My Body

THE NEW YORK TIMES BESTSELLER A deeply honest investigation of what it means to be a woman and a commodity from Emily Ratajkowski, the archetypal, multi-hyphenate celebrity of our time. _____ 'This is the book for every woman trying to place their body on the map of consumption vs control, and every woman who wants to better understand her impulses. It left me much changed' - Lena Dunham 'I read these pages, breathless with recognition, and the thrill of reading a new voice telling it like it is' - Dani Shapiro 'Emily Ratajkowski's first essay collection needs to be read by everyone [...] both page-turning and moving as hell' - Amy Schumer 'A slow, complicated indictment of a profession and the people who propel it [...] it will deliver a more nuanced and introspective rendering of her interior than those who come to it with those surface interests might expect' - Vogue 'Dazzling' - Observer 'Ratajkowski brings nuanced insight to questions about

empowerment versus commodification of women's bodies and sexuality. Blending cultural criticism and personal stories, *My Body is smart and powerful* - Time Magazine 'Raw, nuanced and beautifully written. A moving and enlightening experience to join a woman openly exploring such deep parts of her physical self via the written word. A truly impressive debut' - Emma Gannon 'Excellent [...] Ratajkowski writes with curiosity, intellect and acute awareness' - Harper's Bazaar 'Superb [...] it feels revolutionary' - Telegraph 'I admire and envy her artistry' - Guardian _____ Emily Ratajkowski is an acclaimed model and actress, an engaged political progressive, a formidable entrepreneur, a global social media phenomenon, and now, a writer. Rocketing to world fame at age twenty-one, Ratajkowski sparked both praise and furor with the provocative display of her body as an unapologetic statement of feminist empowerment. The subsequent evolution in her thinking about our culture's commodification of women is the subject of this book. *My Body* is a profoundly personal exploration of feminism, sexuality, and power, of men's treatment of women and women's rationalizations for accepting that treatment. These essays chronicle moments from Ratajkowski's life while investigating the culture's fetishization of girls and female beauty, its obsession with and contempt for women's sexuality, the perverse dynamics of the fashion and film industries, and the grey area between consent and abuse. Nuanced, unflinching, and incisive, *My Body* marks the debut of a fierce writer brimming with courage and intelligence.

Hello, Is This Planet Earth?

The #1 international bestseller: An astronaut's tour of our planet from the heavens, featuring 150 mesmerizing photographs (with commentary) from the International Space Station. During his six-month mission to the International Space Station, astronaut Tim Peake became the first British astronaut to complete a spacewalk -- and, perhaps more astonishingly, the first to run an entire marathon in space. During his historic mission, he captured hundreds of dazzling photographs, the very best of which are collected here. Tim captures the majesty of the cosmos and of the planet we call home: breath-taking aerial photos of the world's cities illuminated at night, the natural beauty of the northern lights, and unforgettable views of oceans, mountains, and deserts. Tim's lively stories about life in space appear alongside these photographs, including the tale from which the title is taken: his famous wrong number dialed from space, when he accidentally called a stranger and asked: "Hello, is this planet Earth?" With this truly unique perspective on the incredible sights of our planet, Tim demonstrates that while in space, hundreds of miles above his friends and family, he never felt closer to home.

Rebecca, Born in the Maelstrom

With this astounding fourth novel in her ongoing series of contemporary masterpieces (These Festive Nights, Thunder and Light, Augustino and the Choir of Destruction, and Rebecca, Born in the Maelstrom), Marie-Claire Blais invites us again to enter a complex circle of unforgettable characters. But this time, the tone is different: Blais' writing has acquired a new, buoyant, electrifying rhythm -- a rhythm some critics have described as the heartbeat of the world. As we follow a central character named Rebecca, the voice in the novel becomes the voice of the world inventing itself, and the future playing itself out. As the GG jury wrote, this breathtaking paroxysm of a novel turns any commonly held vision of the world upside down. Blais' transcendent prose illuminates her characters with an extraordinary light. Nigel Spencer is Marie-Claire Blais' long-time translator and a Governor General's Award winner for his work on this series of books. He gives us Blais' singular vision in supple English prose that is as transcendent and nuanced as the original French.

1637: The Polish Maelstrom

NEW SOLO NOVEL BY ERIC FLINT IN THE BEST-SELLING RING OF FIRE SERIES! The Ottoman Empire has captured Vienna and is now laying siege to the Austrian government-in-exile established in the city of Linz. Both the United States of Europe and the Kingdom of Bohemia have come to Austria's assistance, but everyone knows this is going to be a long and brutal struggle. In order to relieve the pressure on the Austrians, General Mike Stearns proposes to open a second front in the Levant. The USE's emperor Gustavus Adolphus gives his approval to the plan, and Mike sets it in motion, with the very capable assistance of his wife Rebecca Abrabanel, now the USE's Secretary of State. Meanwhile, Poland is coming to a boil. Gretchen Richter, the newly elected chancellor of Saxony, has seized control of Lower Silesia. Her small army is now approached to form an alliance with the Polish revolutionaries who have seized power in the Ruthenian province of Galicia—which, in the universe the time-displaced Americans of Grantville came from, would have constituted the western Ukraine. Now, the Bohemians send an army led by Morris Roth into Poland, ostensibly to aid the revolutionaries but also with the goal of expanding King Albrecht Wallenstein's growing empire in eastern Europe. And—the icing on the cake—Mike Stearns sends the Hangman Regiment of his Third Division under the command of Jeff Higgins to reinforce Jeff's wife Gretchen in Silesia. The maelstrom in Poland grows . . . and grows . . . and grows . . . Will it drag all its displaced Americans and their allies down with it? At the publisher's request, this title is sold without DRM (Digital Rights Management). These Festive Nights

The first volume in the beloved novelist Marie-Claire Blais' prize-winning novel cycle — acclaimed as one of the greatest undertakings in modern Quebec fiction — reissued in a handsome A List edition, featuring an introduction by Lisa Moore. Originally published in 1995 under the title *Soifs*, the first novel in Marie-Claire Blais' masterful series won the Governor General's Award for French Fiction and was hailed by critics around the world as a tour de force, comparing Blais to such literary greats as Virginia Woolf, Dante, Sophocles, and Shakespeare. In this dazzling rendering, *These Festive Nights*, celebrated translator Sheila Fischman brings Blais' novel to life for English-speaking readers. A sun-drenched paradise in the Gulf of Mexico surrounded by the glimmering blue sea; Renata is convalescing on this island poised between two worlds: between great wealth and extreme poverty, between the past and an uncertain future, between the beauty of the world and the horrors of history. During her time here, Renata becomes tormented by thirst — for justice, for pleasure, for intoxication — while all around her, festivities are going on in joint celebration of the birth of baby Vincent and the end of the twentieth century. Over the course of three days and three nights a flock of characters assembles — an entire spectrum of humanity is depicted in the grip of doubt and suffering. In this swirling, baroque fresco, Marie-Claire Blais captures the essence of our apocalyptic age, rendering it in powerfully evocative prose.

Mai at the Predators' Ball

Winner of the Governor General's Literary Award: Translation. Shortlisted for the Cole Foundation Prize for Translation. In *Mai at the Predators' Ball*, Marie-Claire Blais, literary legend and four-time winner of the Governor General's Literary Award for Fiction, offers a mesmerizing and unforgettable portrait of imaginary beings who seem to embrace the whole of humanity. Every night in the Saloon, after darkness falls, a group of boys are transformed into creatures we see only in dreams. They adorn themselves in colourful dresses and wigs and they take to the stage to sing and dance. They open their arms to those who are excluded -- both men and women, triumphant and threatened, both free and bound -- and every evening is a carnival of freedom and transgression. With this masterful novel, Blais invites us to share the drama of perfect joy, the tragedy of happiness, and she gives us her best work yet.

Thunder and Light

The second volume in the beloved novelist Marie-Claire Blais's prize-winning novel cycle — acclaimed as one of the greatest undertakings in modern Quebec fiction — reissued in a handsome A List edition. Originally published in 2001, *Thunder and Light* is the second volume in Marie-Claire Blais's prize-winning Soifs series, hailed as one of the greatest undertakings in modern Quebec fiction. Powered by its characters' gripping exploration of the world's dark corners, the novel is a teeming microcosm in which boundaries collapse and the extremes and contradictions that animate our times are reconciled. Blais locks us directly into the consciousness of her characters, many of whom we met in her previous novel, *These Festive Nights*, and many that she derives from actual news stories: Jessica, a seven-year-old attempting to beat the world record as the youngest pilot to cross the continent; Nathanaël, a teenager on death row for killing his favourite teacher; *Our Lady of the Bags*, a modern-day Joan of Arc who lives among Manhattan's skyscrapers and follows the voices in her head; and Caroline and Jean-Mathieu, aging artists who are fighting to come together again. One character's thoughts or actions have consequences for another 3,000 miles away who is a complete stranger to the first. This is an intricate house of cards, delicately but expertly constructed, that shocks us in its perversity and familiarity, ultimately finding hope and redemption in the most human and basic forms of art.

A Twilight Celebration

The latest work in internationally acclaimed author Marie-Claire Blais's masterful novel cycle, *A Twilight Celebration* examines the prophetic side of the writer and the burden that falls to him in a world whose fate is yet to be determined. Daniel, a middle-aged novelist and loving father alienated from one of his sons and unsure how to care for his daughter, is on his way to an international conference of writers. The gathering is to be held in the forest above a mountain village of a strangely dreamlike nature. In the twilight of the festival's setting, dreams, memories, nightmares, and dark forebodings meld in Daniel's unsettled but deeply sympathetic consciousness: He is haunted by pressing existential questions: What is to be done? What are his responsibilities as a father, as a friend — and as a writer? As Daniel confronts his own vanities, as he recalls the activism but also the disappointments and betrayals of friends and colleagues — as he contends with, above all, the fears and aspirations of his children in times marred by apocalypse, he asks, ultimately, what can be done? In what may well be the most beautiful and disturbing of her novels, Marie-Claire Blais leads us on a heady, spellbinding journey through an interconnected world in which the artist strives to divert humankind's headlong rush towards a terrible destiny. Here is a world in which friends and strangers, the living, the dead and those not yet born, are inextricably bonded by their often flawed but always splendid humanity. Yet again, Blais captivates with her urgent concerns, irrepressible empathy, and singular idiom: *A Twilight Celebration* is an astonishing literary accomplishment.

The Acacia Gardens

What anxiety grips *Petites Cendres* as he runs towards the sea in the sunshine on a warm tropical morning? Shouldn't he be reassured by the thought that he now lives at the Acacia Gardens, a comfortable home where all find care, understanding, and healing? How can Fleur, the young musical prodigy, listen to the diabolical confessions of Wrath, the fugitive priest, without shuddering? And, can Daniel the writer finish his novel, the one he has been working on for twenty years, despite his sensitivity and empathy for all creatures, even if they are the most humble, like the lizard he inadvertently crushed under his sandal? With this latest novel, Marie-Claire Blais once again gives us a vibrant portrait that embraces the span of life — from birth to death and beyond. Her characters question their purpose and what will come after, as they are confronted by evil that lives and that has taken root.

Maelstrom

The Shongili twins, Ronan and Murel, accompany their friend Marmie on her luxury space craft *Piaf* to rescue their friend Ke-ola's family from an uninhabitable planet. They arrive to find the planet in the midst of a terrible meteor storm and when they go down to the surface find that the survivors have taken refuge under ground. Ronan and Murel change into seal form and find the survivors and their totem animals or *aumakua*, the giant turtles, or *Honu*, and the sharks. Back on *Petaybee* the twins, in their seal form, escort the *Honus* to their new home in the middle of the ocean. They also want to warn the otters and seals about the sharks. It is a long journey and Murel falls asleep and gets separated from the rest. She is surrounded by a pod of Orcas who, thinking she is a normal seal, try to eat her. Before they can do so she is caught up in a whirlpool caused by the volcanic activity in the area, as is Ronan, who had swum back to try to rescue her. They are rescued from the whirlpool by the mysterious

deep sea otters and taken into their shielded city on the ocean floor. While their leader, Kushtaka, is talking to them her son Jeel sees the sharks and goes to inspect them, Murel races after him but is too late and Jeel is killed. Meanwhile Marmie and her crew are arrested on trumped up charges of kidnapping Ke-ola's family and taken to Gwinnett Incarceration Colony, along with most of the survivors they rescued. When Murel and Ronan return to their family and discover that Marmie has been arrested and the Piaf impounded they realize they need to get off the planet and go to her rescue. While staying with Kushtaka they were told that the deep sea otters were not just otters but beings from outer space who had hidden in the depths of Petaybee's oceans for years. Now that they have been discovered they plan to leave, the twins persuade Kushtaka to take them with her and to help them rescue Marmie.

Marie-Claire Blais y Margaret Atwood

Basándose en las novelas de Blais y de Atwood, Eva Pich Ponce describe en este estudio la relación entre la literatura canadiense anglófona y la literatura quebequense. Marie-Claire Blais y Margaret Atwood constituyen dos pilares esenciales de las letras canadienses. Estas dos autoras, que escriben en lenguas distintas (francés e inglés), tienen en común que pertenecen a la misma generación, que practican distintos géneros literarios y que abordan los problemas de la identidad y alteridad, así como las relaciones de poder. Ambas examinan las relaciones entre hombres y mujeres, y presentan un universo internacional condicionado por los crímenes contra la humanidad y los desastres medioambientales. En su literatura, el futuro está teñido de incertidumbre, aunque la solidaridad y la escritura aparecerán como los mejores medios para combatir las amenazas que acechan a la humanidad.

Nothing for You Here, Young Man

In the latest installment in her award-winning series, Marie-Claire Blais reintroduces us to Petites Cendres, familiar from other books in the cycle, and lets us into the lives of two other unforgettable characters. She shows us, once again, how creativity and hope and suffering and exclusion intersect.

There is the writer who is stranded in an airport of the South Island, he is held captive because of a delayed flight. And a teenage musician, a former child prodigy living on the streets with his dog, wonders where he will get his next meal. Then there is Petites Cendres, who no longer dances or sings and refuses to get out of bed to attend the coronation of the new Queen of Night. By superimposing these three worlds, Blais continues her ambitious, compelling exploration of life in contemporary North America

Rebecca Dickinson

Rebecca Dickinson's powerful voice, captured through excerpts from the pages of her journal, allows colonial and revolutionary-era New England to come alive. Dickinson's life illustrates the dilemmas faced by many Americans in the decades before, during, and after the American Revolution, as well as the paradoxes presented by an unmarried woman who earned her own living and made her own way in the small town where she was born. *Rebecca Dickinson: Independence for a New England Woman*, uses Dickinson's world as a lens to introduce readers to the everyday experience of living in the colonial era and the social, cultural, and economic challenges faced in the transformative decades surrounding the American Revolution. About the *Lives of American Women* series: selected and edited by renowned women's historian Carol Berkin, these brief biographies are designed for use in undergraduate courses. Rather than a comprehensive approach, each biography focuses instead on a particular aspect of a women's life that is emblematic of her time, or which made her a pivotal figure in the era. The emphasis is on a 'good read', featuring accessible writing and compelling narratives, without sacrificing sound scholarship and academic integrity. Primary sources at the end of each biography reveal the subject's perspective in her own words. Study questions and an annotated bibliography support the student reader.

Rebecca's Tale

On the twentieth anniversary of the death of Rebecca, the hauntingly beautiful first wife of Maxim de Winter, family friend Colonel Julyan receives an anonymous parcel. It contains a black notebook with two handwritten words on the title page -- Rebecca's Tale -- and two pictures: a photograph of Rebecca as a young child and a postcard of Manderley. Rebecca once asked Julyan to ensure she was buried in the churchyard facing the sea: if she ended up in the de Winter crypt, she warned, she'd come back to haunt him. Now, it seems, she has finally kept her promise. Julyan's conscience has never been clear over the official version of Rebecca's death. Was Rebecca the manipulative, promiscuous femme fatale her husband claimed. Or the gothic heroine of tragic proportions that others had suggested. The official story, the 'truth', has only had Maxim's version of events to consider. But all that is about to change . . .

Birth

In the tradition of *Random Family* and *Evicted*, a gripping blend of rigorous, intimate on-the-ground reporting and deep social history that follows three first-time mothers as they experience pregnancy and childbirth in today's America. In *Birth*, journalist Rebecca Grant provides us with a never-before-seen look at the changing landscape of pregnancy and childbirth in America—and the rise of midwifery—told through the eyes of three women who all pass through the doors of the same birth center in Portland, Oregon. There's Alison, a teacher whose long path to a healthy pregnancy has led her to question a traditional hospital birth; T'Nika, herself born with the help of a midwife and now a nurse hoping to work in Labor & Delivery and improve equality in healthcare; and Jillian, an office manager and aspiring midwife who works at Andaluz Birth Center, excited for a new beginning, but anxious about how bringing a new life into the world might mean the deferral of her own dreams. In remarkable detail and with great compassion, Grant recounts the ups downs, fears, joys, and everyday moments of each woman's pregnancy and postpartum journey, offering a rare look into their inner lives, perspectives, and choices in real time—and addresses larger issues facing the entire nation, from discrimination in medicine and treatment (both gender and race-based) to fertility, family planning, complicated feelings about motherhood and career, and the stigmas of miscarriage and postpartum blues. The result is an inspiring and illuminating look at one of life's most profound rites of passage.

Soul of Flame

I may have escaped Cail's delusions But my world is still on fire. It was a miracle when Ilyan pulled me from Cail's mind. Too bad the creepy bleeding walls, and broken bathroom from hell followed me back into reality. Now everything is so mixed with the twisted, haunted house that you would think I was losing my mind. Walls are moving, people are screaming and Ryland is right there, just begging me to kill him. Which is great, cue the sarcasm, I get my best friend back, and now I want to rip him to pieces. Being trapped inside Cail's insanity has turned me into just as much of a weapon as Ryland. Both of us, broken little pawns, trapped in an old abbey in the middle of Spain, surrounded by Edmund's army, just waiting for the 'war to end all wars' to begin. You know, the one that I am supposed to die in order to save the world. Hopefully it won't be impossible. I may be battling with my mind, but my trip into insanity has woken up my powers, and now there is no stopping me. Even Ilyan isn't ready to lose. Augustino and the Choir of Destruction

In Augustino and the Choir of Destruction literary legend and three-time winner of the Governor General's Literary Award Marie-Claire Blais delivers the third volume in the prize-winning series (These Festive Nights, Thunder and Light, Augustino and the Choir of Destruction, and Rebecca, Born in the Maelstrom) acclaimed as one of the greatest undertakings in modern Quebec fiction. Augustino and the Choir of Destruction is set on an island in the Gulf of Mexico that is home to the full spectrum of humanity: the rich, the poor, the powerful, the humble, artists, criminals. With her unique, signature use of punctuation, Marie-Claire Blais manages to brilliantly show in one flashing stroke men and women; victims and tormentors; child kamikaze pilots and petty thieves from Bahama Street; Charles, a great poet cut down by AIDS; Cinderella, a transvestite prostituting himself to a customer at the Porte du Baiser saloon; Caroline, an artist and photographer who has seen all the hidden treasures of the world; and Augustino, a clairvoyant child-writer. These individual destinies combine in Blais' vision to form a single harmonic texture.

Kids Caught in the Psychiatric Maelstrom

This book offers a warning that American children are receiving increased chemical treatment from psychiatrists and provides a primer on how to improve the emotional health of kids without drugs. "Maelstrom" is an apt metaphor for the inexorable deterioration many children experience inside the mental health system. Kids Caught in the Psychiatric Maelstrom: How Pathological Labels and "Therapeutic" Drugs Hurt Children and Families challenges current treatment practices and addresses the critically important issue of excessive prescribing of psychiatric medications to children. This encyclopedic work reveals "inside the system" information, emphasizing the theoretical divide at the root of the controversy over diagnosis and treatment. It explains how the 1990s, "decade of the brain" replaced talk therapy with biochemical treatments, leading to the hegemony of the pharmaceutical industry—and subsequently the massive drugging of children. Author Elizabeth E. Root details common diagnoses and treatments, explaining up-to-date brain research, with some surprising interpretations, and noting dangerous national precedents to mental screening. Finally, she illuminates pathways toward solutions and healthier families, sharing nonpsychiatric explanations for the nation's increase of troubled children and the rationale and research supporting non-drug, alternative approaches to childhood distress.

The Rose

Everything has changed. The rules are only faded lies and the new reality is a haunting unknown full of children who attack you and monsters that can stand in the light. The darkness was once a danger, but now it has turned into a safety net. A place to hide. A place where you can fade into shadows and hope that the tar don't find you. Everything that Lex has been warned about seems to be unraveling around her, like a thread from a wheel and try as she might to control it, she is only caught in it's web. As she stands in the shifting space of her new reality, she must chose: embrace it and become what the world has made her. Or fight it, and hopefully save everything she holds dear. Perhaps she can even find Cohen - if only she knew how close he was.

Vor: Into the Maelstrom

A FINANCIAL TIMES BUSINESS BOOK OF THE MONTH 'Urgently needed' Charles Duhigg, best-selling author of THE POWER OF HABIT and SMARTER 'Attention, good guys: this book is for you' Adam Grant, bestselling author of ORIGINALS and OPTION B with Sheryl Sandberg 'I know what you're thinking: 'Not another career guide-cum-manifesto, telling us to "woman up" and demand more money.' But that isn't what Lipman says. Instead, she uses data, reams of it, to expose how the system is rigged against women. She then calls for men to join the fight to make the workplace more equal' SUNDAY TIMES STYLE MAGAZINE Women spend their working lives adapting to an environment set up for men, by men: from altering the way they speak to changing the clothes they wear to power posing. But still the gender gap persists. And once you see it - women being overlooked, interrupted, their ideas credited to men - it's impossible to ignore. But it needn't be this way. Diving deep into the wide range of government initiatives, corporate experiments and social science research Joanne Lipman offers fascinating new revelations about the way men and women work culled from the Enron scandal, from brain research, from transgender scientists and from Iceland's campaign to 'feminise' an entire nation. Packed with fascinating and entertaining examples - from the woman behind the success of Tupperware to how Google reinvented its hiring process - That's What She Said is a rallying cry to both men and women to finally take real steps towards closing the gender gap. The Pantomime Life of Joseph Grimaldi

Winner of the Edgar Award: A "tense and exciting" murder mystery set in the wake of the Spanish Civil War (The Detroit Free Press). A Los Angeles Times Book Prize Finalist Named a Best Book of the Year by Publishers Weekly, the Chicago Tribune, and the Detroit Free Press Madrid 1939. Carlos Tejada Alonso y León is a sergeant in the Guardia Civil, a rank rare for a man not yet thirty, but Tejada is an unusual recruit. The bitter civil war between the Nationalists and the Republicans has interrupted his legal studies in Salamanca. Second son of a conservative Southern family of landowners, he is an enthusiast for the Catholic Franquista cause, a dedicated, and now triumphant, Nationalist. This war has drawn international attention. In a dress rehearsal for World War II, fascists support the Nationalists, while communists have come to the aid of the Republicans. Atrocities have devastated both sides. It is at this moment, when the Republicans have surrendered and the Guardia Civil has begun to impose order in the ruins of Madrid, that Tejada finds the body of his best friend, a hero of the siege of Toledo, shot to death on a street named Amor de Dios. Naturally, a Red is suspected. And it is easy for Tejada to assume that the woman caught kneeling over the body is the killer. But when his doubts are aroused, he cannot help seeking justice.

Savor the inside scoop on over-the-top superstars "I'm not a paranoid, deranged millionaire. . . . I'm a billionaire!" "Acting is an empty and useless profession." "Good girls go to heaven. Bad girls go everywhere else." "I'm interested in being provocative and pushing people's buttons." Which screen icons gave us the quotes above? How do stars get away with self-indulgent, unrestrained behaviors-or do they? In *The Hollywood Book of Extravagance*, longtime industry insider and Hollywood historian James Robert Parish gives you a provocative look behind the scenes at the lavish indulgences and larger-than-life egos of Tinseltown's rich and famous. The featured celebrities range from heartthrobs to industry tycoons, and from yesterday's matinee idols to today's hottest celebs. The stars are grouped according to their excesses: ego, neurosis, partying, power, rich living, and romancing. You'll devour little-known details on the excesses and exploits of notables ranging from Mae West to Madonna, Greta Garbo to Marilyn Monroe and Marlon Brando, Bela Lugosi to John Belushi, Zsa Zsa Gabor to Paris Hilton, Errol Flynn to Jude Law, and many more.

Death of a Nationalist

The complex true-crime story of a Connecticut lawyer who had her brother-in-law killed, by the New York Times bestselling author of *Perfect Poison*. On a cold spring night in 1994, passing motorists discovered the bullet-riddled body of Anson "Buzz" Clinton along an interstate's exit ramp in Connecticut. Buzz, a former exotic dancer, was married to Kim Carpenter, whose family believed he was an unfit guardian for Kim's daughter, Rebecca. Kim's parents had unsuccessfully sued for custody. Kim's sister, Beth Ann Carpenter—a bright, beautiful real-estate lawyer—became convinced that only Buzz's death would ensure Rebecca's safety. Investigating detectives soon uncovered a twisted trail of murder for hire, obsession, manipulation, and secrets that would tear more than one family apart. The aftermath of this brutal crime would set investigators and prosecutors on a long and twisted path strewn with lies, treachery, and deceit that would cross the Atlantic Ocean before finally bringing justice home. Praise for *Lethal Guardian* "An intense roller coaster of a crime story . . . complex, with a plethora of twists and turns worthy of any great detective mystery, and yet so well-laid out, so crisply written with such detail to character and place that it reads more like a novel than your standard nonfiction crime book." —Steve Jackson, New York Times bestselling author of *Monster* Includes sixteen pages of revealing photos

The Ultimate Guide to Goddess Empowerment

All should know that "good fortune, sweet journeys" is a long-standing Irish farewell of hope for the traveler. As Michael Forester's journey transects the decades, these simple words illuminate his efforts to reach out and grasp life with a steady hand. This story tells of a man's indomitable spirit. Centered in the Ozark hills and later on the waters of Lake Superior, the tale encompasses the people, music, and intense determination of those vibrant lands. Michael's love for his wife and an affair from his youth set the stage with a potent interweaving of passionate themes that trigger lasting effects as they bear influences well beyond the early years of their origin. Throughout, Michael battles evil from sources beyond his control. During his intense trials he brings an unstoppable do or die attitude to bear, accomplishing ends unfathomable to those who do not know him. You soon learn he is no stranger to determination, as Michael discovers his well of this heady brew deeper than he imagined. Michael

Forester, a rural teacher in his early fifties, solo paddles the waters of Lake Superior, the mightiest of the Great Lakes, ripe with sea-like dangers intensified by the influence of organized crime. The finale is filled with excitement and revelation in the wilds of Missouri. Jousting with a few more windmills before his years intercede bears fruit in ways unforeseen for this country teacher on more of a quest than a holiday.

The Hollywood Book of Extravagance

Pitched as Attack on Titan with mermaids, this savage gender-swapped retelling of "The Little Mermaid" is perfect for fans of Jennifer L. Armentrout, Alexandra Christo, and Holly Black. Trapped on a walled island with her people, Kestra aches for vengeance against the swarms of ravenous mermaids that ate her father fifteen years ago. The swarms threaten her town's last supply ship--and the life of the brave young captain who smiles so charmingly at her whenever he makes port. With the help of her scientist cousin and the handsome captain, Kestra takes her future and her people's fate into her hands, determined to find a way to destroy all the mermaids for good. Abused and miserable, Rake serves in the harem of the three mermaid Queens. When he is given one of his spawn to raise, Rake resolves that his little son will have a better life. With the help of a monstrous creature that deals in memories, he discovers an ancient secret-one that could lead to freedom. This fantasy novel blends a dark, brutal setting with romance and humor.
