A Short History of the American Civil War

The American Civil War (1861-65) remains a searing event in the collective consciousness of the United States. It was one of the bloodiest conflicts in modern history, claiming the lives of at least 600,000 soldiers and an unknown number of civilians and slaves. The Civil War was also one of the world's first truly industrial conflicts, involving railroads, the telegraph, steamships and mass-manufactured weaponry. The eventual victory of the Union over the Confederacy rang the death-knell for American slavery, and set the USA on the path to becoming a truly world power. Paul Christopher Anderson shows how and why the conflict remains the nation's defining moment, arguing that it was above all a struggle for power and political supremacy but was also a struggle for the idea of America. Melding social, cultural and military history, the author explores iconic battles like Shiloh, Chickamauga, Antietam and Gettysburg, as well as the bitterly contesting forces underlying them and the myth-making that came to define them in aftermath. He shows that while both sides began the war in order to preserve - the integrity of the American state in the case of the Union, the integrity of a culture, a value system, and as slave society in the case of the Confederacy - it allowed the American South to define a regional identity that has survived into modern times.

The American Civil War

A stunning visual history of the American Civil War Visually arresting and comprehensive, *The American Civil War* comes fully reviewed and updated, covering the history, causes and consequences of the conflict, providing eyewitness accounts by soldiers and civilians, key profiles of military leaders and clear timelines that give an instant overview of the developments during the tumultuous war. Packed with galleries of weaponry and equipment, the treatment of wounded soldiers and information on slavery, this is a rich, detailed account of one of the most controversial conflicts of our time. This updated edition comes with new, highly illustrated pages on memorial sites associated with the Civil War. An invaluable resource for schools and libraries, as well as a perfect companion for anyone interested in military and social history.

History of the Civil War in America: book 1. The war on the Rapidan. book 2. The Mississippi. book 3. Pennsylvania. book 4. The third winter

NATIONAL BESTSELLER • NATIONAL BOOK AWARD FINALIST • An "extraordinary ... profoundly moving" history (The New York Times Book Review) of the American Civil War that reveals the ways that death on such a scale changed not only individual lives but the life of the nation. An estimated 750,000 soldiers lost their lives in the American Civil War. An equivalent proportion of today's population would be seven and a half million. In *This Republic of Suffering*, Drew Gilpin Faust describes how the survivors managed on a practical level and how a deeply religious culture struggled to reconcile the unprecedented carnage with its belief in a benevolent God. Throughout, the voices of soldiers and their families, of statesmen, generals, preachers, poets, surgeons, nurses, northerners and southerners come together to give us a vivid understanding of the Civil War's most fundamental and widely shared reality. With a new introduction by the author, and a new foreword by Mike Mullen, 17th Chairman of the Joint Chiefs of Staff.

This Republic of Suffering

The largest and most destructive military conflict between the Napoleonic Wars and the First World War, the American Civil War has inspired some of the best and most intriguing scholarship in the field of United States history. This volume offers some of the most important work on the war to appear in the past few decades and offers compelling information and insights into subjects ranging from the organization of armies, historiography, the use of intelligence and the challenges faced by civil and military leaders in the course of America's bloodiest war.

The American Civil War

Beginning with the birth of the nation, slavery divided and caused conflict for the United States of America, worsening during the country's early decades as the practice became more economically vital. Finally, in 1861, the American Civil War erupted after the election of President Abraham Lincoln. Never acknowledging the South's right to secede, Lincoln and the North fought the South through four long, bloody, destructive years; much longer than anyone thought the war would last. Inside you will read about... America in the Antebellum Era Secession and the First Shots Early Battles and the Turning Point: April 1861-July 1863 The United States and the Confederacy Women and Blacks in the War Military Events, 1863-1865: The War Ends Reconstruction The Legacy of the Civil War By 1865, more than 700,000 American soldiers and civilians were dead (including Lincoln himself), a race of people had been freed from bondage, and an entire country needed to rebuild. The Civil War is of such crucial importance to the history of the United States not just because of these factors, but also because its legacy still lives on.

American Civil War

History of The American Civil War: Volume Number 1

The History of the Civil War in America

The American Civil War was by far the bloodiest conflict in American history. Arising out of a political crisis over the expansion of slavery, the war set the stage for the emergence of the modern American nation-state. This new interpretation of one of the most mythologized events in modern history combines narrative with analysis and an up-to-date assessment of the state of Civil War scholarship. The American Civil War: - Emphasizes the importance of Northern public opinion in shaping the meaning and outcome of the crisis - Argues that the war exposed deep social and political divisions within, as well as between, North and South - Explores the experiences of ordinary soldiers and civilians, and the political and cultural context in which they lived - Sets this distinctively American crisis over slavery and nationhood in the wider context of the nineteenth-century world Concise and authoritative, this is an indispensable introduction to a critical period in modern American history.

History of the Civil War in America: book 1. Eastern Tennessee. book 2. Siege of Chattanooga. book 3. The third winter. book 4. The war in the South-west

Discover what happened during one of the most controversial conflicts in US history, and its causes and lasting consequences, episode by episode. Covering the pivotal political, military, and cultural events around the American Civil War, this engaging and accessible book offers a rich, detailed account of the

events as they unfolded. Bringing the reality of the war to life with eyewitness accounts by soldiers and civilians, alongside profiles of key military and political leaders, the ebook also features clear timelines that give an instant overview of the developments during the tumultuous war. Galleries of weaponry and equipment, and a range of features on everything from the treatment of wounded soldiers to information on slavery offer essential context. A Short History of the American Civil War is an invaluable resource for schools and libraries, as well as a perfect introduction to the subject for anyone interested in military and social history.

History of the American Civil War

The Civil War was America's trial by fire; its battles forged the nation we know today. We're still fascinated with it – the national reckoning with slavery, the legendary generals and leaders, the epic and bloody clashes of armies, the impact on the daily lives of ordinary people. We visit its battlefields – mostly idyllic patches of countryside near small towns and creeks – where more Americans died in combat than in all other wars combined, except for World War Two. And we tell its stories – of last charges, brother fighting brother, imprisonment and emancipation, and tragedy and rebirth. It is our country's epic; the story of how we became who we are, and what price we paid. The Civil War For Dummies is your complete introduction to this seminal conflict. Eschewing tedious historical pondering and military micro-analysis, this fun and information-rich guide gives an accurate overview of the event, from the war's causes through the fighting to the aftermath. Inside you'll discover: 1850-1860: what led to war First Bull Run: illusions lost Antietam: the bloodiest day The Emancipation Proclamation Heroes and goats of each major battle Jackson's Valley Campaign Sherman's March to the Sea Surrender at Appomattox And much more Full of sidebars and illustrations, The Civil War For Dummies brings history to life with personalities, factoids, battle reports, strategic maps, and "what ifs." In addition to the military and political history, you'll also find out about: The African American experience in the war Women and the Civil War Native Americans and the war The life of the common soldier Banking and finance systems and the war "Firsts" that make the Civil War history's first modern war Civil War food Civil War tourism: the best battlefields to visit, and how to get the most out of your trip Written in an accessible style so you can start reading at any point in the story, The Civil War For Dummies makes a great cornerstone for learning about this violent and compelling chapter of American history.

The American Civil War

Originally published in 1933, and written by "America's historian"

A Short History of The American Civil War

History of the American Civil War - Volume 1 is an unchanged, high-quality reprint of the original edition of 1867. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

History of the Civil War in America: book 1. Richmond. book 2. The naval war. book 3. Maryland. book 4. Kentucky. book 5. Tennessee. book 6. Virginia. book 7. Politics. 1876

Infinitely readable and absorbing, Bruce Catton's The Civil War is one of the best-selling, most widely read general histories of the war available in a single volume. Newly introduced by the critically acclaimed Civil War historian James M. McPherson, The Civil War vividly traces one of the most moving chapters in American history, from the early division between the North and the South to the final surrender of Confederate troops. Catton's account of battles is carefully interwoven with details about the political activities of the Union and Confederate armies and diplomatic efforts overseas. This new edition of The Civil War is a must-have for anyone interested in the war that divided America.

The Civil War For Dummies®

American Civil Wars takes readers beyond the battlefields and sectional divides of the U.S. Civil War to view the conflict from outside the national arena of the United States. Contributors position the American conflict squarely in the context of a wider transnational crisis across the Atlantic world, marked by a multitude of civil wars, European invasions and occupations, revolutionary independence movements, and slave uprisings—all taking place in the tumultuous decade of the 1860s. The multiple conflicts described in these essays illustrate how the United States' sectional strife was caught up in a larger, complex struggle in which nations and empires on both sides of the Atlantic vied for the control of the future. These struggles were all part of a vast web, connecting not just Washington and Richmond but also Mexico City, Havana, Santo Domingo, and Rio de Janeiro and--on the other side of the Atlantic--London, Paris, Madrid, and Rome. This volume breaks new ground by charting a hemispheric upheaval and expanding Civil War scholarship into the realms of transnational and imperial history. American Civil Wars creates new connections between the uprisings and civil wars in and outside of American borders and places the United States within a global context of other nations. Contributors: Matt D. Childs, University of South Carolina Anne Eller, Yale University Richard Huzzey, University of Liverpool Howard Jones, University of Alabama Patrick J. Kelly, University of Texas at San Antonio Rafael de Bivar Marquese, University of Sao Paulo Erika Pani, College of Mexico Hilda Sabato, University of Buenos Aires Steve Sainlaude, University of Paris IV Sorbonne Christopher Schmidt-Nowara, Tufts University Jay Sexton, University of Oxford

A History of the American People

Here is Pulitzer Prize-winning author Bruce Catton's unsurpassed account of the Civil War, one of the most moving chapters in American history. Introduced by Pulitzer Prize-winner James M. McPherson, the book vividly traces the epic struggle between the Blue and Gray, from the early division between the North and South to the final surrender of Confederate troops.

History of the American Civil War

History of the American Civil War - Vol. 1 is an unchanged, high-quality reprint of the original edition of 1873. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. The Civil War

The American Civil War was one of the longest and bloodiest of modern wars. It is also one of the most mysterious. It has captured the imagination of writers, artists and film-makers for decades but the reality of it confuses and divides historians even today. In this magisterial history of the first modern war, the distinguished military historian John Keegan unpicks the geography, leadership and strategic logic of the war and takes us to the heart of the conflict. His captivating work promises to be the definitive history of the American Civil War.

Stonewall Jackson and the American Civil War

DigiCat Publishing presents to you this special edition of "Great Britain and the American Civil War" by Ephraim Douglass Adams. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

History of the American Civil War

This volume narrates the major battles and campaigns of the conflict, conveying the full military experience during the Civil War. The military encounters between Union and Confederate soldiers and between both armies and irregular combatants and true non-combatants structured the four years of war. These encounters were not solely defined by violence, but military encounters gave the war its central architecture. Chapters explore well-known battles, such as Antietam and Gettysburg, as well as military conflict in more abstract places, defined by political qualities (like the border or the West) or physical ones (such as rivers or seas). Chapters also explore the nature of civil-military relations as Union armies occupied parts of the South and garrison troops took up residence in southern cities and towns, showing that the Civil War was not solely a series of battles but a sustained process that drew people together in more ambiguous settings and outcomes.

American Civil Wars

Succinct, with a brace of original documents following each chapter, Christopher J. Olsen's *The American Civil War* is the ideal introduction to American history's most famous, and infamous, chapter. Covering events from 1850 and the mounting political pressures to split the Union into opposing sections, through the four years of bloodshed and waning Confederate fortunes, to Lincoln's assassination and the advent of Reconstruction, *The American Civil War* covers the entire sectional conflict and at every juncture emphasizes the decisions and circumstances, large and small, that determined the course of events.

American Heritage History of the Civil War

History comes alive for kids like no textbook can in this epic account of the American Civil War that's perfect for history buffs and reluctant readers! From courageous cavalry rides deep into enemy territory to harrowing covert missions undertaken by spies and soldiers, the events of the American Civil War were filled with daring figures and amazing feats. This exhilarating overview covers the biggest battles as well as captivating lesser-known moments to entertain kids with unbelievable (and totally true) tales of one of America's most fascinating conflicts. History buff, Civil War reenactor, and popular blogger Ben Thompson uses his extensive knowledge and vivid storytelling style to bring the Civil War to life in this first book in a thrilling new series featuring incredible people, events, and civilizations. Get ready to learn just how awesome history can be!

History of the American Civil War

Excerpt from Stonewall Jackson and the American Civil War, Vol. 1 of 2 The second lesson is that to hand over to civilians the administration and organisation of the army, whether in peace or in war, or to allow them to interfere in the selection of officers for command or promotion, is most injurious to efficiency; while, during war, to allow them, no matter how high their political capacity, to dictate to commanders in the field any line of conduct, after the army has once received its commission, is simply to ensure disaster. The first of these lessons is brought home to us by the opening events of this unreasonably protracted war. As I have elsewhere said, most military students will admit that had the United States been able, early in 1861, to put into the field, in addition to their volunteers, one Army Corps of regular troops, the war would have ended in a few months. An enormous expenditure of life and money, as well as a serious dislocation and loss of trade, would have been thus avoided. Never have the evil consequences which follow upon the absence of an adequate and well-organised army been more forcibly exemplified. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The American Civil War

Covers the essential factors which shaped the battles and ultimately determined the outcome of the Civil War.

Great Britain and the American Civil War

Loyal Americans marched off to war in 1861 not to conquer the South but to liberate it. In *Armies of Deliverance*, Elizabeth Varon offers both a sweeping narrative of the Civil War and a bold new interpretation of Union and Confederate war aims. Lincoln's Union coalition sought to deliver the South from slaveholder tyranny and deliver to it the blessings of modern civilization. Over the course of the war, supporters of black freedom built the case that slavery was the obstacle to national reunion and that emancipation would secure military victory and benefit Northern and Southern whites alike. To sustain their morale, Northerners played up evidence of white Southern Unionism, of antislavery progress in the slaveholding border states, and of disaffection among Confederates. But the Union's emphasis on Southern deliverance served, ironically, not only to galvanize loyal Americans but also to galvanize disloyal ones. Confederates, fighting to establish an independent slaveholding republic, scorned the Northern promise of liberation and argued that the emancipation of blacks was synonymous with the subjugation of the white South.

The Cambridge History of the American Civil War: Volume 1, Military Affairs

This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. This Pulitzer Prize winning book remains one of the best histories on the topic of American Civil War to this day. For the purpose of writing this comprehensive work, the author used the most authoritative documents and sources including *Personal Traits of Lincoln*, *Life and Letters of General Meade*, *Diary of Gideon Welles*, *The Reminiscences of Carl Schurz* and *Official Records of the Union and Confederate Navies*.

The American Civil War

This book combines Men-at-Arms 252- 'Flags of the American Civil War 1- Confederate', Men-at-Arms 258- 'Flags of the American Civil War 2- Union' and Men-at-Arms 265- 'Flags of the American Civil War 3- Specialist Troops'. The flags of the Civil War were no mere unit designations - they represented the very hearts of their regiments. The formal ceremony in which a regiment received its colours constituted an initiation into the world of the soldier, and the flag became the symbol which drew the regiment's members together. In camp, regimental colours flew over unit headquarters as a guidepost to members and outsiders alike; in action, it flew in the centre of the line, drawing enemy fire upon its carriers. Few things were more disgraceful than losing one's colours in battle, and extreme sacrifices were often made to save them.

Guts & Glory: The American Civil War

The American Civil War (1861-65) was the bloodiest war of the nineteenth century and its impact continues to be felt today. It, and its origins have been studied more intensively than any other period in American history, yet it remains profoundly controversial. Brian Holden Reid's formidable volume is a major contribution to this ongoing historical debate. Based on a wealth of primary research, it examines every aspect of the origins of the conflict and addresses key questions such as was it an avoidable tragedy, or a necessary catharsis for a divided nation? How far was slavery the central issue? Why should the conflict have erupted into violence and why did it not escalate into world war?

Stonewall Jackson and the American Civil War, Vol. 1 of 2 (Classic Reprint)

History of the Civil War in America - Vol. 1 is an unchanged, high-quality reprint of the original edition of 1875. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

How the North Won

"First published in hardback as *The Civil War: a concise history*"--Title page verso.

Armies of Deliverance

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1917 edition. Excerpt: ...from my sleep by an officer from Washington entering my tent, and after waking me up, saying he had come to give me trouble. At first I thought it was either to relieve or arrest me.... He handed me a communication to read, which I found was an order relieving Hooker from the command and assigning me to it.... As it appears to be God's will for some good purpose--at any rate as a soldier, I had nothing to do but accept and exert my utmost abilities to command success.... I am moving at once against Lee.... A battle will decide the fate of our country and our cause. Pray earnestly, pray for the success of my country (for it is my success besides)." Frank Haskell, a staff officer in the Second Corps, who wrote during July, 1863 a graphic account of the Battle of Gettysburg, recorded his belief that "the Army in general, both officers and men, had no confidence in Hooker, in either his honesty or ability." When the change of command became known, he wrote: "We breathed a full breath of joy and of hope. The Providence of God had been with 1 General Meade, I, 388. us--General Meade commanded the Army of the Potomac.... The Army brightened and moved on with a more elastic step." 1 Reynolds at once went to see Meade and assured him of his hearty support. 2 The President conferred upon his general full power. Meade advanced northward in his aim "to find and fight the enemy." He had been prompt to command, his subordinates zealous to obey. The officers, sinking for the moment all their rivalries and jealousies, were careful and untiring in their efforts, while the soldiers showed extraordinary endurance in their long and rapid marches in the hot sun and sultry air of the last days of June. Meade's advance...

The History of the Civil War (Complete Edition)

First published in 2001. Routledge is an imprint of Taylor & Francis, an informa company.

Flags of the Civil War

Presents debate on the issues and events leading up to the American Civil War.
