Sociology

This textbook has been comprehensively written to acquaint the students with the fundamental concepts of sociology as well as provide an introduction to the diverse field of sociology. Students will be introduced to the origins of sociology as a discipline and would get acquainted with relevant topics such as inequality, institutions, control, change, disorganisation & problems in the society. Topics such as applied sociology and social thought have also been provided to give a complete overview of the subject. This textbook not only caters as a primary text to the undergraduate students of Sociology but is also a useful reference for postgraduate students and aspirants appearing for various competitive examinations.

Introduction to Sociology - Vol.01

The revision comes 10 years after the first edition and completely overhauls the text not only in terms of look and feel but also content which is now contemporary while also being timeless. A large number of words are explained with the help of examples and their lineage which helps the reader understand their individual usage and the ways to use them on the correct occasion.

Sociology of Indian Society

This book entitled 'Indian Social Problems: A Sociological Perspective' provides a glimpse of many social problems that have been haunting the Indian society since years, decades, and even centuries. Though India is fast developing, it has lots of regional, cultural, linguistic and religious diversities. These diversities are also reflected in its social problems. This book covers social problems which are general in nature and common to the whole nation such as population problem, poverty, unemployment, child labour, urbanization, youth unrest, problems of the aged, family disorganization, corruption, crime and delinquency, etc. This book is prepared mainly to cater to the needs of the undergraduate

and postgraduate students. Most of the universities in India have prescribed one paper on 'Indian Social Problems' either at the undergraduate or postgraduate level. The book also covers topics that are included in the syllabi of IAS, NET, SLET, KAS and other national- and state-level competitive examinations. It also contains lessons that form part of MBA, nursing and fiveyear law courses. Such students and examinees will definitely find the book highly helpful.

Indian Social Problems

This textbook can also be useful for students of sociology studying at the undergraduate level in all the other universities across India.

Sociology for B.A. Students Semester I: Fundamental Sociology and Introduction to Sociology (NEP 2020 – Jammu)

The third, expanded edition of this well-known text on sociology has detailed analyses of the economic system, industry, population and food supply. Importance has been given to forces such as industrialisation and the Green Revolution that have helped to shape modern India. A comprehensive text, useful to both teachers and students.

Social Movements and Social Transformation

Any growing discipline continuously adds to the corpus of factual knowledge about the phenomena being studied and enriches its conceptual apparatus. Over time, some themes are dropped, and new concerns incorporated. This makes older and classical texts less relevant, and necessitates a process of selection and reprioritization of themes to meet changing times. Hence the need for new textbooks, especially one as detailed and concise as Sociology: A Study of the Social Sphere. The book serves as an invitation to sociology and it helps the reader to learn the language that sociologists employ, and the way commonly used words (such as family, marriage, caste) are given distinct definitions. It follows the logic of scientific research that governs sociological analysis. The various topics covered in the book are illustrated with examples taken from everyday life, and from studies conducted in India.

Fundamentals of Sociology

Comprehensively written, this book presents the political theories, concepts, analysis, thoughts and main currents. The book begins with introduction to political theory, its history, evolution & approaches while also discussing forms & organs of Government. It progresses to discuss contemporary political analysis in light of American concepts and main currents of Political Thought in detail. This book would be extremely useful for the students pursuing BA Political Science.

Sociology: A Study of the Social Sphere

Politics cannot grow in isolation; at the same time society learns from the changing ethos of polity. A relatively young subject, Political Sociology tries to seek research excellence, in its process of

evolution. This book on Political Sociology deals with different variables of society which influence various facets of political dynamics. It also analyzes attitude and behavioural pattern of the public who act as political actors. As a branch of political science, the book draws attention to the very nature of this inter-disciplinary study. All the chapters are conceptualized to strengthen the bond between the polity and the society and vice-versa. This book is an attempt to widen the frontier of political science with an empirical approach. Intended for the undergraduate and postgraduate students of Political Science and Sociology, the book will enrich the students indulged in research works and those who are preparing for the Civil Services examinations as well.

Political Theory

Mastering Modern European History traces the development of Europe from the French Revolution to the present day. Political, diplomatic and socio-economic strands are woven together and supported by a wide range of pictures, maps, graphs and questions. Documentary extracts are included throughout to encourage the reader to question the nature and value of various types of historical evidence. The second edition brings us fully up to the present day. Chapters on European Decolonisation, Communist Europe 1985-9, and European Unity and Discord have been added, and others have been substantially rewritten. An even wider range of illustrations and documentary source questions are included. The book is presented in a readable and well ordered format and is an ideal reference text for students.

Introduction to Sociology

This work is a comprehensive study of the social problems facing India at present. It is the first study of its kind and provides a coordinated picture of social problems confronted by India particularly after Independence. The revised editions now divided into five volumes. Volume One presents an analysis of the causes of Social and Personal Disorganization and deals with the problems of crime and juvenile delinquency, major social vices, maladjustment in institutions resulting in poverty and unemployment, population explosion, undernutrition, mass illiteracy, students' indiscipline, moral degeneration, misuse of leisure, corruption, family disintegration and community conflicts in the form of casteism, provincialism, lingualism and communalism.

The Principles of Sociology

Urban and Rural Sociology Urban sociology is the sociological study of life and human interaction in metropolitan areas. It is a normative discipline of sociology seeking to study the structures, processes, changes and problems of an urban area and by doing so provide inputs for planning and policy-making. In other words it is the sociological study of cities and their role in the development of society. Like most areas of sociology, urban sociologists use statistical analysis, observation, social theory, interviews, and other methods to study a range of topics, including migration and demographic trends, economics, poverty, race relations and economic trends. The philosophical foundations of modern urban sociology originate from the work of sociologists such as Karl Marx, Ferdinand Tönnies, Emile Durkheim, Max Weber and Georg Simmel who studied and theorized the economic, social and cultural processes of urbanization and its effects on social alienation, class formation, and the production or destruction of collective and individual identities. Rural sociology is a field of sociology associated with the study of social life in rural areas. It is an active field in much of the world, and in the United States originated in the 1910s with close ties to the national Department of Agriculture and land-grant university colleges of agriculture. The sociology of food and agriculture is one focus of rural sociology and much of the field is dedicated to the economics of farm production. This book is fed with information on this subject. This book will be very useful for a wide range of interested groups. Contents: • The Challenges of Globalisation • Urban vs Rural India • Panchayati Raj System: Panchayat before and after 73rd Amendment • Agrarian Unrest and Peasant Movements • Industry and Society • Impact of Social Structure on Industry • Workers' Participation in Management in India • Sociology of Development • Socialist Economies in Practice

SOCIETY AND POLITICS IN INDIA UNDERSTANDING POLITICAL SOCIOLOGY

"DLP, Developmental Leadership Program; Australian Aid; Oxfam."

Mastering Modern European History

Contains over 2,500 alphabetically arranged entries providing definitions of terms and ideas related to sociology, along with cross-references, and biographical sketches of key individuals in the field.

Indian Social Problems (Vol-1)

"This book, *Sociological Thought: In the Light of J. Krishnamurti's Philosophy*, is an exceptional and brilliant contribution of the author whom I consider as a unique academic intellectual of contemporary times. I am sure no one in the academic sphere has so far attempted to explain Social Thought the way the author has analyzed and presented." G. Satyanarayana, Emeritus professor of Sociology at Osmania University, Hyderabad. This book first covers the basic ideas in Sociological Thought from Comte to postmodernism. It comprehensively discusses Marx, Weber, Durkheim and Parsons, giving prominent place to Marx. It then takes Thought to its philosophical roots and also widens it by bringing in Kant, Nietzsche and Freud. Why J. Krishnamurti here? Well, that is a way of bringing the Buddha to the discussion.

Urban and Rural Sociology

Sociological Theory is an attempt to trace the development of sociological theory from the classical to the modern period. A comprehensive and balanced introduction, it studies all the important thinkers chronologically so that the students can locate the continuity as well as the discontinuity of thoughts and themes. A concise formative background of every thinker is outlined in the text to entice the reader to take a deeper plunge into the theories. The introductory chapter tries to sketch the broad outlines of the classical sociological theories whereas the concluding chapter examines the thematic shifts and the inter-linkage between all the theories from the classical to contemporary period. All chapters are pedagogically rich with glossary, keywords and discussion points. The language is lucid and comprehensible and the treatment of the text is such that it develops an appreciation for the subject.

How Change Happens

The Uses of Sociology discusses whether sociological knowledge is important. It introduces students to the main ways in which sociology is practised in the world and explores the major debates concerning its social purposes. Explores questions concerning the usefulness of sociology and the problems involved in engaging in social intervention. Includes readings which students can use to evaluate the usefulness of different sociological perspectives. Compares and contrasts different sociological traditions, and their engagements with 'the social'. Forms part of a four-book series on sociology and society. For more information about this book and the *Sociology & Society* series, visit the accompanying website at <http://www.blackwellpublishing.com/ou>

A Dictionary of Sociology

Fundamentals of Sociology is a textbook for undergraduate students of sociology. This book comprehensively explains the basics of sociology, including social concepts, institutions and the theories of prominent thinkers. Importance has also been given to various important approaches to sociology, including women and society, social change and the role of social legislation in social change. The book is designed keeping in mind the students' needs. Therefore, every unit is divided into chapters, which are further divided into subtopics. Every chapter ends with a number of questions for the students' practice. The book contains an exhaustive list of suggested readings for students who wish to explore this subject further.

Sociology

Pierre Bourdieu has been making a distinguished contribution to European sociology for the past 25 years. He is Professor of Sociology at the Collge de France in Paris and author of many influential books including, most recently, *Distinction* and *Homo Academicus*, which have both been translated into English. This book serves to introduce this important body of work to the Anglo-American world. In a cross-disciplinary collaboration Richard Harker, Cheleen Mahar and Chris Wilkes provide the reader with the necessary tools to understand this complex and rewarding body of French sociology. Post modernist sociology has already been influenced by the French theorist Foucault; it is likely that the generation to come will be reading Bourdieu.

The Uses of Sociology

Previously published: Oxford, UK; New York: Oxford University Press, c2006.

Fundamentals of Sociology

Deals With Typical Indian Social Problems Such As Communal Conflict, Dowry, Devadasi System, Bonded Labour, Caste System, Rural Migrants, Tribals, Etc.

Urban Sociology

A Down-to-Earth Approach James Henslin shares the excitement of sociology in *Essentials of Sociology: A Down-to-Earth Approach*, 11/e. With his acclaimed "down-to-earth" approach and personal writing style, the author highlights the sociology of everyday life and its relevance to students' lives. With wit, personal reflection, and illuminating examples, Henslin stimulates students' sociological imagination so they can better perceive how the pieces of society fit together. In addition to this trademark down-to-earth approach, other distinctive features include: comparative perspectives, the globalization of capitalism, and visual presentations of sociology. MySocLab is an integral part of the Henslin learning program. Engaging activities and assessments provide a teaching a learning system that helps students see the world through a sociological lens. With MySocLab, students can develop critical thinking skills through writing, explore real-world data through the new Social Explorer, and watch the latest entries in the Core Concept Video Series. Revel from Pearson is a new learning experience designed for the way today's students read, think, and learn. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

Social Problems in India

This book has been written as a result of dissatisfaction with the attitude prevailing among sociologists that the scientific method will make sociology the fittest instrument for planning and controlling social relationships. In the ultimate analysis, the author argues that the only test of validity in sociological studies is logicity.
