Intro

Build the groove and set the key before developing a simple motive

Help students after giving them the opportunity to work out the answer for themselves

Support students and build their confidence by working with them individually

Build harmonies on top of each other to train students' ears

Use call and response to develop students' ears and confidence

Provide specific feedback where necessary and enthusiastic praise when students are successful

Keep the environment playful and light by finding humor in mistakes

Encourage students to think about their musical choices instead of simply reacting to what is happening

Have other students transcribe lines to build instrumental skills and train their ears
