 Hyperbolas Are Also Symmetric about the X and Y Axis
 Something like this and Then on the Other Side It's GonNa Look Similar Now these Dots Here Can Be Mapped to the Other Side Remember the Symmetry of It Means that B since X Is Squared if You Make Negative Versions of X and You Square It It's Still GonNa Be in the Equation so It's GonNa Again Go through Something like this Now I Know this Is Not Perfect It's Not a Totally Symmetric Thing but that's the Idea That's Mostly that's How You Really Do a Detailed Graph of a Hyperbola You Solve for Y
 ... of the Horizontal **Hyperbola**, and It Has Asymptotes and ...
 But this Is Exactly the Same Slope as the Other One It's Just Negative Which Means this One Is the Same Slant but Going the Opposite Way in the Sense of a Negative Slope and Then the Slope of this Thing Is Actually $4/3$ Which Means Rise over Run Rise Up-- for 1 over 3 Which Means Rise Up 1 2 3 4 Run over 1 2 3 and I Know My Tick Marks Are Different Sizes but that's Okay Rise 1 2 3 4 Run 1 2 3 so that Means another Point on the Line Is Here and Then Also through the Origin Run over 1 2 3 and I Know My Tick Marks Are Different Sizes but that's Okay Rise 1 2 3 4 Run 1 2 3 so that Means another Point on the Line Is Here and Then Also through the Origin So Boom I Draw My Vertical I'M Sorry I Draw My Asymptote Line this Was the Same Thing Here It's a Negative Slope so You Can Go Rise 1 2 3 4 I Run in the Negative Way 1 2 3 to the Left so There's another Point and Then Boom There's My Other Lie
 It's Not Really a Function It's an Equation What Is this Equation Doing as X Gets Really Really Really Big as X Gets Really Really Really Big We Know that the Curve Bends Over and It Almost Gets to that Black Line but It Never Quite Gets There so We Want To Examine that and the Easiest Way To Do that Is To Try To Mess Around with this X and Try To Factor It Out a Little Bit so What I'M GonNa Do Is over Here We'Re GonNa Say that this Is Equal to Plus or Minus $4/3$
 But if I Factor It Out Then I Have To Have a 1 Right Here Right and Then I Have To Have a Minus Sign and Then I Can Write this as $9 \text{ over } X \text{ Squared}$ Make Sure You Understand that if I Take the X Squared and Multiply It in I'M GonNa Get X Squared if I Multiply Here It's GonNa Cancel with this One Giving Me a Minus 9 so this Is the Factored Form of this Now I Have Two Things Multiplied but this Is a Square It's X Squared

Ask a Manager

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of *The No Asshole Rule* and *The Asshole Survival Guide* 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of *The Life-Changing Magic of Not Giving a F*ck* A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, *Ask a Manager* will help you successfully navigate the stormy seas of office life.

New York Magazine

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Cosmopolitan

From the fiercely funny ("The Washington Post") author of *Him Her Him Again The End of Him* comes a resoundingly original and hilarious novel about dating and relationships.

Starting from Happy

Cincinnati Magazine taps into the DNA of the city, exploring shopping, dining, living, and culture and giving readers a ringside seat on the issues shaping the region.

The true story behind the notorious international murder--updated to cover Amanda Knox's acquittal. In Perugia, Italy, on November 2, 2007, police discovered the body of a British college student stabbed to death in her bedroom. The prosecutor alleged that the brutal murder had occurred during a drug-fueled sex game gone wrong. Her housemate, American honor student Amanda Knox, quickly became the prime suspect and soon found herself the star of a sensational international story, both vilified and eroticized by the tabloids and the Internet. Award-winning journalist Candace Dempsey gives readers a front-row seat at the trial and reveals the real story behind the media frenzy. "Beautifully researched, well-written, and clearly organized. Dempsey was the first journalist in the United States to raise

questions about the Amanda Knox case, and the first to look deeply into the facts and begin to uncover the shocking truth. If you want to know the real story . you must read this book, reprinted after Knox's acquittal with a new ending."-Douglas Preston, New York Times bestselling author (with Mario Spezi) of The Monster of Florence

The Middle East, Abstracts and Index

Driving a cab for more than 30 years Gene Salomon has collected a remarkable selection of stories. He shares the very best in this unforgettable memoir.

The Beta Mum

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin

Saving Your Marriage Before It Starts

"Deserves a spot next to *Fast Food Nation* and *To Kill a Mockingbird* in America's high school curriculums. To say it may save lives is self-evident." —New York Times Book Review (Editor's Choice) NEW YORK TIMES BESTSELLER • A BEST BOOK OF THE YEAR: San Francisco Chronicle, Christian Science Monitor, Kirkus, Winnipeg Free Press One of the decade's most original and masterfully reported books, *A Deadly Wandering* by Pulitzer Prize-winning New York Times journalist Matt Richtel interweaves the cutting-edge science of attention with the tensely plotted story of a mysterious car accident and its aftermath to answer some of the defining questions of our time: What is technology

doing to us? Can our minds keep up with the pace of change? How can we find balance? On the last day of summer, an ordinary Utah college student named Reggie Shaw fatally struck two rocket scientists while texting and driving along a majestic stretch of highway bordering the Rocky Mountains. *A Deadly Wandering* follows Reggie from the moment of the tragedy, through the police investigation, the state's groundbreaking prosecution, and ultimately, Reggie's wrenching admission of responsibility. Richtel parallels Reggie's journey with leading-edge scientific findings on the impact technology has on our brains, showing how these devices play to our deepest social instincts. A propulsive read filled with surprising scientific detail, riveting narrative tension, and rare emotional depth, *A Deadly Wandering* is a book that can change—and save—lives.

Confessions of a New York Taxi Driver (The Confessions Series)

I Know Why the Caged Bird Sings

Have you ever said goodbye to someone, only to discover that you're both walking in the same direction? Or had your next thought fly out of your brain in the middle of a presentation? Or accidentally liked an old photo on someone's Instagram or Facebook, thus revealing yourself to be a creepy social media stalker? Melissa Dahl, New York magazine's "Science of Us" editor, has experienced all of those awkward situations, and many more. Now she offers a thoughtful, original take on what it really means to feel awkward. She invites you to follow her into all sorts of mortifying moments, drawing on personal experience and in-depth psychological research to answer questions you've probably pondered at some point, such as: * Why are situations without clear rules most likely to turn awkward? * Are people really judging us as harshly as we think they are? * Does anyone ever truly outgrow their awkward teenage self? If you can learn to tolerate life's most awkward situations -- networking, difficult conversations, hearing the sound of your own terrible voice -- your awkwardness can be a secret weapon to making better, more memorable impressions. When everyone else is pretending to have it under control, you can be a little braver and grow a little bigger.

City of Friends

A woman, a man, a rape, and a hard journey from violence to reconciliation. One ordinary spring morning in Reykjavik, Thordis Elva kisses her son and partner goodbye before boarding a plane to do an extraordinary thing: fly seven thousand miles south to meet up with the man who raped her when she was just sixteen. Meanwhile, in Sydney, Australia, Tom Stranger nervously embarks on an equally life-changing journey, wondering whether he is worthy of this meeting. After exchanging hundreds of searingly honest emails over eight years, Thordis and Tom decided it was time to speak face to face. Coming from opposite sides of the globe, they meet in the middle, in Cape Town, South Africa, a country that is no stranger to violence and the healing power of forgiveness. *South of Forgiveness* is an unprecedented collaboration between a survivor and a perpetrator, each equally committed to exploring the darkest moment of their lives. It is a true story about being bent but not broken, of facing fear with courage, and of finding hope even in the most wounded of places. PRAISE FOR THORDIS ELVA AND TOM STRANGER 'Extraordinarily moving ... Hats off to Elva and Stranger for a brave journey that might well change lives.' The Sunday Times 'South of Forgiveness reads like group therapy: deep pain is unearthed and examined like a jewel beneath a light. Crucially, Elva has the humility to claim she has the same capacity for darkness as Stranger, yet the privilege and power he is afforded as a man means he is more inclined to commit violence ... By owning the label "rapist" and exploring his motivations, Stranger allows the mythical perpetrator to be demystified. The monstrous shadow is given meek human form, allowing men's actions, not women's, to be interrogated. And through her informed analysis of gender inequality, Elva reveals the social mechanisms that create male sexual entitlement.' The Weekend Australian

I Don't Tell My Husband about Vegetable Sales

This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel *The Unlit Lamp* (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy *The Forge* (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel *The Well of Loneliness* (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon.

Superhero of Love

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ... Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

Runaway

The international bestseller about life, the universe and everything. 'A simply wonderful, irresistible book' DAILY TELEGRAPH 'A terrifically entertaining and imaginative story wrapped round its tough, thought-provoking philosophical heart' DAILY MAIL 'Remarkable ... an extraordinary achievement' SUNDAY TIMES When 14-year-old Sophie encounters a mysterious mentor who introduces her to philosophy, mysteries deepen in her own life. Why does she keep getting postcards addressed to another girl? Who is the other girl? And who, for that matter, is Sophie herself? To solve the riddle, she uses her new knowledge of philosophy, but the truth is far stranger than she could have imagined. A phenomenal worldwide bestseller, SOPHIE'S WORLD sets out to draw teenagers into the world of Socrates, Descartes, Spinoza, Hegel and all the great philosophers. A brilliantly original and fascinating story with many twists and turns, it raises profound questions about the meaning of life and the origin of the universe.

The Art of Racing in the Rain

Why do underdogs succeed so much more than we expect? How do the weak outsmart the strong? In David and Goliath Malcolm Gladwell, no.1 bestselling author of The Tipping Point, Blink, Outliers and What the Dog Saw, takes us on a scintillating and surprising journey through the hidden dynamics that shape the balance of power between the small and the mighty. From the conflicts in Northern Ireland, through the tactics of civil rights leaders and the problem of privilege, Gladwell demonstrates how we misunderstand the true meaning of advantage and disadvantage. When does a traumatic childhood work in someone's favour? How can a disability leave someone better off? And do you really want your child to go to the best school he or she can get into? David and Goliath draws on the stories of remarkable underdogs, history, science, psychology and on Malcolm Gladwell's unparalleled ability to make the connections others miss. It's a brilliant, illuminating book that overturns conventional thinking about power and advantage. 'A global phenomenon... there is, it seems, no subject over which he cannot scatter some magic dust' Observer
