phoebe, but it’s not like they’re her fault! But when a statue of Athena comes to life, Phoebe gets the stunning news she’s the daughter of Zeus, has a twin brother named Perseus—and was sent away from ancient Greece as a baby to stop a terrible prophecy that predicted she would one day destroy Olympus. Athena warns Phoebe to stay in hiding, but when the vengeful god Ares kidnaps her beloved social worker, Phoebe has no choice—she has to travel back to ancient Greece and rescue him! There, Phoebe and her friends Angie and Damian discover a new prophecy, one that may fix everything. The catch: Phoebe has to collect talismans from six Greek monsters, including the fang from a nine-headed hydra, a talon from the Nemean lion, and a feather from the sphinx. No problem for a girl with the power to call up lightning bolts and change the weather! But can Phoebe collect them all and stop the prophecy before she destroys Olympus?

Secrets of the Stone of Destiny

The Last Story is the insight view of a collection of myths, legends, fables, prophecies, and facts of an object I discovered several years ago. I knew it had to be something of substantial importance to someone or had an origin beyond this world.

The Last Story

In a time when myths and legends are thought to be fairy tales, young Cora finds herself thrown into a world of ancient legends and prophecy. Cora's own life is in danger. From the sea, mystery and lore will be born. He is of a land deep below the waves, a world of power connected to the ring she wears; The Ring of Mer. He is a protector, a guardian, linked to the same destiny as Cora. But a danger lurks in the darkness, one of ancient evil from when the prophecy was formed, and it will stop at nothing to possess the ring, and end Cora's life. When Sean takes on the responsibility of protecting her, will Cora be able to allow him into her heart and trust him? Their survival will depend on it, for this mystery of the sea may be her very destiny; for the prophecy requires that Sean and Cora form a bond that is as unbreakable as those that came before them. But if they cannot form this bond, then it may be more than their lives at stake, but of everyone in the world... For the prophecy requires them both to become the next Seer and Guardian of The Blue Moon. To this day, it is said that the descendants of the Fae left behind still wait for the return of the Seers and guardians.... There is more to the world than we know, a world that eludes us until we see the glimmer behind the veil. take a trip back into a land of legend where fantasy, magic, and a world of wizardry awaits.

Blue Moon

Ancient Native American tales passed down from generations reveal how sacred universal laws govern our relationship to the natural world, our interaction with nature, and our respect for each other.

Legends and Prophecies of the Quero Apache

YVONNE MURTHA was born in Batavia, on the island of Java in Indonesia, where she lived until immigrating with her family to Holland in 1946. The war with Japan changed her life forever when the Imperial Japanese Army invaded and occupied the Dutch East Indies on March 8, 1942. During World War II with Japan, she spent three years in two Japanese concentration camps in Java with her mother and her sister. After the war and the Indonesian revolution for independence that followed, Yvonne and her family fled to Holland, losing everything. After continuing her school education in Holland, she graduated from High School. She is a graduate from a prestigious Secretarial College in The Hague. Her diploma qualified her for an overseas job with a Dutch Certified Public Accounting firm on the island of Curacao (Netherlands Antilles) in the Caribbean. After having traveled around the world for business and pleasure, she immigrated to the United States where she got married and has two children. Yvonne just loved to read books ever since childhood. She grew up with Indonesian folklore, mythology, legends, and prophecies in Java. The mysterious Djojobojo Prophecy had accurately predicted the loss of the Dutch colonies in cryptic prophetic language... 800 years before it happened. The supernatural story had always fascinated her, hoping to in the future write a book about King Djojobojo, who is sometimes referred to as the Javanese Nostradamus. Several decades later, her dream of writing the book was fulfilled. The title of the book: BAMBOO WALLS: A YOUNG WOMAN'S MEMOIR OF INTERNMENT IN A TIME OF WAR. The Mystery of the Djojobojo Prophecy Yvonne lives in California and has two children and four grandchildren. They are proud of their Mom and Oma from Indonesia, who survived two wars. She is working on a memoir about the mystery of Life after Death. It is an inspirational story about reincarnation, twin souls, heaven, extraterrestrial visits to planet Earth, and much more.

Bamboo Walls

An ancient prophecy divides two sisters- One good... One evil... Who will prevail? Twin sisters Lia and Alice Milthorpe have just become orphans. They have also become enemies. As they discover their roles in a prophecy that has turned generations of sisters against each other, the girls find themselves entangled in a mystery that involves a tattoo-like mark, their parents' deaths, a boy, a book, and a lifetime of secrets. Lia and Alice don't know whom they can trust. They just know they can't trust each other.

Prophecy of the Sisters

Destiny is one thing. Survival in the face of evil is a different matter. What started as normal days for Finn, Cerys, George and Arlene didn't end that way. Their world got turned upside down. Turns out they aren't who they thought they were. Ancient history and birth destiny have cast them into a centuries long battle in a parallel existence between two ancient clans, the Tuatha and the Fomorie across Ireland, England, Scotland and Wales. The Tuatha's only hope of salvation lies in an ancient Prophecy which predicts the emergence of four gifted warriors from their ranks who will help them defeat the Fomorie once and for all. Can the guardians sent by the Tuatha intervene in time and save the four young warriors from the Fomorie? Will the young warriors be able to use the hidden gifts they possess to defend themselves against the Fomorians? "Prophecy" is the first book in the Tuatha Legends Series. This Fantasy Series will take you on an adventure through time and history. It features wonderful characters with landmark locations, mingling mythology with swords and sorcery and the odd dragon in a classic battle of good versus evil.

Prophecy: An Urban Action Adventure Fantasy (Book 1)

Many folklore stories over time are slowly transformed into myth and legend, permeating the national psyche, eventually becoming part of the way that we think and view ourselves as a nation. This incisive quest attempts to unravel and find answers to many of the still unanswered questions that present themselves when enquiring into some of these myths and legends. This quest offers definitive answers to such questions as: • What is the relationship between the Neolithic works dotted around the British landscape, and those who built the many churches on pre-existing pagan sites? • Who was St. Michael and why is it that his name is inextricably linked with the phenomenon of the longest ley line in Britain? What does this system of ley lines constructed upon the British landscape portend for future generations? • Who was Joseph of Arimathea and where is he buried? • Where exactly is the fabled

Island of Ictis; can we establish a relationship between this island, renowned in the ancient world as an exporter of tin, with Joseph of Arimathea? • What exactly is the prophetic tradition? Do the biblical prophets have any relevance today? Was the prophecy of Melkin that tells of the whereabouts of Jesus' tomb, of that same prophetic tradition? • Was King Arthur's body actually found in Glastonbury, or was it an elaborate hoax? If not, where is he buried? What is the connection between the Templar treasure and the Isle of Avalon and what has this to do with Leonardo da Vinci? • What is the meaning of the Grail stories? What is the Grail and who does it serve? Where is the Island of Sarras and why is it so named. • What has the Grail tradition to do with the Turin Shroud? How was it that Science was unable to say how the image on the Turin Shroud was formed? Why can no one explain the shrouds provenance or history prior to 1353 AD? These topics initially seem to be so disparate and unconnected that any relation between them appears scant and impossible to establish with any degree of certainty. However, it is the aim of this enquiry to show how inextricably linked these diverse questions are. It shows how the many pieces of a puzzle that have hitherto been unconnected, hidden, deliberately obscured, ignored, misunderstood, or even inadvertently lost over time, can be resolved into one conclusive body of evidence.

And Did Those Feet...?

As the end of the Cycle draws near, the modern world lies unprotected, the old daughters forgotten, the old enemies remembered only as myth and legend, and those half true at most. Humanity is ripe for the return of the Ancients and their servants. Still on society, an order ancient and secret, remembers and prepares for the coming apocalypse, seeking the Chosen One around which many of the legends were born, the one who represents the single hope for the world, whose birth was foretold in the Prophecy of the Ancients.

Islamic Legends

Fire and Water don't mix. Sophia I'm Sophia Henley, your typical college freshman. I never expected a lion to be stalking me, nor for fire to come shooting out of my hands to protect my sister. Next thing I know, a drop-dead gorgeous guy shows up on my doorstep to sweep me away to a magical school, where I'll learn to control my element and bond with a powerful creature called a Familiar. I don't believe I'm the savior of an ancient tribe, or the missing piece of a prophecy that's more myth than reality. Worst of all, I'm forced to enter the Elemental Cup, where I'll either earn my place in this society... or die trying. Liam The night I met Sophia, I didn't think we'd form an undeniable connection. But I'm from the Water tribe, and she's fire. I'm forced to push her away even as I'm falling for her. I lost everything, yet Sophia makes me whole again. Our world is fixed on keeping us apart, but we're in this tournament together. We have to keep each other alive at any cost- or I'll give my life for hers. It's pretty clear. If I continue to play with fire, I'm going to get burned.

Prophecy of the Ancients

Discover how accurate past visions of the future have turned out to be and explore the continuity of the prophetic tradition. This is a fascinating anthology of amazing and curious stories - such as clairvoyant dreams about the sinking of the Titanic and the Reichstaag Fire in Berlin. It includes features on ancient shamans and soothsayers, Egyptian dream analysis, Greek oracles and Roman auguries, the ancient roots of astrology, messianic visionaries, medieval seers, African systems of divination, Aztec prophecies of cataclysms, the mysteries of Pachacamac, Nostradamus and his "Centuries" and the futurism of H. G. Wells.

The Fire Prophecy

This book restores the rich tradition of the Sibyls to the position of prominence they once held in the culture and society of the English Renaissance. The sibyls — figures from classical antiquity — played important roles in literature, scholarship and art of the period, exerting a powerful authority due to their centuries-old connection to prophetic declamations of the coming of Christ and the Apocalypse. The identity of the sibyls, however, was not limited to this particular aspect of their fame, but contained a fluid multi-layering of meanings given their prominence in ancient Greek and Roman cultures, as well as the widespread dissemination of prophecies attributed the sibyls that circulated through the oral tradition. Sibylline prophecy of the Middle Ages served as another conduit through which sibylline authority, fame, and familiarity was transmitted and enhanced. Writers as disparate as John Foxe, John Dee, Thomas Churchyard, John Fletcher, Thomas Heywood, Jane Seager, John Lyly, An Collins, William

Shakespeare, and many draw upon this shared sibylline tradition to produce particular and specific meanings in their writing. This book explores the many identities, the many faces, of the prophetic sibyls as they appear in the works of English Renaissance writers.

Prophecies: 4,000 Years of Prophets, Visionaries and Predictions

In the year 2012 the Earth awaits a super catastrophe: its magnetic field will turn over in one go. Phenomenal earthquakes and tidal waves will completely destroy our civilisation. Europe and North America will shift thousands of kilometres northwards into polar climate. Nearly the whole earth's population will perish in the apocalyptic happenings. These dire predictions stem from Mayans and Egyptians -- descendants of the legendary Atlantis. The Atlanteans had highly evolved astronomical knowledge and were able to exactly calculate the previous world-wide flood in 9792 BC. They built tens of thousands of mandjits and escaped to South America and Egypt. In the year 2012 Venus, Orion and several other stars will take the same 'code positions' as in 9792 BC, the year of the previous cataclysm! For thousands of years historical sources have told of a forgotten time capsule of ancient wisdom located in a mythical labyrinth of secret chambers filled with artefacts and documents from the previous flood -- this book gives one possible location.

Prophecy and Sibylline Imagery in the Renaissance

The collection centers on creation myths, the conflict between good and evil, and on legends of heroes, prophets, and holy men. The thirty stories are taken from Greek, Norse, African, Sumerian, Polynesian, Hebrew, Persian, Indian, Chinese and American Indian sources.

The Orion Prophecy

With time dwindling but her will to end the Prophecy stronger than ever, Lia sets out on a journey to find the remaining keys, locate the missing pages of the Prophecy, and convince her sister Alice to help--or risk her life trying. Lia has her beloved Dimitri by her side, but Alice has James, the man who once loved her sister--and maybe still does. James doesn't know the truth about either sister, or the prophecy that divides them. And Alice intends to keep it that way. There are some secrets sisters aren't meant to share. Because when they do, it destroys them. This stunning conclusion to Michelle Zink's Prophecy of the Sisters trilogy will make saying good-bye bittersweet for readers.

Gods and Men

What are memories to us that live and die; Is it joy, pain, regret, hope, pride, hatred. Do those memories become the things we cherish for a lifetime? If the mind forgets does our heart remember? All these things wrapped in emotions and feelings; do these memories make us mortal, do they make us human? In a world of legends, where religion, science, and magic meld together, there are those who live their lives as well as they can, holding on to their memories and allowing their feelings to guide and move them toward a better future through life and into death. And then there are those whose lives are unending, everlasting, and unchanging the Amara the Immortals. Four lives have begun to move along a path bound to the fate of every immortal. Although their lives cannot be given up or taken, they move according to a destiny a curse that was left behind by those of the past many centuries ago. A prophecy has foretold the deaths of the deathless, but who or what could bring an end to the Immortals? In this novel, the immortals must face the possibility of extinction as the events of an ancient prophesy begin to unfold.

Circle of Fire

Destiny stares at you in dreams then meets you in waking nightmares. Morgan and Brianna, two sixteen-year-old Irish girls, stumble upon a magical book hidden within the standing stones. Believing local mythology is just an interesting tale about immortal killers, vengeful gods, and age-old battles, they take the stories lightly...until the book mentions their ancestors and reveals the girls may be destined to fulfill an ancient prophecy. Discovering a deadly rift once split the fae and mortal realms as the result of a forbidden love between the fae and druids, the girls dedicate themselves to the book. A covenant with the gods had been broken, and the responsibility of restoring the worlds fell to the Gemini, descendants of the illicit lovers. These chosen caretakers of the elemental stones were challenged to protect the elements from the dark mystics. With a vow to destroy all the chosen, evil forces used black magic to release the daemon from the Underworld, and the Gemini went into hiding while the battles to find them

aged on through the ages. Years later, psychics and profilers, all over the world, are being targeted for death. A historic pattern becomes obvious to a former FBI agent and an Irish psychic who, forced to join forces, are assigned to discover who or, more precisely, what is targeting psychics, and why. They also discover an improbable relationship linked to their past. Fae mythology isn't in the FBI training manual, but when a killer disappears into a solid stone wall, it's time for Graeme to re-evaluate reality. Recently, the pragmatic FBI instructor has a hard time dealing with the woman's thoughts seeping into his mind. Psychic or not, none of this can be real. More and more he's convinced she's the same girl who's been in his dreams since childhood. Morgan only felt whole in her dreams when Graeme joined her. There is no doubt Graeme is her old imaginary playmate. What does it mean now that his thoughts are breaking through when she's awake? Even if he refuses to accept their connection, his presence in her mind is a comfort...until their shared dreams turn into nightmares.

Immortal Presage

The Christian Mythology is a study on the Christian folklore and how much the heathen rituals influenced the development of a certain version of Christianity in different parts of the world. The goal of the work was to show that the modern religion doesn't offer much new or different from what has been believed in the many epochs of the past. Religious feelings of primitive man were driven by fear and superstition and the various forms of worship predominated in different geographical situations. Christianity, like all primitive or modern religions leans on the ancient myths and legends, taking a somewhat different version in various geographical locations, but with the same form as every religious system.

The Gemini Prophecy

They say I'm the Dragon Fae. They say I'm the savior of our people. I know they're wrong. My entire life I've been an assassin, but after a botched job, I'm the most wanted sorceress in the world. I lie low, taking whatever jobs I'm given. When I'm assigned a new partner, a dragon shifter named Deacon, he strides into my life like he belongs, whether I want him or not. My heart's been burned before, so despite his sexy charm--or maybe because of it--I definitely don't want him. When the fae court declares I've fulfilled an ancient prophecy, they anoint me the Dragon Fae, the mythical savior of our people. That explains Deacon's presence. He's the Dragon Fae's fated mate. Problem is, the fae court is manipulating this sacred legend. Lies may be my trade, but I can't stand for this deception. So I cut a deal. If Deacon and I can stop a terrorist plot, I can go back to lying low. If we fail, they'll make me the Dragon Fae. I was raised on this myth, and the most memorable part? The Dragon Fae dies young and alone--and the fae court has shown they'll do whatever it takes to make the prophecy come true. If I don't take fate into my own hands, the fae court will do it for me. Dragon Fae Prophecy is the first book in a fae urban fantasy series with a slow-burn romance.

The Christian Mythology

Fantasy Novel.

Dragon Fae Prophecy

We think of Zeus as the mightiest god of Greece, accompanied by his servants Force, Might and Victory,—the Cloud-gatherer, the Rain-giver, the Thunderer, the Lightning-hurler, the Sender of Prodigies, the Guider of Stars, the Ruler of other gods and men, whom even Poseidon the Earth-shaker must obey. The very name reverberates with majesty, power, dominion. But the beginnings of this vast deity were in darkness and danger. True, the reign of his father Kronos was that Golden Age when, in the fresh morning of the world, "Heat and Cold were not yet at strife, the Seasons had not begun their mystic dance, and one mild and equable climate stretched from pole to pole; when the trees bore fruit and the vine her purple clusters all the year, and honey-dew dripped from the laurel and juniper which are now so bitter; when flowers of every hue filled the air with perpetual fragrance, the lion gambolled with the kid, and the unfanged serpent was as harmless as the dove"; when over-curious Pandora not yet having released her boxful of ills, men had neither care nor sickness nor old age, but, after centuries of blissful calm, faded like flowers and became kindly spirit-guardians of their successors. Yet amid this charming serenity Kronos could never forget the curse of his father Uranus whom he had overthrown, and the prophecy that he himself should in his turn be cast down by his own children. "Wherefore being resolved to defeat that prophecy, he swallowed each child his wife Rhea brought forth, as soon as it was born. When Rhea had thus lost five babes,—Hestia, Demeter, Hera, Hades and Poseidon—and

knew herself about to bear yet another, she made her prayer to Uranus her ancient sire, imploring counsel and aid.

Legends

"After the Golden Age of the Titans, the fate of the universe was controlled by the Gods, until now..." The prophecy of the One has been finally spoken, the world is not privy to the fatality that is to befall it, and the Gods have no reaction to it. Or do they? Six youngsters, training to join the Spartan ranks, are exposed to the Godly world. But they have no idea of what awaits them. By opening the gates to this world, many ancient and unknown realms, realms that might be older than the Gods themselves, are discovered. The Six are the only beacon for the continued existence of the world. If they fail, the combustion will be so violent, that not only mankind and the Gods, but also many other beings maintaining the balance in the universe might cease to exist.

A Book of Giants: Tales of very Tall Men of Myth, Legend, History, and Science

This examination of atlantis shows the congruency between mythological accounts across the globe. The legends, folklore, mythology, religion of all cultures reference very similar fantastical events on lost ancient empires, extraterrestrials, giants, dwarves, supernatural beings and many things hidden and secret. This book aims to present the tangible evidence for these myths. All around the planet, at the junction of ley lines and where tectonic plates join, interdimensional gates are opening, letting the dark shadow into our world, threatening the very planet itself. This war is taking place between worlds and across time. In the year 1,000 ad, a fearsome viking warrior, ragnarok, must protect a seer from valkyries, kraken and other forces of legend and help her on a quest that connects through those gates to dane's battle in the present. But they soon discover that they are not alone in their quest. Powerful and dangerous forces are determined to keep the secrets of the orb hidden forever, and they will stop at nothing to ensure that eden fails. Fighting to stay one step ahead, eden and her crew are drawn into a thrilling race against time. Will they be able to uncover the secrets of the orb before it's too late, or will atlantis remain forever lost to the world?

The Butterfly Crest

William Blake and the Myths of Britain is the first full-length study of Blake's use of British mythology and history. From Atlantis to the Deists of the Napoleonic Wars, this book addresses why the eighteenth century saw a revival of interest in the legends of the British Isles and how Blake applied these in his extraordinary prophetic histories of the giant Albion, revitalising myths of the Druids and Joseph of Arimathea bringing Christ to Albion.

The Mythical Elements

The world's myths are filled with characters, creatures, and stories that have fascinated people for thousands of years. This series mixes dramatic retellings and non-fiction information to give a full picture of a culture's myths. This book explores the gods, goddesses, heroes, villains, tricksters, and quests that make Norse myths and legends so compelling.

Legend and Myth

Do you think Nostradamus, the famous 16th century "Prophet of Provence," was some kind of magician, perhaps a doctor, astrologer, and seer, too? If so, Peter Lemesurier's revelation that he was really just an ordinary man using an equally ordinary technique may come as a shock. After re-examining the original sources, Lemesurier concludes that Nostradamus was in fact neither a doctor nor an astrologer, nor even (by his own admission) a prophet. He merely believed that history repeats itself, thus and projected known past events onto the future. To do so, he used the process of bibliomancy—randomly selecting extracts of randomly chosen books, then claiming "divine inspiration." Unsurprisingly, he has almost never been proved right.

Atlantis

In this highly-anticipated sequel to Prophecy of the Sisters, sixteen year-old orphan Lia Milthorpe continues her quest to end an ancient prophecy that has turned generations of sisters against each other. Having now accepted the responsibilities tied to her role as Gate, Lia journeys to the uncharted isle of Altus to continue her search for the missing pages of the Book of Chaos--the pages that could tell

her how to end the prophecy once and for all. Along the way, her courage, strength, and soul are tested in ways she never could have imagined. Meanwhile, twin sister Alice continues to hone her spellcasting abilities, completely ignoring the rules that govern the Otherworlds. Alice will stop at nothing to reclaim Lia's role of Gate, and that's not the only thing she wants. There's also Lia's true love, James. The outcome of this battle between sisters will have consequences of Biblical proportion. In the end, only one sister will be left standing.

William Blake and the Myths of Britain

A definitive, factual, A–Z reference guide offering a global perspective on the role of prophecy in world history, religion, folklore, and literature. From at least 1200 B.C. and probably long before, prophets have attempted to see into the future. Most—from ancient oracles to modern astrologers, from doomsday sects to telephone psychics—have been wrong the majority of the time, says British researcher Geoffrey Ashe. True foreknowledge is rare, but those rare occurrences are impressive. In this fascinating reference work, the first to encompass the entire 3,000 year span of recorded prophecy, Ashe examines the predictions of both good prophets and bad, including seers like Jacques Cazotte, who forecast the Reign of Terror in the French Revolution, and Morgan Robertson, who described the Titanic disaster 14 years before it happened. He refutes many of the far-fetched claims of Nostradamus, and highlights those that foreshadow events after his lifetime. He also examines failed prophecies that have been influential, including the many end-of-the-world forecasts, along with the surprisingly accurate visions of some science-fiction authors.

Norse Myths and Legends

The second of three haunting novella spin-offs to *Prophecy of the Sisters* to be published as original eBooks. After the tragic events of *Prophecy of the Sisters*, Lia Milthorpe left Birchwood, leaving her twin behind. Alice spent months isolated in the estate, her story of solitude untold. Until now. Alice Milthorpe barely eats. Now that her sister, Lia, has left Birchwood, her brother dead, her family gone, there is no one left to keep her from doing what she's always wanted to do. She sits every hour and wills her spirit to travel to the Otherworlds, where the Souls welcome her, where the demon Samael gives her companionship. If she could only persuade Lia to open the Gate and let him into the mortal realm, she would be happy. But she is not in the Otherworlds. She is here, on earth, in Birchwood, chained by a prophecy she would undo and a body she must care for. When she encounters James, her sister's fiancé, his kindness and understanding are the first human touch to reach her in months. She may have found her anchor to the physical world, after all.
